Welcome to Peak Dot Ranch...

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2010 Fall Sale.

Grandpa always said, "No two years are alike". What a year 2010 has turned out to be record setting rainfall which has led to grass filled pastures and overflowing feed yards. In 2010 we also saw near 1000 purebred calves born at Peak Dot. The demand for our customers' Peak Dot sired calves is stronger than ever and the future looks extremely bright for the progressive cattleman.

Along with three outstanding young donor cows, a special feature in this year's sale will be 25 hand picked fancy heifer calves. This will also be your first chance to purchase progeny from SAV Iron Mountain 8066. Iron Mountain has turned into one of the hottest, most sought after young sires in the breed. Also up for auction will be the first services and embryos of SAV Eliminator 9105, the \$95,000 Rito sensation.

In an effort to meet the requests of our customers for sound, hard muscled breeding bulls, in this sale we are offering bulls that have been raised from birth to weaning without creep. From weaning through the winter these animals were fed a high roughage growing ration. During the summer they ran on grass pastures. From October 1st until the sale these bulls are fed a high roughage ration in a large acreage to provide for plenty of exercise. These bulls will breed 30% to 40% more cows than yearling bulls and are developed by Peak Dot to be fertile and sound.

Again this year our customers are bringing in an excellent group of yearlings bred to Peak Dot calving ease bulls. Buyers from past sales are 100% satisfied with the quality of the females and the calving of the bulls. We offer free delivery in a 300 mile radius to central points on the purebred purchases totaling over \$2500 and can assist you with delivery on the commercial cattle or they can stay at the ranch until you arrange trucking.

We also would like to invite you to the Proven Producers Cow Sale on December 8 in Swift Current, SK. This herd and set of cows are responsible for the \$3500 bull sale average for the past five years. It will be a great opportunity to buy a proven set of cows from the Peak Dot cow herd. In an effort to make the cow sale more appealing to the commercial man, cows will sell as commercials in groups of 5. If you wish to register a cow there will be a \$300 charge for the registration. Also keeping in tune with most commercial operations the cows have been calving on grass the past few years. Calving dates are from April 1 to May 30. Cows are bred to the top Peak Dot Herd sires. (See pages 50-73 for this sale)

We look forward to being your source for good quality angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbeque with refreshments.

Sincerely,
Clay and Carson Moneo

SAV Predominant 4438 is the powerful and popular sire whose progeny have been topping sales across North America. He was selected by Peak Dot Ranch as the featured lot 2 bull in the 2005 SAV Sale where he earned an IMF ratio of 119. With each passing year Predominant continues to grow in popularity with 2010 looking to be a record setting year for him in semen sales.

Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. This sale will feature his influence and progeny from his greatest daughters.

PEAK DOT PREDOMINANT 82S
Peak Dot Predominant 82S was one of the top selling bulls in the 2007 Peak Dot Ranch Sale. He is an attractive, long-bodied, smooth-patterned bull with a typical Predominant wide chest, thick full girth and deep hind quarter.

PEAK DOT PREDOMINANT 92S

Peak Dot Predominant 92S is a top performing son of SAV 004 Predominant 4438. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam, Mia of Peak Dot 511K, is an elite dam who has a weaning index of 107 on her last three calves.

PEAK DOT RESOLUTE 37W

Resolute is the \$20000 high selling yearling bull from the April 2010 sale to Black Ridge Angus, Caragata Ranch and later leased to Semex Beef. Resolute is a high performance calving ease bull with a strong maternal heritage.

His first set of calves are very consistent with added length, thickness, muscle and pounds. We purchased Dynamite for his added performance, depth of body, doability and great scrotal development. He has an excellent disposition and is all black. Dynamite's dam is the herd bull producing Mohnen Jilt 910. She is solid black with an exceptional udder and long hip. Mohnen Jilt 910 is becoming recognized as the maternal oriented female to add carcass eliteness without a Precision or New Design pedigree. Dynamite's first set of daughters are now in production and are showing abundant milk with superb udder quality.

He has been noted to possibly be one of the most impressive sons of the legendary bull "6807", to surface in recent times. His dam has produced many, many notable great herd sires. Encore and his progeny are moderate in frame, easy fleshing, and are a practical kind of cattle, with plenty of character and eye appeal. Encore is ultra complete and efficiently designed. He represents the return to more sensible, practical, production-oriented beef cattle.

Entourage 3W is the lot 1 \$38,000 valued Duff Encore son out of a SAV 004 Predominant 4438 daughter from the 2009 fall sale selected by Caragata Ranch. ELIMINATOR is the \$95,000 Rito sensation from the record setting 2010 SAV sale. We made several trips down to Schaff's to look through the cattle and it was on a trip in October that we first discovered Eliminator. Bob Watkins was touring us through an impressive set of bull calves still on the cows when out popped the most unique, extreme muscled, dense made, naturally thick bull calf we had ever seen. This end of February bull calf was weighing around 1060lbs in Mid October. Most of the ride home was spent talking about Eliminator, his enhanced character look, his unusual muscle density, spring of rib and overall dimension. By time the SAV sale came around Eliminator had become so popular you could hardly get in the pen to look at him. The ultrasound proved what we had seen and believed all along. Eliminator scanned a 15.80 inch Rib eye and was the #1 marbling bull in the entire sale and had an impressive scrotal measurement of 41cm. Along with Johnson Livestock, we purchased Eliminator for \$95,000. Owned by Peak Dot Ranch Ltd. Johnson Livestock Schaff Angus Valley

Old Post is a bull that we found at the Cactus Ranch in Medicine Hat, AB. Stan Lapp, the owner of the Cactus Ranch, had been using the bull naturally on his commercial cows. The bull was one of the most gorgeous, powerful, mature angus bulls around. After a tour of Stan's cow herd and some of Old Post daughters, a lengthy discussion was held and a deal was struck. Not long after, Remington Cattle Company made us an offer on Old Post after they had seen him at Peak Dot. Remington purchased full possession and we kept an in herd semen interest. Remington later took advantage of Old Post's increasing popularity and sold an interest in the bull in their spring sale to LLB. He has since been leased to Genex.

Old Post is an outcross pedigree to the angus gene pool, and he has created excitement and revenue wher ever he has been.

BARBARA OF PEAK DOT 869X - LOT 29

Lot 29 is a modest framed, easy fleshing heifer with a fancy complete design. Her dam is one of seven full sisters active in the Peak Dot herd. This cow family has the thick shapey elegant look we like. This year we put in several embryos from lot 29's grandam Barbara of Peak Dot 927H, and Barbara of Peak Dot 519K a maternal sister to the dam of lot 29.

If it is your game plan to start in the purebred business and you have already bought some good heifers in earlier Peak Dot Sales, get in on this group and build up your herd. We've learned long ago that to build a cow herd you need a solid base of the same genetics, so here is an opportunity to tap into decades of selection. These heifers represent the freshest genetics at Peak Dot Ranch with many brood cow candidates and several show and donor prospects included. All females are raised on grass without creep and mothers milk alone, functionally developed to maximize longevity, milk production, and long range earning potential.

Peak Dot Ranch Bulls...

Herd sire candidate. If you're looking for a new herd sire here is one of the top picks. This son of the ever increasing popular Grasslands is a wide, thick built bull that stands on a sturdy frame and excellent foot. His Dam is a typical broody stout made Predominant daughter.

PEAK DOT GRASSLANDS 49W - LOT 32

Predominant sons have topped many of our past sales and this guy may possible top this sale. He posted excellent performance weights every time he crossed the scale. Length, growth muscle and pounds combined with a low birth EPD of 1.7 makes lot 33 a valuable package.

PEAK DOT PREDOMINANT 945W - LOT 63

The dam of lot 63, Lady of Peak Dot 782L, has been one of the main anchors in the Peak Dot breeding program. She has been a prolific embryo producer resulting in many high selling individuals. Full brothers to lot 60 have sold to Orville Skogen, Harold Klautt, Tracey Lake, Jason Becker, Mykle Baerg, Pankratz Farms, Rose Valley Colony, Terry Smith, John Brown Farms, U2 Ranch, Athabasca Colony Farm, and William Smith. She also holds EPDs in the top 10% of the breed for weaning weight. She has produced 20 daughters which will all enter production at Peak Dot next year.

PEAK DOT PENDLETON 390W - LOT 69

HARB Pendleton 765 is a bull we saw many times in Billings while he was at the stud. He offers excellent calving ease, as well as a little more growth and extension than many other calving ease sires. Lot 69 is a high performing bull with length and substance. His dam is a moderate framed Rito 287 daughter that has produced bulls which have sold to Spring Lake Colony, Rod Williams, Dave Lane, Lorne S, David Siever, Terry Smith and Daryl Crowley.

PEAK DOT PREDOMINANT 62W - LOT 70

One of the top picks in the pen. His Double AA Rito 287'97 dam is an Elite cow that is also a donor cow. She has EPDs that rank in the top 3% for weaning weight and has a weaning index of 114 on her last four calves. She produced one of the top selling bulls in the 2008 spring bull sale which sold to Orville Skogen as well as an outstanding Dynamite son Peak Dot Dynamite 112U.

PEAK DOT DYNAMITE 900W - LOT 74

Here is a chance to own an outstanding Dynamite son out of the Lady of Peak Dot 218H cow that has done so much for us. Her daughters have topped most of our female sales. Ring Creek owns three of them. She is an active donor at Peak Dot along with her daughter Lady of Peak Dot 503K. She has other progeny which have sold to Rick Keay, Michelson Cattle Co., Trevor Leippi and Graham Scott.

Peak Dot Ranch Bulls...

Lot 100 and lot 101 are two Encore bulls that come highly recommended. They are both all-around-herd improvers that will breed top of the market calves where ever they are used. If you like correct, moderate framed thick made cattle like we do you will like these two Encore sons.

All the cattle on the ranch are handled with horses. We also run our cowherd and bulls in electric wire fences year round. We believe this teaches bulls more respect for a fence.

Peak Dot Ranch Bulls...

Bull Wintering

Peak Dot will winter bulls for two dollars a day. Bulls will be semen tested before delivery in spring. Bulls staying at Peak Dot must be insured.

PEAK DOT PREDOMINANT 98W - LOT 125

Lot 125 is an attractive bull from an outstanding family of cows. His dam ,Barbara of Peak 519K, has raised many sale features over the years including Peak Dot Capacity 318T to Hirsches.

We now have seven daughters of 519K in production with many more to come as she is being used heavily in the embryo program.

PEAK DOT ENCORE 915W - LOT 148

These two flush brothers by Duff Encore 702 are two of the thickest deepest easy fleshing bulls in the entire sale. their dam, the awesome Panama daughter, has made the elite dams list in Canada. She descends from a long line of highly accomplished, fertile Bardolia dams. An ultimate calf-raiser that out produces herself every time by breeding on the first service and raising a big heavy calf. She earned a progeny weaning ratio of 105 on her last 6 calves and is a prolific embryo producer. She was one of the top selling females in the 2008 fall sale to Bob Lane of the UK.

We want your Peak Dot sired calves...

In 2010, Peak Dot began a new business venture. We have teamed up with Owen Cairns and Tracy Weist from Hillcrest Enterprises. The Hillcrest Feedlot is a newly constructed 3000 head feed yard just 40 minutes east of Peak Dot Ranch. We are very excited about the marketing options that we can offer our customers. Our goal is to fill the lot with all Peak Dot sired cattle and put dollars back into the pockets of the people who have helped us stay in business. We will be using the services of JGL Livestock to do the purchasing of the calves from the ranch. We encourage you to drop by the feedlot anytime for a tour. Hillcrest also runs one of the leading commercial recipient herds in the nation and has been running an embryo program for Peak Dot the last two years. We would also like to thank Hillcrest for the purchase of over 200 purebred females this past year.

A Purebred cow sale made for the Commercial Rancher

Welcome to the Proven Producers Cow Sale. This herd and set of cows are responsible for the \$3500 bull sale average the past five years. Its a great opportunity to buy a proven set of cows from the Peak Dot cow herd. In an effort to make the cow sale more appealing to the commercial man, cows will sell as commercials in groups of 5. If you wish to register a cow there will be a \$300 charge for the registration. Also keeping in tune with most commercial operations the cows have been calving on grass the past few years. Calving dates are from April 1 to May 30. Many of the cows selling are the mothers of the bulls produced for this sale. A feature for this sale is an excellent set of SAV 004 Predominant 4438 daughters sell as well as daughters of Peak dot herd sire legends Prime Cut and Hobson. Many past embryo donors will also sell. Cows are bred to the top Peak Dot Herd sires SAV Iron Mountain 8066, SAV Eliminator 9105, SAV Bulletin 7904, Peak Dot Bold 204U, Peak Dot Predominant 42U. These cows truly are just one calf or a few months away from paying for themselves.

Although it may seem hard to part with these productive foundation females, or what my grandpa would call the factory, the factory has rapidly grown in other areas the past few years with our embryo program and expanding fall calving cowherd. In 2010 Peak Dot will have registered close to 1000 calves and looks forward to being a major seedstock producer for many years to come.

We invite you to stop in for a visit and a tour. Cows will be available for viewing at the ranch any time prior to December 8.

Sincerely,
Clay and Carson Moneo

Cows will be available for viewing at the ranch any time prior to December 8.

PEAK DOT BOLD 204U

Bold is the \$35,000 lead off and top selling fall bull from the April 2010 Peak Dot sale to Hillcrest Enterprises. In that same sale his phenomenal dam was the the top selling female when a half interest sold for \$18,500. He offers extreme thickness. Bold is a bull you can build an entire program around. He serviced many cows at Peak Dot this past year and was used heavily in our AI and embryo programs.
