Fall Bull and Female Sale

Thursday, Dec. 5, 2013

At the Ranch, Wood Mountain, Saskatchewan

Selling 151 BULLS - 130 COMMERCIAL BRED HEIFERS

Welcome to Peak Dot Ranch... Established in 1950...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Celso Gonzalez
Superior Angus Guerrero, Chihuahua, Mexico

It is our pleasure to welcome and thank all of our customers past, present and future for your support and confidence in our program. We are committed to providing you with the best seed stock possible from a proven program. Our family has been in the business of selling Angus bulls for over 50 years now as we are 3rd going on 4th generation family operation.

In this sale you will find a solid set of coming two year old bulls that are managed especially for this sale. They are mostly our later born calves and because of the time that it allows us to develop them, they are never pushed and are grown out to be fertile and strong and we present them in as natural state as possible. With their added age they will cover a lot of cows and get them all bred. We are proud of the uniform sire groups we have developed for our commercial customers. They are sired by our leading sires with bred in genetics for maternal strength, calving ease, performance and growth. You will find sons from household names such as Eliminator, Iron Mountain, Bullet, Pioneer, and Dominator. As well as many new young sires we have enrolled into our program see them all on pages 40 - 45.

Following the bull sale we will be selling 130 Commercial Bred heifers consigned by Hillcrest Enterprises and Taylor Enterprises Inc. The quality of these heifers runs deep. The Hillcrest heifers are all Time AI'd to SAV Radiance 0801 and are due to calve March 25. SAV Radiance 0801 was the high selling SAV Brilliance 8077 son from the record breaking 2012 SAV Sale to Peak Dot Ranch. His first set of calves have proven him to be a very consistent low birth calving ease sire. The Taylor heifers are bred to calving ease Final Answer and Pioneer sons. Taylor's were awarded the Saskatchewan Commercial Angus Breeders of the year for 2012.

For sale now on the ranch Peak Dot has 80 head of registered Angus bred cows for sale. Every cow in the group was A.I. bred or naturally bred to our top sires SAV Eliminator 9105, SAV Radiance 0801, Vision Unanimous 1418, Peak Dot Ranchland 29W, Peak Dot Bold 204U, Peak Dot Pioneer 9X, Peak Dot Iron Mountain 73Z and Peak Dot Bullet 665Z. 58 of the cows will calve from Feb. 1 to March 30. 23 cows will calve in April. All cows have been ultrasound and approximate calving dates are available. This is a seldom offered chance to acquire some of the top-producing females from the heart of our program. Many young daughters of Predominant, Iron Mountain, Dynamite, Bold and Grasslands. These cows have been responsible for numerous top-selling bulls and females in our past sales. This is a perfect set of cows for anyone wanting to start a new Angus herd, or strengthen an existing one. They truly are only just one calf away or a few months away from paying for themselves. Cattle are available for viewing anytime. Contact Peak Dot Ranch for more information on this opportunity

We hope to see you all at the sale and if any one cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The growing success of this program is driven by the disciplined manner in which it is handled.

Sincerely,
Clay and Carson Moneo

SAV Eliminator 9105 Semen Packages

SAV ELIMINATOR 9105

SAV Eliminator 9105 is the powerful lead off Rito 707 of Ideal 3407 7075 son selected by Peak Dot and Johnson Livestock as a \$95,000 feature of the 2010 SAV Sale. He was the #1 marbling bull of his calf crop with an IMF ratio of 155 and scanned a 365 - day REA of 15.8 inches with a yearling scrotal measurement of 41 cm. Eliminator has consistently sired pounds, length, sheer thickness and extreme muscle density. His sons and daughters were the highlight of the recent April Peak Dot Ranch Bull and Female Sale and the top selling sire group. Again this fall at weaning the Eliminator calves came in big, thick, husky and heavy. Eliminator breeds true and his consistency is unparalleled. With his early death and limited semen in storage we will only be offering 100 doses of semen for sale.

Semen is EXPORTABLE and will be sold in 10 dose packages, successful buyer can take as many packages as they want.

Peak Dot Ranch Bulls...

PEAK DOT IRON MOUNTAIN 597Z - LOT 14

SAV IRON MOUNTAIN 8066
LIVING UP TO THE HYPE AND EXCEEDING ALL EXPECTATIONS...

Every so many years a bull comes on to the Angus scene that makes an impact or changes the breed in some way. Iron Mountain was discovered at the SAV sale and in his first year was coined with the phrase "the hottest new bull in the breed". His predicted calving ease and exceptional phenotype made him go on to be one of the very top selling semen sires the last two years at Accelerated Genetics. His progeny have dominated the last two sales at Peak Dot and were among some of the very top lots in the Kiamichi Link sale. Now with his fourth set of calves on the ground with absolute zero assistance and his first daughters in production at Peak Dot with impeccable udder quality and abundant milk, the excitement and momentum continues to grow as Iron Mountain is living up to all the hype and exceeding all expectations.

WHAT THE PEAK DOT PROGRAM CAN OFFER YOU...

Canada's Largest Source of Angus Genetics

- ✓ We have developed one of the largest embryo programs in Canada with an AI program that encompasses our entire cow herd. Over 1000 calves are registered annually. Peak Dot offers large groups of full brothers and 1/2 brothers sired by breed leading sires in our two annual sales.
- ✓ A large number of calving-ease bulls.
- ✓ All bulls semen tested and ready to go to work. Genomic enhanced EPDs on the top bulls.
- ✓ Free Delivery in a 500 mile radius to central points.
- ✓ Sight Unseen Purchase Plan. We would like you to attend the sale, but if you cannot, you can have Carson personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Carson gladly will assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.
Carson Moneo (306)266-4414
- ✓ Service year round. We have a large number of bulls on hand year round. When a bull goes down in the middle of breeding season, we can have a replacement bull of equal quality ready for you on a days notice.
- ✓ Opportunities to utilize the Peak Dot Customer Marketing Services. Along with JGL and Hillcrest Enterprises we will assist you in getting top dollar for your calves when they enter the Peak Dot Advantage Program. Whether your calves enter the program or not we now assist all Peak Dot customers with getting carcass data back on their calves. Peak Dot Ranch is also very active in working with their customers in marketing options for replacement heifers and bred heifers.

For Sale now at the Ranch...

80 Bred Cows

Peak Dot Ranch has 80 head of registered Angus bred cows for sale. Every cow in the group was A.I. bred or naturally bred to our top sires SAV Eliminator 9105, SAV Radiance 0801, Vision Unanimous 1418, Peak Dot Ranchland 29W, Peak Dot Bold 204U, Peak Dot Pioneer 9X, Peak Dot Iron Mountain 73Z and Peak Dot Bullet 665Z. 58 of the cows will calve from Feb. 1 to March 30. 23 cows will calve in April. All cows have been ultrasound and approximate calving dates are available.

This is a seldom offered chance to acquire some of the top-producing females from heart of our program. Many young daughters of Predominant, Iron Mountain, Dynamite, Bold and Grasslands. These cows have been responsible for numerous top-selling bulls and females in our past sales. This is a perfect set of cows for anyone wanting to start a new Angus herd, or strengthen an existing one. They truly are only just one calf away or a few months away from paying for themselves.

Contact Peak Dot Ranch for more information on this opportunity.

SAV Radiance 0801

SAV Radiance 0801 was the high selling SAV Brilliance 8077 son from the record breaking 2012 SAV Sale to Peak Dot Ranch. SAV Radiance has excelled at nearly every measure. He combines a herd improving EPD profile and impeccable pedigree with powerful phenotype - massive and deep with tons of muscle. His perfect uddered dam by Net Worth is a daughter of the # 1 milk EPD and high-income-producing cow in SAV history. His first set of calves have proven him to be a very consistent low birth easy calving sire.

SAV Eliminator 9105 was a powerful lead off Rito 707 of Ideal 3407 7075 son selected by Peak Dot and Johnson Livestock as a \$95,000 feature of the 2010 SAV Sale. He was the #1 marbling bull of his calf crop with a IMF ratio of 155 and scanned a 365 - day REA of 15.8 inches with a yearling scrotal measurement of 41 cm. Eliminator has consistently sired pounds, length, sheer thickness and extreme muscle density. His daughters were the highlight of the recent December Peak Dot Ranch Bull and Female Sale and the top selling sire group. His sons are the most impressive bulls ever raised at Peak Dot and will comprise the largest sire group in the 2013 Peak Dot Ranch Spring Bull and Female Sale.

SAV Iron Mountain 8066 without a doubt is the most consistent calving ease sire to have ever landed at Peak Dot Ranch. We purchased Iron Mountain for \$75,000 out of the 2009 SAV Sale. Later we welcomed Kiamichi Link Ranch aboard as interest and popularity in Iron Mountain grew. He went on to be the most widely used bull of his calf crop in the United States. Iron Mountain is a very correct made individual abounding with true thickness and exceptional phenotype. Iron Mountain stamps his calves (every one of them) with a defining stamp of eye catching style and thickness. Iron Mountain bulls come highly recommended for use on heifer projects or as total herd improvers. Iron Mountain sired the top-selling sire group of bulls in the 2011 spring Peak Dot Ranch sale, and he did it again last December at the 2011 Fall sale and yet again in our 2012 spring bull sale. His first daughters have now gone into production at Peak Dot, they are good mothers with impeccable udder quality and abundant milk.

Selected by Peak Dot as the \$21,000 top selling bull in the 2008 Short Grass Sale. Sandy Bar Grasslands 94T was one of the most talked about bulls of the 2008 bull sale season. He has an immense amount of natural thickness from his wide muzzle to his thick tail. Excellent conformation, big scrotal, extra muscle dimension are all phrases that describe Sandy Bar Grasslands 94T. His highly fertile dam Sandy Bar Jemina 22N entered the elite dams list with a weaning ratio of 114 on her first 3 calves. Grasslands was used mainly on our heifers the first year with zero assistance reported.

Peak Dot Ranch just recently purchased 100% of a new herd sire that will be the next step forward at Peak Dot to be used on our SAV 004 Predominant 4438 and SAV Iron Mountain 8066 daughters. His name is Vision Unanimous 1418 Reg # 16992096. The lot 1 bull from Vision 2012 Bull Sale in North Platte, Nebraska. He had an 84lb birth weight, a 205DWT of 902lbs, a 365 DWT of 1611lbs, and an Adj RE of 15.2 and a 41 scrotal. The feet on this bull are impeccable, the best we have ever seen, a big solid foot with lots of heel and just the right angle to his hoof structure. A definite foot improver for the Angus breed.

Top selling bull from the April 2012 Sale...

Peak Dot Proof 1066X was the top selling \$68,000 lot in the 2012 Spring Sale to Hillcrest Enterprises. He comes with good feet and legs, powerful stifle and is loaded with thickness from front to back. He combines maternal strength, phenotype, pedigree and has the docile disposition of his sire SAV Pioneer 7301. He saw heavy service at Hillcrest, and was used in the AI program at Peak Dot.
