His Progeny Sell!

Welcome to Peak Dot Ranch...

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2012 Fall Sale.

It is our pleasure to welcome and thank all of our customers past, present and future for your support and confidence in our program. We are committed to providing you with the best seed stock possible from a proven program.

It's been a long standing tradition at Peak Dot to produce seedstock that will keep you in business for years to come. There are no excuses, no second chances. Cattle are culled for performance and productivity. Every technological tool we can utilize has gone into the production of these bulls. We have developed one of the largest embryo programs in Canada which is built on identifying outstanding cow families within our herd. We have a very large AI program which encompasses our entire cow herd. You can buy bulls, females or embryos with confidence knowing that your purchase is backed by one of the strongest genetic female bases in Canada.

This year we will be offering 33 heifers. They will be the first progeny to sell anywhere by SAV Eliminator 9105 and SAV Bullet 0473. Every heifer in the sale comes from a dam or a grandam that is serving as a donor in the Peak Dot embryo program. The quality of this offering runs deep and there will be many show and future brood cow prospects selling. There is a great opportunity here to buy females that are bred alike, very consistent in kind and type.

The bulls are uniform and performance backed by the long history of the cow herd behind them. In the past three Peak Dot Ranch Bull sales the second half of the sale average price is the same as the top half.

We would also like to invite you to the Peak Dot Ranch and Guests Bred Commercial Heifer Sale December 7th. It will be an online sale only this year available at www.teamauctionsales.com. On offer will be an excellent group of 300 yearlings bred to Peak Dot calving ease bulls. These heifers are made up from some of our top customers who have a long running genetic Peak Dot influence in their commercial cow base. Buyers from the past are 100% satisfied with the quality of the females and the calving of the bulls.

You can count on the cattle you purchase from this family owned third generation ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

Sincerely,
Clay and Carson Moneo

The dam of Iron Mountain

SAV Iron Mountain 8066 without a doubt is the most consistent calving ease sire to have ever landed at Peak Dot Ranch. We purchased Iron Mountain for \$75,000 out of the 2009 SAV Sale. Later we welcomed Kiamichi Link Ranch aboard as interest and popularity in Iron Mountain grew. He went on to be the most widely used bull of his calf crop in the United States. Iron Mountain is a very correct made individual abounding with true thickness and exceptional phenotype. Iron Mountain stamps his calves (every one of them) with a defining stamp of eye catching style and thickness. Iron Mountain bulls come highly recommended for use on heifer projects or as total herd improvers. Iron Mountain sired the top-selling sire group of bulls in the 2011 spring Peak Dot Ranch sale, and he did it again last December at the 2011 Fall sale and yet again in our 2012 spring bull sale. His first daughters have now gone into production at Peak Dot, they are good mothers with impeccable udder quality and abundant milk.

Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. This sale will feature his influence and progeny from his greatest daughters.

PEAK DOT BOLD 643Y - LOT 64

Lot 64 is a thick, deep-bodied beef bull with plenty of substance and power. He is also a calving-ease bull. His dam is the very best daughter of SAV Autograph 5204 we have ever seen. She has produced our very top replacement heifer the last two years and was highly regarded by the Argentina Cattlemen that visited the ranch this past year.

PEAK DOT GRASSLANDS 409Y - LOT 72

Here is a bull that has worlds of shape and style and the look of a real breeding bull. His Predominant dam is true front pasture type cow. Two maternal sisters are working in the Peak Dot Herd.

PEAK DOT GRASSLANDS 40W

The full brother to lot 73
Purchased by Someday Ranch.

Lot 73 is a stout rumped thick made attractive bull with a defining Grasslands stamp. His dam is one of our more moderate framed Predominant daughters. One I would consider to be very forage efficient. She holds EPDs in the top 5% for weaning weight and she is in the top 1% of the breed for milk. She produced a flush of Iron Mountain bulls that were among some of the high sellers in the April 2011 sale going to Wildcat Creek Ranch, Gary Blevins and Thomas Academy Farm. A maternal brother sold in the 2011 Fall Sale to Wright Bros Beef. We have 3 full sisters to lot 73 that will calve in March. She also raised Peak Dot Grassland 40W the high selling Grasslands son from the April 2010 sale to Someday Ranch.

PEAK DOT IRON MOUNTAIN 700Y - LOT 74

A pair of identical flush brothers both huge girthed bulls with all their pounds in their broad backs and rear quarters. Bulls I would also consider calving ease. Their dam serves in the donor program along with some of her most outstanding daughters. She has produced bulls which have sold in past sales to Wayne Schwark, Colin Balan, Ken Petrick, Hirshe Angus, Marvin Moore and Watts Ranch. Two full brothers sold in the Spring Sale to Chris & Debbie Wilson and Richard J Schmidt.

New Herd Sire...

Outstanding performance and breed-leading EPDs...

Peak Dot Ranch just recently purchased 100% of a new herd sire that will be the next step forward at Peak Dot to be used on our SAV 004 Predominant 4438 and SAV Iron Mountain 8066 daughters. His name is Vision Unanimous 1418 Reg # 16992096. The lot 1 bull from Vision 2012 Bull Sale in North Platte, Nebraska. He had an 84lb birth weight, a 205DWT of 902lbs, a 365 DWT of 1611lbs, and an Adj RE of 15.2 and a 41 scrotal. The feet on this bull are impeccable, the best we have ever seen, a big solid foot with lots of heel and just the right angle to his hoof structure. A definite foot improver for the Angus

PEAK DOT IRON MOUNTAIN 613Y - LOT 106

Two flush brothers for the rancher who wants to add consistency, quality and uniformity to their program, backed by generations of maternal genetics. Their Saugahatchee dam, Lady of Peak Dot 566N, is owned with Blair's Ag. She has produced top selling females which have sold to Ring Creek Farm, Six Mile Ranch and Brady Scott. She also produced the popular flush of full brothers in last year's sale that sold to Murray Nielson, David Lane, James and Tammy Stewart, Signe De Athe and Hillcrest Enterprises. Peak Dot Advantage Program...

Peak Dot will assist you in getting top dollar for your calves. For every calf that enters the program Peak Dot will offer a \$5.00/head credit towards a bull in one of their upcoming bull sales. Phenotypic target is calves that are 100% Black Angus or black hided crossbred Angus. i.e. 75% Angus; 25% Simmental. Calves must be sired by 80% Peak Dot genetics. Accepted weight ranges will be 450 lbs. – 800 lbs. Heifers must not be implanted to qualify for the program. It is preferred that bulls be castrated at birth. If bulls are left intact, they must be castrated at least 60 days before sale and delivery. Dehorn calves minimum of 60 days prior to sale and delivery. Local calves in the 450lb. to 650lb. weight range will be sent to Hillcrest Enterprises Feedlot. A JGL representative will be available by phone at (306)692-4911 to discuss market condition, trends and the current cash prices for your qualifying calves. Please identify yourselves and mention you are inquiring about the Peak Dot Advantage Program. Peak Dot Ranch can assist in getting carcass data back on your calves. Producer selling options:

Option 1:

JGL will offer fair market value of the day on top cut Angus calves. At the discretion of JGL, calves with obvious blemishes such as frozen ears will be provided with a discounted calf price plus premiums. All calves will be evaluated at delivery. Price is FOB Moose Jaw or designated feedlot. JGL will provide a \$3.00 per 100 lb. Premium for calves that have been double vaccinated 2-3 weeks prior to weaning and are accompanied at delivery with an affidavit signed by your veterinarian. For this premium to be paid, there must be a minimum tri-axel load of 58,000 – 60,000 lbs. same sex calves with a 100 difference in weight to receive premium. Load can exist of multiple owned calves. Price will be offered on a slide which is variable on markets and futures. Please refer to the following example of what a slide looks like. i.e. The price to the producer are as follows: 500lb #1 steers @ \$1.30/lb. – 10 cent slide under 500 and 8 cent slide over 500. Here are 4 weights to understand how this applies:
 477 actual weight, we pay; 500-477 x .10(or .001) = 2.3 adjustment more, producer gets \$1.323 x 477=\$631.07 per head
 532 actual weight, we pay; 500-532= 32 x .08(.0008) = 2.56 adjustment less, producer gets \$1.2744 x 532=\$677.98
 461 actual weight = \$1.339 or 133.90/cwt
 502 actual weight= \$1.2984 or 129.84/cwt
 Fall Shrink is determined by the following scale:

- 0-24 miles 3.50%
- 25-35 miles 3.25%
- 36-45 miles 3.00%
- 46-60 miles 2.75%
- 61-75 miles 2.50%
- 76-90 miles 2.25%
- 91-100 miles 2.00%
- 101-125 miles 1.50%
- 126-150 miles 1.00%
- 151-175 miles .50%
- 176 miles plus 0%
- Overnight stand 0% in our yard.

Option 2:

Producers can take calves directly to JGL Moose Jaw and receive the CanFax average price from over a 3 week period. Management program. This option also allows the producer to retain partial ownership or full ownership of their calves. JGL can assist you with your financing needs if you wish to retain ownership. Contact the JGL office for more information. (306) 692-4911

Option 3:

If you believe in the competition of an auction, producers can take calves directly to an auction market and sell as one iron calves. JGL will be very aggressive in trying to obtain these calves but there is no guarantee they will be purchased for the program with this option.
