SPRING BULL AND FEMALE SALE

Wednesday, April 6, 2011

At the Ranch, Wood Mountain, Saskatchewan

Selling 171 Bulls and 73 Heifers

Peak Dot Capacity 601W - Lot 80

Peak Dot Encore 517W - Lot 89

Welcome to Peak Dot Ranch...

Established in 1950...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2011 Spring Sale.

As our ranching operation continues to build and grow, so does the quality and consistency of cattle which it produces. We have been working hard to develop a breeding program and a cow herd that is suited for today's industry demands. We have spent the time and money seeking out the best bulls in North America and you could say our herd bull budget is second to none. We have developed one of the largest embryo programs in Canada which is built on identifying outstanding cow families within our herd. We have a very large AI program which encompasses our entire cow herd. Between our two annual bull sales we now market 300 bulls with more full brothers, 3/4 brothers and 1/2 brothers offered than any one else in Canada. By obtaining this goal our customers will benefit with an increase in consistency and quality in their calves resulting in a higher end product for the consumer.

Common sense tells us that for us to be profitable first our customers have to be profitable, and we want to help you get the most for your calves. We have restructured and simplified our calf buy back program so not only is it profitable for our local producers but also for others further away by sourcing out more feeders that recognize the difference and appreciate the quality of calves they receive from our customers. We have also included seller options which will give valuable carcass data back or retained ownership (see more on page 34). As we build our bull market, our customer base and source of supplying quality calves continues to grow, so too will the rewards. If you have Peak Dot sired calves, open heifers or bred heifers give us a call and we will develop a marketing plan to get you the best prices for your cattle.

Special features for this year's sale will see the entire fall heifer pen up for auction. With their added age you can expect to see a higher conception rate, heavier calves at weaning and a better breed back rate than a conventional heifer. The fall bull pen with their added age is ready to see heavy service and should be able to breed a few more head. The yearling bulls offer our newest genetics with most of them being from first calf heifers or embryo calves. A special feature to the sale will be the very first sons of SAV Iron Mountain 8066. Iron Mountain is the most popular new bull on the globe with breed leading semen sales. With semen near back ordered it may be a good move to buy one of his outstanding first sons. We are also selling refreshing out cross blood to the Angus gene pool with a solid set of straight Canadian bulls by Old Post sons produced entirely from our embryo program. Also by private treaty we have 1200 open commercial heifers for sale from three of our top customers (see page 41).

You can count on the cattle you purchase from this family owned third generation ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

Sincerely,
Clay and Carson Moneo

SAV Predominant 4438 is the powerful and popular sire whose progeny have been topping sales across North America. He was selected by Peak Dot Ranch as the featured lot 2 bull in the 2005 SAV Sale where he earned an IMF ratio of 119. With each passing year Predominant continues to grow in popularity.

Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. This sale will feature his influence and progeny from his greatest daughters.

A Son

PEAK DOT DOMINATOR 42U

Peak Dominator 42U was selected by Packet Brothers as the \$20,000 top-selling yearling in the 2009 April Peak Dot Ranch Sale. He is phenotypically outstanding with world of volume, thickness and muscle. His first sons sell in this sale.

A Son

SEMEX
Beef

PEAK DOT RESOLUTE 37W

Resolute is the \$20000 high selling yearling bull from the April 2010 sale to Black Ridge Angus, Caragata Ranch and later leased to Semex Beef. Resolute is a high performance calving ease bull with a strong maternal heritage.

A Son

PEAK DOT PREDOMINANT 82S

Peak Dot Predominant 82S was one of the top selling bulls in the 2007 Peak Dot Ranch Sale. He is an attractive, long-bodied, smooth-patterned bull with a typical Predominant wide chest, thick full girth and deep hind quarter.

A Son

PEAK DOT PREDOMINANT 92S

Peak Dot Predominant 92S is a top performing son of SAV 004 Predominant 4438. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805 lbs and a weaning index of 106. His dam, Mia of Peak Dot 511K, is an elite dam who has a weaning index of 107 on her last three calves.

A Son

PEAK DOT EASY KEEPER 902T

Easy Keeper was the \$21000 high selling fall bull from the 2009 April sale to Hillcrest Enterprises. Definitely the low maintenance type, very deep and easy fleshing.

Peak Dot Ranch Herd Sires...

Encore was the high selling bull in Duff's 2008 Power Plus Bull Sale recording one of the top values of the 2008 spring sale season. He has been noted to possibly be one of the most impressive sons of the legendary bull "6807", to surface in recent times. His dam has produced many notable great herd sires. Encore and his progeny are moderate in frame, easy fleshing, and are a practical kind of cattle, with plenty of character and eye appeal. Encore is ultra complete and efficiently designed. He represents the return to more sensible, practical, production-oriented beef cattle.

Duff Encore 702 sons. Thick made and easy fleshing with large hindquarters.

MOHNEN JILT 910	

Dynamite is the popular unique Genex out cross, performance and carcass sire that has breeders from across the globe waiting in line to sample him. His first set of calves are very consistent with added length, thickness, muscle and pounds. We purchased Dynamite for his added performance, depth of body, doability and great scrotal development. He has an excellent disposition and is all black. Dynamite's dam is the herd bull producing Mohnen Jilt 910. She is solid black with an exceptional udder and long hip. Mohnen Jilt 910 is becoming recognized as the maternal oriented female to add carcass eliteness without a Precision or New Design pedigree. Dynamite's first set of daughters are now in production and are showing abundant milk with superb udder quality.

SAV MADAME PRIDE 8264
The dam of Iron Mountain

SAV Iron Mountain 8066 without a doubt is the most consistent calving ease sire to have ever landed at Peak Dot Ranch. We purchased Iron Mountain for \$75,000 out of the 2009 SAV Sale. Later we welcomed Kiamichi Link Ranch aboard as interest and popularity in Iron Mountain grew. He went on to be the most widely used bull of his calf crop in the United States. Iron Mountain is a very correct made individual abounding with true thickness and exceptional phenotype. Iron Mountain stamps his calves (every one of them) with a defining stamp of eye catching style and thickness. Iron Mountain bulls come highly recommended for use on heifer projects or as total herd improvers. Peak Dot will be the only source to buy Iron Mountain bulls for the 2011 breeding season in North America. This young breed legend in the making saw heavy service last year and will be responsible for the largest sire groups born at SAV, Kiamichi Link and Peak Dot Ranch.

The dam of Pioneer

SAV Pioneer 7301 is the \$65,000 top-selling bull from the 2008 SAV sale. Pioneer earned a 205-day weight of 965lbs. for a weaning ratio of 117 and scanned a 365-day REA of 17.7 inches with a yearling scrotal of 42 cm. He was used mainly on heifers at Peak Dot Ranch with excellent results. You will find his bulls gentle natured with a friendly disposition. They come with a modest birth weight and then grow like crazy combining exceptional length, performance and balance.

The dam of Capacity

Capacity is a true beef bull that consistently transmits his strong attributes of great dimension, extra volume, fleshing ability and amazing muscularity. He offers as much natural thickness and volume as any other Traveler 004 son to date. Wide in his pins, exceptional width in his quarter, clean sheath, excellent scrotal development, and gentle disposition. Capacity progeny have been selected by some of the top Purebred Breeders in Canada at past sales.

Selected by Peak Dot as the \$21,000 top selling bull in the 2008 Short Grass Sale. Sandy Bar Grasslands 94T was one of the most talked about bulls of the 2008 bull sale season. He has an immense amount of natural thickness from his wide muzzle to his thick tail. Excellent conformation, big scrotal, extra muscle dimension are all phrases that describe Sandy Bar Grasslands 94T. His highly fertile dam Sandy Bar Jemina 22N entered the elite dams list with a weaning ratio of 114 on her first 3 calves. Grasslands was used mainly on our heifers the first year with zero assistance reported.

SANDY BAR GRASSLANDS 94T

Peak Dot Ranch Heifers...

PRINCESS OF PEAK DOT 729W - Lot 1

Lot 1 and 2 are a pair of elegant and classy SAV 004 Predominant 4438 daughters. Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. Lots 1 and 2 are two of the best with a lifetime of earning potential ahead of them.

THE VALUE OF A HEIFER WITH ADDED AGE...
For the last few years we have been taking all our fall replacement heifers and breeding them in May at 18 months of age. We have found not only they maintain themselves better after calving than a conventional heifer they consistently wean off more pounds. Conception rates whether in an AI timed program or natural service were also better not only the first year but the next year after they weaned off their first calf. Take a look through the Yearling Bull Section of this book and look at the tremendous job the heifers did the previous year on their first calves weaning weights.

Peak Dot Ranch Heifers...

Lots 17 and 18 are a pair of Duff Encore 702 daughters that could possibly be the top selling pair. They offer up as much natural thickness, volume and fleshing ability as any females we have offered to date. They stand belly deep in the snow with only a 4 inch snow cover required. Everything we were hoping to find in 2007 when we headed down to Duff's at Hobart, OK we found. The Duffs are good practical people that believe in breeding easy fleshing, deep ribbed, production-oriented beef cattle.

LADY OF PEAK DOT 725W - Lot 17

Heifers enter the ring in pairs with the buyer having the option of taking the second heifer at the matching price.

QUEEN OF PEAK DOT 710W - Lot 18

These heifers are backed by generations of highly productive Peak Dot Ranch females that have stood the test of time.

Peak Dot Ranch Heifers...

BARDOLIA OF PEAK DOT 963H

The great grandam of Lot 35. She was a featured cow lot in the 2008 fall sale selling to Bob Lane of the UK. She is also the dam of Bardolia of Peak Dot 908T the top selling heifer in 2008 to 7L Farms, and Peak Dot Easy Keeper 902T the \$20,000 top selling fall bull in the 2009 sale to Hillcrest Enterprise.

BARDOLIA OF PEAK DOT 585K

The grandam of Lot 35. She is also the dam of Peak Dot Dynamic 946U, the \$20,000 top selling yearling bull from the 2009 sale to Hillcrest Enterprise. She also produced feature progeny which has sold to Jeff Weal, Keith Lewis, David Lane, Vander Vorst Ranch and Cypress Hutterian Colony. Five of her daughters are in production at Peak Dot.

Peak Dot Ranch Heifers...

BAMBI OF PEAK DOT 761W - Lot 39

ROSILLA OF PEAK DOT 776W - Lot 40

Note how similar the pedigree make up is on lots 39 and 40. They are also very well matched in physical appearance with natural thickness body depth, length and stunning looks. If there ever was a time to sweep the ring and take both heifers this would be the time.

Peak Dot Ranch Heifers...

BARBARA OF PEAK DOT 519K

The grandam of lot 50. Phenomenal Peak Dot embryo donor. We are currently working on building up the Barbara cow family at Peak Dot. Barbara of Peak Dot 519K and her dam Barbara of Peak Dot 927H have proven themselves as highly functional productive cows with superb udder quality that maintain themselves under range conditions. A large number of embryo calves are due to hit the ground near the end of March.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 537W - LOT 74

Lead off bull for the 2011 sale. Herd bull material. This Predominant son has the style and character of a real breeding bull. He posted some of the top weights every time he crossed the scale. He earned a weaning weight of 902lbs for a weaning ratio of 116. His young Basin Prime Cut 354K daughter is off to a great career and is very typical of the Basin Prime Cut 354K daughters you will find in production at Ring Creek Farms and Peak Dot Ranch.

PEAK DOT ENCORE 543W - LOT 75

A powerful growth bull with added length by Duff Encore 702. He should leave behind a tremendous set of daughters. He comes from one of our best New Trend cows. A maternal brother sold in last years sale to Rick Vervallcke. A maternal sister sold to Jean-Francois Leblond and a maternal sister by SAV Iron Mountain 8066 is already starting to take notice in the fall heifer calves.

Peak Dot Ranch Fall Bulls...

PEAK DOT CAPACITY 515W - LOT 76

Powerful rump, stifle and hind quarter. Nate Marrin identified this guy in early January as his top pick from the fall bull pen. His dam is excellent and his grandam and great grandam are both in the embryo program with a large number of embryos expected from them this spring. His dam has produced bulls which have sold in past sales to Garvin Kostal, Brent Cheek and Smith Ranches.

PEAK DOT CAPACITY 318T

SAV 004 Capacity 5234 son produced from the same cow family as lot 76. Purchased by Hirshe Angus from the 2008 spring sale.

BARBARA OF PEAK DOT 519K

The grandam of lot 76

Peak Dot Ranch Fall Bulls...

PEAK DOT CAPACITY 601W - LOT 80

A moderate, muscular, beef bull by Capacity with plenty of performance. If you're looking for heavier calves in the fall mark this guy. He posted a weaning weight of 991lbs and a weaning ratio of 128.

PEAK DOT PREDOMINANT 547W - LOT 82

A big, thick, hairy, gentle, teddy bear. He is always the first to meet you when you enter the pen and likes to be scratched. His productive dam has produced progeny which have sold to Mykle Baerg, Ring Creek Farm, Allanville Angus, and Twin XX Ranch.

PEAK DOT PREDOMINANT 504W - LOT 81

A true son of Predominant with thickness, volume and mass. Dam is a young Basin Prime Cut 354K daughter. Grandam is an outstanding embryo producer that has produced numerous sale features in the past.

PEAK DOT ENCORE 520W - LOT 83

Easy fleshing low maintenance type of bull with balanced numbers that would work in tough conditions with no extra care. His New Trend dam is a consistent producer. We have three daughters active in the herd. She also produced a bull in the 2009 sale which sold to Dale F McGlynn.

Peak Dot Ranch Fall Bulls...

Three Duff Encore 702 son that are all personal favorites. They posses all the true traits that have made Angus the most popular breed in North America. True Aberdeen Angus characteristics, thick made, easy fleshing, with a nice head and wide muzzle. They occupy every inch of there body with pounds. You will not see a lot of day light under these fellows. A reputable stockman from Fort Shaw Mt. told me you do not get paid much for all that daylight under a animal because it does not weigh anything.

Duff Encore 702 sons. Lots 87, 88, and 89

Peak Dot Ranch Fall Bulls...

PEAK DOT ENCORE 513W - LOT 95

Economical cost of gain is critical for stockers. Lots 95, 96 and 97 are three Duff Encore bulls in a row that are bred to add fleshing ease, pounds and doability. They should sire a pen of forage-converting calves that will gain more pounds for less dollars.

Encore bulls Lot 95, 97 and 96

Peak Dot Ranch Fall Bulls...

PEAK DOT DYNAMITE 540W - LOT 98

Here is one of the few Dynamite bulls in the sale. Dynamite bulls have been very popular in past sales. Lot 98 is one of the most attractive bulls in the entire offering. We think he could be the best for adding length, style and pounds. His SAV 004 Capacity 5234 dam is moderate and angular with lots of milk. His grandam is also the mother of Peak Dot Herd sire Peak Dot Predominant 82S. This past year we made a deal with Genex that saw Mohnen Dynamite 1356 going to Hawkeye in Billings Mt. He is now a permanent resident and if you ever get the chance you should stop in and see him. He is a big strong mature bull that is very hard to fault.

PEAK DOT EXPLOSION 99U

This good Dynamite son was a \$8500 selection of Semex Beef from the 2009 Fall Sale.

Peak Dot Ranch Fall Bulls...

Lot 107 is a SAV 004 Predominant 4438 son that displays volume, dimension feed efficiency with masculinity and early maturity. His dam is designed like many of the Basin Prime Cut 354K cows with good strong hips and well attached udders. His grandam is an embryo donor and we have several of her daughters in the herd.

Smith Ranch
Mendham, Saskatchewan
306-628-4235

Dear Carson,
Smith Ranch cattle out of Peak Dot bulls graded 81% Choice, which is very high for 12-13 month old cattle. Other purchased cattle of non Peak Dot genetics graded 43% choice. They were all shipped to JBS USA, Hyrum, Utah. Peak Dot Bulls made a difference.

Terry Smith

Peak Dot Ranch Fall Bulls...

Peak Dot Advantage Program...

Peak Dot will assist you in getting top dollar for your calves. For every calf that enters the program Peak Dot will offer a \$5.00/head credit towards a bull in one of their upcoming bull sales. Phenotypic target is calves that are 100% Black Angus or black hided crossbred Angus. i.e. 75% Angus; 25% Simmental. Calves must be sired by 80% Peak Dot genetics. Accepted weight ranges will be 450 lbs. - 800 lbs. Heifers must not be implanted to qualify for the program. It is preferred that bulls be castrated at birth. If bulls are left intact, they must be castrated at least 60 days before sale and delivery. Dehorn calves minimum of 60 days prior to sale and delivery. Local calves in the 450lb. to 650lb. weight range will be sent to Hillcrest Enterprises Feedlot. A JGL representative will be available by phone at (306)692-4911 to discuss, market condition, trends and the current cash prices for your qualifying calves. Please identify yourselves and mention you are inquiring about the Peak Dot Advantage Program.

Producer selling options:

Option 1:

JGL will offer fair market value of the day on top cut Angus calves. At the discretion of JGL, calves with obvious blemishes such as frozen ears will be provided with a discounted calf price plus premiums. All calves will be evaluated at delivery. Price is FOB Moose Jaw or designated feedlot. JGL will provide a \$3.00 per 100 lb. Premium for calves that have been double vaccinated 2-3 weeks prior to weaning and are accompanied at delivery with an affidavit signed by your veterinarian. For this premium to be paid, there must be a minimum tri-axel load of 58,000 - 60,000 lbs. same sex calves with a 100 difference in weight to receive premium. Load can exist of multiple owned calves. Price will be offered on a slide which is variable on markets and futures. Please refer to the following example of what a slide looks like. i.e. The price to the producer are as follows: 500lb #1 steers @ \$1.30/lb. - 10 cent slide under 500 and 8 cent slide over 500. Here are 4 weights to understand how this applies:

477 actual weight, we pay; $500 - 477 \times .10 (\text{or } .001) = 2.3$ adjustment more, producer gets $\$1.323 \times 477 = \631.07 per head

532 actual weight, we pay; $500 - 532 = 32 \times .08 (.0008) = 2.56$ adjustment less, producer gets $\$1.2744 \times 532 = \677.98

461 actual weight = $\$1.339$ or $133.90/\text{cwt}$

502 actual weight = $\$1.2984$ or $129.84/\text{cwt}$

Fall Shrink is determined by the following scale:

0-24 miles 3.50%

25-35 miles 3.25%

36-45 miles 3.00%

46-60 miles 2.75%

61-75 miles 2.50%

76-90 miles 2.25%

91-100 miles 2.00%

101-125 miles 1.50%

126-150 miles 1.00%

151-175 miles .50%

176 miles plus 0%

Overnight stand 0% in our yard.

Option 2:

Producers can take calves directly to JGL Moose Jaw and receive the CanFax average price from over a 3 week period. This option also allows you to enter your cows for a small fee in the Feedlot Health Management program. You would be able to obtain individual calf data on gains, efficiency, and carcass data. This option also allows the producer to retain partial ownership or full ownership of their calves. JGL can assist you with your financing needs if you wish to retain ownership. Contact the JGL office for more information. (306) 692-4911

Option 3:

If you believe in the competition of an auction, producers can take calves directly to an auction market and sell as one iron calves. JGL will be very aggressive in trying to obtain these calves but there is no guarantee they will be purchased for the program with this option.

OPEN COMMERCIAL REPLACEMENT HEIFERS FOR SALE...

Many large uniform one-iron groups. Buyers of heifers receive a \$5 per head credit to be used at the Peak Dot Ranch April 6, 2011 Bull Sale. (ex: 100 heifers x \$5 = \$500 credit)

Call for details

Carson... 306-266-4414

Clay.....306-266-4411

1100 HILLCREST ENTERPRISES HEIFERS

Hillcrest Enterprises along with their own home grown heifers and heifers they have purchased last fall are offering all 1100 open replacements for sale. The Hillcrest commercial herd has been built with acquiring the very top bulls from Peak Dot along with demands placed on fertility, fleshing-ease and udder quality with the ability to wean heavy calves. Their bred females recently were the top selling bred heifers in the December 2, 2010 Peak Dot Sale. For more information call Owen Cairns at 306-267-7775.

50 GUNTER RANCH HEIFERS

Once again the Gunter Ranch of Val Marie, SK is offering a fancy set of black commercial heifers. They have kept their herd in tune with Peak Dots by purchasing good quality bulls from the Peak Dot Ranch Bull Sales. This has resulted in a set of fancy commercial heifers that are moderately framed, easy fleshing, and fertile. The buyers of the heifers have been extremely happy with their purchases in the past. These heifers usually sell quickly so be sure to get a hold of Jack or Steven if you are serious.

For more information call Steven Gunter 306-298-2256 or Jack Gunter 306-298-4434.

25 HEIFERS FROM DAVE LANE

The Lane heifers have multiple generations of Peak Dot sires and cows behind them. In years past Dave Lane brought bred heifers to the Fall Peak Dot Ranch Sales and earned a reputation for having cattle with fleshing ease, fertility and productivity. I would expect them to develop into outstanding cows.

For more information call Dave Lane at 204-842-3692

DUCHESS OF PEAK DOT 556R
The dam of lots 150 and 151

A big powerful pair of performance bulls by SAV Iron Mountain 8066 earning a weaning weights of 879 lbs and 822lbs. They are among the best we have ever raised. Their dam Duchess of Peak Dot 556R is an ideal brood cow with a nice udder. Her Iron Mountain 8066 heifer was the top selling heifer in our December sale to Hillcrest Enterprises.

Peak Dot Ranch Yearling Bulls...

PEAK DOT IRON MOUNTAIN 954X - LOT 152

Peak Dot Iron Mountain 954X is a personal favorite. A wide topped shapely bull with a low center of gravity and an attractive look. His feminine Hobson dam is moderate sized and deep bodied with a beautiful front and nice udder. Peak Dot Iron Mountain 954X leads off a sensational flush of three brothers.

Peak Dot Ranch Yearling Bulls...

A big performance bull with a double shot of calving ease bred in him from Pioneer and Autograph. This gentle giant will certainly sire some progeny with added length and pounds. He holds EPDs in the top 10% of the breed for weaning weight and ranks in the top 2% for milk. He comes recommended if you're looking for a calving ease sire with added performance.

Peak Dot Ranch Yearling Bulls...

PEAK DOT CAPACITY 827X - LOT 166

Peak Dot Capacity 827X ranks as one of the top Capacity sons we have ever raised. The pick of many who have walked the bull pens. He comes from the very productive Mayflower of Peak Dot 504K. She has produced progeny that have sold to Jack Trayner, Johnson Livestock and produced the Hi-Low herd sire Peak Dot New Trend 74M. She is also the dam of our new herd sire Peak Dot Volt 951U, a Dynamite son owned jointly with Twin XX Ranch.

Peak Dot Ranch Yearling Bulls...

PEAK DOT NET RESULT 125X - LOT 170

A big powerful thick made son of SAV Net Result 7504 that I would also consider a calving ease bull. He comes from the Mia cow family which is now being regarded by many as possibly the best cow family at Peak Dot. His Basin Prime Cut dam Mia of Peak Dot 283M and her full sister Mia of Peak Dot 406R along with their dam Mia of Peak Dot 316J all serve in the Peak Dot embryo program.

MIA OF PEAK DOT 410T

The \$10,500 maternal sister to lot 125X purchased by Boss Premier Cattle Chappell, NE

PEAK DOT PREDOMINANT 570X - LOT 171

A SAV 004 Predominant 4438 son with excellent numbers right across the board. He earned a weaning weight of 917lbs with a weaning ratio of 110. He holds EPDs in the top 5% of the breed for weaning weight and is in the top 6% for yearling weight. His young Hobson dam has a weaning ratio of 101.

Peak Dot Ranch Yearling Bulls...

PEAK DOT PREDOMINANT 565X - LOT 177

Here is a low birth weight SAV 004 Predominant son that at this stage of his life is a near replica of his famous sire. Very proud fronted bull with a wide chested full girth and worlds of volume. He started life at 62lbs and then grew rapidly weaning at 837lbs with a weaning ratio of 102. His moderate Hobson dam is a feminine broody cow with a perfect udder. Note the grandam is the dam of lot 84 in this sale.

SAV 004 Predominant 4438 pictured here at approximately the same age as his son lot 177.

PEAK DOT PIONEER 7X - LOT 178

A low birth weight Pioneer son from an excellent Predominant dam. Holds EPDs in the top 10% for weaning weight and ranks in the top 11% for yearling weight.

PEAK DOT PIONEER 564X - LOT 179

A deep sided soggy Pioneer bull with a gentle disposition from a SAV Autograph 5204 dam.

Peak Dot Ranch Yearling Bulls...

PEAK DOT PIONEER 9X - LOT 180

A calving ease Pioneer bull with length, volume and performance. This bull is extremely quiet natured as are most of the Pioneer bulls. He recorded a weaning weight of 874lbs, and holds EPDs in the top 3% for weaning weight and yearling weight and is in the top 6% of the breed for milk. He has a rich maternal heritage with his grandam raising many top end females such as the lot 11 heifer in this sale as well as a herdsire for Soo Line Cattle Co. His dam is one of the best females we have ever raised and will go into a joint embryo program this fall.

DUCHESS OF PEAK DOT 610T

The dam of Lot 180.
Sold for \$11,500 in the December 2010 sale to Caragata Ranch

PEAK DOT PIONEER 6X - LOT 181

A sure bet calving ease Pioneer bull from a SAV Autograph 5204 dam. SAV Autograph 5204 was the \$30,000 premier calving ease bull we purchased from the 2006 SAV sale. Note the grandam is the mother of lot 82 in this sale.

PEAK DOT IRON MOUNTAIN 865X - LOT 184

All the Iron Mountain bulls in this sale are embryo calves that were produced from the very top cows in our herd. Here are two genetically identical brothers that have such big broad tops you could balance a water bucket on their backs. Their gorgeous dam is a model Angus cow with a nice udder that ranks in the top 5% of the breed for milk EPD. She has produced a \$10,000 daughter which sold to Werner Angus and EBY Ranch.

LADY OF PEAK DOT 839S

Peak Dot Ranch Yearling Bulls...

PEAK DOT IRON MOUNTAIN 839X - LOT 192

Four big roomy flush brothers by SAV Iron Mountain 8066 who sold over \$1,000,000 dollars of semen making him one of the most heavily used bulls in 2010. These brothers all earned weaning weights well over 800lbs. Their fertile dam has produced progeny which has sold to Someday Ranch, Hillcrest Enterprises and Mike Guest.

BARDOLIA OF PEAK DOT 796P

PEAK DOT IRON MOUNTAIN 494X - LOT 198

An April 22 son of Iron Mountain that came in from one of our good cooperator herds. Usually we keep all the April and May bulls and grow them out and sell them as coming two's in our December sales but this calf is exceptional in many areas. He recorded a weaning weight of 893lbs and a weaning ratio of 109. His Hobson dam earned a weaning ratio of 109 on four calves. She has produced progeny which has sold to John Brown Farms and Brazos Williams as well as a daughter, Lady of Peak Dot 402U, who is in the embryo program. His great grandam is the maternal matriarch Lady of Peak Dot 782L.

LADY OF PEAK DOT 782L

The maternal matriarch found in the pedigree of lot 198.

Peak Dot Ranch Yearling Bulls...

PEAK DOT IRON MOUNTAIN 942X- LOT 196

Two identical flush brothers that are sure to mature into some gorgeous Angus bulls. Looking at the broad backs and hips on these two Iron Mountain sons reminds me of the type of cattle my Grandpa John used to like. He said "width in the pin bones is worth \$1000 an inch." If that is the case, get out your ruler and your wallet! Their young Predominant dam is one of the most impressive cows in the herd. We sold three flush sisters in our December sale to Carl Dethlefs & Sons, and Hillcrest Enterprises.

The past few years we have been identifying our top producing cow families and selecting the very best females to enter the donor program. We put in over 300 embryos a year. Almost all of the embryo transplant females are being put back into the herd. We are now starting to see large groups of 15 to 20 full sisters enter production. We are not only seeing an increase in performance but also in consistency.

PEAK DOT IRON MOUNTAIN 932X - LOT 208

PEAK DOT GRASSLANDS 40W
The maternal brother to lots 208 - 211
purchased by Some Day Ranch

LADY OF PEAK DOT 818S
The dam of lots 208, 209, 210 and 211.

Four flush brothers all stout-rumped, stylish, thick, attractive made bulls. If your goal is to purchase some bulls of very similar quality and genetics take a look at these brothers. The only way we can tell them apart is by the number in their tag. I would expect them to breed very similar as well. Their dam is one of our more moderate framed Predominant daughters. One I would consider to be very forage efficient. She holds EPDs in the top 5% for weaning weight and she is in the top 1% of the breed for milk.

Peak Dot Ranch Yearling Bulls...

PEAK DOT ENCORE 863X - LOT 222

On sale day we will have all the Encore flush calves in one pen. It is one of my favorite pens of bulls to be in. They are all easy fleshing thick bulls that are very stout through their rumps and hind quarters.

PEAK DOT ENCORE 870X - LOT 224

BARBARA OF PEAK DOT 519K

The grandam of lots 222 and 223
and maternal sister to the dam of lots 224, 225 and 226.

PEAK DOT PREDOMINANT 806X - LOT 228

LADY OF PEAK DOT 534M
The dam of lot 228

Lot 228 is a Predominant bull that is especially stout and wide with a bit more bone. His productive Basin Prime Cut 354K dam has produced bulls which have sold to Gloria Blades and Joe Miller. She serves in the embryo program along with her daughter Lady of Peak Dot 603T. We will be expecting many embryo calves by her to be born starting near the end of March.

Peak Dot Ranch Yearling Bulls...

Powerful Canadian out cross performance genetics...

PEAK DOT OLD POST 828X - LOT 234

A big, stout, massive herd sire candidate with out cross potential. Semen marketers take a look. Here is a refreshing pedigree from a bull that could stand among the very best. He comes from a cow family noted for longevity and their production capabilities. His grandam lived till the age of 17 and produced many sale toppers in her time. His 12 year old dam looks like she is in the prime of her life and is in a joint embryo program with Mike Bishop. She has produced progeny which has sold to Hillcrest Farms, Les Shick, Marlene Douglas Inc., Wayne and Kelly Basford, Ring Creek, Dan Howell and Blair's Ag.

LADY OF PEAK DOT 215W

This Old Post daughter produced from a maternal sister to lots 234 and 235 was the \$5,500 selling heifer from the fall 2009 sale to Six Mile Ranch.

Owned with Mike Bishop
