**BLACK ANGUS BULL AND
FEMALE SALE**

Wednesday, April 7, 2010

At The Ranch, Wood Mountain, Saskatchewan

Lot 11

Lot 8

Welcome to Peak Dot Ranch...

The Moneo Family

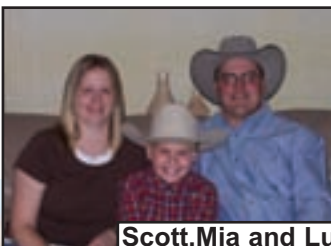

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2010 Spring Sale.

The last few years here at Peak Dot we have been working hard to develop a breeding program and a cow herd that is well suited for today's current industry demands. We feel we have obtained that goal. We have spent a lot of time and money seeking out the best bulls in North America, in fact you could say our herd sire budget is second to none. We have developed one of the largest embryo programs in Canada which is built on identifying outstanding cow families within our herd. We have a very large AI program which encompass our entire cow herd. As you study this sale book you will notice how similar we are getting our bulls. If you look at the bulls in the front of the book compared to the bulls in the back of the book you will find similar pedigrees, performance weights and EPDs. We have also been working on our reputation, like it or not everyone builds their own reputation. At Peak Dot after 50 years of doing business with ranchers and commercial cattlemen and women we have earned a reputation we are very proud of.

One of our greatest accomplishments we achieved this year was our new business venture with Hillcrest Enterprises and JGL Livestock. We feel we have developed a program which focuses on the single most important factor in determining the long term success of our operation, and that is our commercial customers. We are very excited about the marketing options that we can offer our customers. Our goal is to fill the Hillcrest Feedlot up with Peak Dot sired cattle and put dollars back into the pockets of the people who have helped us stay in business. Please feel free to call Carson Moneo or Clay Moneo about the details of this program, or check our website out at www.peakdotranch.com for the latest information.

I know you have all heard it before that cow numbers are drastically down and it is just a matter of time until the cattle market bounces back up to record levels. I can't say for sure what the future holds, but I do know that good quality angus cattle will have the most to benefit as the cattle cycle begins its upward turn. We look forward to being your source for good quality angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbeque with refreshments.

Sincerely,
Clay and Carson Moneo

Call us ahead for details and to arrange transportation.

New business venture...

Carson Moneo(Peak Dot Ranch) Tracey Weist and Owen Cairns(Hillcrest Enterprises) Robin Gilroy (JGL Livestock)

In 2010, Peak Dot began a new business venture. We have teamed up with Owen Cairns and Tracy Weist from Hillcrest Enterprises. The Hillcrest Feedlot is a newly constructed 3000 head feed yard just 40 minutes east of Peak Dot Ranch. We are very excited about the marketing options that we can offer our customers. Our goal is to fill the lot with all Peak Dot sired cattle and put dollars back into the pockets of the people who have helped us stay in business. We will be using the services of JGL Livestock to do the purchasing of the calves from the ranch. We encourage you to drop by the feedlot anytime for a tour. Hillcrest also runs one of the leading commercial recipient herds in the nation and has been running an embryo program for Peak Dot the last two years. We would also like to thank Hillcrest for the purchase of over 200 purebred females this past year.

Contact us to visit about our additional incentive prorams.

Carson Moneo..... 306 266 4414 or email....peakdot@xplornet.com

Clay Moneo.....306 266 4411 or email....cmoneo@xplornet.com

The newly constructed 3000 head Hillcrest feedlot

Hillcrest runs one of the Nations leading commercial recipient herds. They have also purchased over 200 young purebred females from Peak Dot.

Genex reps from across Canada visit the Hillcrest feedlot.

Dynamite is the popular unique Genex outcross, performance and carcass sire that has breeders from across the globe waiting in line to sample him. His first set of calves are very consistent with added length, thickness, muscle and pounds. We purchased Dynamite for his added performance, depth of body, doability and great scrotal development. He has an excellent disposition and is all black. Dynamite's dam is the herd bull producing Mohnen Jilt 910. She is solid black with an exceptional udder and long hip. Mohnen Jilt 910 is becoming recognized as the maternal oriented female to add carcass eliteness without a Precision or New Design pedigree. Dynamite's first set of daughters are now in production and are showing abundant milk with superb udder quality. The demand for Dynamite semen in North America and around the globe will be even stronger in 2010.

PEAK DOT EXPLOSION 99U

This popular Dynamite son was selected by Semex out of the 2009 fall Peak Dot Ranch bull sale.

PANSY OF PEAK DOT 917U

Dynamite daughter owned by Hillcrest Enterprises

Dynamite and his progeny were among some of the highlights as the Genex Reps from across Canada visit Peak Dot Ranch.

SAV Predominant 4438 is the powerful and popular sire whose progeny have been topping sales across North America. He was selected by Peak Dot Ranch as the featured lot 2 bull in the 2005 SAV Sale where he earned an IMF ratio of 119. With each passing year Predominant continues to grow in popularity with 2010 looking to be a record setting year for him in semen sales.

Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. This sale will feature his influence and progeny from his greatest daughters.

Predominant Bulls at Peak Dot Ranch

PEAK DOT PREDOMINANT 82S

Peak Dot Predominant 82S was one of the top selling bulls in the 2007 Peak Dot Ranch Sale. He is an attractive, long-bodied, smooth-patterned bull with a typical Predominant wide chest, thick full girth and deep hind quarter.

PEAK DOT PREDOMINANT 92S

Peak Dot Predominant 92S is a top performing son of SAV 004 Predominant 4438. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam, Mia of Peak Dot 511K, is an elite dam who has a weaning index of 107 on her last three calves. His first progeny sell in this sale.

Predominant Females...making beautiful productive young cows

BARDOLIA OF PEAK DOT 879S

SAV EMBLYNETTE 1182

The productive dam of SAV 004 Predominant 4438 who records a weaning ratio of 110 on four calves and is the #1 weaning EPD cow in the SAV herd.

Capacity is a true beef bull that consistently transmits his strong attributes of great dimension, extra volume, fleshing ability and amazing muscularity. He offers as much natural thickness and volume as any other Traveler 004 son to date. Wide in his pins, exceptional width in his quarter, clean sheath, excellent scrotal development, and gentle disposition. Capacity progeny have been selected by some of the top Purebred Breeders in Canada at past sales. They have also performed very well at the major shows.

SAV ERICA 1141

The beautiful broody powerhouse dam of Capacity. Owned by Eby Ranch, Kansas. She is a top notch producer with a progeny IMF ratio of 103 and REA ratio of 102 on four calves. Her full brother scanned the largest ribeye area of the 2003 SAV calf crop at 18.6 inches.

OLD POST BANDOLIER 367N
JOHNSTON BANDOLIER 849E
DOUBLE AA ANNIE K 548'99
DOUBLE AA ANNIE K 280'96

Old post is a bull that we found at the Cactus Ranch in Medicine Hat, AB. Stan Lapp, the owner of the Cactus Ranch, had been using the bull naturally on his commercial cows. The bull was one of the most gorgeous, powerful, mature angus bulls around. After a tour of Stan's cow herd and some of Old Post daughters, a lengthy discussion was held and a deal was struck. Not long after, Remington Cattle Company made us an offer on Old Post after they had seen him at Peak Dot. Remington purchased full possession and we kept an in herd semen interest. Remington later took advantage of Old Post's increasing popularity and sold an interest in the bull in their spring sale to LLB. He has since been leased to Genex.

Old Post is an outcross pedigree to the angus gene pool, and he has created excitement and revenue where ever he has been. Now at last his first set of purebred calves are here at Peak Dot and they look great. His calves were among the heaviest sire group at weaning.

Hobson was the lot 1 bull and high selling bull out of the Stevenson-Basin 2001 sale to Peak Dot Ranch for \$16000(U.S.). He was the second highest actual weaning weight calf at Stevenson-Basin Ranch. He ranks in the top 1% for milk EPD. If you are looking to put some power, performance and punch into your herd while improving maternal traits and scrotal size, Hobson hits the target.

PEAK DOT HOBSON 57N

Peak Dot Hobson 57N is a home grown herd sire. He consistently sires moderate birth weights with his progeny performing extremely well to weaning and yearling time. They mature early while displaying muscle, thickness and shape. His daughters are moderate framed easy keepers with excellent maternal characteristics.

Selected by Peak Dot as the \$21,000 top selling bull in the 2008 Short Grass Sale. Sandy Bar Grasslands 94T was one of the most talked about bulls of the 2008 bull sale season. He has an immense amount of natural thickness from his wide muzzle to his thick tail. Excellent conformation, big scrotal, extra muscle dimension are all phrases that describe Sandy Bar Grasslands 94T. His highly fertile dam Sandy Bar Jemina 22N entered the elite dams list with a weaning ratio of 114 on her first 3 calves. Grasslands was used mainly on our heifers the first year with zero assistance reported. The first progeny from this phenomenal sire sell in this sale.

Encore was the high selling bull in Duffs 2008 Power Plus Bull Sale recording one of the top values of the 2008 spring sale season. He has been noted to possibly be one of the most impressive sons of the legendary bull "6807", to surface in recent times. His dam has produced many, many notable great herd sires. Encore and his progeny are moderate in frame, easy fleshing, and are a practical kind of cattle, with plenty of character and eye appeal. Encore is ultra complete and efficiently designed. He represents the return to more sensible, practical, production-oriented beef cattle.

Entourage 3W is the lot 1 \$38,000 valued Duff Encore son out of a SAV 004 Predominant 4438 daughter from the 2009 fall sale selected by Caragata Ranch. We believe that this could be the ultimate mating to offer real muscularity, amazing style and correctness along with feed efficiency and performance. We will be sampling this young sire in 2010 and invite you to do the same.

This bull is a real chunk. Powerfully thick, heavy muscled loaded with substance and style and good haired. He will add pounds to every calf he sires. Sure to be one of the top herd sire prospects to sell this year. He holds EPDs for weaning weight in the top 7% of the breed, and is in the top 3% of all calves for yearling weight. His dam, grandam and great grandam have all served in the Peak Dot embryo program. A maternal sister to his grandam by Predominant was the high selling cow in the 2009 sale to ZWT Ranch, TN. Bold is a changer. If you're looking to add more weight, depth of body and overall bulk to your herd, Bold will get you there faster than any other bull.

Here is a sure bet calving ease bull sired by SAV Autograph 5204 the \$30,000 premier calving ease sire from Schaffs. Lot 7 is a low birth weight bull that offers up as much performance, thickness and body mass as any bull in the sale. His moderate framed dam has produced maternal sisters which have sold to Hillcrest Enterprises and Blake Sanford, TX.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 236U - LOT 8

One of the best bulls in the auction and the popular bull pictured on the cover. If you like well balanced, correct wide based cattle you will like this guy. His Saugahatchee dam is an absolute model cow with a perfect udder. His maternal sister Duchess of Peak Dot 610T just entered production with her first calf and is destined for the donor pen. A full brother to Lot 8 sold to Marvin Grant.

Lot 8 the popular bull pictured on the Sale book cover

PEAK DOT PREDOMINANT 214U - LOT 9

Lot 9 is a Predominant bull that puts muscle and thickness in places where most cattle do not even have places. A true herd sire candidate. His dam is sired by HF Young Gun 139J a bull we purchased from Hamilton Farms. We have purchased several bulls from the Hamilton's in years past and they have all left excellent females that turn in to productive cows, the dam of lot 9 is no exception.

BARBARA OF PEAK DOT 505S

The Grandam of this outstanding Predominant daughter is also the dam of lot 9. Owned by Remington Land and Cattle.

PEAK DOT PREDOMINANT 213U - LOT 10

If you pick your bulls by how good their mothers are be sure to mark this guy. A few years ago we had a visit from Kelly Schaff and Bob and Cathy Watkins. They picked this cow out of the herd as one of their favorites. She has been a bull producing phenome non, producing top end bulls which have sold in past sales to Johnson Livestock, Marty Gerski, Martin Devos and Jack Hextall. She has produced daughters which have sold to Ring Creek and Laura Armstrong.

Peak Dot Ranch Fall Bulls...

PEAK DOT DYNAMITE 203U - LOT 13

An athletic son by the popular Genex sire Dynamite. Lot 13 earned a yearling EPD in the top 5%. His dam is feminine and productive and was a favorite from her calf crop. Last year Dynamite bulls were the top selling sire group. The quality and consistency of Dynamite bulls is outstanding again this year.

Thank you to all those who visited the ranch!

Australian tour group

**David Gray and Niall Lynch
Scotland**

PEAK DOT DYNAMITE 207U - LOT 14

Australian tour group

Lot 14 is a deep ribbed easy fleshing Dynamite son that could have led off the sale. Due to his short ears we decided to bump him back a bit in the sale order. He comes highly recommended and will sire a group of performance calves that will make the top cut.

Full sister to lot 28

PEAK DOT PREDOMINANT 235U - LOT 28

A powerful growthy strong age bull by Predominant ready for heavy service. A well rounded individual that posted respectable number in all areas. A bull that should put some pounds and performance into a set of feeder cattle.

PEAK DOT PREDOMINANT 228U - LOT 29

Here is one of the most attractive bulls in the entire sale offering. We think he could be the best for adding length, style and pounds. His dam is moderate and angular with lots of milk. Maternal sisters to lot 29 have sold to Packet brothers and Jim Johnson. A maternal brother sold to Smith Ranches.

Peak Dot Ranch Fall Bulls...

PEAK DOT HOBSON 261U - LOT 31

Hobson bulls have proven themselves to be strong long lasting bulls that hold up under even the toughest conditions. We really like the muscle pattern of this bull. His maternal sister by Predominant is the mother of Entourage the second high selling bull from the 2009 fall sale.

BARDOLIA OF PEAK DOT 879S

Maternal sister to lot 31 owned by Mike Spaman, California

PEAK DOT DYNAMITE 208U - LOT 32

Here is a big powerfully thick Dynamite bull that I would also consider a calving ease bull.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 205U - LOT 36

Here is a bull that will leave behind a tremendous set of daughters. He comes from a great producing cow family, in fact he shares the same grandam as the featured lot 29 bull. His dam has produced progeny which have sold to Brent Cheek, Richard Shakleton, Twin X Ranches and Craig and Lesley Cochrane.

PEAK DOT HOBSON 482T

This maternal brother to lot 36 was selected by Brent Cheek owner of C-Bar Livestock.

PEAK DOT AUTOGRAPH 496T

Maternal Brother to lot 38 owned by Smart Farms

Lot 38 is a Capacity son with plenty of muscle shape and width. His dam is a bigger bodied Rito 287 cow that always produces well. She ranks in the top 2% for weaning weight EPD and in the top 4% for yearling weight EPD.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 722S

This full brother to lot 39 was selected by Warren and Norine Moore out of the 2008 spring sale.

PEAK DOT HOBSON 459T

Maternal brother to lot 39 owned by Hillcrest Enterprises Ltd.

Lot 39 is a real beef bull that will bring some pounds to the scale. His dam is a moderate forage efficient daughter from the Ideal 1418 line. Maternal brothers are working for Warren and Norine Moore and Hillcrest Enterprises.

Peak Dot Ranch Fall Bulls...

Fall bulls with their added age and good rig will allow you to increase your cow per bull ratio. If your yearling bulls get too run down by the end of a breeding season, you may want your bulls with a little extra age. Whether you need a purebred herd bull or commercial range bull, this pen is for you.

SAV IRON MOUNTAIN 8066

SAV Iron Mountain 8066 is a premier calving ease bull with exceptional phenotype – abounding with the thickness, muscling, stoutness of rump and body volume that you rarely find in a true low birth weight bull. He was selected by Peak Dot Ranch as a \$75,000 top selling bull in the 2009 SAV Sale and has continued to gain momentum with added owners of Kiamichi Link and Eby Ranch. The phenomenal dam to Iron Mountain is the third lowest Birth EPD cow in the SAV herd and earned a birth ratio of 91 on 5 calves. Her Right Time dam is the record selling cow in SAV history, produced from four consecutive generations of Pathfinder® dams from the Madame Pride family, descending from the first cow in the Schaff program to be enrolled in embryo transplant. Iron Mountain is the hottest young bull in the Angus breed and will be used heavily in the Peak Dot and SAV breeding programs and throughout the industry.

SAV BULLETIN 7904

Bulletin is a thick, stout-rumped muscular Net Worth son with added style balance and excellent leg structure. A low birth weight bull that will add muscle while maintaining a medium frame. His dam comes from the gorgeous Georgina cow family at Champion Hill. Bulletin is a full brother to SAV Wall Street 7091. Bulletin saw heavy service in first year breeding at Peak Dot.

SAV ELIMINATOR 9105

ELIMINATOR is the \$95,000 Rito sensation from the record setting 2010 SAV sale. We made several trips down to Schaffs to look through the cattle and it was on a trip in October that we first discovered Eliminator. Bob Watkins was touring us through an impressive set of bull calves still on the cows when out popped the most unique, extreme muscled, dense made, naturally thick bull calf we had ever seen. This end of February bull calf was weighing around 1060lbs in Mid October. Most of the ride home was spent talking about Eliminator, his enhanced character look, his unusual muscle density, spring of rib and overall dimension. By time the SAV sale came around Eliminator had become so popular you could hardly get in the pen to look at him. The ultrasound proved what we had seen and believed all along. Eliminator scanned a 15.80 inch Rib eye and was the #1 marbling bull in the entire sale and had a impressive scrotal measurement of 41cm. Along with Johnson Livestock, we purchased Eliminator for \$95,000. In the future when they write a book about the famous SAV herd and all the influential SAV herd sires they produced and their impact on the angus breed, SAV Eliminator 9105 is sure to be on the front page. Owned by Peak Dot Ranch Ltd. Johnson Livestock Schaff Angus Valley

For Sale by Private treaty...

50 Black Commercial Yearling Heifers

Once again the Gunter Ranch of Val Marie, SK is offering a fancy set of black commercial heifers. They have kept their herd in tune with Peak Dot's by purchasing good quality bulls from the Peak Dot Ranch Bull Sales. This has resulted in a set of fancy commercial heifers that are moderately framed, easy fleshing, and fertile. The buyers of the previous heifers have been extremely happy with their purchases. These heifers usually sell quickly so be sure to get a hold of Jack or Steven if you are serious.

For more information call Steven Gunter 306 298 2256 or Jack Gunter 306 298 4434

YOU PICK 250 OR 200 OUT OF 300 COWS!

Keay farms is one of Manitoba's best commercial producers and they have developed an outstanding black cow herd. Rick has never gone out and purchased outside cows. His herd has been built by keeping their own top end replacement heifers. For years Rick Keay has purchased top end bulls from the Peak Dot Ranch sales. Rick has decided to slow down just a bit and is offering an amazingly good deal on his cow herd.

Rick Keay is willing to LET YOU PICK 250 or 200 cows out of 300 right now for \$1500 a cow. Rick will calve the cows out for you at his place. He will then breed back the cows and pasture them until this fall. You pick up the pairs at his place in the fall.

Rick also has 100 nice bred heifers he would also be willing to sell.

Rick also has a uniform pen of 100 open heifers he would like to sell.

Very seldom do you come across an outstanding herd of cows, and very seldom will you ever come across a deal as good as the one Rick is offering. It truly is the Opportunity of a lifetime.

For more information call Rick at home 204 564 2519 or cell 204 773 6890.

Keay Farms, one of Manitoba's best black angus commercial producers.

One of the Peak Dot Bulls purchased by Keay Farms

Peak Dot Ranch Yearling Bulls...

MIA OF PEAK DOT 406R
The dam of lot 76, she
sells as lot 3 in this sale

Here is a bull that has every piece of the puzzle. He has a 0.3 birth weight EPD the lowest birth weight EPD in the entire book. He has an outstanding 205 day weight of 886lbs, and he is off a real great cow with a strong maternal heritage. His dam, grandam and great grandam have all been embryo donors. When touring our pastures last summer, Lot 76 always deserved a second look and by weaning time was beginning to stand out.

Peak Dot Ranch Yearling Bulls...

PEAK DOT GRASSLANDS 40W - LOT 79

The very first son to be offered up for sale by our up and coming star Sandy Bar Grasslands 94T. Lot 79 bull will impress you with the amount of top, hip and overall substance that he possesses. He had a weaning weight of 894 lbs. He is an individual that will produce the type of cattle that feed lots demand. His dam is one of our more moderate framed Predominant daughters. One that I would consider to be very forage efficient. She holds EPDs in the top 5% for weaning weight and she is in the top 1% of the breed in Canada for milk.

SANDY BAR GRASSLANDS 94T

PEAK DOT PENDLETON 25W - LOT 80

HARB Pendleton 765 is a bull we saw many times in Billings while he was at the stud. He offers excellent calving ease, as well as a little more growth and extension than many other calving sires. Lot 80 is a heavy performing calf out of a two year old daughter of New Trend. He earned EPDs in the top 5% for weaning weight and is in the top 3% for yearling weight.

HARB PENDLETON 765 JH

Peak Dot Ranch Yearling Bulls...

Sale Feature

These flush brothers by Dynamite are some of the thickest, deepest bulls ever raised at Peak Dot. Their dam, the awesome Panama daughter, has made the elite dams list in Canada. She descends from a long line of highly accomplished, fertile Bardolia dams. An ultimate calf raiser that out produces herself every time by breeding on the first service and raising a big heavy calf. She earned a progeny weaning ratio of 105 on her last 6 calves and is a prolific embryo producer. She was one of the top selling females in the 2008 fall sale to Bob Lane of the UK.

Peak Dot Ranch Yearling Bulls...

Here is an outcross bull for most people's breeding programs. A bull that is certain to inject some growth and power into his calves. His productive dam is listed as an elite cow with a weaning ratio of 107 on her last 3 calves. She also holds a milk EPD in the top 7% of the angus breed in Canada. She has raised bulls for 72 Bar Ranch, Lorne Bennett and a daughter that sold to Blake Sanford in Texas.

OLD POST

PEAK DOT OLD POST 30W - LOT 105

The popular new Genex Canadian Outcross sire

Peak Dot Ranch Yearling Bulls...

LADY OF PEAK DOT 782L
The Dam of lots 111-118

Lady of Peak Dot 782L has been one of the main anchors in the Peak Dot breeding program. She has been a prolific embryo producer resulting in many high selling individuals. She also holds EPDs in the top 10% of the breed for weaning weight. She has produced 20 daughters which will all enter production at Peak Dot next year.

PEAK DOT PREDOMINANT 950W - LOT 111

8 genetically identical full brothers with thickness, muscle and style. Their moderate framed Rito 287 dam, Lady of Peak Dot 782L, has 20 daughters at Peak Dot, 17 of them are full sisters to lots 111-118. A full brother was the high selling bull in the 2008 Spring Bull Sale to Orville Skogen GK Angus at Fort Shaw, Mt. Orville gave us a bit of wise advice when he told us to select some of our best Double AA Rito 287 cows and use them in our embryo program. The results have been exceptional. Another full brother, Peak Dot Courage 970U, was the high selling bull in the 2009 Fall sale to Solberg Livestock. In fact it was one of the highest averaging groups of flush brothers we have ever sold with other brothers selling to Harold Klaudt, Tracey Lake, Jason Becker, Mykle Baerg, Pankratz Farms, Rose Valley Colony and Terry Smith.

Peak Dot Ranch Yearling Bulls...

PEAK DOT OLD POST 910W - LOT 119

Straight Canadian genetics at their best. Lots 119 and 120 are a pair of flush brothers that should add size, volume and pounds to every calf they sire. Their dam is owned in partnership with Remington Cattle Company and serves in a joint embryo program. A maternal sister to lots 119 and 120 was a feature female in the 2008 fall sale selling to Charles Lamb.
