## THE RIGHT CHOICE

# RANCHER'S CHOICE

A big hello from Rancher's Choice. This is our 26th sale and the time has flown by. Don and I have been in the seed stock industry for 40 years and have enjoyed great friendships and built many fond memories. What could be better?

Rancher's Choice has a great selection of bulls on offer. Have a good look at the young bulls, they may be the buy of the sale. By June or July 1st, they will be plenty big enough and have the genetics that will give you the cattle you need.

Our cow herd has evolved over the years and stands out as a supplier of top ranch bulls, with many of these strong bulls ending up in purebred herds in Canada and the USA. In the last two or three years, interest in our genetics has exploded south of the border. The discovery of the great breeding bull, Double AA Old Post Bandolier has certainly caused interest.

In the same league as Old Post Bandolier are Double AA Bardolene 422 '03, senior herd bull at Saskalta and Remington Land and Cattle. Other bulls you will hear about are Saskalta Winston 64T, Double AA Bandolier 47 '06, owned by Mowbey Farms and Larry Flicek & Son, and Double AA Bardolene 50 '08 owned by Fleury Cattle Co., all bulls that will write history on the pedigrees and EPDs of the industry's herds. I am not as familiar with the Saskalta bulls that went on and wrote their own history. However, there are many of them working and improving the herds they are working in, both purebred and commercial.

There are many other bulls that should be mentioned, like the herd bulls at the Carter Ranch at Plato, Saskatchewan. They breed the top pens of bulls at sales year after year. Other ranches that followed our program are topping sales whenever they go to market.

Rancher's Choice bulls have a lot of Canadian genetics. They are a little bigger and have that extra length over a lot of the highly promoted American bulls. This is an advantage when selling calves or feeding. Cattle length weighs, and we sell cattle by the pound. The cattle business is going to turn around this summer; calves could be up fifteen to twenty cents more come fall. This will be a nice change. Good cattle are proven sale toppers. Why not let our bulls help you top the future market?

## CARING FOR YEARLING BULLS

There are so many theories on how cattle should perform, some sound, some not so sound. The Holstein cow is very efficient in converting feed into milk and this may be done by the Holstein in a controlled environment. This enables the dairyman to produce a very inexpensive product.

The consumer is demanding lean, tasty, tender beef at an inexpensive price. How do we produce this? That is the question! Tender meat comes from young animals. So we have to have fast growing animals that can grade and weigh 1,250 to 1,350 pounds at 13 to 14 months of age.

The bulls that sire carcasses like this need to have explosive growth and fleshing abilities. They also have high metabolism so they may utilize and convert feed when exposed to it. As a result these young bulls are still growing fast at 13 to 14 months old when they are turned out to breed. They cannot get enough feed to maintain their growth and muscle mass and breed cows at the same time. Something has to give. These young bulls will not stop breeding, and likely their skeleton growth will not stop. It then means something else needs to give. The result is quite often a rapid drop in condition of the yearling bull.

A slower growing bull can maintain himself better, but his offspring will not convert feed well and they will reach market at a later date, possibly adding a little to the toughness of the meat. There can be a fine line in these genetics and we must guard against hard doing animals. However, after breeding season the majority of these good young bulls should be put on good feed and are then able to convert feed and rapidly regain their body mass. If they can do this it is an indication that they are easy doing cattle.

When the breeding season is completed these good yearling bulls that have good feed conversion and growth rates must be exposed to feed that compliments their rapid rate of gain to get their body mass in acceptable condition for winter.

This is why these young bulls should not have to compete at the feed bunk with older herd bulls. If you feed all the bulls with enough energy and protein for these young bulls, then the old bulls may become too fat by spring, particularly if the older bulls are easy converters. As a two-year-old the growth curve has leveled out and the bull is more able to look after his body needs.

The best feed for yearling bulls is a high quality hay and 1.5 per cent of his body weight for a balanced grain or pellet ration. That is a 1,450 pound bull needs to be exposed to free choice, high quality hay and approximately 15 to 20 pounds of a balanced ration.

A young bull looked after in his first year could possibly give one or two more years as a breeding bull and that would make those few extra dollars to feed him properly look pretty cheap.

*William Dillabaugh*

## WEANING DATE ON ALL YEARLING BULLS: OCTOBER 11, 2009

# RANCHER'S CHOICE

## Financing Plan

- For Canadian buyers only •
- For bulls selling at \$2,000 and over •

The Rancher's Choice Group offers a special financing plan for buyers at the spring 2010 sale. A down payment of 60 per cent is necessary at the time of purchase, with balance due on November 30, of current year. This finance plan is only available on bulls selling at \$2,000 and over (Example: 60% of \$2,000 equals \$1,200 down payment with balance of \$800 due November 30, 2010). Interest is waived until November 30 of current year as well. For more detailed information please contact any member of the Rancher's Choice Group or:

**Jackie Resch**  
Office Manager  
Financial Co-ordinator  
Rancher 's Choice Sale

**THANKS  
FOR ATTENDING**

PLEASE BRING THIS CATALOGUE  
WITH YOU TO THE SALE

**THE RIGHT CHOICE**

# RANCHER'S CHOICE SALE

## 2010 TERMS AND CONDITIONS

**CATTLE INSPECTION** - All sale cattle will carry identity tags corresponding to sale lot and/or tag numbers shown in the catalogue, and will be available for inspection at sale facility commencing March 28, 2010.

**ALL CATTLE SELL** - Every animal entering the sales ring will be sold to the highest bidder, subject to such health tests as may be required under regulations of Agriculture Canada.

**ANNOUNCEMENTS** - Errors discovered in the catalogue will be corrected by announcements from the auction block at sale time, and such corrections shall take precedence over the printed matter in this catalogue.

**BREEDING GUARANTEE** - All cattle are sold as sound and right and sell with a responsible breeders guarantee of satisfaction. In the unlikely event of a dispute, the regular Breeder's Guarantee, standard with the Canadian Angus Association, shall apply.

**DNA TESTING** - The Canadian Angus Association now requires that any sire of a calf to be registered with the CM must be DNA tested. Rancher's Choice sale bulls have not been DNA tested. Therefore, it is the buyer's responsibility to make certain that any bull used on registered females, from which the offspring are to be registered, is DNA tested before going into service.

**DELIVERY** - Bulls will be delivered to central points within a three hundred mile radius on a \$2500.00 purchase or more. We are again asking our customers to please bring their trailers and help us. It's not that we will not deliver but it's physically impossible to get these bulls out in the short time frame we have to work with.

**SEMEN** - Rancher's Choice reserves the right to collect 100 units of semen at Rancher's Choice expense and buyers convenience (including A.I. certificates) on any bull in the sale. Such semen for within herd use only.

**MAIL BIDS** - Orders for the purchase of sale cattle may be entrusted in complete confidence to any of the sale staff.

**RISK** - Ownership risk to the purchaser commences when the auctioneer's hammer falls. Insurance is recommended. Hartford Insurance will be applied for delivery purposes.

**BULL WARRANTY** - We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

**TERMS OF SALE** - Terms are cash or cheque. No sale entries will be released until satisfactory settlement has been made. Animals for export may not be released unless payment has been received prior to departure. Registration papers will be supplied upon completion of sale transaction, including payment in full.

**ACCIDENTS** - ALTHOUGH ALL REASONABLE PRECAUTIONS WILL BE TAKEN TO PROTECT SAFETY AND COMFORT OF PEOPLE ATTENDING THE SALE, ALL PERSONS ATTENDING THE SALE DO SO AT THEIR OWN RISK, AND THE OWNERS, MANAGEMENT AND SALES STAFF ASSUME NO LIABILITY, LEGAL OR OTHERWISE, FOR PERSONAL OR PROPERTY LOSS OR LOSSES FROM ANY ACCIDENT OR OTHER OCCURRENCE WHICH MAY OCCUR.
