Saskalta has been producing seed stock for 55 years; their involvement in the Ranchers Choice Bull Sale for 26 years has put literally hundreds if not thousands of bulls into the herds of real cattlemen. It is only in the last few years Saskalta has been offering the sisters to these great bulls, functional, correct, productive easy fleshing Angus with great carcass qualities. These are the kind of cattle that have made Angus popular and Saskalta has been producing them for 55 years. First Tom Robertson then his son Kim and grandson, Ryan has continued the tradition.

These are cattle that work, they work for the Robertson's and they will work for you. They have worked for the famous Glen Islay herd in Ontario, they have worked for Remington Land and Cattle, they have worked for ranchers big and small across Western Canada. These females come out of the heart of the Saskalta herd, they don't need any pampering, just practical sound management.

If Kim, Ryan, Mike and his sale staff or myself can be of assistance in any way give us a call.

Yours truly,
Douglas J. Henderson
