Purebred Angus **DISPERSAL**

Sale Staff

66 YEARS

In 1950 Dad bought Mom three purebred Angus heifers from C B White from Fisk, SK. That was the start of 66 years for the Robertson family in the Angus business. With mixed emotions we have decided to exit the purebred business and move in a different direction in the cattle industry, moving to a commercial herd of Angus cows.

Our cowherd has never been more productive. Over 80% of the bull calves last year sold for breeding, and over 90% of our heifer calves went for breeding. It takes a lifetime of breeding and culling to get a cowherd to this level of production.

As you check out the pedigrees, you see we have used mostly Canadian genetics. These genetics have withstood the test of time, producing cattle that thrive under our harsh Western Canadian conditions. Good hair, good footed and good udders, and cows that come in pregnant off summer grass are a must.

Some 30 years ago when we joined with Bill and Don Dillabaugh of Double AA Angus and Dennis and David Johnston of Fertile Valley Angus to form the "Ranchers Choice" group, our goal was to raise quality bulls for the ranches of Western Canada. These bulls had to be sound, growth males that would put extra pounds on our customer's steer calves and also produce quality replacement heifers. That goal has never changed and is the reason we have so many repeat customers today.

The best part of being a part of the cattle business is the great people you meet and work with over the years. Ranchers that start out as customers, soon become good friends. From the auction markets that provide the service and means to trade cattle, the cattle buyers who buy the cattle, the feedlots that feed and finish and the packing plants are all full of great cattle people that we have had the honor to work with. It all starts with the seedstock producer who provides the genetics so vital to all parts of our industry.

As I said at the start it will be with mixed emotions on December 2, with 14 grandkids to keep up with and the good fortune to have a house in Maui to go to in the winter, Susan and I need to free up some time for these. Although leaving the purebred business, we will instead run a commercial herd of Angus cows, with my son Ryan and my nephew Lindsay taking on more responsibility on the farm. Susan and I look forward to having more time for grandkids and for Maui.

We invite you to Medicine Hat on December 2. Please give me or any of the sale staff a call for any additional information you may need on the animals in the sale.

Thanks - Kim

“Great old Canadian breeding at its best”

T A Tom Robertson established the Saskalta herd in 1950, 66 years ago. Since 1975 Kim Robertson has taken over the reins. Tom and later his son Kim were always highly selective in their females, but extremely selective in their herd sires, featuring the breeding of many of Canada's greatest sires.

The 32 years of producing top sires in the Ranchers Choice Bull Sale, is a testament to the tremendous productivity of this herd, hundreds of bulls have gone into top commercial programs and many purebred herds as well. The productivity, longevity, easy fleshing ability, superior mothers that are fault free have been the hallmark of this 66-year-old breeding program. This is Angus seed stock at its best, raised under often-harsh conditions and performing splendidly.

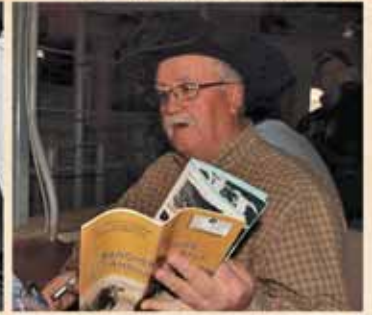

I have been involved with the Robertsons and their Angus herd for over 45 years, three generations and I heartedly endorse this program.

If Kim, Susan, Ryan, Brody, myself or any of the sale staff can be of assistance in anyway regarding this great Dispersal Sale please give us a call.
