### *A few words from the Consignors....*

Welcome to the 7th Annual Select Genetics Bull Sale! Who's not excited this year in a market like this, all looks very positive! The set of bulls that we have consigned ahead of you represent the top of the pen!

We are proud of the bulls which we have to offer as they are sound, hairy, muscular, long bodied breeding machines that are designed to last for many breeding seasons. Look for your calves out of these bulls to be in that top sort at the Auction Mart and find it rewarding seeing satisfied customers hit the mark year after year.

We are also proud to have YOU as our customers and it's always a pleasure to have your business and thank you for that. As always, we back our product 110%. Like any reputable business, our work is guaranteed and with the cattle business in the position it is in today there is great reason for optimism.

The bulls, as always, have been managed in a similar, practical management backed by common sense. Feel free to stop by the respective herds prior to the sale to tour the offering. The bulls will be available for your inspection on Saturday, April 7th, at Forsyths' leading up to the sale. Your visits are always appreciated and allow us the opportunity to visit with you on a one on one basis making sure that your needs are met.

### *2012 Fund Raiser Heifer Auction*

*It's a great time to be in the cattle business and, as consignors to this 2012 7th Annual Select Genetics Sale, we appreciate our good fortune and wish to share it with a very deserving family in our community whose daughter, Rahimay, has been diagnosed with Childhood Absence Epilepsy. We are hoping to raise enough to help offset some of the costs involved in her valiant battle to be like any other little girl with a normal life.*

*The bidder with the winning ticket will take home a heifer being donated by the Select Genetics consignor group.*

*We would like to thank everyone for their support, and wish you good luck, good health, and happiness.*

*The story, "I Will Never, Ever Give Up Hope" that shares some of Rahimay's life story, can be found on page 36 along with the rules of the fund raiser auction...*

Another very correct, very good looking Mission Statement bull that could be a premier Heifer Bull.

Serious consideration has been given to keeping this bull at home to service our own heifers but I have used a lot of his sire for AI purposes and feel we need some new blood lines

634Y is the most noticed bull in the pen for obvious reasons. He is thick, big butted and is really just the complete package. He displays the best of what Willie's have to offer - lots of muscle expression, good feet and lots of length. Pounds will definitely be added to your calf crop with any of the Willie's.

The dam to this bull is a great cow bought from Wilbar's. She is very maternal and this should be passed on through the bull. He will not be missed Sale Day.

*This bull is packed full of performance. He is sure to sire a set of calves that will pound down the scale. He features calving ease, muscle mass, shape and style. We think so much of this bull that we would like to retain the walking rights on this guy for April and May breeding or what ever deal can be worked out with the perspective buyer. Please contact me if you have any questions about the details.*

### COMMERICAL COW/CALF PAIRS

From Wood Coulee Ranch

Again for 2012 we will be offering some Cow/Calf pairs. These are earlier born calves with excellent mothers that are from our herd but are commercial. Last year we were flooded with compliments on the pairs we sold and thought we would like to continue on with them.

They've been through the same vaccination program as the rest of the herd and are a great group to add or start a herd with and, since the homework is done, you just have to let them grow and turn into money!

## "I Will Never, Ever Give Up Hope..."

... story continued from the inside front cover...

**The Priebe Family**

(Back) Terris & Jennifer (Front) Rohan & Rahimay

Rahimay is a blessing. She brings a sense of humour and spirit that is all her own to every day. She loves to play games, wishes for a puppy, and listen to her favourite stories about dogs named Marley and Stanley. She is an ordinary girl living a sometimes complicated life. She is brave and funny and kind.

The challenges that she faces every day are hidden away inside where no one can see ... on the outside what we see is this picture perfect girl and it's hard to imagine that anything could possibly be wrong. The daily strength and determination that she needs to face the challenges of living with epilepsy, and the side effects of the medications that treat it, is incredible but she does it and we are very proud of her!

Sometimes Rahimay has difficulty simply remembering what she has learned and practiced. Words that she can read and write or math facts that she knows on one particular day can become "lost" by the next day. We don't really understand why this happens but it is likely a combination of seizure activity in her brain and side effects from her medicine. It seems like information isn't stored in an organized way in her brain and it takes a lot of energy and effort for her to retrieve the information from a new "spot" everytime.

Until Rahimay I had never realized how complex and complicated our daily thinking really is and how much most of us take for granted the ease with which we can process, organize, and can't imagine how hard it must be to "just think". This is my heartache, this is how Rahimay faces every day and every "simple", ordinary task that most other children successfully understand.

### DONATION HEIFER AUCTION PROCEDURE

1. The final bid in each round will denote the amount of that bidder's donation. Example:  
Round 1 - Final Bid is \$300.00 to John Doe.  
John's donation is \$300.00  
Round 2 - Final bid is \$250.00 to Tom Jones.  
Tom's Donation is \$250.00  
Round 3 - The Female is re-auctioned on a downward scale until no further bids are received at the low of \$10.00
2. Each \$10 purchased (donated) represents one chance in the final draw, e.g. John Doe has 30 chances, Tom Jones has 25 chances and so on down the scale to the final \$10.00 donation worth one chance each.
3. One ticket for every \$10.00, bearing the contributor's name will be put into the draw barrel.
4. At the end of the sale, one ticket will be drawn with that person winning the heifer donated by the Select Genetics consignor group.
