A few words from Castlerock Marketing....

2013 Select Genetics Sale is geared up with another excellent lineup of bulls. This offering of Black and Red Angus, Charolais and Hereford bulls highlighted by a great offering of Yearling and Two Year Old Bulls. These bulls have been widely accepted by cattlemen all over Southern Saskatchewan. The support of bidders, buyers and friends and neighbours all intertwined into one made this a pretty neat day. The specific intention of developing and breeding these bulls with the commercial breeders in mind has gained excellent reviews on how the bulls are working in their new homes. The offering has been conditioned in the same manner as they have in the past and you can expect, as always, the bulls to do what they are supposed to do – get your cows bred and remain sound for a number of years. The Select Genetics bull pen covers the bases in the commercial industry and offer a one stop shopping approach where you can find quality bulls regardless of breed. There are bulls that will work in the heifer pasture and allow your calving season to be a breeze. For the cow pen there are a number of big, stout, powerful bulls that offer excellent performance, born easily with that extra punch that will push those calves into a premium price. These genetics are being tested in our commercial herds right along yours, the less guess work you have the better we can serve you.

Feel welcome to stop in at the respective herds to preview the offering their operations. The bulls will be available for viewing at Forsyth's starting Saturday afternoon. Again this year there will be commercial females available from Steinley Farms and Wood Coulee – they have been very popular and look very good

Last and not least, on behalf of the Select Genetics Bull Sale and the Priebe family, we want to thank everyone for their extreme support in our fundraiser last year. It brings a tear to anyone's eyes when you see people rally around and help out. ***This year's fundraiser is going towards the "STARS" Air Ambulance (more info - PAGE 2)***

If you are unable to make the sale and would like to purchase a bull(s) sight unseen feel free to contact any of the consignors, Dean McAvoy or myself and we will assist you in your selections, satisfaction guaranteed!

See you sale day!

IN YOUR AREA, VISIT US ONLINE AT:
<http://www.stars.ca/>

It's a great time to be in the cattle business and, as consignors to this 2013 8th Annual Select Genetics Sale, we appreciate our good fortune and wish to share it with a very deserving organization whose availability in our community is vital - **STARS Air Ambulance**. They are "on call" 24/7, rain or shine, and you never know when you might need them - hopefully no one has to call them any time soon, but it's very comforting to know that the team "is there" if they are needed.

The bidder with the winning ticket will take home a heifer being donated by the Select Genetics consignor group. We would like to thank everyone for their support and wish you good luck, good health, and happiness!!

A message from the STARS Foundation....

Thank you for thinking of and supporting STARS as your charity at the upcoming auction sale.

STARS (Shock Trauma Air Rescue Society) is dedicated to providing a safe, rapid, highly specialized emergency medical transport system for the critically ill and injured.

STARS has been in Alberta for over 27 years, opened a Base in Winnipeg in 2012 and is now in SK with the Regina Base opening April 30, 2012 and the Saskatoon Base opening October 15, 2012.

STARS works along side and partners with existing provincial medical and first responders and provides emergency medical care and transport services with helicopter air ambulance service.

As a non-profit charitable organization, STARS relies heavily on the generosity of the public and business community to fund rescue services. STARS vision is 'Saving lives through partnership, innovation and leadership.' In addition to the pilots, flight nurses, paramedics, and doctors which respond to a call, it takes a team effort including our donors to make this all happen.

The annual budget for two SK STARS bases is approximately \$20M and our fundraising is ongoing year around. All gifts and donations are gratefully received and all funds raised Saskatchewan are directed to the operation of both bases. To read more about STARS, the web page is: <http://www.stars.ca/>

STARS has flown over 23,000 missions since 1985 and already over 200 missions in SK. A record of our missions in SK for 2012 is available at our website and keep in mind that we did not have a full year at either SK base.

DONATION HEIFER AUCTION PROCEDURE

1. The final bid in each round will denote the amount of that bidder's donation. Example:
Round 1 - Final Bid is \$300.00 to John Doe.
John's donation is \$300.00
Round 2 - Final bid is \$250.00 to Tom Jones.
Tom's Donation is \$250.00
Round 3 - The Female is re-auctioned on a downward scale until no further bids are received at the low of \$10.00

2. Each \$10 purchased (donated) represents one chance in the final draw, e.g. John Doe has 30 chances, Tom Jones has 25 chances and so on down the scale to the final \$10.00 donation worth one chance each.
3. One ticket for every \$10.00, bearing the contributor's name will be put into the draw barrel.
4. ***At the end of the sale, one ticket will be drawn with that person winning the heifer donated by the Select Genetics consignor group.***

- Out of Toast, one of the great A.I. sires predominately used on heifers
- 11Z was out of a heifer we bought last fall from Blohms dispersal and he came off as big as his dam at weaning time. She put everything into this bull and he has been one of the biggest bulls in the pen all year.
- Tremendous length – will make a **GREAT HEIFER BULL.**

95Y's dam, the reason we have Hereford cows, has the size, depth and feet & legs to go out and forage for feed in our pasture conditions. She has a picture perfect udder that will feed a calf year after year for a long time. 95Y also carries the depth of his dam along with the muscle expression of his sire. Add in top notch performance, here is a bull that is ready to go out and work to get you the calves that will top the market.

Something of a rarity in our Hereford operation, 85Y is out of a first calf heifer that we thought so much of as a yearling that she went straight to our purebred pasture. 85Y is the combination of low birthweight with performance that we look for in this business. He is dark red brockle faced and well marked for use on all type of cows. 85Y's dam is a daughter of Pluto, all these cows do is milk and raise calves that come to the top of the pen.

121Y is a May born bull that was kept back to sell as a two year old because of his late May birth date in fact he was the last calf born. Now as a two year old he is ready to go out and work. He patterns like all of the Bonus sons, lots of depth with plenty of muscle expression and tons of growth. A moderate birthweight will allow you to use him on cows and heifers alike with confidence. If you are looking to use a bull with calving ease and growth, 121Y will fit that bill.

66Z is our first offering from our new herdsire, Wellington, whose pedigree contains some of the biggest names in the business today. Wellington is the kind of Hereford bull that makes Angus breeders stop and take notice. 66Z is made a lot like his sire – he is a smooth bull that will get out and breed. He has lots of hair, muscle expression and growth which he will pass on to his calves

**OFFERING 25 HEAD OF OPEN
BLACK & BLACK BALDIE HEIFERS!**

from Steinley Farms

We let Shane into the pen and let him take the top off to put in the sale. It is our intention to raise F1 Angus X Hereford Cross females and we are very happy with how this is coming together.

Our bull battery consists of all Select Genetics bulls as we have bought from the top end of the sale when buying bulls. The heifers would carry the influence of a Centennial son, Horizon (direct son of Beletta 0219), Rogue 203H. These bulls are female makers and they should make excellent females.

We feel if we are going to make top end replacements, we better have top end genetics going into these heifers.

- ✓ *These heifers would be predominately born late March/early April.*
- ✓ *They have been fully vaccinated with 8 way as well as IBR, BVD, PI3 and BRD*
- ✓ *These heifers will be sorted into packages to be sold*

If you would like to stop by the farm to look at the heifers or our cowherd, feel welcome.

**OFFERING 5 RED ANGUS
COW / CALF PAIRS!**

from Wood Coulee Cattle Co.

Again we will be bringing 5 Red Angus pairs to the sale. Buyers have been extremely happy with their purchases.

We are proud to offer these heifers as we feel it mirrors the quality in our cow herd and their potential. These young commercial females, we feel, are a premium product as they will have a whole lifetime ahead of them to produce and be profitable.

You are welcome to stop out to have a look at these females and the herd, we would be happy to show you around.

Thank You for Coming!!

- TERMS AND CONDITIONS -

TERMS: The terms of the sale are cash, cheque, or previously arranged financing. Settlement is to be made following the completion of the sale, to the clerks of the sale. Animals will not be released until settlement is made. All monies are in Canadian funds.

DISPUTES: Bidding will be re-opened between the parties involved in a dispute. If there is no advance by either party, the buyer will be the person from which the auctioneer received the last bid. The auctioneer's decision is final in these cases.

ANNOUNCEMENTS: All announcements made from the block will take precedence over any printed material from the catalogue. Therefore buyers should pay close attention for such announcements.

BREEDING GUARANTEE: All cattle are sold as sound and right and sell with a "Responsible Breeder's Guarantee of Satisfaction". In the unlikely event of a dispute, the regular sale terms and conditions, standard with the Canadian Angus Association shall apply.

SOUNDNESS EVALUATION: All bulls will have passed evaluation for physical & reproductive soundness by a veterinarian. All bulls will be semen tested prior to delivery and will have be accompanied, at time of delivery, by a semen certificate that meets or exceeds the CAA standard of 70% .

LIABILITIES: All people attending the sale do so at their own risk. Although every precaution will be made to ensure the safety and protection of both buyer and the livestock, the auctioneer and the sellers accept no responsibility in this matter and disclaim any liability, legal or otherwise, in the event of an accident or loss of property.

RISK: Ownership risk to the purchaser commences when the auctioneers hammer falls. Insurance is available sale day.

DELIVERY: We will deliver the bulls to you free of charge in April. Please leave instructions for delivery at time of settlement. Each animal becomes the responsibility of the purchaser as soon as sold. We strongly encourage that bulls going back to the consignors' to await delivery be insured as they will be left at owner's risk.

SIGHT UNSEEN: For sight unseen purchases contact Shane Castle or any of the Sale Staff and they will make every attempt to pick a bull that suits your needs. If you are not happy with their selection you are not obligated to take it. To place phone bids contact Shane @ 306-741-7485 Sale Day.

RIGHTS & OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following the sale constitute a separate transaction and releases the original seller from their obligation.
