

Rivercrest - Valleymere

8th Annual Spady Black Angus Bull Sale

Wednesday ~ April 13th 2011

Rivercrest Angus Ranch ~ 1:30pm

Rivercrest-Valleymere are pleased to welcome you to our 8th Annual Spady Bull Sale and our third year hosting it out at the Rivercrest homestead of Tom and Marg Spady, just like the good old days!

There is a proud heritage built into the Rivercrest and Valleymere Angus cattle, built on integrity & high principles by our customers. The Spady's have spanned over 4 generations of raising Angus bulls, under ranch raised conditions. Fertility, good hair, easy doing, soundness and longevity are among some of the traits we have bred on since the 1930's and still do today.

The Battle River hills provide a true test to our ranch raised cattle. You can buy with confidence. The Spady bulls will get the job done, and we stand by them all the way!

Rivercrest/Valleymere Black Angus Bull Sale

WEDNESDAY, APRIL 13TH, 2011 • RIVERCREST RANCH • 1:30PM

Featuring: 72 YEARLINGS • RANCH GELDING

Terms & Conditions

BREEDER'S GUARANTEE: All cattle sell with the responsible Breeder's Guarantee of Satisfaction. All Bulls are guaranteed breeders. The seller will not, under any circumstances, be responsible for more than the original selling price of any bull sold in this sale. All animals sell under the Terms & Conditions set forth by the Canadian Angus Association.

CATTLE INSPECTION: All carry permanent identity tags. All shall be available for inspection prior to the sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on Sale Day.

TERMS OF SALE: Unless otherwise previously arranged with Rivercrest Angus or Valleymere Angus, terms of this sale are cash or cheque, payable in Canadian funds. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSON'S who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

DELIVERY: We will arrange delivery of the bulls within a 500 km radius, free of charge, or we offer a \$50 discount for those who take their bulls home sale day. We recommend all purchases, that are to be delivered, be insured.

BUYER INCENTIVE: We offer a volume buyer discount. For each additional bull purchased we offer a 1% percent discount. For example, 2 bulls = 2% discount, 3 bulls = 3% discount, 4 bulls = 4%...to a maximum discount of 10%.

SIGHT UNSEEN PLAN: If you're unable to attend the sale, we'll gladly discuss your bull power needs. Any purchases made in this manner will be 100% guaranteed for customer satisfaction.

CALVING EASE LEGEND:

- * Not recommended for heifers.
- ** Use on well-grown heifers – may assist a few births
- *** Highly recommended on heifers—little to no assistance expected

Welcome from Rivercrest Ranches

Rivercrest ranches welcomes you to our 8th Annual Bull Sale. We are very pleased with our bulls we selected for the 2011 sale. We feel these bulls will pass on the traits needed to succeed in today's market. Thickness, easy fleshing, good hair, longevity and a touch of style will take you to where you need to be in today's cattle business.

We are in the process of bringing in new herd sires to our program. We have had great success with the Grid Maker bloodlines and the daughters are excellent mothers with beautiful udders, good feet and lots of milk. This will also be the last crop of Dateline bulls for sale. We have purchased new sires that we feel will continue on producing the traits we feel are important. Our new herd sires come from some of the top cow families in the Angus industry, such as the famous "Neonia" cow family, the "Lady Blossom" cow family, and the popular TipTop and Erelite cow families. These bulls will carry these strong maternal traits as well as the other traits mentioned above.

This is a good time to upgrade your bulls as the tough winter can be hard on the old bulls and the current market price cheapens the price of a new, younger bull ensuring you'll get your cows looked after.

Our cows must be good-footed, able to travel, rustle and thrive in ranch conditions. They need to be good milkers, give birth without assistance and raise that calf until fall. We have had cows as old as 17 raise calves all on their own. These cows breed that longevity into their offspring, and that is important to today's ranching. Every year the cows are expected to rustle until after Christmas or New Years. No cow is pampered on the Rivercrest Ranch.

With a cow herd that can perform under these conditions, we feel our bulls will breed on that same hardiness and quality into your herd. These bulls are bred to travel and get the job done. Stop in any time, have a coffee and check out our bulls or cows.

We look forward to seeing you on sale day.

Craig & Tom

PurPower was purchased from Remital dispersal in 2008. He weighed 900 lbs on Sept 15/08. On Jan 25/09 he weighed 1310 at 12 months of age. His dam, Erelite 83N, is a tremendous female. She is fleshy, lots

of milk, good feet, eye appeal and was purchased along side her calf PurePower at the dispersal. 83N goes back o the great Rainmaker bull and Stevenson Expedition 859K. The sire Belvin Patriot 34'04 was the Grand Champion and high selling bull in 2005 Calgary Bull Sale. Patriot is out of the great cow family, Lady Blossom. PurPower will put growth and pounds into his calves. We are extremely pleased with his low birth weight calves and explosive rate of gain.

StarFire was purchased from the Remitall herd dispersal in 2008. He had Sept 15/08 weight of 920 lbs. On Jan 25/09 he weighed 1390 lbs (just under 12 months of age). StarFire is out of the legendary, Neonia cow family. His sire Rachis 21R was the 2006 Canadian National Reserve Champion and the 2007 Farmfair Supreme Champion over all breeds. StarFire is easy fleshing with extra length

and excellent feet. He is the next generation of Rivercrest cattle. Cayden and Jamie-Lee both picked StarFire daughter for the 4-H breeding project this year and will be tough in the show ring.

Dealin Dirty's sire SAV 004 Traveler is arguably the biggest icon in the Angus industry today. 004 is known for his easy fleshing ability that he passes down through his progeny on a consistent basis. We purchased Dealin Dirty from Rainbow Hills Angus in 2009. Dealer was our top pick of the sale and was second high seller. We used Dealer on our heifers and he exceeded all our expectations and then some. His consistent low birth weights and explosive gain and fall weights has us using him on cows this spring. Dealer has proven that he will be a powerhouse herd sire for the Rivercrest program

30X is out of one top females that died in the pasture in June. 30X was left in herd to fend for himself as I had no other options. He robbed where he could and at weaning time he tipped the scales at 700 lbs. This orphan calf made the most of it and rose to the top. Check this StarFire son, he's a good one.

Tnp Caught Me a Fool —consigned by Gord & Cindy Conley

Chicken is a stout 4 year old gelding who comes from a long line of cowhorses on both the top and bottom side of his pedigree. His sire won over \$67,000 cutting and his grandsire on the dams side has won over \$147,000 cutting as well as working cowhorse. This gelding is very cowy and loves to work cattle. Put him on a cow and he turns on; take him away from the cow and he calmly walks away. I can't say enough good things about this horse. He spent last summer moving and sorting cows and has spent the last 5 months at the auction market in Veteran moving and sorting cattle. We have just started roping on him at home this winter so he is a little green in that aspect. but he is willing to pull and has no spook when it comes to roping or anything else. Buy this horse and take him home and if you don't like him in two weeks , bring him back to me and I will give you your money back . That's how confident I am in this horse.

4-H—Great Experiences and Good Fun

Welcome from Valleymere Ranches

Welcome from Valleymere Angus Ranches. What a difference a year can make. A year ago we were all wondering where the run-off would come from to fill dug-outs and get the grass started. This year we're wondering if the snow will ever go and when it does, where will all the water end up. The cattle market has kind of followed the moisture and things couldn't look much rosier. It's about time.

Brian and I feel we have put together a very strong set of bulls for your evaluation. As in the past these bulls are conditioned with their futures in mind. It is more important for us to produce bulls that will last than to have fat bulls weighing 1400 lbs that come home in the fall not looking at all like the bull you bought in the spring. We are committed to provide affordable bulls that get the job done. The new herd bulls purchased from Sandy Bar in 2009 have crossed very well in our program and we're sure that you will appreciate them as much as we do.

Our bulls are available for viewing anytime at our ranches and will be moved to Tom's just prior to the sale. If we can be of any assistance please call, we truly appreciate your interest in our program. Here's hoping we can buy you dinner and a drink on April 13th and good luck calving.

Sincerely, Travis & Brian

Purchased in 2007, Sooner is a moderate framed bull with extra thickness, length and depth. He is double bred to be a cow maker with breed legend Sitz Alliance on the dam's side and Boyd New Day for a sire. Sooner's first daughters have calved and exceeded all expectations. They are moderate framed and broody with small-treated, wide, full udders. His offspring are early maturing and grow into moderate framed efficient cattle. Select his sons for calving ease, performance, ease of fleshing and maternal strength.

The Bando line of cattle have worked extremely well here at Vallemere. They are very easy-fleshing cattle, deep-sided, thick and easy calving with that

extra eye appeal. 20S's first daughters have calved and are moderate framed with excellent udders. This bull's maternal line is very powerful. His dam 2P has a weaning index on 4 calves of 112 and 14M and 4J are listed as Elite dams with the Canadian Angus Association. 20S himself had a weaning ratio of 110 and a yearling ratio of 132.

105U came out of the 2009 Short Grass Bull Sale. As we went through the pens, almost every thicker butted bull was a Direct so we decided to bring one home.

Brian bred him to cows and I used him on 12 Prime Cut heifers. The 6 bull calves off these heifers had an average adjusted weaning weight of 732 lbs and 5 will be in the sale offering.

Equator was purchased from Sandy Bar Ranches in Aneroid Sask. He was used successfully on heifers and sires easy fleshing cattle with a lot of capacity. His calves do very well on feed. His 1st daughters calved out last spring and are feminine cows with good udders. They are built to last. He has crossed exceptionally well with our Prime Cut daughters.

49T was a Bando son that we really liked. A bull that exhibited extra length and depth in a moderate frame size. His calves came easy and really exploded when they hit the ground. Drought conditions in the fall of 2009 caused us to reduce cow numbers and 49T was let go as well. When you see his sons I think you will agree that he should have stayed in the bull battery.

In 2008 I used 12T on my heifer's with excellent results. The Bando bloodlines are superb cow maker's. 12T's females look like everything that you would want in a cow. Their easy fleshing, moderate in size with excellent udders. His bull calves have moderate BW's, with thick, compact frames, that really seem to push the scales down.
