75 Black Angus Yearling
Bulls on Offer!!

Welcome to our 21st Bull Sale!!

Welcome to this, our 21st sale! As with all things, there is change, so after much discussion **we decided to move the sale to the ranch**, hence less stress on the cattle and allowing one to get much better evaluation.

What hasn't changed – we still raise thick, rugged bulls with extra bone and hip with the ability to gain in an efficient manner and grade. At today's feed prices efficiency is very important. All indicators are pointing in the direction of very profitable times ahead – don't get caught short on quality bull power! It doesn't take any longer to raise a quality calf, and quality calves always bring a premium price.

For more information of any type or to come and look the offering over prior to the sale don't hesitate to phone **Wayne at 780-385-2216** or **Dallas at 780-385-1443** or E-Mail at spruceview@icloud.com.

We hope to see you all March 20th. The sale will start at 1:00 pm MDST.

A few words from Castlerock Marketing.....

Welcome to the Spruce View Angus Bull Sale! Castlerock Marketing is excited to be working with Wayne and Dallas and their program. With some exciting changes taking place this year by moving the sale home to host a video sale in the comforts of the heated shop. Bringing this home allows for you to tour the cows and herdbulls giving you a better feel for the program and making your decisions more informed.

The Spruce View program has always preferred Angus cattle with some extra performance and power and yet still having the cows do what Angus cows do.....just work. This is a no frills program with the herdbulls being carefully selected to maintain the goal that Wayne and Dallas have for Spruce View Angus. You will note the Geis influence in the herd and specifically Geis Georgina 175'99! Through her two sons Kodiak 42'07 and Gabriel her influence has been felt in a positive way. This fall when Georgina 175'99 came available through the extremely successful Geis Dispersal, Dallas and Wayne dropped their head and purchased this landmark cow as one of the High Selling Cows that day at \$10,000 for 13 years of age. They are committed to providing the kind of product you have come to expect and they demand.

The video sale concept provides a stress free, less labor intensive way to offering the bulls to you while allowing you to sit and enjoy the sale in a heated sale barn. Be sure to mark your catalogue well as it always serves beneficial to be prepared for the auction.

Stop in anytime to have a look at the program as visitors are always welcome! If any of the Sales Staff can be of service to you as well as Wayne, Dallas or we at Castlerock Marketing can assist you, we are only a phone call away.

The Georgina cow family has long been known in the Angus circles for its maternal excellence. Through her sons, Gabriel and Kodiak, her influence has had a positive impact on our herd as well as our customers. The sheer power, bone, udder quality, production record and plain old fashioned cow sense puts this cow high on anyone's list. At the Geis Angus Dispersal we stepped out and bought her as one of the top selling cows that day at \$10,000.

You will hear more of this cow in the future!

This old boy will be 10 years old and barring any injuries he will definitely be used again this year. This speaks very highly in itself. At 10 years old, still striding out like a 2 year old, and his calves are right there with the rest of them.

Thick, rugged and very well quartered, his females are making super mommas, how much more can one ask for?
