The Touch of Class sale is ready and loaded for 2013. As to be expected, we have gathered an excellent set of cattle for this Annual Angus Event! We have a great cross section of genetics available this year – *there is something for everyone!*

The intent of this sale has always been simple, gather the best cattle we can and with that make this sale a source of Angus fellowship to wrap up a busy fall that everyone pours their heart into. Study the offering and it's evident that these breeders are intent in sourcing the top genetics they can find. You will find breed leading genetics from programs that spared no expense to attain what is needed to move their program forward. I always look forward to the pasture tours and when the breeders open up their herds as they want to put their best foot forward it really makes a person's blood flow in excitement.

The cattle are right, the people are right and the “Touch of Class Sale” is a great place to get your hands on a 4-H heifer that is already halter broke, bred heifers that are bred right carrying great services and, as always, the "frozen" inventory is strong with foundation genetics to build on. Don't miss out!!

If you have any questions regarding the offering feel welcome to give any of the consignors, Dean or myself a call to discuss your specific needs. Unable to attend but would like to bid on the cattle? We will accomodate you in any way possible, satisfaction guaranteed!

See you sale day!

This female is all that I expected and more, out of Captain Morgan 201X, who we sold through this very sale last year to 66 Ranch at Duchess, Alberta, at \$12,500.

5A is a powerful heifer yet carries a classy, feminine look and a great coat of hair to her. The Blackcap cow family has been very good since coming in from the Elliots and expect the tradition to continue.

This is the only Captain Morgan heifer to sell this fall, the rest will be retained as replacements.

We are extremely happy with the Insignia calves we have had over the years as they've always been consistent cattle with quality. The proof is in the pudding as a full sister resides at Hamilton Farms as well as Breed Creek. Stout, easy doing, great hair and terrific dispositions describe these cattle. Looking through the pedigree we have the World Famous Tiger and perhaps the most revered Angus cow in recent history, Echo 187N. The Sandra cow family from the Mclean family always does a good job.

This fancy heifer calf is the first daughter we will sell out of SooLine Kodiak 1131, one of the high selling bulls in 2012 SooLine's last bull sale. He is a son of Geis Pride 114'99, a great cow who has "Elite Dam" status and is still producing at Brooking Angus Ranch at Radville. Kodiak 1131 is a maternal brother to SooLine Legacy 7019 that is working at Lewis Farms and SooLine Entourage 8419. Lot #3's Max dam is a stout, moderate, wide based female with a very good udder.

Lady Sandy 114'13 has a super disposition and has been halter broke making her a great option for any junior looking for a show heifer.

Lot #3 - Eastondale Lady Sandy 115'13

Some people might say, "Another Tiger related female?" However we also believe, "You can never have too many great females no matter what their genetics are." Bold 41A falls exactly into this statement, as she is also backed by on her bottom side our great female producing Blackcap lineage.

We think very highly of these SCC Tiger 15X daughters and have retained a large number of them to base our cowherd of the future around. Bold 41A has the docility and maternal merit to become the future backbone of any breeding program.

Socialite 86A is from the powerful performance sire, Sitz Upward. The Upward females we have, have been solid producers.

Her dam is a "Socialite" from one of the premier cow families at Merits'. They have udder quality, depth of body, spring of rib, sound feet, and feminine angles. They are beautiful cows!

This heifer calf is full of genetic potential. We believe she will make a great cow. She is halter broke and would be great for a Junior to pull around as a show calf.

Maggie 104A was on display in our feature pen during the Angus tour in August. Her sire, Buster 522U, is a good solid Boomer 803B son. Her dam, 323X, is a Typhoon daughter, a feature lot from the Double C female sale last fall. She had an impressive bull calf as a first calf heifer that made the cut and sold in their bull sale last spring.

You may notice the dam to 104A is owned by Sierra Cattle Co. (Gordon Murray-herdsman) and leased to me. Gordon and I are a team here and all the cattle here are backed by the WRAZ program!

We couldn't be more pleased with the first calf crop out of Wilbar Bismark 400Y. The sons are long bodied, with good muscle pattern and profile. The daughters are very attractive just like 322A, with loads of body and substance. Wilbar Lucy 322A comes from a long line of productive females in our herd including her great granddam who weaned another bull for the sale pen at 17 years of age and bred back for another year. You can bet that this heifer calf will add some longevity to your herd as the cow family has to ours.

Here is the first crop off our LLB Blackman bull which we selected as one of the High Selling Bulls at LLB at \$15,000 and we are very happy with the bull and the calves he is leaving us. They are long bodied, stout cattle that grow like weeds and come easily out of first calf heifers.

This cow family which came to us from Eggen has been awesome as we have the granddam and Double F has the great granddam

One of few Crimson Jewels females offered for sale this year. His bull calves were very well accepted as heifer bulls for their ease of calving, excellent muscle expression and good feet with lots of hair. The females are moderate and easy keeping. The dam side of this heifer is an excellent uddered and milky female that goes back to Mambo and the great Brandy 11C that both produced some excellent progeny.

SELLING CHOICE OF LOT #26 (WJD 221X) OR LOT #27 (WJD 281A)

221X is what we consider an ideal, model Angus cow. Sired by the female extraordinaire Duff Encore, we feel this big barreled female with flawless phenotype, loads of style and a perfect udder is destined for greatness.

In addition to looking the part, 221X can ring the bell in the production department, too. Her heifer calf Wilbar Pride 281A, in Lot #27 is one of our top Unforgiven daughters this year and would be a toss up as to who will make the better female.

Our Unforgiven daughters are quickly becoming some of our top cows. You have the option of taking a powerful, highly marketable donor prospect or her flashy heifer calf.

The CHOICE is yours, we couldn't decide!

Due: Jan 28 /2014 to Musgrave Boulder

Ultrasound Checked: favorable to this date

A direct daughter of Connealy Thunder who we used in our previous A.I program, she's bred to Musgrave Boulder, our choice for this year's program. She is also backed by our proven walking sires of the past – the New Frontier 095 son, Jancliff Frontier 14R, and also the Whitestone Widespread son, Primetimes Showoff. Annie K 2Z has the potential to be a great maternal factory with the udder quality she is forming, her overall volume and phenotype and the interesting twist to her genetics.

Admiring him for his calving ease potential with a little extra scale, we brought Bushes Super Tanker up from the USA a few years back. We have been very happy with this females to date. The dam is a very good cow that was part of a package of cows we selected from SAV years ago. Note the AI service to the \$110,000 phenom from the Whitestone Krebs sale this spring that took Nebraska by storm.

Bred: May 18 - Creekview Ideal 4S
 Preg Checked: Safe to calve Mid February

We are extremely proud of this bred. She is a big volume female that is dropping a beautiful udder. The Princess Cow family is a foundational cow family in our herd. On the sires side of 80Z's pedigree is the sure fire calving ease sire in ConnealyThunder, a premier calving ease bull whose calves push down the scales in performance. The first set of Creekview Ideal calves averaged right at 800lbs on their 205 day weights

A powerful, deep bodied, stout bred heifer out of our Ideal bull we purchased from Sandy Bar as one of the High Selling Bulls that day, in turn his sire, Sandy Bar Ideal 18S was also a High Seller to Hamilton Farms in 2007 at \$21,000. The dam, out of our Old Skool bull has really left a set of females that are working for us following much in the same pattern as this heifer. Just the way we like them. Note the 99M cow from Eggen, she has done a terrific job in our herd.

A top pedigreed bred heifer sired by our now deceased Unforgiven 201X, our pick of the Unforgiven sons at Wilbar in 2011. The dam to 9Z is out of a strong, hard working daughter of Sandy Bar Innovator 7M, the high selling bull in 2003 to Toner Angus Farms at \$14,000. A proven cow family with a great track record, the kind we like to buy and for sure the kind we want to sell. The service sire is a grandson of Tiger out of the HF Insignia bull at Wright Livestock.

Sitz Upward progeny really hit their mark the last few years. These cattle have great appetite and the ability to pass that growth on, as well as the daughters are turning out very good which is why we flushed the 1407 dam to this good bred heifer. You want a service coupon with the ability to repay itself quickly, watch for calves next year out of Smooth 1

Lot #46 - JS Queen 205

TERMS & CONDITIONS

- TERMS:** Unless otherwise previously arranged with an individual consignor, terms of this sale are cash payable in Canadian funds at the prevailing rate of exchange on the day of sale. All cattle may be held until the selling agent is satisfied that suitable arrangements for payment are made.
- IN THE CASE OF ILLNESS,** a veterinarian will be called by the Sales Manager if deemed necessary, but any expense involved will be the responsibility of the CONSIGNOR until the animal is sold and the PURCHASER thereafter.
- AS SOON AS AN ANIMAL IS SOLD,** it becomes the responsibility of the purchaser.
- BIDS:** Every animal entering the sale ring will be sold to the highest bidder. There will be no by-bidding by the owner or anyone authorized by him, however, the owner will be permitted one protective bid.
- DISPUTES:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.
- ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time, and such corrections will take precedence over the printed matter in the catalogue.
- CERTIFICATE OF REGISTRY:** A CANADIAN certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.
- SHIPPING:** Assistance will be given in making shipment after the sale, but no risk is assumed by the Castlerock Marketing or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.
- ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of the buyers, neither the Auction Market, the Sales Manager, nor any owner assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.
- LIABILITY:** Saskatoon Livestock Auction and Castlerock Marketing are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made by the seller.
- BREEDERS GUARANTEE:** The terms standard with the Canadian Angus Association shall apply. Beyond that: (a) All animals sold are guaranteed breeders. (b) All bred females have been declared safe in calf by a qualified veterinarian. Pregnant females are guaranteed pregnant a minimum of ninety (90) days. (c) All mature females raised a calf in this year. (d) All calendar year heifers are guaranteed open at time of sale. Any animal that has not proven itself a breeder within six months after the date of sale, if, in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of ALL claims. Any complaints regarding fertility of any animal in this sale shall be directed to the Contributor. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf shown and/or flushed by the purchaser is no longer guaranteed a breeder under this paragraph #9.
- INSURANCE:** Livestock insurance and/or transit insurance will be available. Insurance rep, Larry Toner, will be on-site Sale Day.
- TESTING:** All cattle will be held at sellers' expense until all necessary health requirements are met.

Put yourself in the picture for 2013!!

EMBRYO LOTS

Joc

EMBRYO CONSIGNMENT FROM TRIPLE LANGUS - PH: 306-231-6969

47 *Joc* *Tru Answer 892 x Miss Daisy 29U*

CONNELLY TRU ANSWER 892 X TRIPLE L MISS DAISY 29U
(MGS: NORTHERN IMPROVEMENT 4480 GF)

SELLING FOUR (4) #1 EXPORTABLE EMBRYOS

- Guarantee two pregnancies if implanted by a certified technician
- FOB Optimum Genetics, Regina,SK

Daisy has been not only a favorite of mine but many others as she carries that cool look that Northern Improvement leaves in his females. They have great hair, deep bodied with extra sweet front end.

Daisy embryos have found their way into Wilbar, Eastondale, J & S as well as they have been implanted for ourselves also. Power in her pedigree, power in her progeny.

We were looking for a different pedigree to flush Daisy to and we come up with Tru Answer; his EPD's are off the chart with 1.9 BWT 69 WWT, 126 YWT and 29 MILK.

Triple L Miss Daisy 29U - Donor Dam for Lot #47 Embryos

EMBRYO CONSIGNMENT FROM CARAGATA RANCH - PH: 306-731-7771

47 *Joc* *Predominant 4438 x Mia 534R*

SAV 004 PREDOMINANT 4438 X MIA OF PEAK DOT 534R
(MGS: STEVENSON BRUNO 6371)

SELLING THREE (3) #1 EXPORTABLE EMBRYOS

- Guarantee one pregnancy if implanted by a certified technician
- FOB Optimum Genetics, Regina,SK

We feel Mia of Peak Dot 534R is an exceptional cow in her own right. She exudes power through her width of pins, hip and a strong top besides the fact that she has a great udder. We have retained her son by Eliminator and will have him on display at Agribition. He is impressive.

We feel that the mating with Predominant will compliment each other and leave the resulting calves will be exciting.

Donor Dam for Lot #47 Embryos - Mia of Peak Dot 534R

EMBRYO CONSIGNMENT FROM CARAGATA RANCH - PH: 306-731-7771

48 *Joc* *Harvestor 0338 x Mia 40Y*

SAV HARVESTOR 0338 X MIA OF PEAK DOT 40Y
(MGS: PEAK DOT RESOLUTE 37W)

SELLING THREE (3) #1 EXPORTABLE EMBRYOS

- Guarantee one pregnancy if implanted by a certified technician
- FOB Optimum Genetics, Regina,SK

Mia 40Y is a fantastic daughter of the very good breeding sire, Peak Dot Resolute 37W, who is currently leased with Semex. Just like her dam, 534R, you can expect wide pinned cows, with strong toplines, correct udder structure and that little extra finesse that makes her extra special and productive.

The Resolute daughters follow that pattern much the same and are proving their worth more every day. The mating to Harvestor will only magnify these traits. The Harvestor sire group was the top selling sire group at the 2013 SAV Bull Sale. His progeny were in high demand for their overall body mass and performance.

This embryo package is better than money in the bank, *they will be money in your pasture!*

SAV Harvestor 0338 - Sire of Lot #48 Embryos
