

TOWAW CATTLE Co. LTD.

35th Annual Bull Sale

**SATURDAY
APRIL 5, 2014
2:00 P.M.**

Welcome to The 35th Annual Towaw Bull Sale

As long as I can remember we have been having a bull sale here in the same town, and on the same first Saturday in April, and with the same base breed of cattle. Different trends have come and gone, as well as a few different breeds, but the basic principles of our program have stayed the same. Raise cattle economically and endeavor to provide genetics to our customers that will positively affect their bottom line. We have always felt that if we raise our cattle the same way as top commercial outfits do; without compromising fertility, soundness or production, the bulls will continue to be an asset to our customers. The basics of good cattle breeding that Mom and Dad started with over forty years ago have stood us well over the last thirty five years, and hopefully the next generation can be writing the same things 35 years from now.

I don't think there has ever been a better time to be in the cattle business! We just purchased price insurance on yearlings (850 lbs.) for August at \$1.70 /lb. . You can also purchase price insurance of \$1.88 /lb. on six weight calves next fall. \$1445 yearlings and \$1128 calves in the fall can sure get anyone excited about being in the business. The best way to take advantage of these good conditions is to have a good cowherd based on good genetics. We believe that replacement females are going to only go up in price as well, and having a strong Angus base to your cowherd will only add to that market. Selling bred heifers bred to reputation easy calving Angus bulls will be an asset, and know that calving ease has long been a pinnacle of our program. We want to be a part of your breeding program and part of your future success, so please don't hesitate to call any of us or the sale staff if you have questions about the cattle.

There is no way that we could have a bull sale for thirty five years in a row without a lot of help. From friends and neighbours helping with sale preparations, to the professional auctioneers, sale staff, clippers and catalog makers, it takes a village to put on a sale year after year. I think our good friends Millie and Don Schnurer have helped at every sale and have been great friends to us since we moved to Sangudo in 1974. Most of all we would like to thank our customers who have been with us over these years. We are always grateful for the confidence you have put in our cattle, and ourselves, and cherish the relationships we have made over the years.

Once again this year Dave and Rhonda, Brooke and Bryce from Rainbow Red Angus are consigning a strong group of yearlings to the sale. Dave and his crew have been an asset to the sale and have a strong herd of Red Angus cattle with some exciting new genetics. Kolby Heaven has been working with Rainbow, as well as our herd, and knows the genetics as well as any of us. Be sure to give him a call as well if you would like to talk cattle with an energetic young guy who absolutely loves the cattle business. All bulls in the sale sell with the same guarantee, and if a problem occurs please get a hold of us so we can work to rectify any situation.

We will be starting the sale at 2:00 pm MST. We feel this gives folks time to get everything done and get to the sale in time to see the bulls. If you can't make it to the sale we have a sight unseen purchase program as well as a number of sales staff that would be able to bid for you. We are also working with DLMS who will have the sale broadcast on the internet. The DLMS information will be displayed on future pages where Mark Shologan and his crew can get you set up to bid online. Please join us for lunch prior to the sale, and a meal and refreshments after the sale as well. Those few hours after the sale are some of the best times of the year, as everyone gets to relax and have a good visit.

TOWAW BULL WARRANTY

Towaw Cattle Co. and Rainbow Red Angus guarantee to sell you a bull that is structurally sound, and a bull that has passed a semen test conducted by a licensed veterinarian.

**IN SHORT, WE GUARANTEE TO PROVIDE YOU WITH A SOUND BREEDING BULL.
IF HE HASN'T PASSED A SEMEN TEST, HE DOESN'T SELL.**

Should any animal fail to be a satisfactory breeder, he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the bull in question, as a credit towards the purchase of another bull. In no case shall credit exceed the purchase price of the bull.

We however, will not provide replacement or adjustment for physical injury or mismanagement. Bearing this in mind, we stress the importance of insurance on your bulls. Should you have a problem with your bull, please call us right away, and we will work with you to make sure you are satisfied with your bull.

Retained Interests

We are selling some bulls in this sale as 2/3 interest and full possession. The 2/3 interest part means that the seller wishes to retain a 1/3 interest in the bull entitling him to use the bull through artificial insemination and sharing in any future drawing expenses and revenue of semen on a 1/3 basis. Full possession entitles the new owner to all physical rights to the bull. As in any other information, announcements from the block take precedence over any written information in the catalog.

Delivery & Board

A rebate of \$50.00 per bull will be offered to buyers who bring their trailer and truck their bulls home themselves within one week of sale day. We Will deliver bulls free of charge within Western Canada or closest U.S. port of entry. Bulls will be kept at Towaw, free of charge, until April 20, 2013. If bulls are left longer a fee of \$2.00 per day will be charged. Bulls are left entirely at the risk of the purchaser and we recommend that insurance be taken.

Glossary of Individual Information

- CE:** Calving Ease, U =Unassisted
- BW:** Actual weight at birth
- WW:** Weaning weight in lbs. Adjusted to 205 days.
- WI:** Weaning Index - Weaning weight as a % of average WW of contemporaries.
- YW:** Yearling weight in lbs. - calculated as adjusted 205 day weight + (ADG on feed x 165 days)
- YI:** Yearling Index - Weight gain from Weaning to Yearling as a % of average gain of contemporaries.
- AOD:** The actual age of the dam when she calved the bull offered for sale.
- LMY:** Lean Meat Yield
- NOTE:** All Indexes are calculated within herds, as management may differ somewhat.

**WEIGHTS AND SCROTAL MEASUREMENTS
WILL BE AVAILABLE SALE DAY.**

EPD's Expected Progeny Differences

EPD's are a powerful tool that is available for making genetic progress. EPD's incorporate the performance of the individual, along with the performance of all its relatives.

- CE:** Calving ease - the higher number predicts more calving ease.
- BW:** Birth. A lower EPD predicts lower birthweights.
- WW:** Weaning. High weaning EPD's predict higher weaning weights.
- YW:** Yearling. Higher yearling EPD's indicate greater expected yearling weights.
- MILK:** Milk EPD should be used to predict the milking ability of the daughters of the bulls in question. Higher milk EPD's project more milk.

Average EPDs for all Canadian Red Angus and Black Red Gene Carriers

Volume Discounts

If you buy 5 - 9 bulls you will receive a 5% discount on each bull.

If you buy 10 or more bulls you will receive a 7.5% discount on each bull.

Auction Format

This year we will be working with Mark Shologan and broadcasting our sale over the Internet on DLMS.ca.

The bulls will be videotaped prior to the sale and on sale day we will have large TV screens set up with the bulls video running while they sell. Two weeks before the sale, videos of every bull will be available at our website www.towawcattle.com or at www.dlms.ca.

With this change we will be going with a traditional auction system with Robert Lind auctioneering for us. He will be ably assisted by Ryan Dorran and Bryon Wolters, who will be acting as ringmen at the sale.

Please don't hesitate to contact Robert, Ryan, Travis, as well as our buyer reps to represent you at the sale. If you intend to bid online make sure you sign up with DLMS and contact Mark to get your buyer approval for our sale.

As always we have our sight unseen program going and are ready and willing to help you with your needs. Hopefully all the bases are covered whether you can make it to the sale, want to bid online, or use the sight unseen program.

*Auctioneer
Robert Lind*

Sight Unseen Purchase Plan

If you would like to purchase a bull, but cannot attend the sale, contact us:

Kirk.....(780) 785-3772

Fax.....(780) 785-3403

Dave B.....(780) 785-2813

email: kiwild@xplornet.ca

Call, fax or email us prior to the sale and let us know your specifications and your price range. We will select animals which would fit your program and arrange for an independent buyer to attempt to purchase one for the agreed upon price.

We will call you after the sale, and inform you of the results.

All Sight Unseen Sales are made with a satisfaction guarantee.

BULL VIDEOS WILL BE AVAILABLE ONLINE PRIOR TO THE SALE
www.towawcattleco.com or www.dlms.ca

Kingman is one of the main herdsires here at Towaw and his son's were our top sellers in last year's sale. We purchased him in partnership with Ter-Ron farms as the high seller in Lazy MC's 2010 bull sale for \$21,000. He has an outcross pedigree for our herd and has passed on his thickness, ease of fleshing and calving ease to his sons. He has naturally bred upwards of 250 females in three years of breeding and always stays in great shape. His daughters are easy fleshing with picture perfect udders. We used two of his son's in our herd last year.

Three winters ago we went down to Benchmark Angus to look at sons of Basin EXT 45T5, impressed with his performance and set of EPDs. We were so impressed with sons and daughters of this bull, a son Better Beef, won Denver in 2012, that we purchased a half interest in him to breed cows at Towaw. He is in the top 1% for most all of the growth and carcass traits and in the top 10% for calving ease. We have a large group of his sons in the sale this year, look for big performance and expect good carcass traits in his progeny. His first son at Towaw was our high seller in last year's sale to Glesbar Farms of Barrhead. **Owned with Benchmark Angus**

We purchased Excel from Glen and Darlene Glesman in the summer of 2011 to add a little more performance to some of our cows. He is a long bodied, powerful bull that is sound as the day is long and he certainly shows that in his calves. He goes way back to an Expansion son we sold Glen and also has Bieber Design way up in his pedigree. His dam had 16 natural calves in her lifetime including an Indeed daughter they have been flushing in partnership with Miller Wilson Angus. Excel is co-owned with Rainbow Red Angus.

Lancer has done a great job at Towaw over the years. He was a very deep bodied, sound footed and correct bull. Many of his sons will qualify as heifer bulls and now we are seeing his maternal strength as he has daughters with sons in the sale. Longevity is bred in as he bred cows until he was eight years old.

Tenacity has turned into a real reliable herdbull for us since being our high selling bull in the 2012 bull sale to the Gutteridge's from Spruce Grove. He is incredibly attractive and sound and passes that extra eye appeal on to his sons. He ranks in the top 1% of the breed for milk, calving ease and birthweight; just what you need in an elite calving ease bull. His dam is one of our top cows and the Tiger bull has done an extremely good job of breeding across North America.

189Z is a real easy bull to look at with his attractive front end, good heart girth and extra depth and muscle. His dam is the 8th generation of Rose Dora cows born here at Towaw, dating back to 21K born in 1978, a year before our first bull sale.

BLACK/RED CARRIER
 This Black/Red Gene Carrier is the youngest bull in our group, but certainly won't be the least. He is very deep bodied and stout with lots of top and a real sound foot. He has good performance EPDs and ranks in the top 1% for Marbling EPD.

Thomas, Reese and Ryder invite y'all to Towaw

Reese showing her heifer Genie, with a little help from Brooke B.

BLACK/RED CARRIER

13Z is the larger framed of the two Argentine embryo black bulls in the sale this year. He has grown into an impressive bull with lots of power and thickness and large testicles. The Argentine cattle are really making an impression on our herd with their easy fleshiness and extra muscle shape. Once again this guy is a black hided/ red gene carrier.

BLACK/RED CARRIER

12Z is a full flush brother to the Invictus bull that sold to Kidd Brothers in last year's sale. He is an easy fleshing, stout made tank with a little less frame than his two flush brothers. He is sired by the popular red Argentine bull, Brigadier and out of a straight black dam. He carries the red gene so on a group of red cows you expect half the calves to be born red and half of them to be black.

Full Brother to Lot 47 & 48

Future Herdsire

Red Windy Hill Zeppelin 1240Z

We are very excited to add Zeppelin to our herdbull battery, and will have about 40 calves arriving this summer. Co-owned with Windy Hill Livestock and Kolby Heaven.

Rainbow Red Angus

Welcome again to the Towaw & Guest Bull Sale for 2014.

It's always a pleasure to work with the Wildman family, Towaw is a first class operation with great cattle. This past year has been one to remember at Rainbow Red Angus. Brooke and Bryce did very well over the summer and attended several 4-H and junior shows and had several winners with their steer and heifer projects. 2013 was also a banner year in the showstring as we attended shows from Armstrong, BC out to Regina for Agribition. We managed to claim several titles at all 3 major shows we attended and had three animals make the Canadian Angus Allstars show team. At the annual Red Roundup sale we were honored to sell the high selling lot, thank you to Christy Collins and Wildcat Creek Ranch for your purchase. Our main herd sire, Red T-K Recoil 72Y attracted attention from all over the world, and was crowned reserve national champion bull and made the RBC supreme top 10. His first sons sell in the sale!

This year we feel we have a pen of bulls for everyone. From the calving ease Redwood and Excels to the power Recoil bulls. They are fed a pelleted bull ration from HiPro, and are managed for longevity. Feel free to stop by the farm any time or if you have any questions don't hesitate to call Dave (780)785-9115 or Kolby (780)778-1435.

See you at the sale!

The Ballitz Family

Dave, Rhonda, Brooke and Bryce

Thank you

to Christy Collins and Wildcat Creek Ranch for purchasing Red Rainbow Lois 7U as the top selling lot in the 2013 Red Roundup Sale.

Thank you

to Ledoux Ranch for purchasing Red Rainbow Lois 53A.

Dam of Lot 49

Here he is, the first Recoil son we have offered for sale! Recoil has been admired by cattlemen all over the world for his unique muscle shape and dimension. He did extremely well in the show all last year. Though he is not your typical show bull, the quality he possesses is undeniable. He has passed these unique traits very consistently on to his calves, however we believe Defiance is as close to a replica of his sire as one could make.

The maternal side of Defiance's pedigree is just as awesome. His dam is a member of the famed Lois cow family that has done so much for the breed. She is a deep bodied, good footed, great uddered female that has put several productive daughters in the herd and every one of her bull calves have sold through this sale.

Defiance himself has been phenomenal since the day he hit the ground. This bull is extremely heavy muscled and carries a hip rarely seen on red angus cattle. He has a moderate birth weight with massive weaning and yearling weights, is big bellied, clean fronted, smooth shouldered, has big testicles and is super sound, just like daddy! In his only trip to town, Defiance was crowned National Intermediate bull calf champion at Farmfair and was very popular with everyone who saw him. We believe his future is bright and that he will produce the kind of cattle that the industry demands.

Selling full possession and 1/2 semen interest.

Lot 49

Red T-K Recoil 72Y

Recoil has made quite a few friends in the last year. His explosive muscle shape along with his structural integrity is unmatched in the red angus breed. His first calf crop exceeded our expectations, and we feel the sons in the sale are cow changer type bulls. **Owned with Dwajo Angus.**

Here is one of the feature performance prospects of the sale this year. 12A is a dark red, extremely deep bodied bull with a ton of hair and a big, black hoof. His sire is creating a big buzz around the world and his mother is a very good producing cow, bringing in top calves year after year. Her only son sold in last year's sale to Curtis & Maynard Boese. Recommended for cows.

Feature heifer bull prospect! Night Train has everything that your heifers need. He is built for calving ease but doesn't give up any stoutness or performance in the process. His mother is a maternal sib to the feature "Red Rainbow Backwoods 50A" bull in this sale, and is one of the top young females we own. She will make her way to the donor pen this spring. His sire, Excel, did a great job in his first year here, making very functional, attractive cattle. We love the way Night Train is put together. He is a great combination of neck extension, a big bold sprung rib and an awesome hip and hind leg. **Retaining 1/3 semen interest.**

This March bull is one of the most powerful bulls in the sale. He is big, stout, heavy muscled, yet is extremely long fronted and smooth shouldered. He carries a ton of awesome hair along with a big foot and big testicles. Backwoods' mother is a great looking Red Wildman Denali 19L daughter that goes back to the cow maker FCC Rambo 502. She has had several bulls go through this sale, and is the grand dam of one of the feature heifer bull prospects in this sale "Red Rainbow Night Train 22A".

This bull possesses big time performance, coupled with a very attractive profile and a super hind leg. He has been a calf that stood out from birth and was raised with the show bulls throughout the fall. We believe he is a very unique package and has potential to be a cow changer.

Retaining 1/3 semen interest.

Lot 61

Future Herdsire

Red Rainbow B Backlash 7A

Backlash is the bull we have chosen to carry on the recoil influence in our herd. He is the the combination of the two most popular herd bulls we have owned, Recoil and Red U2 Big League 7136T. Backlash is a performance bull with a moderate 86 lbs birth weight and a huge 963 lbs WW. This calf was successfully shown throughout the fall and was the Canadian Allstars Bull calf champion. His combination of hair, bone, mass and attractiveness is unique, and he will play a large part in the future of our herd!
LIMITED SEMEN PACKAGES AVAILABLE.

TERMS & CONDITIONS

TERMS: Unless otherwise previously arranged with Towaw Cattle Co., terms of this sale are cash or cheque, payable in Canadian funds. As soon as an animal is sold it becomes the responsibility of the purchaser.

ANNOUNCEMENTS: Errors in the catalogue will be corrected by announcements from the stand at sale time, and such corrections will take precedence over the printed matter in the catalogue.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

CERTIFICATE OF REGISTRY: A certificate of registry duly transferred will be furnished to the buyer by the seller for each REGISTERED animal after settlement has been made.

DELIVERY: We will arrange delivery of the bulls to central points in western Canada and closest U.S. Port of Entry, free of charge.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyer, the owners assume no responsibility in this matter, and disclaim any liability, legal or otherwise, in the event of accident or loss of property, on or about the premises.

2014 Donation Heifer

This year Towaw will be donating a commercial, March born Red Angus heifer with the proceeds going to a few different organizations that are important to our sale group.

We will sell tickets in the Dutch Auction Format, \$10 per ticket, just prior to selling the bulls. For example, if you bid \$100 you will get 10 chances to win the heifer in the draw immediately following the sale. Tickets will be available right up until the time of the draw as well.

This year we will be splitting the raised funds between 3 different groups. First, we will be sponsoring and serving a meal at the Ronald Mcdonald House in Edmonton. This house gives families a place to stay and be taken care of while their children are getting care at the Stollery Hospital. We feel honored to be able to help out others after all the help we received as a family in a very similar situation.

Secondly we would like to give a donation to the Lac. Ste. Anne 4-H Council. Both of our families currently have a second generation involved with the 4-H program in this area. We feel it is a very worthwhile program for the youth of our area.

We also would like to support the Sabres Cheer Spirit Cheerleading Club. This group serves an area from Onoway to Whitecourt, and is a fledgling group that provides a different athletic option for kids in our area.

Last year the heifer, won by the Harapchuk family, raised nearly \$4000 that was donated to the Stollery Children's Hospital.

Thomas was very proud to represent you, our friends and customers, as he presented the cheque to Stollery representatives at the Team 1260 Radiothon.

The Canadian Angus Rancher Endorsed program is demanded in every segment ...
