4TH ANNUAL

ANGUS & POLLED HEREFORD BULL SALE

Friday, March 30, 2012

*1 pm at
Whitewood Livestock Sales
Whitewood, Saskatchewan*

Triple J

DjH

Welcome to the 4th Annual Bull Sale for Triple J Farms. This year, like last year we are pleased to have an outstanding set of Polled Hereford bulls from Doug, Faye, Cody and Michelle Allison's Leveledale Polled Herefords.

In this event we will feature a great set of bulls sired by Remington Ambush, they put it all together, good feet and legs, thick tops, easy doing and easy calving.

The second group is sired by B.B.A.R Legacy 767. This bull sires extremely easy doing cattle, they are truly thick and correct in structure. Legacy 767's dam, B.B.A.R Lady Monogram is one of the all time great Right Time daughters, an elite cow. The full sister to Legacy 767 is now the top female in the Bowerman herd.

TJF Freedom 505 10T carries on the powerful Freedom line that has done so well for Triple J. They have great dispositions, lots of milk, lots of hair and lots of performance.

The Checkmates will add frame, they have lots of bone and growth and they perform well. This is an outstanding group of Angus bulls.

The Allison's Leveledale Polled Hereford consignment looks outstanding again; these bulls are as good as or better than their great pictures. Whether you need a herdsire for your commercial or purebred herd you will find them on offer March 30th.

Come and appraise this great set of young Angus and Polled Hereford seedstock produced by dedicated livestock families.

If Sharon, Brad, Joe, Eileen, Kristen, Kyle or Alyssa Jeannot, Doug, Faye, Cody and Michelle Allison, any of the sale staff or myself can be of assistance regarding this great set of top Angus and Polled Hereford bulls please give us a call.

Yours truly,
Doug Henderson

Douglas J. Henderson & Associates Ltd.

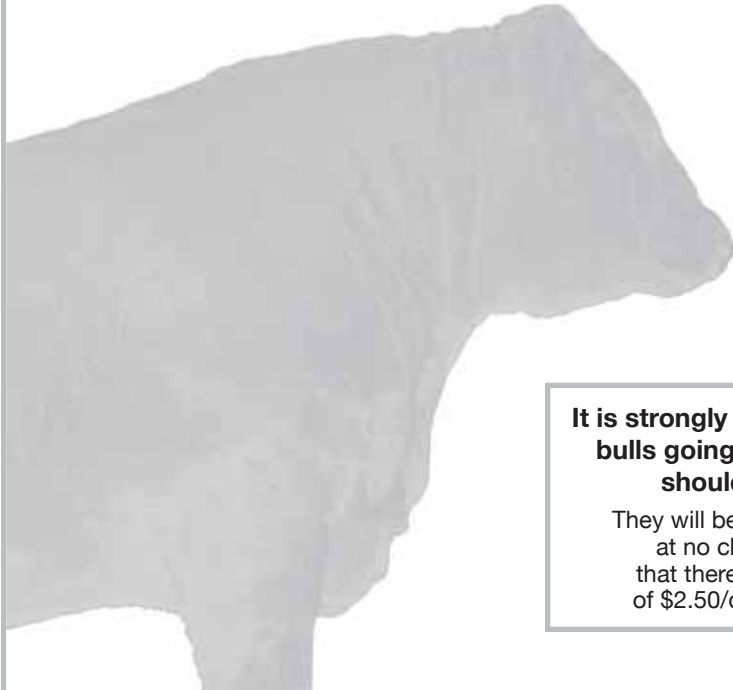

Doug & Linda Henderson P.O. Box 5900, Lacombe, Alberta T4L 1X4

Kyle & Alyssa

TRIPLE "J" FARMS

Welcome to our 4th Annual Bull Sale

We would like to thank all our customers for their purchases last year and for their confidence in our program and our cattle. We hope they have done well for you in your programs.

Last year was a very challenging year starting with a cold winter and then with the blizzard that hit the end of April. They excessive flooding in the spring of pastures, crop and hay land. The farmer once again rises above it.

Cattle prices are getting stronger, fat markets are gaining strength. With the decrease in livestock numbers the future markets look stronger for the producer. The dedication and determination of the beef producer to maintain the herd is evident in those who believe in what they are doing.

We believe the selection of bulls is equal in quality to last year and a more uniform group.

We would like to welcome back our guest consigner, the Allison's of Leveldale Polled Herefords. They have brought out a great group of bulls.

We welcome visitors to the farm prior to the sale to view the cattle. Please join us for lunch on sale day at the barn starting at 11:30 AM.

For more information please feel free to call us at anytime. See you March 30th at Whitewood Auction Mart.

Brad, Sharon, Kristen, Kyle & Alyssa
Joe and Eileen

PELLETED FEED

Convenient, Complete, Safe

Total nutrition diets or supplemental packs for you existing feed program.

Contains no animal by products.

Feed analysis and custom diet blends offered.

Packs available for beef, bison, horse, sheep, goat, deer and elk.

Available for pick-up or delivery.

Remington Ambush 290T

8 Sons Sell

Remington Ambush is a moderate frame bull with a great disposition. Good feet and legs, a very easy calving bull but still puts frame in his calves. 290T got injured last winter so we only bred 30 head to him this year, and he worked good and is doing fine. We also used a son off of him with our heifers and are very impressed with the calves we are getting. His daughters are now in production, very good udders and lots of milk. They are easy doing just like the bull. We feel you will hear a lot more about the 290T offspring.

Angus EPDs

EPDs = Expected Progeny Differences: An estimation of an animal's breeding value based on its pedigree and performance. EPDs indicate the average performance expected from an animal's progeny in comparison to another animal or to the breed average. They allow for fair comparison of animals' genetics across herds, regardless of environment and management differences.

P = Parental Average EPDs: These are the most basic and least accurate EPDs. They are the best guideline available when calves are first reported and there is no performance data on them yet. Parental Average EPDs are indicated by a P for accuracy and are simply an average of the dam and sire's EPDs. If a calf has only one parent with EPDs, its Parental Average EPDs will be only half of its one parent's EPDs.

P+ = Interim EPDs: These EPDs utilize the Parental Average EPD information on the calf plus any performance data on file and its ratio amongst its contemporary group. Interim EPDs are indicated by a P+ for accuracy and have a higher accuracy than a Parental Average EPD as they also include some performance data.

% = National EPDs: Calculated in the National Cattle Evaluations (NCEs), these EPDs are the most accurate prediction of breeding value or genetic merit that can be determined from pedigree and performance data submitted. National EPDs are published with numerical accuracies that reflect the quantity and quality of data used in its calculation.

BW = Birth Weight : Expressed in lbs., predicts on average how much heavier or lighter than the breed average an animal's calves will be. If the breed average is 3 and an Angus animal has a BW EPD of 5 then on average this animal's calves will be 2 lbs. heavier than the breed average.

WW = Weaning Weight : Expressed in lbs., predicts comparative progeny weight at 205 days of age. This EPD reflects pre-weaning growth potential that an animal is expected to contribute to its calves.

YW = Yearling Weight : Expressed in lbs., predicts the differences in progeny performance at 365 days. The YW EPD reflects the animal's calves' potential for post-weaning growth.

Milk = Milk : Expressed in lbs. of calf weaned, this is a prediction of an animal's daughter's milking ability.

TM = Total Maternal: A measurement comprised of half of an animal's Milk EPD and half of its additive genetic contribution to its calves' weaning weights.

SC = Scrotal Circumference: This EPD predicts the average scrotal circumference for an animal's sons. Scrotal circumference is used to gauge a bull's fertility.

Probably the easiest doing bull in our herd. A bull that we appreciate for his massive thickness, good feet and legs. A bull that will put lots of performance in your cattle and still be moderate framed. We are very proud of his offspring. They get better as they get older. Very easy doing. The comments that we are hearing from the cattleman is on how good the udders are and lot's of milk in the females. They are also impressed with the hair coat.

16 Sons Sell

A bull with lots of bone, good feet and legs with a good heel and a bull with lots of performance. Excellent disposition and easy doing, along with putting lots of hair in his offspring. His daughters are now in production - deep bodied females, easy doing, great dispositions and beautiful udders with nice teats.

Triple J Angus

Lot 31 - TJF Freedom 129Y

Terms & Conditions

CATTLE INSPECTION: All carry identity tags corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export by the Canadian Food Inspection Agency, Health of Animals and Regulations.

BREEDING GUARANTEE: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association and Canadian Hereford Association shall apply.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and will take precedence over printed matter.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available from the appointed representatives on sale day.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

TJF CHECKMATE 5W

8 Sons Sell

5W offspring are standouts. They are so consistent and uniform. He puts a lot of bone and thickness in his calves. Talk about a top on his calves. 5W is linebred to TC Freedom 104 and we are very glad we did it. You get short gestation and longevity. His females have super udders. This is a bull we are very high on.

A bull with lots of performance that has done us a lot of good. He will add frame to your cattle. Big foot, lots of bone, good heel. Great disposition in him and his offspring. Lots of hair. This will be the last calf crop off of him. We have retained almost all of his daughters off of 126S and they have crossed well with Remington Ambush 290T and B.B.A.R Legacy 767. His females are easy doing, lots of milk, tremendous udders with small teats.

A performance bull just like his sire, 126S. He puts lots of thickness, hair and testicles in his calves. Good feet and legs and heel. Good disposition and his offspring are performance cattle. Out of one of our top cow families.

Co-owned with: Young Dale Angus, Carievale, SK

When we select bulls we look for bulls that have good feet and legs, big testicles, lots of hair and a good disposition. Easy doing ability, natural thickness and reasonable birth weights, and females with nice udders. This bull came recommended by Richard Carlson when we were looking for an AI bull. Dynamite is a bull with lots of length that really moves out well. A bull that will bring in the pounds in the fall.

Doug & Faye Allison

On behalf of Leveldale, I would like to invite and thank you for attending the Triple J Farms / Leveldale Bull Sale. We appreciate your confidence you showed in our breeding program last year and thank you for the support.

We have a very strong, uniform pen of bulls on offer this year that represents the consistency in our cow herd and the sires they come from. They are moderate framed, long bodied, deep ribbed and thick butted. They move well and are ready to go to work.

We believe in developing our bulls to their genetic potential without over conditioning and impairing structural soundness. Our bulls are developed on a rolled oat and pellet ration and free choice hay. The last month they are limit fed the grain portion of their ration to increase hay and forage digestion.

We will have DNA results for parentage verification and abnormality testing available sale day along with their current weights. Check out our web site for video's on the bulls and current information.

We would like to thank the Jeannot's for inviting us to be part of their annual bull sale.

We look forward in visiting with you on March 30th. We welcome your visit to the farm to view the bulls at anytime. Please call ahead to make sure we are around. Feel free to call any of the sale associates or ourselves to assist you with your purchases.

Regards,
 Doug and Faye Allison & Cody and Michelle Allison

Cody & Michelle Allison

*Leveldale-Aywon Sturgis 65T 34X

Reload 65T is a bull we purchased from Haroldson's Polled Herefords. He was the type of bull we were looking for at Leveldale. Red eyed, dark in color, full of pigmentation as we needed to darken up our cow herd. Very eye appealing with lots of length and great shape. He has strong performance numbers being out of LeGrand Reload 80P and is also very high maternally with balanced EPDs and a strong pedigree. We knew he would turn out to be the herd bull for our cowherd.

This will be the last crop of bulls from Reload 65T. We have retained an interest in the high selling son in last year's sale. Leveldale-Aywon Sturgis 65T 34X, look for his sons in future sales.

Reload 65T has a strong group of son's that will breed consistency throughout a calf crop. They have lots of pigmentation, great hair and move out well!

We purchased Showtime 829T from Ben & Linda Fox, Justamere Ranches. We were in the market for a heifer bull and really liked 829T's sire and dam. He has done a wonderful job on our heifers and started using him on some cows to moderate birth weights. When you have a heifer bull that gives you light birth weight calves, calving ease and calves that have a lot of vigor, you know you have a good bull. He is a long sided, moderate boned bull with sound feet and legs and that moves out very well. His calves are easy fleshing, have great shape and large testicular development.
