TRIPLE "J" FARMS

The Jeannots
Whitewood, Saskatchewan

Welcome to our 5th Annual Bull Sale

We would like to Thank all our customers for their purchases in the past years and for their confidence in our program and our cattle. We hope they have done well for you in your programs.

The excessive flooding in the spring of pastures, crop and hay land. The farmer once again rises above it.

Cattle prices are getting stronger, fat markets are gaining strength. With the decrease in livestock numbers the future markets look stronger for the producer. The dedication and determination of the beef producer to maintain the herd is evident in those who believe in what they are doing.

We believe the selection of bulls this year are equal in quality if not stronger than last year and a more uniform group. We feel the bulls this year are more moderate frame, long bodied, stouter, thicker and easier doing. This represents the consistency in our cow herd and the sires that we use.

We believe in developing our bulls to there genetic potential without over conditioning and impairing structural soundness.

Our bulls are developed on a ration of 25 lbs oat silage, 10 lbs pea and lentil screening pellets, free choice mineral and all the free hay choice they want.

We would like to welcome back our guest consigner, the Allison's of Leveldale Polled Herefords. They have brought out a great group of bulls.

We welcome visitors to the farm prior to the sale to view the cattle. Please join us for lunch on sale day at the barn starting at 11:30 am.

For more information please feel free to call us at anytime.

See you April 5th at Whitewood Auction Mart.

Joe & Eileen, Kyle & Alyssa, Sharon, Brad & Kristen

Brad, Sharon, Kristen
Kyle and Alyssa
Joe and Eileen

Welcome to Triple J Farms 5th Production Sale with guest consignor, Leveldale Polled Herefords. These bulls will add muscle and growth to your calf crop and dollars to your bottom line.

We have a great line up of young sires from both breeds, bulls for performance, calving ease, bulls with strong maternal traits, bulls with style and eye appeal. Come and appraise this great set of Angus and Polled Hereford bulls produced by dedicated livestock families.

If Sharon, Brad, Joe, Eileen, Kristen, Kyle or Alyssa Jeannot; Doug, Faye, Cody and Michelle Allison; any of the sale staff or myself can be of assistance regarding this great set of Angus and Polled Hereford bulls please give us a call.

*Yours truly,
Douglas J Henderson & Associates Ltd.

12Z is the type of bull you strive to raise. A complete package – strong head, deep jaw, wide, long top down to his deep big boned solid foot with lots of heel. Lots of hair and big testicles. Good disposition. His dam is a picture perfect cow that is easy doing, milks very well with an excellent udder.

Longevity and fertility and soundness are very important to us. 15Z's dam, 14M, a 10 year old cow is still here, very sound cow going back to Grant Wilson's foundation cow families. 15Z a moderate framed bull with tremendous thickness, big boned, very long with a wide top line. Good head, lots of hair, and big testicles. Good disposition.

290T is breeding better than what he looks himself. Good feet and legs, good wide top, big testicles, clean sheath and tremendous thickness and carries it down to his solid foot. 290T is a calving ease bull. We nicknamed him "catcher mitt". 290T is moderate framed bull. His daughters are in production and we are impressed with their dispositions. With beautiful udders, small teats, good milking ability and easy keeping deep bodied females. 290T bred 42 cows this year. You are going to hear a lot more on 290T. Average birth weights on bull calves is 82 lbs. and on heifer calves is 74 lbs.

32Z is a deep bodied, easy keeping bull. He is moderate framed, heavily muscled bull that is smooth, wide over the top. Lots of bone, big foot with lots of heel. His sire is still working hard as ever. 290T daughters are phenomenal easy doing, easy fleshing, beautiful udders with small teats. The disposition of the daughters is excellent and very quiet to work with. The dam is an easy fleshing, hard working cow just like the grandam 14H, who is still here at 16 years of age.

SALE FEATURE

14Z is a complete package – good in every way. Strides out very well with a wide stance, stands on all four corners, so square. Very smooth with a nice head, deep bodied, big boned, wide long top that carries down to his solid big foot, with lots of heel. Big testicles. He would be our choice to replace his sire. 14Z dam raised one of our top two year old females, 89X who raised 89Z. The 90R cow is still working in our herd.

20X is just a little taller, longer and thicker than his sire. He is big boned, with a good heel and solid foot. Just like 290T he also puts a lot of hair on his calves. We used 20X on our first calf heifers. Average birth weight on bulls, 81 lbs and on heifers 78 lbs. All born unassisted.

20X will add length, and size to your calves. They have nice heads with good extension in the neck. The bulls have good testicles and clean sheaths.

Probably the easiest doing bull in our herd. A bull we appreciate for his massive thickness, good feet and legs. A bull that will put lots of performance in your cattle and still be moderate framed. We are very proud of his offspring. They get better as they get older. We are very impressed with his daughters with beautiful udders, small teats and good milking ability. His bulls are very thick, deep bodied with big testicles, clean sheath and good hair coats. Doug Henderson always said the mother of this bull is probably one of the best cows in the industry who is an Elite Dam, and the full sister is now the top female in their herd. Average weight on heifer calves 84 lbs. and on bull calves 89 lbs.

We selected Knockout because he was an outcross to us, with a good set of EPDs.

He is a bull with a great disposition, strong wide loin, with a great hip on him. His calves are deep bodied, a big square hip, good feet and legs and heel. Lots of bone and good hair coats. His bulls have big testicles and are clean sheath. We only have a few selected calves off him in the sale as he was injured during breeding season.

His bull calves weigh between 80-90 lbs. and the heifer calves 76-87 lbs.

Longevity is here on both sides of the pedigree. 13Z is smooth, strong, wide top line, very long that has a lot of thickness and carries it down to his deep solid foot with lots of heel. Here is an opportunity to buy a direct son of Sitz Alliance 6595. Known for longevity, fertility, big testicles, easy doing and will add milk. 13Z's dam is an easy doing, deep-bodied cow with a very good udder. The 28H cow is still here and producing at 16 years of age.

* Calving Ease Halter Broke

A SALE FEATURE

17Z is very long, smooth deep quartered bull. Sitz Alliance is a Legend for calving ease. Lots of testicles, good hair, easy doing, good feet and legs. Lots of heel, big bones. Sitz Alliance is an Elite sire since 2007.

17Z dam is a perfect 505 Freedom cow - deep bodied, good udder with lots of milk, good hair coat and great disposition. The grandam is still here. Sitz Alliance will add milk, make good easy doing females. There is not a lot of straight Sitz Alliance around so don't miss this opportunity on 17Z. Half brothers to 17Z sold to Remington Cattle Co. and Dean Martin.

There are 8006 daughters off of 6595 and I can see why. You get calving ease with performance. 6595 will add milk to your females and testicles to your bulls. Good hair coats. There are very few straight 6595 offspring and we are offering 2 offspring off of him. They have nice head and neck extension. Wide tops and lots of thickness that carries down to there solid feet. They have good bone to them. Very good disposition. A chance to get into some old genetics that is hard to come by.

59X is a bull Doug selected for us and we are glad he did. Very similar to the Legacy bull, but a calving ease bull. We used him on a group of first calf heifers and all were born unassisted. The reason we do not have too many of his bulls in the sale is a group of heifers chosen for export to Russia were bred to 59X. Average weight on heifer calves 75 lbs. and on bull calves 78 lbs. His bulls have big testicles with very clean sheaths.

Halter Broke

4Z is a smooth bull with a strong wide topline, very long. He has a lot of thickness that he carries it very well down to his deep solid foot. A bull with lots of bone. Nice head, strong jaw and masculine neck. Lots of hair and big testicles. A performance bull that will add pounds to your calves. His dam 54T is a deep-bodied cow with a perfect udder and nice teats.

4Z is halter broke and has a good disposition just like 5W and 54T. A three-quarter brother is working at Cory Jones herd and they are very happy with him.

5W offspring are standouts. They are very consistent and uniform. His calves are just like him, tremendous length, wide top, very smooth, big testicles and clean sheaths. Lots of bone, good heel, a very good hair coat and great disposition. 5W daughters are in production and we are very pleased with them. Good udders, small teats and easy doing females. They cross well with the 290T, 76T and 59X. Bull calves average birth weight is 87 lbs. and on heifer calves average 80 lbs.

A SALE FEATURE

Coming out of our strongest cow families on both sides of the pedigree. 35Z is very similar to 5W. If we had to replace his sire this would be our choice. His dam 82R is an excellent cow, easy doing, lots of milk. We have sold bulls off of her to Lewis Farms, Lane & Joanne Dalrymple and John Krawsher.

On behalf of Leveldale, I would like to invite and thank you for attending the Triple J Farms/Leveldale Bull Sale. We appreciate your confidence you showed in our breeding program last year and thank you for the support.

We have a very strong, uniform pen of bulls on offer this year that represents the consistency in our cow herd and the sires they come from. They are moderate framed, long bodied, deep ribbed and thick butted. They move well and are ready to go to work.

We believe in developing our bulls to their genetic potential without over conditioning and impairing structural soundness. Our bulls are developed on a rolled oat and pellet ration and free choice hay. The last month they are limit fed the grain portion of their ration to increase hay and forage digestion.

We have tested all the bulls for DNA and some have the results posted beside their names. The other bulls DNA information we have not received back, but will be posted sale day or call to get the results.

You are welcome to view the videos of the bulls on our website and attain all the current information. Give us a call to line up a time and day to look over the bulls; we would appreciate your visit.

You will notice that some of our birth weights are a little higher than you have seen in the past. This is due to the milder winter we had last year and the cows did not require as much energy for maintenance and put it into their calves! This year we have seen a normal birth weight range due to the colder winter.

The quality of the Triple J and Leveldale Bull Sale gives you the opportunity to purchase both Angus and Hereford Bulls from reputable breeders keeping the commercial man in mind.

Regards,
Doug, Faye, Cody & Michelle Allison

You have the opportunity to purchase a proven herd bull that we have used in our program for many years. He has the strong maternal traits of the Connie cow family along with the performance of the Oakland blood lines. He will sire thick, strong topped offspring for many years to come. A performance bull that is highly maternal. We are letting this sire go as we have a lot of maternal influence in our herd.

- Calving ease bull

You have seen many of Showtime's offspring in the past couple of years. He is a moderate birth weight bull that we have used on our heifers. He produces very stylish calves with great confirmation. He would cover a large number of females as he is very strong breeding bull.

Bull Sale Terms & Conditions

CATTLE INSPECTION: All carry identity tags corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export by the Canadian Food Inspection Agency, Health of Animals and Regulations.

BREEDING GUARANTEE: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association and Canadian Hereford Association shall apply.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and will take precedence over printed matter.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available from the appointed representatives on sale day.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

Please join us for lunch prior to the sale
