JOIN US FOR LUNCH ON SALE DAY!

The animal becomes the responsibility of the purchaser as soon as it is sold. Insurance will be available sale day. All bulls in the sale offering will be vet inspected and have passed a semen test prior to the sale.

SIGHT UNSEEN PURCHASE PLAN - Give us a call to discuss your specific needs, the earlier the better. We will make the selections and fully guarantee your satisfaction! See IBC for more info

Explanation of Terms

We scored our cows' udders and feet at time of calving with 1 being the poor end of the scale and 5 being the best.

Calving Ease: The calving ease of the bulls is done with a number system: the higher the number the better the calving ease. 4 and 5 bulls are considered to be suitable for heifers; 3 for well grown heifers or cows; below 3 should only be used on cows.

Dan & Alana

SALE WELCOME

Hello from all of us at Triple V Ranch. We welcome you to our first on the farm video sale in our new sale barn.

The cattle industry seems to be on the uptake and will stay that way for the foreseeable future.

These bulls on offer are all rising 2 yr olds and have the capacity to service a large number of cows. They have all passed a semen evaluation. As a group they were born on grass at the end of April and May, and back grounded their first winter on a high roughage ration designed for 1.5 to 2 lbs of gain. The next year they were turned out on grass for the summer and brought in at the end of September and again put on a high roughage silage based ration designed for 2.5 to 3 lbs a day gain. Pushing for high rates of gain has never been our goal. Our bulls are fed to express their genetic potential but not so much as to compromise their soundness or fertility.

You may find fatter bulls out there but you won't find better.

We place a huge emphasis on cow fertility and the cost of wintering our cowherd. Economically, reproductive efficiency is twice as important as growth performance, which is 5 times more important than carcass traits. We must identify the genetics that will be fertile and have longevity in the herd. We believe we are doing that at Triple V Ranch.

Our cowherd is treated as tough as or tougher than most commercial cowherds. They have not seen the inside of a corral for the last 12 years. They spend their winter in the open, swath grazing or bale gazing, keeping feed costs and labour to a minimum. If we don't exert this kind of pressure on our cowherd, how can we help our customers improve their cowherds, which is our ultimate goal. We produce moderate framed, low maintenance, easy fleshing cows that look after themselves instead of being pampered to produce a calf.

We hope you will be able to join us sale day. Come early, join us for lunch and view the bulls stalled outdoors next to the barn. If you have any questions or inquiries about any of the bulls call

Dan @ 204-522-0092 cell or 204-665-2448 home or Matt @ 204-264-0706

Here is a big, thick Black Angus bull to lead off the catalogue. He is double bred NET WORTH 4200 out of Rilla 4U. Strongly recommended to us, we purchased 3 Rilla's, all maternal sisters from the Custom Cattle Co. dispersal. So far we are very happy with them, all producing top calves, remaining sound, re-breeding and staying in the herd. 30Y as an individual had a 205 day Index of 102 and a weight of 698lbs. His EPD for WW is in the top 7% and YW EPD in the top 3%. Top performance, out of a good cow family, here is a bull you can build a herd around.

Here is a thick, dark footed, dark red heifer bull prospect. Purchased in dam from the Koran dispersal near Vermillion, Alberta. This past breeding season we used RED TRIPLE V YUKON JACK 9Y and RED TRIPLE V DUTCHMEN 5Y, two paternal brothers to 35Y out of the Watch bull as our Junior Red Heifer bulls. As a set, the Watch calves have been easy calving, easy fleshing, masculine and dark red. If we had a few more red heifers to breed, we wouldn't have hesitated to use this guy too.

Vaccination Program

All Triple V Ranch bulls are on a multi-component vaccination program to protect against BVD (types 1&2), IBR, PI3, BRSV, shipping fever, Haemophilus, and Clostridial diseases including Tetanus. All bulls have also had two doses of Footrot vaccine as yearlings. The dams of these bulls are annually vaccinated with a pre-breeding modified live vaccine against BVD (types 1&2), IBR, PI3, BRSV and Lepto.

Here is a great black, 164U son. The nice thing with 164U is that he looks thick and meaty all year long, even out in the winter bale grazing on straight prairie hay, his condition never changes. His dam 56F came out of the Tag-A-Long Herd and had 12 calves on the ranch, earning the right to be a Canadian Angus Association ELITE Dam. 62Y's dam and granddam came from Twin Creek Ranch Dispersal and both have been very solid producers and remained in the herd. There is longevity, structure and fertility built right into this bull, which are traits that will put money in your pocket year after year. Black red carrier bull.

This is a typical son of 164U, just full of meat and muscle. Watching this set of bulls develop we are very excited there are another set for next year's bull sale in the pen and another 45 cows bred to him for the year after that! 122Y's dam, 19U is very feminine, well-structured female that is a Mulberry daughter with Indeed 104H as her maternal grandsire. That is a combination which is like the who's who in the Red Angus business today. As 122Y is a Black, red carrier, his EPD's are based on the Red Angus averages and that puts him in the top 15% for WW, top 9% for YW and top 2% for milk. Fortunately for our bull customers he came out black, if this bull would have come out red, he wouldn't be leaving the ranch. 205day wt was 752lbs with an index of 111.

Calving Ease and growth.... this bull puts them together. A moderate 86 lb BW and his YW EPD of 92 put him in the top 10% of the Red Angus breed. His dam is out of Red BFL Alliance 14R a bull that is still breeding at 8 years of age. He sires moderate framed, excellent uddered cows that milk. Dam AWI is 97.

DELIVERY OPTIONS: Free delivery will be provided up to 300 miles for purchases totaling \$3000 or more. Purchases less than \$3000 will be delivered at cost. We will deduct \$50 off the purchase price of your bull if you take him home sale day. Delivery will be done immediately following the sale and occurs over about a month. We try to organize trips for multiple deliveries each day. If you cannot take your bull when we are in your area, you will be responsible for picking him up at the ranch. Bulls may stay for one month after the sale, at which time they must be picked up. If you cannot pick your bull up at this time feed costs will be \$3/head per day (after 30 days). Insurance is necessary for using this option. Keystone Livestock Services will be available to help with your insurance needs - 204-728-3058.

His dam Lady Ruth 70S is one of our herd building females. She is a daughter of the New Zealand bred Pinebank bull that has left us some outstanding daughters. Her dam is a cow Matt purchased from Brian & Kim Geis as a heifer calf who went on to be a Canadian Angus Elite cow for him. His sire is the SHOTGUN WILLIE bull we purchased in Remitall's dispersal, who adds performance to the equation with a WW EPD in the top 7% and a YW EPD in the top 10%. 239Y has the genetic potential to sire replacement females and top performing calves as well. His 2012 born maternal brother TRIPLE V DUSTY MERCHANT 82Z will be retained in herd and exposed to a group of purebred black cows this spring. Has a 205 day wt of 708lbs, with a weaning index of 103.

Mature bull that has worked well on our heifers. He was the high indexing and high selling bull in the 2010 Southwest Bull Development Centre Sale. He has sired 52 calves at Triple V and an average BW of 84 lbs. His Calving Ease EPD is in the top 4% of the breed. His sire and his maternal grand sire are both highly rated calving ease sires. WI 102. Winner of the world bull award at Southwest as a Yearling.

DELIVERY OPTIONS: Free delivery will be provided up to 300 miles for purchases totaling \$3000 or more. Purchases less than \$3000 will be delivered at cost. We will deduct \$50 off the purchase price of your bull if you take him home sale day. Delivery will be done immediately following the sale and occurs over about a month. We try to organize trips for multiple deliveries each day. If you cannot take your bull when we are in your area, you will be responsible for picking him up at the ranch. Bulls may stay for one month after the sale, at which time they must be picked up. If you cannot pick your bull up at this time feed costs will be \$3/head per day (after 30 days). Insurance is necessary for using this option. Keystone Live-stock Services will be available to help with your insurance needs - 204-728-3058.

Triple V Echelon 30U is a paternal grandson of the great OCC Echelon 857E. One of his paternal grandams, Dixie Erica of CH1019, is an ET donor at OCC. The other, Crowfoot G Eileen 9156 is an Elite Dam with the CAA, posting an average weaning index of 106 on nine calves. His dam is a perfect uddered Angus cow. She traces back to Prairielane Ideal 1418-0051 twice in her pedigree who is in the top 1% of the breed for both WW and YW EPD's, with a shot of N Bar Emulation EXT. 30U is one of these all around bulls that has the genetics to be used anywhere, his calves come easy, are eye appealing and thick and have lots of growth as well. A maternal brother sells as lot 134Y

Paternal brother to the 30U bull. Echelon 40U has done an excellent job of siring really useful cattle. They have lots of middle and performance. His WW and YW EPD's put him in the top 15% of the breed. Of the 21 calves born to date they have an Avg. BW of 88 lbs, Avg. WI of 105 and Avg. YI of 101. He has some good growthy sons on offer today. Unfortunately he was lost to us due to an injury.

Publisher was purchased from the Remittal Cattle Co dispersal and was our high selling bull in the 2008 Pure Country Bull Sale. He is now co-owned with Garrett and Laura Calverley of Bar CC Cattle Co of Medora, MB. As an individual, Publisher is thick, eye appealing and fancy. The first 20 calves born at Triple V Ranch have an average BW of 87 lbs and average WI of 104. The calves came easy and display the same volume, thickness and muscling as their sire.

REMEMBER OUR DELIVERY OPTIONS

Free delivery will be provided up to 300 miles for purchases totaling \$3000 or more. Purchases less than \$3000 will be delivered at cost. We will deduct \$50 off the purchase price of your bull if you take him home sale day. Delivery will be done immediately following the sale and occurs over about a month. We try to organize trips for multiple deliveries each day. If you cannot take your bull when we are in your area, you will be responsible for picking him up at the ranch. Bulls may stay for one month after the sale, at which time they must be picked up. If you cannot pick your bull up at this time feed costs will be \$3/head per day (after 30 days). Insurance is necessary for using this option. Keystone Livestock Services will be available to help with your insurance needs -204-728-3058.

Triple V Ranch is a registered Verified Beef Producer.

Oscar 53U is a son of Red Crowfoot Ole's Oscar 2042M, one of the most popular Red Angus Bulls in Canada. Ole Oscar himself was phenotypically excellent and his numbers showed extreme calving ease followed by rapid growth to weaning though to yearling. 53U's dam is a big barreled power cow that came out of the Prairielane herd. Red Triple V Oscar's EPD's place him as follows: WW top 15%, YW top 4%, Milk top 4%, Total Maternal top 1%.

Red Riley's Wonker 47W was purchased from Lloyd Cavers (Riley's Red Angus) through the Southwest Bull Development Centre Sale. His pedigree reads like a "who's who" in the Angus World; Red Towaw Indeed 104H, Red Basin Sensation 702E, Red LCC Heaven or Bust 1000B. Wonker is a moderate made, thick Red Angus bull. The calves come easy and have been moderate and thick.

Sale Catalogue Design

Dalyse Robertson • (204) 476-8856 • pdmrobertson@gmail.com
Catalogue printed at Leech Printing Ltd., Brandon, MB

BREEDING GUARANTEE: All cattle are sound and right, and sell with a responsible breeder guarantee of satisfaction. In the event of an unlikely dispute, the regular terms and conditions of the Canadian Angus Association shall apply.

TRIPLE V RANCH BULL WARRANTY: Triple V Ranch guarantees to sell you a bull that is structurally sound and has passed a breeding soundness evaluation by a licensed veterinarian. Should any Triple V bull fail to be a satisfactory breeder – unable to physically service a cow or heifer – he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit will be given towards the purchase of another bull.

WE GUARANTEE TO PROVIDE YOU A SOUND, BREEDING BULL.

We, however, will not provide replacement or adjustment for physical injury or mismanagement. With this in mind, we stress the importance of insurance on your bull. Should you have a problem with your bull, notify us right away and we will make sure you are satisfied with your bull.

TERMS: The terms of the sale are cash or cheque payable in Canadian funds; U.S. Funds will be accepted at current rate of exchange at sale location. The right of property shall not pass until after settlement is made. All settlement must be made with the clerks of the sale before any cattle will be released.

RISK: All animals are at the purchaser's risk as soon as the Auctioneer's hammer falls. Insurance will be available on sale day. We encourage you to insure your purchase prior to the animal returning to your farm. All persons who attend the sale do so at their own risk. The owners and sale staff assume no liability, legal or otherwise for property loss or any accidents that may occur.

DISPUTES: In case of disputes, the bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision will be final.

INTEREST: Triple V Ranch reserve the right to retain an interest in any of the animals selling. The consignors reserve the right to collect 100 doses of semen on any bull in this sale at their expense and the buyer's convenience. The semen is for in herd use only.

PHONE OR MAIL BIDS: If you are unable to attend sale day, you can entrust your bid in confidence with the Sale Staff or the Consignors.

ANNOUNCEMENTS: Changes of information of any kind in this catalogue will be announced from the auction block and such announcements will take precedence.

CATTLE INSPECTION: All bulls carry permanent Canadian Cattle Identification Tags as well as tags corresponding to Sale Lot Numbers.

DELIVERY OPTIONS: Free delivery will be provided up to 300 miles for purchases totaling \$3000 or more. Purchases less than \$3000 will be delivered at cost. We will deduct \$50 off the purchase price of your bull if you take him home sale day. Delivery will be done immediately following the sale and occurs over about a month. We try to organize trips for multiple deliveries each day. If you cannot take your bull when we are in your area, you will be responsible for picking him up at the ranch. Bulls may stay for one month after the sale, at which time they must be picked up. If you cannot pick your bull up at this time feed costs will be \$3/head per day (after 30 days). Insurance is necessary for using this option. Keystone Livestock Services will be available to help with your insurance needs - 204-728-3058.

SIGHT UNSEEN PURCHASE PLAN

We would like to have you as our guests at our Bull Sale, however if you are unable to attend, we have a program designed to help you out. A number of our customers buy their bulls sight unseen. We will discuss your bull needs with you and select a bull that fits your criteria. We will deliver the bull to your yard. Your satisfaction is 100% guaranteed. If you don't like the bull, you don't own him. Simple as that! Call Dan (204) 665-2448 home, (204) 522-0092 cell; Matt (204) 264-0706 or any of the sale staff and entrust your bids in confidence. They'll be happy to personally look after you. **100% Satisfaction guarantee.**
