Welcome...

Welcome to the 6th annual Ward's Red Angus and Guests Bull Sale. We are proud of our offering this year; with fresh genetics for our repeat buyers and the tried and true consistency of our cow herd. We know there is a bull to fit everyone's needs. New this year on the Black side of things is Isla Bank Angus. Iain is no stranger to the cattle business, Isla Bank was established in 1938 and Iain being the third generation to carry the name. Their black yearling bulls will prove to fit in with ours very well.

This year has seen a record crop, lots of grass and a solid cattle market. Fat price on cattle is up and the future is looking good. Combine this with \$2.50 barley (and lots of it) and the economics of beef is great. So it is time to act on the cattle market and bring in top notch bulls to help you maximize your profits. Bulls that are functional and sound with natural thickness who will cover your pastures, get your cows bred and leave you easy doing, marketable calves is what you need and you'll see here.

The bull pen is solid, sound, functional and, as usual, very quiet. They have been carefully developed to promote longevity. We understand that these bulls need to go out and work for our customers. With the new sires (both natural and A.I.), along with tried and true herd bulls, we are confident there are bulls that will work for you!

Please check the terms and conditions on the inside back cover of the catalogue! This year the fall bulls will be semen tested but due to the age of some of our yearlings, we will only be measuring scrotal circumference and palpating them. They will be tested once they come of age. As always, we fully guarantee and stand behind our bulls 100%.

Due to the strong cattle market right now, we will not be offering Commercial Heifers at this year's Sale. If you are looking for replacement Heifers please contact Clarke and we can help you get in touch with customers that may be interested in selling some replacement Females.

I look forward to visiting with you on sale day. Please come early for lunch and if you have any questions or if we can be of any assistance, feel free to call the sale staff or ourselves.

Thank you,
**Ward's Red Angus,
Clarke, Denise, Josh & Cole**

Clarke, Denise, Cole, Josh & Kari

From the desk at T Bar...

Welcome to Ward's Red Angus and Guests Bull Sale; 2014 celebrates their 6th annual event. Ward's Red Angus is steeped in history as Clarke's father, Tom, was one of the Red Angus pioneers in Saskatchewan. Since Clarke and Denise took over, a few Black Angus have entered the fold at Ward's.

The program at Ward's is "no nonsense" based.... they show a select group each fall in order to interact with fellow breeders and commercial customers; the herd is built on "cow-sense" fundamentals. Clarke Ward believes that to start with a good calf...you must have a live calf... it is plain and simple, the Ward's have built calving ease into their cow herd and select herd sires in the same fashion. These bulls come to you in working clothes...not stuffed; but ready to serve their purpose in your pasture....it's a longevity factor which comes with soundness and structure. If there was ever a complaint about Ward bulls; it would be that they last too long! Basically there is long term value in your purchase(s).

New for 2014, Isla Bank Angus is guest consignor. Isla Bank is one of the founding Angus herds in the province and has been supplying quality bulls for the livestock industry for decades. The new generation, Iain and Jamie, bring a great set of black bulls ready for your program.

As we approach a new era in the North American cattle market, we must appreciate all purebred and commercial producers who "stuck to their guns" over the past decade ...knowing that they would eventually, be rightfully rewarded. Keep in mind that salvage prices are strong; therefore semen test your herd bulls, as the time has never been better to add new, fresh genetics to your program.

Plan to be with us the first Saturday in March for a "real" cattlemen's event, as these bulls work and will suit all budgets. Feel free to call or stop by Clarke's or Iain's any time prior the sale, preview the bulls and see their mothers.

If we, at T Bar C may be of any assistance, prior to or sale day, feel free to call Shane, Ted or myself.
Chris

We purchased this bull out of Alberta from NCJ Cattle Company at Taber. 16X combines exceptional maternal strength with one of the industry's most consistent elite sires used in the last 10 years. We felt his low birth weight, easy fleshing ability, thickness and length of body made him an easy choice to fit into our program. This is our second set of bulls on offer and you will see by the consistency of the Fall Bulls what an exceptional Herdsire 16X is! His first group of daughters are calving now and have picture perfect udders. We are very pleased with the results from this bull and we think you will be too!

86T is our Senior Herdsire. He has matured into a stand out breeding bull, and is one of those bulls that you can breed to any type of cow and you're going to get a top notch calf! He produces sought after females and muscular bulls that consistently have moderate birth weights and above average weaning weights. 86T's flawless feet and legs, bone and structure carry on to his sons. Check out the three yearlings and three fall bulls. They won't disappoint you!

Fresh New Genetics! This is our first opportunity to offer sons from Red Howe Twenty X 28Y. This excellent young Herdsire was a high seller for Howe's at their 2012 Bull Sale. Twenty X is a phenomenal breeder. He did double duty his first year breeding for us and at Double V in the spring. We rested him a few months and then he bred our fall cows as well, never missing a beat and staying in great condition! We are very pleased with the calves he has left. His sons, like himself, are thick, dark coloured and have lots of testicle. A consistent group with ample hair, bone and muscle, they will work well for any one. Buy with confidence on this fresh out-cross pedigree. Owned with Double V Stock Farm.

- Moderate "all black pedigree" Hemi bull
- Long bodied like his brother, with lots and hair and moves well.

Hemi 45A

Longest bodied BLACK bull on offer! We only have 2 bull calves by the 50Y Hemi bull in the sale. We purchased Hemi out of DFCC Sale and were very disappointed to lose him just weeks into the breeding season!! The calves we did get are top notch and will be noticed sale day!! Great feet and legs on 45A and he moves freely combined with guts and muscle!

Domination 29A

97N did it again "a Three peat!" only this time he's in a Black package. As wide a based, wide topped bull on offer today! Heavy muscled with above average scrotal. The combination of 97N and Real Deal is NO MISS no matter what color the calf is. 29A may be the best footed bull on offer. The full brothers 17Y (at Howe Red Angus) & 13Z (at KC Cattle Co. and Double V Stock Farm) have proved this genetic package works both with strong progeny and breeding performance. Like his brothers we are retaining a 1/3 interest in this exciting young bull!

GOLE WARD 14
2013 Defensive Back

Long Yearlings...

We are very pleased with this group of fall bulls!! Like always, our fall cows and their calves are a very self-sufficient group of cattle. All calves are born unassisted on grass, then they are kept on the cow their first winter and weaned in May. The bulls then go to their own pasture until mid-October to grow and develop. Our sires - Mystic 16X and Red Howe Bold Future 86T are extremely consistent and this pen is proof of that. All the fall bulls are sired by these two. This pen of bulls is thick, hairy and very consistent (black or red). They carry above average testicle and move extremely well. The "bang for your buck" on these bulls will be great. They can cover more cows, will reach larger, exotic cross cows and are low enough birth weights if you have a large group of heifers to breed. Because of their consistency, this is the only footnote I felt was needed.

Welcome...

Welcome to the 6th Annual Ward's Red Angus and Guest Bull Sale. We are very excited to be part of this sale. Isla Bank Angus has been breeding purebred Black Angus since 1938 and Iain is the 3rd generation of Stables to offer quality Black Angus genetics. We have been carefully rebuilding the Isla Bank herd since Alastair and Christine dispersed in 2007 and have put together a strong group of bull calves to join Ward's this year. We would like to thank John, Miriam and Kerry Buswell at Halcyon Angus for allowing us to buy a group of cows from them, which accelerated our herd building. We couldn't be happier with these cows and the strong set of sale bulls they have given us.

We raise our bulls carefully to ensure they hit your pasture with the condition they need to cover your cows but with soundness and longevity you expect out of your investment. The bulls were started on a legume based screenings pellet then switched to a pellet that included more cereal grains screenings to provide more energy during these cold winter months. The bulls also had access to high quality alfalfa/grass hay. We try to hit the happy spot between too fat and too green. Each extreme has its problems as most of you know. Too fat and they'll melt away to nothing, too green and they won't have the energy to cover all your cows. All the bulls are on a complete herd health vaccination program and will be given a footrot vaccination prior to going to work for you.

We have a range of genetics to offer you including sons of S A V Bismarck, HF Alaskan and Wilbar Tigershark. If you are looking for calving ease specialists with added growth, the Bismarck and Tigershark calves fit the bill. If you want a little more power while maintaining moderate birthweights, the Alaskan calves are some of the best you'll find anywhere.

We would like to thank the Ward family for asking us to join the sale. One of the reasons we came on board is that we respect their commitment to customer service. They back their bulls 100% and their number one priority is their customer. We share this commitment. We measure our success not on how much our high seller brought in but by our bulls going out and doing excellent work for you in your pastures. You coming back to us next year saying what a great job our bull did and how great your calves look is our number one goal. Feel free to give us a call any time. We are happy to work with you to find a bull that fits your needs.

Thank you

**Isla Bank Angus

Bismarck 1302

Here is an ET calf by the calving ease sire S A V Bismarck. He also has HF Tiger on the dam's side so you know this is an easy calving bull. High growth from birth to weaning. This is an extremely long sided, deep individual with lots of hair. True to Tiger fashion he came a week early and the tips of his ears show it but I'm sure the ladies won't mind. Owned with Jonathan Lock of Lock Farms and Jeff Trask.

Aleutian 1305

A favourite since birth, 305A has stood out all year. Placed second in class at Agribition. The Alaskan 94T calves are all proving to be thick, correct cattle with good dispositions and 305A is no exception.

Tiger
308A

Very impressive TigerShark calf. Out of a first calf heifer, she did a whale of a job on this calf. TigerShark really puts a stamp on his calves. Lots of muscle shape, correct, good testicle development, loads of hair and excellent temperament. If you need an easy calving heifer bull that will put pounds on his calves this is your bull.

Isla Bank Angus Black Yearlings...

Notes

Ward's Red Angus was a proud sponsor of the Regina Thunder Football Club. The Thunder were the 2013 CJFL National Champions.

Calving Ease Ratings:

We evaluate each bull for calving ease determined by bone size, birth weight and maternal history. Scoring as follows:

- *** 3 Stars - Recommended for use on moderate framed first calf heifers. Should produce minimal or no calving trouble.
- ** 2 Stars - Recommended for use on large framed first calf heifers. Should produce minimal or no calving trouble.
- * 1 Star - Recommended for use on cows. Should produce minimal or no calving trouble.

Terms and Conditions...

Purchaser's Risk:

Each animal becomes the risk of the purchaser as soon as sold.

Semen Testing and Breeding Guarantee:

All Fall born bulls will be semen tested prior to the sale. Due to the age of the yearling bulls at sale time, these bulls will be palpated and measured by our veterinarian and then semen tested prior to delivery. We guarantee to provide a sound breeding bull capable of passing a semen test at 14 months of age. Any bull failing to be a satisfactory breeder will be replaced with a bull of equal value and quality, or a credit given towards purchase of another bull. All consigners fully stand behind their bulls!

Semen Collection:

Ward's Red Angus & Consignors reserve the right to collect 100 straws of semen on any bull in this catalogue. This collection would be done at our expense and the purchaser's convenience and would be for in herd use only.

Liability:

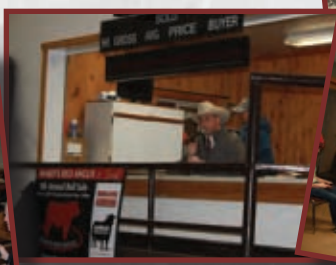

Any liability of the bull is restricted to the purchase price of that bull. If any problems arise, please contact us as soon as possible. Everyone who attends the sale does so at their own risk. The owners and staff assume no responsibility for property loss or for any accidents that may occur.

Weight Information:

BW – is the actual weight at birth (within 24 hours). WW is actual weight taken on September 13, 2013 unless otherwise stated. A current sale weight will be available sale day.

Loadout:

No bulls will be allowed to load out until the conclusion of the sale.
