

Belvin Angus Sixth Annual
BULL SALE

MARCH 6, 2018 • AT THE FARM

Welcome to the 2018 Belvin Angus Bull Sale

As we welcome you to our 2018 sale, and look back on the previous year, it was another one full of challenges for people in the Canadian cattle industry, and for many of our customers. Fire and drought affected people across Western Canada, and many of our friends were faced with frightening circumstances brought forth by Mother Nature. However, cattle producers are nothing if not resilient, and buoyed by strong prices this fall, there is definitely optimism in the industry. Our operation has been expanding the last two years, and with expansion comes the expected challenges with facilities and infrastructure. With this in mind, we decided to undertake the massive job of building new bull pens and a new sale barn. The new sale facility is located 1 mile east of our main farm, and by moving the bulls we were able to eliminate concerns over space and water, and allow our operation and sale room to grow. There were many days, as the hours on the welder began to add up, and as the piles of windbreak boards seemingly wouldn't go away, that we thought this was crazy. However, the final product is something we are extremely proud of, and something we are very excited for everyone to see on sale day. This new facility also underscores our commitment to being in the cattle business, and the purebred Angus business, long term. 2017 was also exciting for our family, as Quinn and Brendyn got engaged in June, and we are looking forward to their wedding this summer.

We have expanded the number of cows we have by quite an amount, but the number of bulls in the sale is growing at a slower pace. We want to insure that the quality of bulls on offer doesn't waver. Again this year, we have an offering of bulls that we feel are extremely uniform. They are sound and athletic, with natural muscle and thickness. This year will feature large groups of sons from our walking herd sires, and select AI bulls. We spend a considerable amount of time trying to find genetics that will work for our herd, and our customers, and we are very excited about the group of herd bulls we have put together.

New for this year, we have a small group of extra age bulls. When Brendyn started in 2016 he brought a group of summer calving cows. We have added more to this calving group, and the extra age

bulls are a result of that. They are also a group that will grow in size going forward. These bulls have never before been offered for sale, they are bred specifically to be sold as extra age bulls. In years to come this will always be the case.

Our bulls are fed a forage based ration, and are fed with an eye towards soundness and longevity. For years we have been proud of the fact that our bulls go out and work in the toughest conditions Western Canada has to offer, from the mountain ranges in BC, to Alberta's foothills and the prairies of Southern Alberta and Saskatchewan. All the bulls are semen tested and vet inspected, and they are guaranteed 100%. Please feel free to stop in and view the sale cattle anytime before the sale.

Again, this year, we have 12 select open heifers in the sale. These heifers represent the same sires and cow families as the bulls on offer, and offer a look at the maternal side of our cowherd. They are right from our replacement pen, and we feel they will make very productive females.

We would like to invite everyone to our new sale facility, east of Bowden, on March 6th. Please join us for a prime rib lunch before the sale, and stay and enjoy some hospitality afterwards. If there is anything we can do to assist in purchasing a bull, or if you can't make it to the sale and would like more information, feel free to call us, or any of the sales consultants. Online bidding will again be offered with DLMS. Videos of the bulls will be posted well in advance of the sale on our website.

Finally, we would like to thank all of the people who have supported us by buying, bidding on, and showing interest in our cattle, in 2017 and years previous. We value and appreciate everyone who supports us, and we are proud of the friendships we have forged with so many leading ranchers across the country.

We look forward to seeing you on sale day.

Regards,

Gavin and Mabel • Colton • Brendyn and Quinn

BELVIN VELASQUEZ 203'11 is a bull that impresses more and more each year. His sons are repeatedly among the favourites in the sale, while his daughters are proving themselves to be elite producers. Many sale features this year are directly out of Velasquez, or out of Velasquez dams. Velasquez semen is now being used in Australia, Argentina and Mexico.

HF JUNCTION 18B was purchased at the 2015 Hamilton Farms sale as one of that year's top bulls. Last year, twelve Junction sons were in our sale and they averaged over \$9500. The Junction sire group is just as strong this year. His offspring, male and female, are dipped ribbed and stout, with lots of shape.

Entourage 7009 is one of the feature bulls in this year's sale. His sire, SAC Conversation, has a different pedigree for our program. 7009 is out of a first calf heifer, and she is an excellent combination of maternal sires Wiwa Creek Monarch and Tres Marias 6301 Zorzal. Entourage is thick and stylish, with a pedigree that is an outcross to most Canadian bloodlines.

El Nino 7136 is one of the top performing bulls in the sale, as stout and soggy as you will find. His maternal brother, Diablo 6088, was a sale feature last year to East & West Ranching, and their mother, Lady Blossom 205'12 has just entered our donor program. 205'12 is a powerhouse cow who is a cornerstone in our herd.

Election 7142 is typical of the Merit Cast Iron 5094C sire group, a powerfully made bull with lots of hip, middle and bone. His dam was selected as a "Pick of the herd" purchase from Crooked Creek Angus and she has turned into a strong producer. Her son last year sold to Quadra Estates.

A feature son of Belvin Velasquez, End Zone 7204 has the muscle shape and masculinity of his sire. His mother is a CAA elite dam from the Forever Lady cow family, one of the great cow families in the history of the Angus breed. 7204 posted the highest WW ratio of all the bulls at 125. Maternal brothers have sold to Jack Kinsella, Flying E Ranches, Alexis Creek Ranch and DMS Ranch.

Herd bull by the breed leader SAV Resource 1441, Dillinger 6215 has been a standout since day one. He is a bull with great muscle expression, thickness over the top and overall presence. 6215 is very good footed and shows great breed character. This extra age bull blends performance, pedigree, and phenotype into a very complete package.

DAM OF LOT 215

EXTRA AGE BULLS

Very powerful, thick made extra age bull with lots of red meat and capacity; true to his RR Rito 707 lineage. Dam is the herd bull producing Tibbie T49 who has an impressive track record with sons working in progressive commercial programs such as 69 Ranch Ltd, Clifton Ranch, and Bar T5 Farms.

GAR PREDESTINED

BREELA OF CONANGA 3991

Montana Octane 6121 was purchased this past November as a sale feature at the Montana Ranch Bull Sale. Octane is long bodied, clean made and big hiped. Sired by the popular outcross sire JMB Traction 292 and out of a top donor female, Octane has breed leading performance. We are excited for his first breeding season this spring.

Baldrige Mercenary D002 is a top end calving ease sire, who combines low BW with strong performance. He is deep sided and thick, and out of one of a top donor cow at Baldrige Bros. in Nebraska. The first Mercenary calves are on the ground now, and they have been born trouble free. His pedigree is a complete outcross to every cow in our herd.

Belvin Sixth Annual BULL SALE

78 ANGUS BULLS SELL PLUS 12 OPEN PUREBRED HEIFERS

terms & conditions

OWNERSHIP

Belvin Angus will retain 1/3 semen interest in all bulls selling. Buyer has full possession and full salvage value of the bull.

CATTLE INSPECTION

All bulls carry permanent identity tags that correspond with the Sale Lot numbers. The bulls also carry a freeze brand, correlating their birth year and their tag number. All bulls have the required CCIA buttons. Cattle available for viewing prior to the sale.

BREEDING GUARANTEE

All bulls sell with the responsible Breeders Guarantee of Satisfaction. All bulls are guaranteed. All cattle sell under the Terms and Conditions set forth by the Canadian Angus Association.

SIGHT UNSEEN PURCHASE GUARANTEE

If you are unable to attend the sale, we have a sight unseen purchase plan that is 100% satisfaction guaranteed. Contact any of us for further details.

INSURANCE

Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock insurance will be available sale day.

TERMS OF SALE

Cash or cheque at par, payable to Clerks on Sale Day. No release of cattle will occur until satisfactory settlement has been made.

LIABILITY

All Persons who attend this sale do so at their own risk, and the owners and sale staff assume no liability, legal or otherwise for property loss or for any accidents that may occur.

ANNOUNCEMENTS

Errors discovered in the catalogue will be corrected from the auction block at the beginning of the sale and such corrections will take precedence over the printed material in the catalogue.

about EPDs

EXPECTED PROGENY DIFFERENCES (EPDS)

EPDs provide a means of comparing genetic merit of animals within a breed. For each trait evaluated, the EPD incorporates the animals individual and progeny performance information from other relatives. Each trait evaluated predicts expected progeny performance relative to the breed average. The EPD itself does not imply "good" or "bad" performance, only whether the performance of progeny is expected to be above or below that of the progeny of the average parents. Cattlemen should on an individual basis, decide what is best for them by considering what traits are important to their program, their current herd performance and the degree of change desired. We encourage you to look at the EPDs, however they cannot be used as an exclusive evaluation system of cattle but rather be added to visual and structural appraisal, existing performance data and other considerations you normally use when making selection decisions.

CAA AVERAGE EPD'S FOR BLACK ANGUS BORN IN 2017

BW	WW	YW	MM	TM	CE	MCE
2.3	45	79	22	47	-8.0	5.0

Catalog EPDs are as of January 3, 2018.
