BULL BOARD

We will keep the bulls free of charge until May 1st. After May 1st at cost.
All bulls staying at Eastondale must be insured.

11th ANNUAL **ON THE FARM**
BULL & FEMALE SALE

WELCOME TO OUR 11TH ANNUAL SALE

Shelly, Erika and I would like to welcome and invite you once again to our 11th sale held on the farm. This is only the eleventh sale held at home but we have been selling only Angus seed stock for more than 30 years and the family has been raising only Black Angus cattle for close to 70 years. We have loved the Angus cow and what she does and how she can provide a living for you. We recognize that the Angus cow is doing it not only for our customers but for many in the beef business.

We take a very modest approach to marketing our genetics; we raise them in a manner similar to most of our customers we believe. No fancy show picture in the catalogue just pictures and videos of the cattle that are real. The bulls are fed responsibly with a targeted total mixed ration set for 3lbs a day gain. The females are not sorted from our own replacements but fed right with them and selected out of that replacement group in early February. They are not over fit but in nice shape and will breed early if desired too. We have always had great conception rates with our open replacements we have kept ourselves or the ones we have bred for the new owners.

We are happy to introduce four new sire groups in our offering this year. This will give our regular customers different options, but yet we are proud of the genetics we have offered for a number of years now. This set of Laramie bulls and females is as good as they have ever been and it will be the last set so if you have not gotten one yet or are considering using our genetics we highly recommend this sire group. They always have lots of hair, are structurally correct, have big testicles and will flesh up real easy.

All the bulls will be Breeding Score Evaluated before the sale with results posted and available. All the females will be palpated as well. We are also Leptin testing the sale cattle and those results will be available as well.

As usual we want to drive your new purchase into your yard whenever we can. This is the most rewarding process for me of all the steps taken in the process of marketing our cattle.

The Angus breed in general has been so well accepted in the cattle industry as a whole in North America. This is due to the capabilities of the mother Angus cow home on the ranch but also because of the recognized high quality eating experience by the end consumer in restaurant and retail outlets throughout North America. We have heard from these retailers and end users that they want our verified Canadian Angus product. This is so valuable and people need to listen here! Please take time to visit with our Canadian fieldman Bob Toner who will be with us Sale Day. He will fill you in on how to order your Angus RFID tags to verify your calves Canadian Angus cattle.

We are also happy to join up with Ken Weichel the manager of the Crop Production Services outlet in Kipling on providing every purchaser of a bull or female at our sale with a bag of grass seed of your choice. 1 bull = 1 bag of grass seed, 3 bulls = 3 bags of free grass seed. Thanks so much to the people of Crop Production Services.

In closing, give us a call anytime for information about our cattle and program. Please stop in prior to the sale to get more familiarized with the offering. Take advantage of the videos on our website that are available of the sale cattle. We see this as a fantastic tool to use. In the end please join us on April 2nd for our annual event! A great steak will be served prior to the sale followed by hospitality after the sale.

Thanks in advance and hope to see you soon!

Dale, Shelly & Erika

A WORD FROM CASTLEROCK

Welcome to the 11th Annual “On the Farm” Bull and Female sale held at Eastondale Angus. The offering before you is very exciting and deep in quality that boasts the traits that make Angus cattle a sought after asset. The old saying that the cattle are just like their owners is something that a good friend told me years back and time and time again it rings true. At Eastondale Angus this saying is very fitting, don’t look for frilly, high maintenance cattle, rather hardworking, honest and what you see is what you get! With some new sire groups being available this year allows for the past customers to work into a new sire line that compliments your herd. Reflection, Thunder, Active Duty as well as a very strong sampling from MAR Innovation. The replacement heifers that are available are a cross section of the sires used at Eastondale and come right out of the replacement pen and boast many of the top cow families that anchor the Eastondale herd.

When you buy bulls at Eastondale you are buying more than just a bull, you’re buying into a long standing program that has been raising Angus for almost 70 years, that’s commitment. You are attaining genetics that are designed to live the same way a commercial producer raises his cattle. A Canadian Angus registration paper comes with every purchased for you to have on file at no cost to you the producer, the car dealership doesn’t send you home without a serial number does it? There’s pride in the paper!

Stop by Eastondale this spring ahead of time and evaluate the offering and a visit with Dale, Shelly or Erika and learn how their genetics can influence your program in a positive manner! Should you be unable to make the sale take advantage of the “sight unseen” purchase program where your satisfaction is guaranteed, we are here to help at your leisure and no expense to you.

See you sale day! *Shane Castle*

TERMS & CONDITIONS

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of Registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, Bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age.

The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or Telephone Bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and Obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
