Colton Hamilton - Alberta Angus Association President
Brian Good - Canadian Angus Association Field Rep.

Welcome...

After a lot of thought and discussion this past spring and summer, we decided that the time has come to scale back our herd a bit and take this opportunity to move our Bull Sale to April after holding it in December for the past 15 years. We look forward to these new changes and we feel that the females we are offering for sale will provide a unique opportunity for cattle breeders to start an Angus herd, or just add to an existing herd. We have been asked a number of times why we are selling our prime females, our young future stars...the answer is this. In the past, we have always provided some of our top heifer calves to sell along with our bulls as we wanted to show case what our cows can do on the female side of things and thought that this would be a great compliment to our bull sale, and it was. Many juniors who purchased Hamilton Farms females have had great success in 4-H and junior shows and many established breeders have been impressed with the productivity from their purchases. Because we wanted this to be a special event, we wanted to do something that would build on the success of our past sales, and create the kind of excitement that can be garnered when buyers know that nothing is being held back. In a way this could be viewed as a dispersal but with the assurance that we will still be here in the future. As many of these females are sired by our current herd bull battery, this will also allow us to continue heavy use of some of our sires like HF Kodiak 5R, HF Tiger 5T, Powerline 0050, and others. Allowing these young cows and their daughters to leave the herd is a testament to our faith in our mature cows to carry the load for the next few years.

I think it is important to mention how our program works and how these cows have been raised. For the past number of years, our heifer calves have been weaned around the second week in September and brought back to the home ranch to be weighed and processed after which they are turned out on grass until they have settled down. After a week or 10 days, they are then turned back out to pasture, (both tame and native grass) and learn to fend for themselves and rustle until the first part of December. Once they are brought home for the winter, they receive a total mixed ration which is 22% chopped hay and 78% silage. They remain on this ration until they go out on pasture the next spring, no grain is ever added to our female rations.

These cows are working cows...they have never been pampered, and they are bringing to the sale an outstanding group of heifer calves that will be sure to impress the most discriminating cattlemen. The bulls that some of these cows weaned this past fall will be available for viewing as well and so plan to come anytime between now and the December 13th to view the lineup. The embryo's on offer in this sale are a sample of our top matings and you can be sure that quality and consistency are built in.

The commercial heifers consigned by Doug and Helga Price, Echo Sands Ranch, and George Murray, GW Murray Ranching, are an outstanding set of bred heifers that I know will make their new owners proud. These heifers are sired by, and bred to, Hamilton Farms Bulls. 150 heifers selected from over 400 replacement females!

In our opinion, the beef industry is setting up for some very prosperous years and this could be a great opportunity to add some quality genetics from the very heart of our herd. As I have mentioned before, we haven't sold any production aged females for over 20 years and what a time to get in on a true breeding program. All of our cow families are represented, lots of half sisters, and lots to choose from.

Join us for our open house on December 12th, 2010, and plan to join us for the sale on Monday, December 13th, 2010.

Looking forward to seeing you,

Sincerely,

Rob & Gail Hamilton

"A very reputable cattle breeder from Scotland commented on the "Power" in Tibbie's head and said it would certainly be a reflection in how well she would breed in the years to come"

MVF TIBBIE 15T

The Matriarch of the Hamilton Herd!

Terms of Settlement...

Settlement should be made with the clerks immediately following the sale. All funds are in Canadian dollars and we will have the exchange rate on sale day for our U.S. friends. Please make sure to have the clerks record your transfer instructions and shipping information at the time of purchase.

Terms & Conditions...

All cattle sell under the standard Terms and Conditions set out by the Canadian Angus Association.

Insurance...

There will be an insurance representative present sale day. We strongly recommend that insurance is purchased for the value of the animal.

Air Travel...

All major airlines serve Calgary International Airport

Disputes...

Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue.

Loading Out...

Please bring your own truck & trailer, loading out will be available after sale.

Registration Papers...

All animals selling are registered and will be transferred only upon full payment.

Embryos...

All embryos are guaranteed exportable.

Liability...

Hamilton Farms accepts no liability for accidents that may occur. Mishaps at cattle sales are very rare, but all attending must do so at their own risk.

Pregnancy Information...

All serviceable females have been pregnancy examined by an accredited veterinarian, giving an estimated date of conception. This estimated date shall be used only as a guideline to calving and is not a 100% guarantee of actual service date.

Shipping...

We will assist in arranging transportation wherever possible. Cattle will be available for loading after the sale. We will assist in arrangements for cattle to be shipped to buyer.

H.S. Knill Co. (519) 442-3106

Bruce Stewart (204) 773-6695

Continental Cattle Carriers/Rick Silbernagel 403-946-4172 or 403-620-7896

U.S. Shipments...

Hamilton Farms will do all health testing and export papers required for shipment. We will assist in arrangements for the cattle to be shipped to central points in the U.S. Cost is the responsibility of the buyer.

Feature FEMALE Sale

HF Kodiak 5R

Kodiak has established himself as one of the leading sires in the Angus industry today...He is a proven herd sire that consistently produces the cow mans kind and does so without sacrificing good looks and eye appeal.

Kodiak sold through the 2005 Masterpiece Sale and went to Soo Line Cattle Co. and Geis Angus for \$45,000.00 for ½ interest. His progeny have consistently topped sales held by Soo Line Cattle, Geis Angus, and Hamilton Farms and he is far from being out of date. Many sons have sold with hi-lites being HF Tiger 5T, high selling bull at the 07 Hamilton Farms sale for \$52,000.00 for ½ interest to Ring Creek Farm, HF El Tigre 28U, high selling bull through the 08 Masterpiece Sale for \$82,500.00 for ½ interest to Ring Creek Farm, HF Erica 26T, high selling female at the 07 Hamilton Farms sale for \$20,000.00 going to Continental Angus, Dr. Gordon Atkins, and Walkerbrae Farms. Kodiak's first 40 calves to sell at auction averaged over \$7000.00, his progeny still demand a premium, and this year marks his 4th calf crop to hit the ground. Ko-

diak's progeny have done well in the show ring as well as the pasture...At the 2009 World Angus Forum, Kodiak was awarded 'Premier Sire' of the Show. His son HF Tiger 5T was the Grand Champion Bull, HF El Tigre 28U was Junior Champion Bull, and HF Erica 26T was Champion 2year old cow/calf pair. The latest accomplishment was with Soo Line Cattle Co. winning Grand Champion Pen of Bulls at the National Western Stock Show in Denver with Kodiak sired bulls. Never before has a Canadian breeder won this prestigious event let alone a Canadian bred bull being the sire.

Note his impressive EPD's for birth, performance and milk! Cows bred to Kodiak typically calve 5 to 10 days early, have low birth weights and wean heavy. His daughters have awesome udders with tight attachment, small teats, and longevity to burn. There is a reason Kodiak is so popular today...he breeds true and he is the cow mans kind.

GRAND CHAMPION PEN OF BULLS AT THE 2010
NATIONAL WESTERN STOCK SHOW, DENVER, CO
WAS Sired BY HF KODIAK 5R

Feature FEMALE Sale

HF Tiger 5T

Tiger is one of our feature herd sires that sold in our 2007 bull sale for a record breaking \$52,000.00 for one half interest, going to Ring Creek Farm, Pat and Len Friedel, Fairview, Alberta. This bull represents all the qualities that we are looking for in Angus cattle. First of all he was born unassisted from a 2 year old female with just a 76 pound birth weight. He then performed all summer and weaned off his mom on August 30th with a weight of 830 pounds. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character. His dam, HF Echo 84R, is a hard working Freedom daughter from the Echo cow family which has contributed so much to our cow herd. In 2008 she again did us proud by weaning her second calf at 880 pounds, a bull calf named HF El Tigre 28U who is a carbon copy of Tiger. El Tigre 28U sold at the CWA Masterpiece Sale 2008 to Ring Creek Farm for \$82,000.00 for ½ interest. El Tigre also posted outstanding birth to yearling numbers: BW - 85, 205 Adj Wt - 795 lbs and 365 Adj Wt - 1425 lbs.

Tiger is sired by HF Kodiak 5R who has done an impressive job of breeding in our herd as well as Soo Line Cattle Co. and Geis Angus herds. We feel that the value of Kodiak and Tiger's progeny will be appreciated for their early gestation and calving ease, true and reasonable performance, and correct structure. HF Tiger 5T has been an important part of Hamilton Farms and Ring Creek Farms program's and will continue on into the fu-

ture. All indications in his first two calf crops is that Tiger will breed true and very similar to Kodiak.

In 2007 Tiger was named Reserve Senior Bull Calf Champion at the Olds Gold Show, Senior Bull Calf Champion at Farmfair, and Supreme Champion Bull in the 'Legends of the Fall' all breeds show at Farmfair, and won Senior Bull Calf Champion at Agribition. In 2008 Tiger was Grand Champion Bull at Spruce Meadows and Year II Angus Futurity in Olds, Reserve Grand Champion Bull at Farmfair and Grand Champion Bull at Saskatoon Fall Fair as well as Supreme Champion Bull over all breeds. Then to top it all off in 2009, Tiger was undefeated being named Grand Champion Bull at the World Angus Forum 2009 at Spruce Meadows in Calgary, AB, Grand Champion and Supreme Champions bull at Farmfair International, Grand Champion and Supreme Champion Bull at the Canadian Western Agribition. Tiger was also part of the Champion Breeders Herd at Spruce Meadows as well as having a number of his progeny win their classes and go on to be Division Champions. A true sign of his value is when he can breed the type of cattle that he has in his first two calf crops.

The HF Erica Cow Family

LOT 1

HF ERICA 26T

Erica 26T has been a standout since birth and has been admired by so many who have toured our herd. She is a model Angus cow with superior muscle shape, udder confirmation, and overall femininity. Erica 26T was the high selling female in our 2007 sale and was selected by Continental Angus, Dr. Gordon Atkins, and Walkerbrae Farms, for \$20,000.00 for ½ interest. Her show career has been consistent, winning Sr. Heifer Calf Champion at Agribition 2007, Sr. Yearling Champion, Farmfair 08, and Champion 2year old Pair at World Angus Forum 2009. 26T's first calf was an impressive bull by Predominant, which posted an 81 pound birth weight, and an adjusted weaning weight of 808 pounds, ranking 7th out of 154 bulls. Her second calf is coming to you in this sale...a powerful Southland Exclusive daughter that will be one of the highlights of the day. At her first show, HF Erica 20X was Supreme Champion Heifer in the Legends of the Fall Show at Farmfair 2010. Sired by Kodiak, one of the premier sires in the breed, and out of a strong TC Freedom daughter, which is building her own credentials and rising to the top of our elite cows at Hamilton Farms. HF Erica 26T definitely warrants being Lot 1 in this select sale and should have a great future ahead of her.

HF ERICA 25K • DAM OF LOTS 2A & 2B

Erica 25K repeatedly produces the right kind for us. She is a full sister to HF Justice 52L who served as a herd sire for Prime Time Cattle Co. and another full sister sold to Gigginstown Angus, Ireland, for \$10,000.00. She is also a maternal sister to the dam of HF Erica 26T who sells as Lot 1. Erica 25K has had success in the show ring as well, including Res. Champion Female-Agribition 2001, Heartland First Lady Classic 2001, and Supreme Champion female, Olds Fair 2002. Erica 25K's heifer calf Erica 394X (x Kodiak) is a feature lot in the 2010 Masterpiece Sale at Agribition.

REF

The Echo Cow Family

LOT 3

HF ECHO 247T

E-C-H-O spells stunning, which is how many astute cattlemen have described the Echo family. Like they say....the apple doesn't fall far from the tree, as daughter after grand daughter after great grand daughter confidently upheld the family name.

The Echo cow family possesses unmatched poise and eye appeal. We could write a novel with the accolades and achievements the Echo's have accomplished, but probably most importantly is how the Echo cow family keeps rising to the top generation after generation.

Our original Echo was Duralta Echo 32E, the matron of the Echo family. 32E was only ever beaten in the show ring by her stall mate HF Blackbird 99G. Just to mention a few of her accomplishments, Echo 32E was Grand Champion Female at Calgary, Farmfair, Agribition and Saskatoon in both 1997 and 1998, then was kept open for flushing in 1999 and back on the road in 2000. Again, she went above and beyond notching up two Supreme Championships both in Calgary and Regina Agribition. Also adding to her wall of fame were sales like high selling heifer calves to Express Ranches for \$17,000.00, another to Simcal Investments for \$16,000.00 and a herd bull prospect to K-Deen Angus and Bert Shantz for \$15,000.00.

HF Echo 83J was Show Female of the Year 2002 after winning Res Grand Champion Female at Calgary Stampede and Farmfair International, and Grand Champion Female at Saskatoon Fall Fair and Agribition 2002. Her calf that showed along side of her that year was the High Selling Female at the Masterpiece sale, going to Remington Cattle Co. for \$16,500.00. Echo 83J is the grand dam of the high selling bull HF Xtreme 117U going to Southland Angus, Shaunavon SK for \$14,000.00. Echo 83J is also the great grand dam of HF Tiger 5T.

REF

HF ECHO 83J • GRANDDAM OF LOT 3

2002 SHOW FEMALE OF THE YEAR

Feature FEMALE Sale

Echo Cow Family

One of her greatest accomplishments occurred when Echo 32E was flushed to TC Freedom and Echo 187N and her outstanding flush mates were born. A full sister sold to Marlene Douglas for \$17,000.00, half interest in HF Free Wheeler 191N to LLB Angus for \$9,000.00 and yet another full brother for \$7,750.00. Echo 187N may have surpassed her dam in her accomplishments, in the open show, going undefeated as a calf, yearling and then topping it off in 2005 by reigning Grand Champion Female at Calgary, Farmfair and Agribition as well as Supreme Champion Female at Calgary and Agribition. But probably more importantly is the fact that we have had more people from every breed complimenting us on the quality of this female, regardless of breed or color. Other Echo females of note in the family are HF Echo 6N, the grand dam of our herd sire, HF Tiger 5T and HF El Tigre 28U. The great grand dam, HF Echo 83J was Show Female of the year in 2002 with high sellers including a heifer calf going to Remington Cattle Co for \$16,500.00. The proof is in the pudding in the lineage of this cow family.

The Blackbird cow of notoriety is Wyatt's old show female HF Blackbird 99G, who you will note as the grand dam or great grand dam in many of the pedigrees. Blackbird 99G can also list off many accomplishments including Champion First Lady Classic at Agribition, Grand Champion Female at Agribition and Farmfair, as well as numerous Junior Championships. She is a very deep bodied, great uddered, thick and easy fleshing female that moves like a cat. Blackbird 99G is the dam or grand dam of high sellers like HF Blackbird 120L (x Battle Cry) to Leonard and Sandra Kesteven. A herdsire, HF Supreme 37T(x Kodiak) to Early Sunset Ranch for \$21,500.00 as well as a herd sire to M&J Farms for \$5100.00. One of the most notable characteristics of the Blackbirds is their outstanding quiet disposition. This cow family is cherished at Hamilton Farms for having outstanding phenotype, volume and thickness, and udder quality which is second to none.

AI APR 20 TO HF TIGER 5T CHECKED SAFE. PE HF HEMI 151T MAY 8 - JUNE 19

This is the cow family that was an integral part of putting Hamilton Farms on the map in the Angus Breed. We acquired half interest in MVF Tibbie 15T in 1986 from Mountain View Farms and she has since become the Matriarch for the Tibbie family with her offspring dominating the show and sale rings in the country for years. Tibbie 15T was certainly one of the most productive cows in Canada and the following offerings continue to prove this statement. We were a part of MVF's cow herd dispersal in 1991 called "A Tibbie Celebration" which was an unbelievable event. Presently approximately 75% of our 450 head cowherd had "Tibbie" in the lineage, obviously she has stood the test of time. Tibbie is also lined up in the Echo pedigree, so the influence of the "Tibbies" run very deep. I believe the females will speak for themselves as the tremendous accomplishments over the years are too numerous to list in detail. Many years ago, a very reputable cattle breeder from Scotland commented on the "Power" in Tibbie's head and said it would certainly be a reflection in how well she would breed in the years to come.....and we would have to agree.

Feature FEMALE Sale

The HF Erica Cow Family

The Erica cow family have been real consistent producers, some like our feature Lot 1, that have been down the road frequenting shows and sales, but many have been front pasture cows raising the kind of calves that top our bull sales every year and rank real high in our books. These are often the cows that make you the most money!! There is a 15yr old elite cow that you will find in a number of pedigrees, HF Erica 61F who brought in a super heifer calf again this fall. I don't think you will go wrong with an Erica cow in your cowherd.

The HF Evening Tinge Family

LOT 65

HF EVENING TINGE 138W

This cow family has played a huge role in the growth of Hamilton Farms. There are 2-15yr old Evening Tinge cows still roaming the pastures with as good an udder as you will find in our 2 and 3 yr old females and as sound on their feet and legs as you could ever wish for. There have been Evening Tinge females sold throughout Canada and around the world, with great success. Our boys showed Evening Tinge females when they started showing (ages 5&6yrs) because they had such quiet dispositions. A cow family we have truly enjoyed having in our herd.

Rosebud Cow Family The HF Rosebud Family

The Rosebud cow family originated in our herd as a true building block with Miss Rosebud GV 32G. This was one of the original cows we purchased from Gothold Reich in 1981. Rosebud 15C was flushed extensively resulting in a number of daughters being retained in the herd. Progeny of the Rosebud family were not only show winners, such as Legends of the Fall Champion, Grand Champion Female at Calgary Stampede, as well as sale toppers at various shows and sales. A bull calf went to Willie Robertson in England for \$12,000.00, a heifer calf for \$13,000.00 and yet another heifer calf going to Ireland for \$10,000.00. The first 13 calves sold from Rosebud 15C averaged just over \$6200.00 and 15C could be labeled as the backbone of the Rosebud "producers". A Free Wheeler bull calf out of a Rosebud female sold to Dave and Lynn Longshore and has done a phenomenal job of breeding in their herd. Rosebuds are moderate in stature and very functional females, with plenty of eye appeal and do ability. Rosebud's are truly one of the pioneer cow families at Hamilton Farms.

LOT 81A

HF LUCY 105X

A big part of the Lucy cow family goes back to the HF Lucy 84J, who was an Elite cow in the CAA and a beautiful Greens Premium daughter with loads of volume, and the ability to produce them the same way. Lucy 220S is a very hard working cow, bringing in top calves every year, which she has done again this year. Her first 2 calves were top end bulls going into commercial herds, with her 3rd calf being an Exclusive heifer that you will not miss in the heifer pen. Lucy 220S is the only female bred to Connealy Consensus in the offering besides the embryos that are selling.

LOT 89

HF PRIDE 755

This cow family came to Hamilton Farms with the original group of cows that we bought from Gothold Reich (Green Vale Angus) in 1981. Old GV Pride 20C is found in every Pride female in the sale, talk about longevity!! They are very moderate in stature, thick and very easy doing, with very well attached udders and small teats. They have certainly survived the test of time, Pride 84F just went to town this fall only because she had injured her hip late summer. Pride 75S was open last year as we were flushing her and sending embryos to Australia.

Miss Blackcap 27R and her Tiger bull calf, HF Swagger 75W were awarded Reserve Late Mature Cow/Calf pair behind the Grand Champion Female from S00 Line Cattle Co. 27R is prototypical of what an Angus female should be...Lots of volume, beautiful udder, great structure, and nice fronted. HF Swagger 75W sold in the 2009 Masterpiece sale to Chute Creek Ranch for \$37,500.00. Miss Blackcap 27R was Reserve Champion Female at Agribition 2006 and her heifer calf at side brought \$9000.00 in the HF sale going to GMC Angus. A great opportunity to purchase some very exciting matings.

AI MAY 11 TO HF KODIAK 5R CHECKED SAFE. PE HF KODIAK 250U JUNE 2 - JULY 19

Commercial Females HF Sired Commercial Heifers

Consigned by Echo Sands Ranching, Doug and Helga Price from Acme, Ab and
George Murray, GW Murray Ranching Ltd. from Tilley, Ab.

**These feature commercial heifers are sired by and bred to
Hamilton Farms bulls. Approximately 150 bred heifers on offer.**

Echo Sand Ranching Ltd. Is owned and operated by Doug and Helga Price and family from Acme AB. The ranch has been predominately a black herd for the past 15 yrs, using Black Angus bulls mainly from Hamilton Farms for our replacement females, with a shot of Black Maine bulls as a terminal cross. We calve about 3500 head, so calving ease and low maintenance type of cattle, with super mothering abilities are of the utmost importance. We finish our own calves, so top performance and easy finishing cattle are what we strive for. We got involved with Cow/Calf Herd Health Management services with DR. Troy Drake about 7yrs ago, and with this program we are able to fully trace the value of the carcass back to the mother cow within our herd, which has enabled us to use this in our selection criteria for our replacements. These heifers have been selected out of 220 head of females sired by Hamilton bulls and bred back to Hamilton bulls. We started breeding 23Jun10 and bulls were out for 60days.

Doug Price 403-809-5866

GW Murray Ranches has been raising commercial cattle just outside of Brooks, Alberta for over 50 years. The cow herd has evolved into a predominantly Black Angus cow herd because of the need for easy maintenance, strong mothering ability, and trouble free udders. This past breeding season we synchronized our breeding heifers and AI'd them to easy calving, maternally focused sires. These bred heifers were mostly sired by Hamilton Farms bulls and were AI'd to HF Tiger ST. We will be offering 45 heifers bred to Tiger and 15 heifers bred to easy calving Hamilton Farms bulls between June 20 - July30th. The 45 synchronized heifers were bred to HF Tiger on June 14th. All of these heifers are brand free.

George Murray 403-362-1120
