WELCOME

Welcome to the Mulberry Mayhem Volume 1 and we have an extremely powerful lineup of genetics to run alongside such an awesome weekend of Angus sales with the Touch of Class Friday night and the Pride of the Praries which will happen just before the Mulberry Mayhem. We have a set of ET heifer calves that are blow your mind good, not to mention the brood matrons that are proven to the point where if they haven't been flushed you need to be flushing these cows. Over the years we have many sires come and go but look back through sale catalogs from 3, 5 and 10 years ago. How many of those bulls are still being used today, how many of them are even around today. Mulberry was born in 2004 way up in the Peace River Country where Nick Van Galen of Fine Line Red Angus resides and through his bull sale where Mulberry was the High Selling Bull to Brylor Ranch that stormy March day, the rest has become Angus history! Mulberry was campaigned successfully throughout the country where he was admired for his power, muscle and mass. What nobody knew at the time was how amazing his daughters would turn out to be. There's been a many a dispersal where we've seen the full effect of Mulberry's ability to sire the females to the level he has, not to mention all of the numerous other sales where his progeny have anchored the highlights of the sales page. 13 years later the type of cattle that Mulberry sires are still very much in vogue today, classics never go out of style. Join us in Saskatoon on December 8th and 9th for history in the making and a great weekend of Angus Fellowship!

See you sale day!
Shane Castle

MULBERRY MAYHEM

Lot 1

Phenotypically, this heifer has been a favorite of ours from early on. This heifer carries an elegant front end, tons of length of spine, and depth of body, you have to appreciate 12E for her overall shape of muscle. 12E was recently selected as the intermediate heifer calf champion at the Black Diamond Acres Stockade Round-Up in Lloydminster.

Lot 2

It's difficult to write footnotes on a heifer that brings so many attributes to the table in such a unique package. 19E has all the right tools- clean fronted, robust in her rib cage and stout structured, this Mulberry daughter is sure to sort her way to the top. 19E was recently selected as the junior heifer calf champion at the Black Diamond Acres Stockade Round-Up in Lloydminster.

LOT 2

LOT 3

Lot 3

An ET heifer that is royally bred in Canadian Angus standards. The Lady Trooper family has long been linked to many a banner and High Selling plaques over the years. 2E's dam, 114Z was a High Selling bred heifer in the 2013 Red Roundup as well as being crowned the Canadian Gold Show Female of the Year in 2013. I know you will be impressed with the overall softness and balance of 2E all the while blowing you away with her incredible performance. Check out her video from back in September on our website www.brylor.com

Sells with 1 straw of Assassin semen.

2016 LOT 4

Lot 4

Lady Trooper first came to light in the 2013 Red Roundup Sale and topped the event at \$16 500 to Brylor. She then went on to be named the Canadian Angus Show Female of the year. Her 1st calf then topped Red Roundup 2015 at \$14 000 to Bullis Creek in Nebraska. The sire to these frozen genetics are the one and only Mulberry 26P – the absolutely timeless and ageless Red Angus Red Angus Bull a 2X Agribition Grand Champion Bull by the way!

Selling a package of three #1 grade frozen embryos by Mulberry 26P, guarantee 1 90-day pregnancy if implanted by a certified technician. FOB DRI.

Full Sisters

What an opportunity to purchase not only one but 3 great full sib females sired by Mulberry. Mulberry has been a breed leader and changer, not many bulls of any breed can have a sale dedicated to just them. It doesn't matter which country you go to in the world; Mulberry works in every country.

Mark Chriss purchased a flush on 46X from us at Red Round Up and wondered if we would partner with him by putting these embryos into our recip cows. We ended up with 3 heifers and 3 bulls. When Mark was choosing the sire of this flush he knew how well the Mulberry x Squall mating worked, and once again it clicked. After Mark purchased the flush, we offered 46X up for half interest and we were fortunate to partner up with Mark once again on this great cow. 46X is a direct MA free daughter of Squall, she is a massive middled, angular made female, with a great udder. We feel that all 3 of these females will be great females that could turn into show heifers and even donor dams in the future. Just imagine of the possibility of having all 3 females in your herd and producing for you.

LOT 8

Lot 8

A true Feature Lot for the 1st ever Canadian Mulberry Mayhem Sales event! She was purposefully selected on several aspects of her amazing career thus far. She is as big and good and solid of a Mulberry cow as we have had. A successful donor cow and can raise herdbulls. She has had sons sell for \$23,000 and one at \$8000 to Atkins. 822W has an amazing (and oh so typical) udder and fabulous feet. This cow will be a front pasture money maker for any producer who would want her to headline her operation. 822W was the very 1st cow we AI'd to our \$77,500 newest herdsire, Assassin. Come to Saskatoon in December and see all that this cow and her paternal siblings have to offer.

AI April 19th to Red Cockburn Assassin 624D.

WOW!! Can't believe we're selling this one!! An outstanding direct daughter of the old king "Mulberry 26P". Gravity 72X was many times Champion in both 4-H and Purebred shows. At the 2012 Manitoba Livestock Expo she was Grand Champion Female and thus competed in the RBC Supreme at Agribition that year. At the 2011 Swift Current "Frontier Days" 72X was the 4-H Heifer Champion as well as winning the Jackpot Show. At the 2013 Manitoba Livestock Expo, a son was Reserve Champion Bull. A granddaughter was just recently one of the top heifer calves at Red Roundup selling very well to Vikse Family Farm.

Exposed to Red Wilbar Colossus 830Z from April 10 to Aug. 10. Preg Checked 5 1/2 months on Oct. 6.

We would like to reserve the right to one flush at our expense and the buyer's convenience.

When deciding last year it was time to think about reducing our herd as Kodie will be moving on to post-secondary school, we knew we had to give up one's you would love to keep. Here is a cow we are really proud of. She is deep bodied with a really nice udder under her. She is dark cherry red and is bred to Red Blairswest Power Up 1B that makes her calf inside full of potential.

Exposed to Red Blairswest Power Up 1B, May 20th - Oct. 4th 2017.

Lot 11

23A is a cow we are very proud to offer this fall. She was purchased as a yearling heifer from Bryan & Tracey and has done a tremendous job in our cowherd. 23A stems from the respected Bayberry cow family and she is one that is big bodied, sound, functional and a cow in the prime of her life. We wanted to be selective and bring our best, so here they are! I could go on and on about this cow but, once you see her in flesh, there aren't many words that don't describe her. Mass power and presence, she has it all! This future donor has huge earning potential; take her in any direction you please...opportunities such as these don't come up every day!

Red Wilbar Bayberry 23A is AI'd to Red FineLine Mulberry 26P April 25, 2017.

Lot 12

55E is a bull with a tremendous future. It was early September when Shane was up touring through our cowherd, he came across the dam of 55E, 23A. Shane asked about the cow, I explained her breeding, lineage, and then that's when 55E made his way through the trees to his mom. It wasn't long after that, the debate and conversation was on to put the pair into this sale. Kirsten and I wanted to offer our best for this feature sale of 2017. 55E is a bull that will incorporate maternal value into any cowherd, he is a bull that is powerfully constructed in terms of muscle mass and shape, and doesn't sacrifice balance or power. 55E is wide based; he stands with tremendous presence and is bold sprung. If you like power, presence, hair quality, and a dark red color... Reddington 55E has it! 55E is one that will not disappoint and deserves the utmost attention for those who are in constant search for their next herd bull.

Lot 13

Nikita cows at Brylor are a very cherished tribe of females. Nikita 2N was a \$6400 Red Roundup purchased in 2004. She was a very successful show cow for us for years. We have 5 full ET sisters to 21Y including 3T (see Lot __ in this sale) 97Y just sold in the TWAV for \$13,750 and 44B a full brother is at Y Coulee for \$27,000. 16B at Brylor has a very comparable udder to both 21Y and 3T.... gorgeous! We will supply any semen we have to flush 21Y at DRI including Assassin or our newest addition Poker Face!

Future Flush Lot.
Guarantee 6 viable/ freezable embryos
Buyer pays flush costs at DRI
Brylor will split embryos after 8.
Mutually agreed upon sire.

A frozen package of the freshest Red Angus genetics from Assassin and one of the most desirable Mulberry cows we have. Nikita 3T has as good an udder as I have ever seen! We have 5 full sisters to 3T in our herd and a full brother sold to Y Coulee for \$27,000. 3T herself produced our lead off bull last fall at \$10,000 to Wade Chester and a \$16,000 bull to Bobby Bell in Arkansas. 3T's full sister just sold for \$13,750 to OTM in Oregon.

3 embryos sired by Assassin 624D
Guarantee 1, 90 day pregnancy if
implanted by a certified Vet.

LOT 14

Dam of LOT 15

Lot 15

Phenotypically 133Y is one of the most impressive cows that's walked our pastures. She's big middle, huge ribbed and has an awesome udder. Production has been great with her first daughter being arguably our best breakout daughter and also the dam of our Power and Perfection bred heifer this year. She had a son that was a feature in our 2015 bull sale and sold for \$13,750. Unfortunately we lost her 2016 calf by Cowboy Kind but her 2017 calf also by Cowboy Kind is a member of our pen of 3 bulls at Agribition and will be a sale feature this year. Cow family is second to none as she is a direct daughter of 443P, the dam of Red Cockburn Ribeye 308U. A maternal sister is the dam of Assassin, our \$77,500 high selling bull this past spring and a half embryo interest recently sold in her for \$20,000.

Selling 3 embryos by Red Cockburn Assassin (FOB Bow Valley Genetics) Guaranteed 1 pregnancy if implanted by a certified Vet.

LOT 16

Lot 16

158T's dam came to Ole Farms as a daughter of the outcross sensation MVHF Innovator 49B who was a direct son out of the original Tibbie cow family. 158T has a great production record for us and while not just any cow would get flushed at Ole Farms and as a daughter of the highly maternal, performance sire Ole's Oscar who served in the ABS Lineup in the USA as well. When thinking of bulls to flush 158T to and some marketability an easy choice was Mulberry 26P. The combination of these genetics will not only leave you an endless opportunity of producing a herdsire or a female that will undoubtedly have great earning potential, not to mention a great EPD profile.

Selling a package of three #1 grade frozen embryos by Mulberry 26P, guarantee 1 90-day pregnancy if implanted by a certified technician. FOB place of storage

Lot 17

We selected a flush on this cow last year as we couldn't help but admire her for her femininity, balance, structure and great udder, but then she is a GEIS cow so this is what we expected. 955W is sired by the great Kodiak 5R bull that has left a definite stamp on the Angus world through his daughters. The Lady Lyn cow family is backed by one of the great Angus families in the breed and when you see Blackman 252'96, Queen Ruth 27F and Chief 80G it puts the genetic perspective of this female into play. What do we flush her, how about Mulberry, an obvious choice to mate some of the Angus breeds genetics and use some outcross matings to build your own kind of special with this mating.

A - 3 embryos
B - 3 embryos

Selling two packages of 3 embryos each. Guarantee of 1 pregnancy for 3 or guarantee of 2 pregnancies if you take all 6 if implanted by certified embryologist. FOB DRI

Selling 100 straws in 10 straw increments on the King of the World called Mulberry! No one would have known the impact this great breeding bull would have on the Red Angus breed all over the world as he had. His daughters are absolutely gorgeous and after all these years are still very much in fashion! His sons have been a huge part of many a bull sale around the country and just add value wherever and whenever presented. That is the sheer beauty of a bull such as Mulberry...he has never ...or ever will go out of style or favor with Red Angus people. Ever! Get some of his frozen DNA in a straw of semen and AI some cows to produce the next entry into the Mulberry Mayhem Volume Two in 2019.

1. **TERMS:** Unless otherwise previously arranged with an individual consignor, terms of this sale are cash payable in Canadian funds at the prevailing rate of exchange on the day of sale. All cattle may be held until the selling agent is satisfied that suitable arrangements for payment are made.
2. **IN THE CASE OF ILLNESS,** a veterinarian will be called by the Sales Manager if deemed necessary, but any expense involved will be the responsibility of the CONSIGNOR until the animal is sold and the PURCHASER thereafter.
3. **AS SOON AS AN ANIMAL IS SOLD,** it becomes the responsibility of the purchaser.
4. **BIDS:** Every animal entering the sale ring will be sold to the highest bidder. There will be no by-bidding by the owner or anyone authorized by him, however, the owner will be permitted one protective bid.
5. **DISPUTES:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.
6. **ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time, and such corrections will take precedence over the printed matter in the catalogue.
7. **CERTIFICATE OF REGISTRY:** A CANADIAN certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.
8. **SHIPPING:** Assistance will be given in making shipment after the sale, but no risk is assumed by the Castlerock Marketing or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.
9. **ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of the buyers, neither the Auction Market, the Sales Manager, nor any owner assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.
10. **LIABILITY:** Saskatoon Livestock Auction and Castlerock Marketing are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made by the seller.
9. **BREEDERS GUARANTEE:** The terms standard with the Canadian Angus Association shall apply. Beyond that: (a) All animals sold are guaranteed breeders. (b) All bred females have been declared safe in calf by a qualified veterinarian. Pregnant females are guaranteed pregnant a minimum of ninety (90) days. (c) All mature females raised a calf in this year. (d) All calendar year heifers are guaranteed open at time of sale. Any animal that has not proven itself a breeder within six months after the date of sale, if, in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of ALL claims. Any complaints regarding fertility of any animal in this sale shall be directed to the Contributor. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf shown and/or flushed by the purchaser is no longer guaranteed a breeder under this paragraph #9.
12. **INSURANCE:** Livestock insurance and/or transit insurance will be available. Insurance rep, Larry Toner, will be on-site Sale Day.
13. **TESTING:** All cattle will be held at sellers' expense until all necessary health requirements are met.
