www.castlerockmarketing.com

As I write this we are in the midst of a southeast Saskatchewan March blizzard. Calving has been going strong for a month and it has been a good season. The calves are coming about the right size without assistance and wow, they are vigorous, even the numerous sets of twins we have had. It certainly wasn't as mild as last winter but it has been better than most following on the heels of a trying and very wet Autumn. The cattle market has been a bit unpredictable over the last year or so but it seems to have leveled off at a fairly strong point and going into spring we feel very positive about the livestock industry. That may have something to do with the fact that like so many of the rest of you, we continue to hammer away at things, living the dream of making a living out of a cow. We can't help but be proud of the group of bulls we have on offer this year. We continue to demand multi traited cattle that begin with calving ease, perform well, have the potential for above average carcass quality, can be a positive addition to the maternal makeup of your herd and they need to be sound because we like our cows to last a long time. We look forward to your appraisal and would welcome a chance to show you the bulls in their own environment with lots of room for exercise. Talk to us ahead of time and we will try to accommodate your specific needs. Remember the sale doesn't end when the hammer drops. We aren't satisfied unless you're happy with the product. Be sure to join us on sale day for lunch. If you can't be with us sale day, and would like to participate please call us, or contact Shane or Devin with Castlerock, Auctioneer Brent Carey or one of the sale staff and they will be happy to help.

Alain, Karen and Alexis

◆ A Word From CASTLEROCK ◆

Welcome to the 2nd Annual Section 7 Ranch Bull Sale! We are excited to be working with the Decorby family and the great set of bulls they will be bringing to Whitewood on April 7th! This offering is impressive on many levels, first and foremost is the quality of the bull pen front to back. The performance that these bulls carry is impressive as you will see many of these calves were born in March, Angus bulls that calve easy and grow and perform with the best of them. Hair, these bulls carry tremendous hair coats which came in handy this winter and the buyers in the front row of the calf sales make it a must! Soundness and disposition, again traits that matter not only from your farm but all the way down the line is a must. Last but certainly not least is these cattle are pedigreed up with proven genetics from sires that are proven, the heifer mates to this set of bulls is equally impressive. If you get a chance have a look at them you will be impressed.

The bulls are sired by RB Active Duty (sired the high seller last year to HBH), Bar H Titlest 45A, SAV Brilliance, S7R Startup 5A and some of the first calves to be sold in Canada out of MAR Innovation 251! The bulls offer the genetics and phenotype to sire a top set of calves while making a great set of heifer calves to boot. If you know Alain you will know how passionate he is about the cattle industry and the cows that roam their pastures. An astute cattlemen which I have a tremendous respect for as he wants the cattle to be right in every way and it burns inside to make his goals a reality.

I would encourage you to take the time to visit Section 7 at the ranch to see what it's all about and the cattle raised by this hard working family. The bulls will be available for viewing at home and the day before the sale in Whitewood. We welcome you to join us sale day to evaluate these bulls. Should you have any questions regarding the offering be sure to give Alain a call as well as the sales staff or ourselves at Castlerock Marketing! We'd love to hear from you. Should you be unable to attend the sale you can use the sight unseen program to select your next herdbull(s) at no cost to you.

Shane Castle

◆ TERMS & CONDITIONS ◆

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager. **Bidding:** Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set. **Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final. **Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. **Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements. **Certificate of Registry:** Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made. **Breeders Guarantee, Bulls:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze. **In no event shall the seller be responsible for more than the purchase price.** The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time. **Exception guarantee:** In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void. **Settlement:** Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator. **Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property. **Mail or Telephone Bids:** Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale. **Rights and Obligations:** The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.

Reference Sire A

We were so impressed with the way Titlest worked around here that we went and bought a son. Bar-H Titlest 45A was selected for his incredible depth of body, base width, balance and his beautiful perfect uddered dam. We had the misfortune to lose him at the end of the first breeding season but he sired a bunch of calves and he did not dissappoint. Many sons sell.

Full brother was last years high seller to HBH. Check out the birthweight on this potent breeding tool. Black Ops has a great look and his dam is a prolific Rainmaker daughter that never misses. Sons are in use in our herd and at Bodenstaff Inc. We think this guy would be safe to try with the heifers. Retaining a ¼ semen interest.

\$100 OFF

Take your bulls home from the sale
and receive \$100.00 off every bull.

All bulls returning to Section 7 Ranch must be insured. Bulls will be maintained at Section 7 Ranch until May 1 at which time they will be delivered. We wish to accommodate you so, talk to us about maintaining your bulls until you need them. Take your bulls home from the sale and receive \$100.00 off every bull.

Lot 37

The only direct son of Ten X in this years offering. Ten X offers great predictability in terms of calving ease, performance, maternal and superior carcass as well. 53D is stylish and correct and out of one of the many hardworking Windy 078 first calvers we had last year. The dam of 53D was Alexis' show heifer in 2015. Udder quality and teat size in this cow family are second to none.

Dam of Lot 45

Maternal brother Lot 45

They all ate together and on weigh day this guy pounded down the scales with the best of the black ones. Use him to sire sale topping steers or...a bunch of baldy females that will make the neighbours jealous. Maternal brother to the \$26000.00 Famous now owned with Big Gully Farm as well as Homestretch owned by Corey and Tammy Flaman, and Extra Talent who was purchased by Iron Saddle Ranch.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins or other markings on the paper.
