Sting is a positively unique phenotypic and genetic package. He is as stout and masculine as you could design. He possesses an exceptional hair coat, is wide topped, strong in his forerib, broad chested, and smooth shouldered. Sting is super clean sheathed and free moving with an ideal leg set. He has commanded attention with his herd bull presence from an early age. Sting has garnered the positive attention of fellow Angus breeders as well as stockmen of all breeds. Genetically he combines some highly proven and reliable lines into an optimum package. Bar S Range Boss 4002 has proven his potency with his first set of sons setting a new standard for consistency at Merit. Sting's dam Merit Socialite 5121C is sired by EXAR One-Iron, who in turn is sired by Dameron First Class and out of Green's Princess 1012, two of the most dominant producers of show winners in recent history. The Socialite family has produced countless herdbulls and Merit sale toppers. Merit Socialite 5121 is possibly the most powerfully constructed Angus female exhibited in recent history.

She has compiled a most impressive show record in the past year:
