SAV MADAME PRIDE 3249
The dam of Iron Mountain

SAV Iron Mountain 8066 without a doubt is the most consistent calving ease sire to have ever landed at Peak Dot Ranch. We purchased Iron Mountain for \$75,000 out of the 2009 SAV Sale. Later we welcomed Kiamichi Link Ranch aboard as interest and popularity in Iron Mountain grew. He went on to be the most widely used bull of his calf crop in the United States. Iron Mountain is a very correct made individual abounding with true thickness and exceptional phenotype. Iron Mountain stamps his calves (every one of them) with a defining stamp of eye catching style and thickness. Iron Mountain bulls come highly recommended for use on heifer projects or as total herd improvers. Peak Dot will be the only source to buy Iron Mountain bulls for the 2011 breeding season in North America. This young breed legend in the making saw heavy service last year and will be responsible for the largest sire groups born at SAV, Kiamichi Link and Peak Dot Ranch.

SAV Predominant 4438 is the powerful and popular sire whose progeny have been topping sales across North America. He was selected by Peak Dot Ranch as the featured lot 2 bull in the 2005 SAV Sale where he earned an IMF ratio of 119. With each passing year Predominant continues to grow in popularity.

Predominant sons are calving ease bulls appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. And now we know his daughters are equally as impressive as they are beautiful, broody females with extra depth, capacity and excellent udders. This sale will feature his influence and progeny from his greatest daughters.

Encore was the high selling bull in Duff's 2008 Power Plus Bull Sale recording one of the top values of the 2008 spring sale season. He has been noted to possibly be one of the most impressive sons of the legendary bull "6807", to surface in recent times. His dam has produced many notable great herd sires. Encore and his progeny are moderate in frame, easy fleshing, and are a practical kind of cattle, with plenty of character and eye appeal. Encore is ultra complete and efficiently designed. He represents the return to more sensible, practical, production-oriented beef cattle.
