

# KARY FAMILY FARM

female sale

thursday . december . 5th . 2019

Welcome

thursday .

*As I sit down to write this welcome, outside we are in the midst of our 3rd October snow storm. Seems it's been that kind of year. Over the years I have come to realize that no matter how difficult times seem to be through out the year, by years end everything seems to work out okay. This year will be no different. We at Kary Family Farm have decided to offer our complete 2018 Heifer crop in the form of bred heifers, along with some select 2019 heifer calves and sprinkle in a few more mature bred females. We select strong, deep ribbed females with tidy udders, good feet and legs and plenty of growth. This group on offer will meet all these requirements. We typically don't sell any females allowing our herd to expand and become made up of the kind of females we like to raise.*

*As you well know, it is extremely easy to have an abundance of females and the need to maintain our current numbers, we decided to offer the crop of bred heifers. We feel it's important to spare no expense when it comes to sourcing genetics, the heifers were bred to the Merit Torch, HF Carbon Copy and HF Ozark and we are excited about the future of those bulls. My wife Lorelei and I and our 5 children at Kary Family Farm are very proud of this offering and are confident they will perform and meet and exceed the expectations of their new owners. All cattle are on a strict vaccination program, and have been vaccinated with Scour Bos for scours.*

*Any questions on any of the offering or If you would like to have a closer look please do not hesitate to call and set up a time.*

*Gerald, Lorelei and Family*

*When Gerald approached us early last spring with the idea of marketing his entire crop of bred heifers my imagination started to wander. How many times do you have access to all the females from one year no holds barred, not very often. I immediately thought back to 2012 when the Kary family had a reduction sale with a cross section of ages on the females and how those females produced from that sale. Females got sold across Western Canada from Blast Angus at Houston, BC, Bar EL at Stettler, Merit Cattle Co, Radville, Mar Mac Farms in southern Manitoba, Lucas Frey at Oxbox and everywhere in between. Those resulting females have had productive careers at their new homes making a positive impact. So when a breeder who left an impression wants to market some females a person better sit up and take notice. Gerald believes in good quality cattle with the essentials backed up by good numbers to boot.*

*Study the catalogue, stop by the farm it's well worth the time. Join us for a great opportunity on December 5th at Johnstone Auction Mart. If we can be of any service to you we would be happy to hear from you!*

*See you sale day!  
Shane Castle*
