BOWERMAN BROS. | WISHBONE CATTLE CO.

B.B.A.R. & WISH BONE CATTLE CO.

Welcome to the 15th Annual All Black Bull Sale. 2019 was a big year for us as we have made many changes. It was a hard decision, but we parted with the majority of the commercial cows to simplify life a bit. We did have the opportunity to purchase the rest of Harvey's cow this winter. It has been a great honor and privilege to have worked with Harvey over the past years. There is no value on the knowledge I have received from him. I can truly say I've learned to look at cattle differently and have a huge appreciation for what he has done.

We are very pleased with the bulls on offer this year. There is a great selection of high maternal bulls that will also sire steer calves who will perform. Our offering of calving ease bulls this year are sure-fire heifer bulls, that will sire light calves with lots of vigor. We look forward to seeing everyone sale day. Please feel free to contact us before sale day with any questions or to come have a look. We would be pleased to show off the bulls, cows, and next year's prospects!

Harvey Bowerman

 LADY MONOGAM 67/94

A great home raised bull that exhibits all the traits he inherited from his sire and dam. His dam 2167 is the daughter of B.B.A.R Lady Monogram 167'96 a very powerful cow who has been a foundation to the B.B.A.R program. 167'96 appears in many pedigrees she is a true Elite dam. OCC Legacy 839L has created much interest over the years and left many great progeny that keep many repeat buyers coming back. When looking at the cows it isn't hard to pick out the Legacy daughters, they are long, thick and deep with so much eye appeal. B.B.A.R High Stakes 220 has been used for the last 3 years in the purebred herd and we are extremely happy with the results. We patiently wait to see the daughters in production but the Bulls seem to carry the same traits we were looking for.

BW	WW	YW	MILK	TM

The offspring of 503 have not disappointed us one bit, these calves are stout and very correct. There was a discrepancy with the DNA and it had come back inconclusive. Unfortunately, his offspring will all be sold unregistered.

512 sires calves with lots of growth and eye appeal. He has covered over 70 cows the last 2 summers between BBAR and VeeTee Angus, and still kept his condition over the breeding season. We are really looking forward to seeing his daughters in production. His 9 year old dam has a flawless udder and great feet.

610 was purchased by VeeTee Angus out of out 2017 sale. We had run him with the cows on the 2nd cycle. Unfortunately, he was injured before breeding season in the summer of 2017. 610's mother has been a very solid cow at BBAR over the past years.

Clean made bull. Maternal brother purchased by Roger & Lou Parsonage in the 2019 sale.

LOT 14

Lots of performance and early growth in this bull. His sire was the sale topper of the 2017 sale fetching \$22000. The progeny of 512 are all very similar in phenotype – long, deep, and lots of eye appeal. Backed by a powerful cow that has been at the top of the herd in the Bowerman program. This is a bull that is a definite herdbull candidate.

NESSET LAKE ANGUS / ISLAND HILL ANGUS

NESSET LAKE ANGUS

We are pleased to be hosting our 15th Annual All Black Bull Sale at the Meadow Lake Stockyards. We are more excited than ever to bring you our top bull selections and two heifers from the heart of our replacements. This fall we weaned October 14th. The bulls have been fed Masterfeeds Bull ration and free choice hay. The bulls have been vaccinated spring and pre-weaning with Bovi-Shield BVD One Shot vaccine and Inforce 3 to aid in the prevention of respiratory issues. Unlike many, we experienced a very wet summer. The haying season was again challenging but managed to get most of the hay up in decent shape. We were making oat silage bales in mid October but did manage to finish before winter set in for November. It's good to have 2019 behind us and hoping 2020 brings more normal weather patterns.

In December we participated in the Touch of Class sale in Saskatoon for the first time. We entered 2 bulls in the Saskatchewan Angus Century Sweepstake, and received many compliments on our entries. It was a great place for networking and displaying your cattle. We'd like to give a huge thank you to Jimmy Wright for preparing the bulls for the show and Tyler Harris, a jack of all trades, for fitting and showing them at the sweepstakes. We also consigned females to the Form and Function Sale in Lloydminster on December 19, 2019. We are very pleased with our calves from our walking bulls. All of the AI sires we select have a balance of calving ease, fleshing ability and strong maternal traits. We also stress docility in our cow herd.

Being fulltime on the ranch is not getting any slower for Ivan, but he wouldn't have it any other way! Chris is operating his own semi in the oilfield and work is busy all the time in the Smiley area. Jenna is busy at home with the 3 girls – Madison in Grade 3, Jordynn in Grade 2 and Kaycee is 3 years old. They enjoy coming to Meadow Lake to help with branding, hauling cows, weighing, and other ranch activities. Lacey continues working part-time at LaBrash Veterinary Services as well as being an agri-environmental technician for the Beaver River AEGP.

Thank you to all of our past buyers and we look forward to seeing you again this year. Anyone interested in viewing the bulls or heifer pens can stop by anytime for a visit - the coffee is always on. The bull videos will again be available through YouTube link shown throughout the catalogue.

Chris, Jenna, Kaycee, Julie, Ivan, Madison & Jordynn

ISLAND HILL ANGUS

We are excited to be a part of the All Black Bull Sale, this is our 8th year offering quality breeding stock. This is our last year offering Double Vision Sons. They have proved to be good footed with good uddered daughters. Their docility has been second to none. We chose to change directions with our breeding and decided to complete a 3 year cycle with our herd sire due to the number of cows we have. There are 2 Double Vision yearling bulls that we have in the sale, they are sure to produce quality sons and daughters to add to your herd.

We are also offering 1 Cedar Ridge bull from our home raised herd sire. We chose Cedar Ridge because he is a top seller from Genex with proven longevity and produces outstanding working females. We AI'd one of our top Networth cows that has a higher birth weight and lots of performance in her to Genex's Cole Creek Cedar Ridge IV. We were very impressed with this cross and decided to keep him for one of our own herd sires. This bull we have on offer is from one of our Double Vision daughters. He will prove to be a good working bull for your herd.

Our family remains always busy! Sheldon's time is spent between his full-time work at Meadow Lake Mechanical Pulp Mill and his passion for the full-time work on the farm! Lori continues as a Registered Nurse at the Meadow Lake Hospital and the busy life of a mom. Emery is now 10 and in grade 5, she is actively involved with our local 4-H club, this year showing a steer and a heifer. She is also busy with school and activities such as fiddle, basketball, baseball and now drama. Our 6-year-old Beckson, has started kindergarten and is busy with skating and he enjoys helping his dad outside as much as possible. He can't wait to join 4-H with his sister! Our three oldest children have grown and we couldn't be more proud as they have began their own journeys and accomplishments in life. Jade is an LPN in Goodsoil and has recently bought her first home. Kira has convocated from the University of Alberta with her Bachelor of Education, she is now a Grade 2 teacher at Jubilee School in Meadow Lake. Cassidy is in her third year of University and has started on the road to become a Registered Nurse at the University of Saskatchewan.

We know how busy life is and we appreciate the time you have taken to view, call or attend this sale. We are looking forward to seeing everyone at the sale. Please feel free to contact us for more information.

An AI bull that we sourced out of ORigen on one of the tours to Montana. We chose him for his length of body, strong top, and excellent set of feet and legs. With the experience we've had with Payweight genetics and being out of a Hoover Dam female, we felt his progeny would excel in anybody's program whether male or female. This set of bulls will be the last set of direct sons, as there is no more semen available in Canada.

We saw this bull at Genex Stud – I was very impressed with his masculinity, feet and legs, and muscle pattern. This is our first set of calves and we are very happy with what we have seen so far. His dam is a Conneally Thunder daughter which was a calving ease bull with strong maternal traits and noted for good feet and legs. This is our 4th crop of Logic calves, but seem to always have heifers as these are the first bulls since 2017.

The Aberdeen bull is an older proven sire that we tried a few straws of a couple of years ago. We were impressed by his progeny, but his semen is very rare to come by. We ended up being able to source another 25 straws for last year's breeding season. We are very happy with his performance for a calving ease bull and his females are exceptional.

We purchased Net Worth because of his impressive muscle expression and natural thickness. He is out of a Nessel Lake dam who was sold in our production sale years back in Vermillion. The bull's granddam, Nessel Lake Lass 62M, is also the granddam of Nessel Lake Payweight 69C so we knew he was backed by a great cow family. He stamps every single calf with his hip and muscling.

Herd sire purchased from Dale Easton in 2014. He is very correct on his feet and legs with calving ease and good numbers to top it off. His first daughters calved last winter and weaned off their first calves this fall. They are all very good uddered, hardworking females.

Without a doubt the best calving ease sire I've used since Final Answer 035. We had to put down Sequal in the fall of 2015, but we are fortunate to have over 400 straws of semen left. We've had nothing but positive remarks about the Sequal progeny.

A bull that's easy to pick out in the pen with his ample thickness, length and depth. His dam is a big-middled cow that produced one of the top calves every year – unfortunately we lost her to an injury this past summer.

PUREBRED HEIFERS

LOT 80
 -A heifer with a bit more frame but still maintains her depth and thickness – quiet to boot
 -Her dam was purchased from Valley Lodge as a bred heifer
 -Our Net Worth daughters have all had excellent maternal traits and fleshing ability.

LOT 81
 -This girl has tons of middle and thickness to her – just like her dam and sisters
 -Her dam is an easy-keeping Final Answer daughter that we have retained many daughters from
 -Our first 49D daughters will be calving this year and we're eagerly awaiting!

TYLER HARRIS

BUYER'S NOTES

A large, empty rectangular area with a white background and a thin black border, intended for handwritten notes. The corners of the rectangle are rounded.

ANNUAL SALE CANDIDS

TERMS & CONDITIONS

CONDITIONS AND GUARANTEE: All entries sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute whatever, regular TERMS AND CONDITIONS recognized with Sales Management shall apply, and in accordance with the Canadian Aberdeen Angus Association Code of Ethics.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale. **ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

EVERY ANIMAL: Sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

RELEASE: No cattle will be released until the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the Clerk's desk from the appointed representatives on sale day.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received.

ALL PERSONS: Who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

*Please bring this catalogue
with you to the sale*

EPDS:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured of that particular trait. For example, weaning weight is measured in pounds thus the weaning weight EPD is also expressed in pounds.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.

REMEMBER:

- Free Delivery on bulls up to 300 miles, the rest at the cost of fuel.
- All bulls will be kept until May 1, 2020 at no cost to the buyer.
- Bulls must be insured for death loss.
- Sale weights and scrotal measurements available Sale Day.
- **PRACTICAL, PREDICTABLE AND PROFITABLE**
- **CONCEPTION TO CONSUMER.**

NEW THIS YEAR! VOLUME DISCOUNT

- 2 bulls 2%
- 3 bulls 3%
- 4 bulls 4%
