BALOG AUCTION,
LETHBRIDGE, AB

Welcome to:

The British Connection Bull Sale

70 Lots *consisting of*
Black Angus, Polled & Horned Herefords!

Fellow Cattlemen!

Welcome to the bull sale that has established itself as one of the leading seedstock sales in the nation.

Four proven, highly successful breeding programs that will assist both the purebred and commercial outfits in the selection of bulls.

Whether it's a yearling or a two year old you are looking for, the British Connection has an especially strong offering of both.

Great people, longtime solid genetics, outstanding performance and a really good set of bulls.

See you at the sale!

Respectfully,

R.C. (Bob) Balog

Terms & Conditions

Terms – The terms of the sale are cash or cheque payable at par to Balog Auction Services Ltd. at Lethbridge, AB, on Sale Day. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

Bids – Every animal entering the ring will be sold to the highest bidder.

Disputes – In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

Announcements – Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

Certificate Of Registry – A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.

Health – All animals in the sale have met all necessary health requirements. All will be guaranteed eligible for US Export.

Semen Interest - We as breeders reserve the right to draw in herd semen use on any bulls sold in this sale at our expense and buyer's convenience.

Breeder's Guarantee – Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association and Canadian Hereford Association with regard to health,

EPDs – EPDs taken as of September 2, 2019

freedom from defects and from both reproductive and specific genetic unsoundness. All Long Yearling Bulls will have been Semen Tested prior to the sale.

Accidents – Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor any owner assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accident or loss of property.

Liability – Balog Auction is acting as agent only and assumes no responsibility for representations made by seller. Purchaser must look to the seller for fulfillment of all guarantees and representations made hereunder.

Wintering, Export, Delivery or Sale Day Pick Up

– All bulls can go back to the consignors for wintering with delivery starting March 1st. If the purchaser takes his bulls home from Balog's on sale day there will be a \$200.00 per head discount. Assistance will be given loading these purchases out after the sale is over. If you can take delivery of your bulls within a couple weeks following the sale there will be a \$50.00 per head discount. Delivery is free in Canada up to 300 miles, at cost after that. Bulls exported to the US will be taken back to the contributors for testing and delivered to the Sweetgrass Port of Entry. Any additional expenses including duty, brokerage fees, testing, transport from the Port of Entry, etc. are the responsibility of the buyer. Purchasers are requested to furnish shipping, wintering and delivery instructions when making settlement.

Insurance – We recommend insuring all of the Bulls purchased. All bulls being wintered by a contributor must be insured.

Here we are again - I want to welcome all of you, both new and returning. As I write this I want to thank our partners and Balog Auction for making the past sales such an enjoyable event and I look forward to many more. I am also thinking about the country song where they say 'the days drag on and the years fly by'. Some may say 'what's that got to do with the cattle business'. Well, as the years fly by, we tend to get a little slower and we analyze things a little more. With that said, we are sure glad we are with the breed of cattle we have... highly productive, great to cross with any color or to stay RWF, feed efficient, and more and more. The attitude of the cattle makes for an enjoyable experience when working with them.

I hope everyone had a decent 2019. I know I sure enjoyed getting rid of one government and hope by sale time I can say it's 2 for 2. Looking forward to 2020. God bless and have a merry Christmas!

We would like to welcome everyone to the 4th Annual British Connection Bull Sale. We sincerely thank everyone who has supported our program in the past and value the relationships we have built. This year we are excited to bring you one of the most uniform sets of bulls we have put together to date. We enjoy raising cattle that have great performance and lots of muscle, while maintaining a sound functional animal that will last for many years! We hope you will take the time to come and analyze this super high performing set of cow bulls and amazing set of super low BW heifer bulls for your program! All bulls will come back to our place to be wintered gently, and be delivered to you in great breeding shape after they have passed their semen test. Feel free to call or come to the ranch anytime to view the bulls along with their mother cows. We look forward to visiting with you and seeing you at the sale December 7th!

- Sub Zero was the High Selling Bull in the Equinox Bull Sale a couple years ago, and man did he surpass all what we had planned for him!
- Not only are his calves "Sure Shot" heifer bulls, they have great heads, neck and shoulders, built to calve while still having some frame, muscle, and grow to them that you will enjoy when you go to sell your calves!
- His heifer calves almost all made the replacement pen as well, so you get low BW and the best of both sides, heifers to keep and big steers to sell! This guy has us super excited!

HERD BULL TIME! Once in a lifetime you create a breed changer! We feel Grizzly Bear is exactly that! He has a soft, soggy look with added dimension and muscle expression, while having a very attractive frontend! His foot structure is near perfect, is super fluent in his movement and has great scrotal development! His dam has exceptional rib shape, extra muscle, huge bone, and unreal udder with great extension through her front end! Her 2 yr old sister is following in the same footsteps and wish we had a whole herd full of cows built like them! Cody is very proud to own these 2 females! When you analyze Grizzly Bears pedigree, and EPDS it truly is unique! We are very excited to use the guy heavy in our program in years to come! If you are serious in finding the next Herd Bull that could show, or just walk your pastures and take your program to another level look no further! Plan to come see him in your travels! **Selling 2/3 interest and full possession in this genetic gem!**

 Grandam of 904, 913, 918

These 3 ET full brothers could not be more similar in type and kind! They are powerful in their make up from one end to the other! If you want to add some major performance these guys will definitely add that. Their muscle, length and overall balance is one of a kind not to mention the EPDs and Adj. 205 weights! This flush not only gave us these 3 bulls, but also gave 4 full sisters that are bold in there make up and are at the very top of our replacement pen, with 2 of them making the kids' show string! The dam 617 has been a favourite from a young age. She and her grandmother, 2001, are model Angus cows that are super broody, functional cows that can produce with great feet and an outstanding udder quality!

If you are looking for a herd bull to lower some BW, sire replacement heifers, add pigment and muscle, look no further! This Sensation son has a ton of potential to him with his great length, soft rib, outstanding pigment, and round backend! Sensation himself has been proven as a bull that adds milk and produces outstanding females! The grandmother is a 15 year old cow that is still producing in our program and has also left several daughters with amazing udders, great feet, and longevity in production and has always added pigment to every calf! His dam has a full sister on her this year that is marked the same and will be our highest indexing heifer calf. She is super high quality that is sure to be a cornerstone female in years to come! This bull will add value where ever you choose to use him, on the heifers or the cows; you will have a great calf that checks all the boxes in today's industry, as well you will have a ton of daughters that you will be super excited to have!

We are excited to be a part of the British Connection Bull Sale again this year; we would like to thank everyone last year who supported our program by bidding or buying! We would also like to give a very special thank you to Boyd and Vicki Henuset from Pipestone, MB. They had an outstanding herd that we were fortunate enough to be able to purchase. We were excited to add the cows to our herd and are even more excited to be able to include a number of bulls from our first calf crop in this years sale. Our program remains to strive for easy keeping, well structured, sound ranch cattle. We are looking forward to seeing everyone December 7th, please feel free to call or stop in anytime to see the cows or bulls.

Lots of power in this bull, big and strong over the top. He's a May calf that you couldn't pick out in the field. Tons of growth in this guy. Youngest bull in the offering, but easily one of the heaviest.

Welcome to our 4th annual British Connection Bull Sale. We are proud to be partners in this. We were excited and proud to be presented with the 2019 Canadian Livestock Industry Leader Award in Denver. Thank - you. We feel our job is to provide genetic seed stock that are developed and performance tested. Our cowherd is managed much like most commercial operations. Strict culling goes on year round. Cows that fail, go to kill and their offspring does not make the seed stock pens. Our cows aren't perfect but they are problem free performance type females that calve, get their calves going and raised under ranch conditions. All our bulls are offered at this sale only. Free wintering and free delivery is our policy. Please feel free to stop by the ranch at anytime to view our offering. We welcome you to be with us on Saturday, December 7, appraise the bulls and ask any questions. Hope to see you at the sale!
