**Gate Guarantee**

**If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.**

**Semen Tests & Measurements**

**All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal measurement & weight information will be available sale day.**

**Board and Pick Up Program**

**We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2019. Insurance protection is mandatory for this option. After May 1, a feed charge of \$2.00/day will apply.**

**Insurance**

**Insurance will be available sale day.  
Larry Toner: cell 306-834-7652. All bulls returning to Merit after sale MUST be insured to protect your investment.  
INSURANCE IS MANDATORY!  
Larry provides various packages to suit your needs.**

**Delivery**

**Free delivery will be provided up to 200 miles on purchases totalling \$3500.00 or more. Purchases less than \$3500.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.**

**Welcome** to our annual Cockburn/Merit Bull sale. We would like to thank our 2018 buyers and bidders; your support is greatly appreciated.

Our bulls are developed with longevity in mind. They are fed to meet their potential to emphasize on muscle development, not to over fatten and jeopardize their longevity and fertility. The bulls will all be fertility tested and guaranteed breeders. We are very excited about the group of bulls we have to offer this year. New this year are the first sons of our 2017 high seller the \$77,500 Assassin bull, as well as Red Smokey Y Diesel, Red Cockburn Steakhouse 227Z and Red CSF Red Zone 1C. New sires for the Simmentals include MRL Capone 130B and MRL Sleep Easy 140D.

We make our living Solely from our cattle. We have built around strong cow families emphasizing on sound feet and legs, thick easy doing cattle with good udders, and herd sires with muscle, performance and do ability as well as calving ease. Our purebred cows are run on nativegrassalongsideourcommercialcowswithno special pampering or creep feed. We believe our cattle should work harder than we do, and we cull strictly to ensure we stay on track.

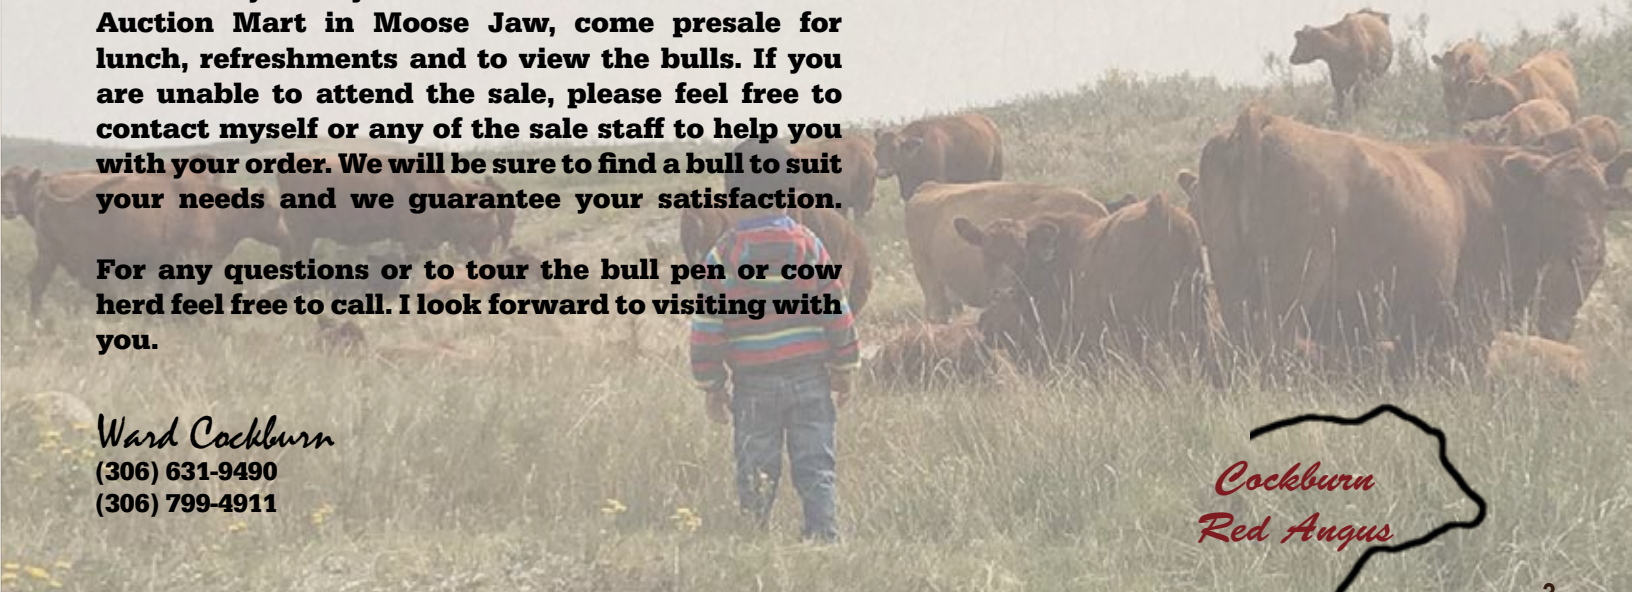

We invite you to join us March 25th at Johnstone Auction Mart in Moose Jaw, come presale for lunch, refreshments and to view the bulls. If you are unable to attend the sale, please feel free to contact myself or any of the sale staff to help you with your order. We will be sure to find a bull to suit your needs and we guarantee your satisfaction.

For any questions or to tour the bull pen or cow herd feel free to call. I look forward to visiting with you.

# MERIT CATTLE CO.

**Welcome** Once again, we want to start out by saying THANK YOU to our customers! We are grateful to all of you! The people in this industry are what truly make the business gratifying.

The basics of cattle breeding are the fundamental building blocks of a successful program. It starts with vigorous, unassisted born calves, out of mothers that are feminine, hardy, sound structured and minded, efficient, fertile and motherly with quality udders, and sired by bulls that are masculine, athletic, fertile, sound, with good performance. Merit bulls are bred to be better at the basics.

The bulls are managed for optimum growth and soundness. They are highly exercised and athletic as the field they are housed in from weaning to sale time is set up for maximum exercise.

Merit bulls will sire Angus steers with length, growth, hair and yield that the order buyers and feedlots are looking for and replacement females that will make fertile and functional mother cows. We breed these bulls with your success in mind!

We have always believed and selected for balanced multiple traits and not single trait selection or number chasing.

There are bulls to fit everyone's needs and budget, from heifer bulls to power bulls all backed by ideal maternal traits and characteristics.

Lastly but most importantly lets all make it a priority to educate and connect with our consumers that we are raising a high quality, healthy and safe product!

Call, text or email with any questions you might have. If you have the time to come tour the bulls and the cow herd before the sale, we would love to have you.

Grand Dam of 8010, 8022 & 8030

Merit Socialite 48X - Dam of 8010, 8022 & 8030

- We knew this mating of Range Boss and Layla would click and man we were we right!
- These flush brothers just put it all together in a pleasing package worthy of being great herd bulls
- They are not extreme in anyway but Impressive at all angles.
- Easy fleshing, big ribbed, with large scrotal
- Sound in their structure and movement
- Quiet and gentle dispositions
- Their sire Bar S Range Boss has made a huge impact on our herd in a short period of time. Its not often that you acquire a sire that can raise sons with commercial and purebred appeal and daughters that make awesome cows so consistently.
- With 34 years of experience breeding Angus seedstock we know hands down its always about the proven and predictable cow families.
- The Socialite cow family has been with us for the past 26 years and their production as always risen to the top.
- The original 19B female was an own daughter of QAS Traveler 23-4, her foot and udder type were perfect. She left us an incredible legacy of females to build from. She also has earned Elite cow status with a life time ratio of 106.
- The 48X "Layla" female is a top producer, her son Merit Rage was high selling bull in 2015, for \$37,000 to Rambur and Bar JV in Montana.
- She won numerous championships as a mature cow, including Grand Champion female at Showdown and Supreme Champion at Young Ranchmans
- Granddaughter Merit Socialite 7163 was selected by Poplar Meadows as pick of our heifer calves as our donation to the Angus Foundation at \$15,000. She went on to have an incredible show career winning many banners including Reserve National Champion female and being awarded the Gold Show yearling female of the year by the Canadian Angus Association.
- Their lineage is outcross genetics.
- Both bulls made a lot of friends at Agribition where they were first and second in the senior bull calf classes
- **Terms to Be Announced on 8010 and 8030**

**Side note** - these bulls are NOT over fed show bulls, they have only been fed 12 pounds of ration max a day, not per feeding!  
 - Their switches are NOT genetically short, unfortunately they both had them stepped on in the summer and lost them.  
 - A lot of guess work has been taken out of these bulls, we feel they are truly great breeding pieces for the industry.

- He has a tic more frame and extension than the flush brothers.
- Proven and predictable genetic package.
- We highly anticipated the progeny of this flush, the recip dam of 8022 we feel is why he is behind the other two as they all started out like peas in a pod.
- Range Boss and the Socialite cow family have really clicked on both males and females.

## Calving Ease ... It's a priority

Vigorous calves born unassisted IS calving ease.

Merit has always prioritized unassisted born calves that are up in minutes looking to nurse their mothers.

When weather conditions are tough it's the calves born with more critical mass that get up and going the fastest.

## REAL WORLD

*No frills, functional females with the utmost attention paid to structure, do-ability, udders, disposition, fertility and the ability to raise a quality calf.*

*They graze all summer and in late fall they are then fed quality hay with protein/mineral tubs on a half section until late January. They are not supplemented with grain, swath grazing annual cereals or "roughing it" grazing corn. We manage them this way so we know that our genetics will work under our customers' management.*

*Our goal is to produce the best Merit Mommas possible for our environment and market. The Angus cow is still the best mother cow in the world.*

### RECOMMENDED FOR HEIFERS

- One of the most intriguing heifer bulls to sell in the country this spring!
- Great EPD profile that is below average for birth and he's in the top 10 percentile for weaning, yearling, milk and total maternal
- Low birth weight out of a first calf heifer
- Renegade has that typical Unit hip that's level and full of muscle
- Proud with loads of character
- Long bodied, smooth made and sound
- The best component to Renegade is his mother "Fancy", Merit Flora 6078 who is ideal in her makeup and one of the most beautiful females we have EVER raised.
- This team had a heck of a show career, Champion female at the 4H Regional, Champion 2 year old at the National show in Brandon, Grand Champion Female at Farm Fair, Reserve Champion 2 year old at CWA Angus show and Champion Futurity Female at CWA as well as an RBC Supreme top ten.
- Merit Flora 6078 has a perfect udder, square and level with small evenly placed teats.
- His strong maternal heritage is no accident, it's built in for generations as we've had this cow family for 34 years.
- His grandam is now in our donor program and his mother is destined for the donor pen as well.
- To top it off he has a great disposition
- Don't miss this opportunity to add a true breeding piece that's a lot more than just another low birth weight bull.

# Quality

*"Quality is the only trait you can never have too much of. You can't measure quality with a scale, a ruler or an EPD...it can only be measured by the eyes of a true stockman. Quality is the leading factor that determines the premiums that buyers will bid. Buyers measure quality based on the amount of thickness, length, depth, style and eye appeal they see in a set of cattle."*

This allows Merit to collect semen on any Merit bull in the offering for in herd use only. This will be done at Merit's expense and the new owner's convenience. This is the same as in past sales but the change now means that 'Merit' will remain on the registration paper as an owner in order to satisfy association rules. - Impressive is a great way to describe this March Unit son
- A power bull with a tremendous top, length of body and proud carriage
- Sound made and fluid in motion
- Moderate birth weight
- His dam is a power cow, she's easy fleshing, huge ribbed, excellent uddered and impressive in every way.

- Unfortunately, we ran out of time to picture him, but this is a really good young bull.
- He's a typical Unit son in terms of his make up and has all the tools in the tool box
- 8178's dam is flat out gorgeous, out of 77x's full sister.
- He and his mother were an impressive pair last summer

### RECOMMENDED FOR HEIFERS

- This young April bull is really wide based and thick topped
- Moderate in frame, well balanced with a great hair coat
- Generations of built in low birth weights and short gestation
- 8198 will leave you a highly desirable and super functional set of replacement females
- His dam is a beautiful, highly efficient female that also produced our high selling bull a year ago, Merit Gibson Creek to South View Ranch

Merit Gibson Creek 7026 - Maternal Brother to 8198

8198

Your mother is always with you.  
She's the whisper in the wind  
As you check cattle in the hills.  
She's the place you came from,  
your first home.  
And she's the map you follow  
With every step you take.  
She's your first love, your first  
friend,  
Even your first enemy.  
But nothing on earth can separate  
you.  
Not time, not space ... not even  
death

## TERMS & CONDITIONS

**Terms:** The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

**Bidding:** Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

**Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

**Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

**Certificate of registry:** Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

**Breeders Guarantee, bulls:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

**Exception guarantee:** In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

**Settlement:** Transportation charges on

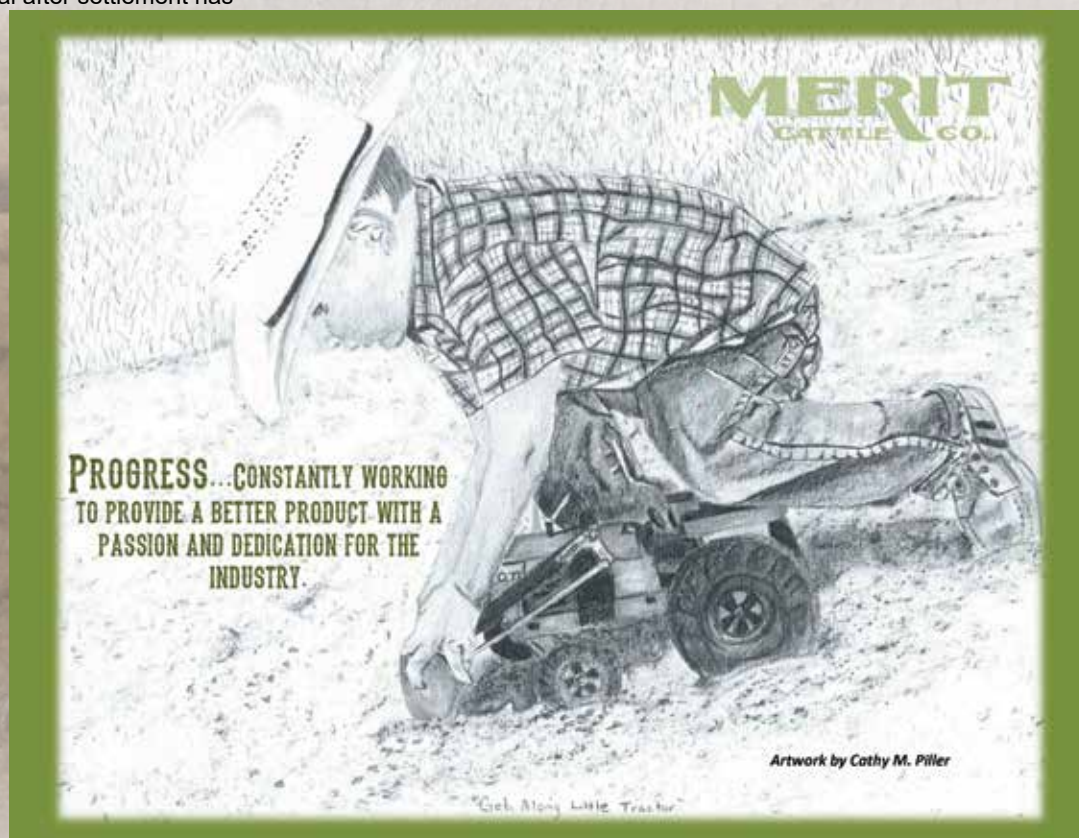

animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

**Mail or telephone bids:** Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

**Rights and obligations:** The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

**Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.**
