welcome to our annual *Bull Sale 2022*

Welcome to our 2nd Annual Bull Sale. Realizing the number of options there are out there we are very appreciative of you considering looking through our offering. This past year has been one of the toughest years on record again this year. We are so proud of what our cows have done. When these calves were fetuses inside their dams, we got blasted by a bad snowstorm in early November 2020. Getting to the cows proved to be challenging and they had to graze through about two feet of snow until they were brought closer in early January. The cow herd received hay and greenfeed along with mineral throughout calving and then were back to grazing in April. The cows and calves graze mostly on native prairie with the exception of some tame pasture early in the grazing year. The calves receive no creep. They are then weaned early October. We feel that we are as low maintenance of a purebred cow herd that you are going to find anywhere in Canada. Our cows must walk soundly to be able to graze large fields. Finding herd bulls with good feet is something we prioritize. We analyze cattle from the ground up starting with the feet, not just by their side profile.

This offering is exceptionally sound and it's something we are very excited about. With the extremely dry conditions, the calves come off grass a little greener than other years but were not pushed to make it up. We DO NOT feed our

bulls to finish or to pad the stats. We feed our bulls with longevity in mind. We want them to last for you as long as possible. If you are looking for the biggest fattest bulls you can find, you might want to consider going to another sale as there are lots of those all Spring long. Saying that, we feel that our bulls are in nice useful condition and will mature into nice using bulls that usually catch up and a lot of times outgrow the fatties by the time it is said and done. Our own commercial steers from our commercial herd of April/May calvers averaged 640 pounds this past Fall in October. Pretty proud of that especially considering the dry conditions.

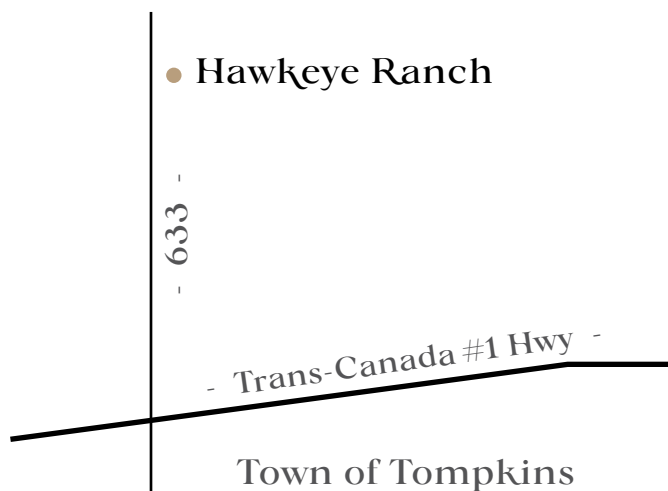

This year's offering highlights some new herd bulls; Stoney and Monarch. They are good footed extremely sound bulls that have a lot to offer. Our door is always open so if you are in the area please stop by and view the bulls anytime. To our past supporters we thank you because of you we get to do the things we love.

Leif & Melissa Brust

Welcome to Hawkeye Ranch:

From the Trans-Canada #1 Highway; turn North at the town of Tompkins, SK onto Range Road 633 and continue for 8.5 miles. Then turn East and drive 1 mile.

Calving Ease

Each lot has a 1-3 star Calving Ease rating

★ Recommended for cows only

★★ Ideal for cows or larger framed heifers

★★★ Recommended for heifers

Please consider, at least 50% of your calf's BW relates back to his dam.

Monarch

Monarch 27F has left some really nice sound functional calves for us. He gave tremendous set of females that we are looking forward to calving out next year and his sons are good footed solid prospects that are stamped all the same. 27F's sire bred until he was 11 years old on an outstanding set of feet. Talking with Jonathan, he says the Monarch daughters are the heart of the Wiwa Creek herd right now. These sons should give you good problem free cattle with good calving ease as well. We are anticipating these cattle to add longevity and stay ability as they maybe don't blow your doors off on any single trait but seem to be very well balanced across the board.

Hawkeye

Ranching

COMPANY LTD.

Proudly presents

Red Angus Bulls

We always wanted to expand our herd and add a complimentary breed to our blacks. Over the last few years, while reviewing our commercial herd calving during the cold Spring, we have realized that Angus cattle are the best Mama cows around. They have those calves up sucking and gone before you even get there. So it was a no brainer for us to add Red Angus cattle to our program. When a few top end dispersals came up we jumped on the chance. Our red program is the same as the blacks. They have to forage, walk on a good foot, raise a big calf come Fall and breed back. We are very pleased with the offering of Red Bulls. Whether you are in search of a new herd bull or a top end rancher bull to add pounds to your calves, we are confident that you will be able to find it.

DAM TO LOTS 32 - 34 + 40

RED ANGUS YEARLING BULLS

Here are some flush brothers out of our 87X donor cow. She is a herd bull producer and crossed onto the tried-and-true Mama's Boy. These guys should not disappoint their new owners. They are long and strong footed and should grow out well.

Mama's Boy is known for throwing good sound cattle and left a legacy wherever he was used. We can't wait to add the daughters into our herd as we feel that they will have a lasting impact. Take note that 148J is a month younger than the other two as he was put into a different set of recipient cows.

Two super flush brothers out of the 69C donor. We also got 5 outstanding full sisters that proves, once again, how consistent this cow is. They are thick beefy bulls out of Mama's Boy and we expect big things from them. Cannot wait for their sisters to get into production. We calved our first daughter out of 69C this year and she is outstanding. Buy with confidence here.

terms and conditions

Bull Sale 2022

TERMS: The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. Should the purchaser fail to settle for their purchase Hawkeye Ranching Company Ltd. reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners. Current exchange rates will be announced sale day. All monies are in Canadian funds.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASERS RISK: Each animal becomes the risk of the purchaser as soon as sold.

GUARANTEE: All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH: It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Bulls sell with passing breeding soundness evaluations unless otherwise announced.

LIABILITIES: All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale staff assume no liability, legal or otherwise, for any accidents that occur.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the auctioneer, ringmen or special representatives. Bids must be received in sufficient time prior to the sale.

ANNOUNCEMENTS: from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

SEMENT INTEREST: Hawkeye Ranching Company Ltd. reserves the right to draw in herd semen on any bull sold in this sale at our expense and buyers convenience.

INSURANCE: Agents will be available to insure your purchase. We strongly recommend that insurance is purchased for full value.

RIGHTS AND OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.
