Please join us for Lunch at 11:30

Welcome to the 2019 Langco/Kueber bull sale. We are proud to be in this great industry and are humbled at the continued support we receive for our sale. Once again we feel we have a great set of ranch bulls on offer, that are of consistent type and quality from top to bottom. Our bulls are raised and developed on high roughage diets, and given the extra time being long yearlings, culled hard with no feet trimmed prior to the sale, allowing you the customer to appraise each bull accordingly. Once again we have a great set of commercial crossbred replacement heifers on offer with many being "Blue Roan." We are fortunate to have great partners in Mike & Tyler Kueber for this sale, which always makes it a great event. Please feel free to stop by the farm prior to the sale and check out any of the cattle, or don't hesitate to give us a call on any of the offerings.

When I bought 3141Z (Legacy) I knew I was getting a real impressive proven calving ease bull. He has exceeded our expectations. We used him exclusively on heifers last year and didn't touch one. Calves are born full term, from 60-80 lbs, hairy and full of vigor. He is without a doubt the best calving ease bull we have used to date.

Welcome to our 6th Annual Bull Sale held at the Viking Auction Market. Once again, we are happy to team up with the Lang family to present a set of functional, useable cattle that are ready to work in their respective environments this spring.

Within our 2018 offering we feel we have a relatively uniform group of smooth made, structurally correct bulls that have a lot of shape and performance. Each of the bulls in the sale is out of a "flat-out-good" angus cow. Throughout the footnotes you will see detailed information on each lot to help describe our program and inform your decision. We emphasize on cow families and have expanded our herd in recent years through the use of embryo transfer. In embryo transfer we can single out our top producing females and leverage their heritability and genetic potential to build not just our herd- but most importantly, yours. In 2018 we implanted 48 embryos, and

we look forward to the resulting matings in 2019 and more importantly- beyond.

The bulls selling have been managed for a conservative gain with longevity and integrity in mind. In preparation for the sale, the bull pen was pictured mid December, and we would like to invite our customers to view the bulls continued development in their home environment prior to the sale.

As always, we offer complimentary wintering of the bulls until the beginning of April and - the bulls sell with a 100% satisfaction and sight-unseen guarantee.

With much gratitude, we would like to thank our past customers, the sales staff, and fellow producers for the continued support in this great industry. We look forward to enjoying pre and post sale hospitality with you on February 8th 2019.

Shotgun Willie has been a standout since birth. Phenotypically he is a big-chested bull that profiles and moves well with a massive middle, added hair, and an abundance of muscle shape through his lower quarter and stifle. In our eyes he is nearly ideal in his hip and hind leg structure. Genetically he is very unique, combining a blended black and red outcross pedigree. In 2018 we used him in both our black and red programs to add heterosis, bone, and reinforce milk among other traits. We have retained 100 doses of in herd semen to continue his influence in our program. His dam (53Y) is a black-footed, hard milking cow with 2 daughters retained in herd.

A low BW, highly maternal bull off of our Transit herd sire- a past high seller selected from Hamilton Farms in the Spring of 2016. We selected Transit to add the calving ease, high growth traits of the famed Tiger 5T bull. 78E is small headed, flat shouldered, free moving and long spined. His dam (Pictured) is one of our best- a big, tanky, nice uddered cow. Use 78E for calving ease, added hair, and maternal traits. 78E was too young to make the 2018 sale, but we retained him as a valuable addition to the 2019 line up.

A highlight of this years sale- 4 full siblings combining the exciting genetics of Silver Lining and Annie K 81Z. We like these sibs for their uncompromised structural design, flat shoulder, body dimension and attractive phenotype. Their wedge-shaped donor dam is one of the most dimensional angus females we have witnessed and sports an ideal udder- coming from a family with a fantastic production record. The dam of 81Z was a highlight of the Geis dispersal and also produced the Blackman herdsire for Langco. These 4 siblings are peas in a pod and are very balanced trait bulls combining phenotype, genotype, maternal prowess, and athleticism. Here is an opportunity to purchase multiple full siblings to enhance calf crop or replacement consistency. Expect a lot of hair, good structure, and moderate 85 lb birthweights from these flush mates.

2019 marks the first set of Sensation calves selling in Canada. Sensation was a past high seller from the SAV program in South Dakota. In the fall of 2017 we flushed him to our old predictable donor- 3R and 58F is the result. Here is a thick, big barreled calf with a tonne of growth, power and performance. The Blackcap May 4136 x Lady Blossom 3R should produce ideal replacements. 58F is one of the sure fire power bulls in the offering.

This is the first Command C036 calf to sell in Canada and he certainly is one of our personal calving ease favourites. Like his sire, 59F is wide in his pinset, has an abundance of lower quarter, middle, and style- yet still maintains true angus character. His dam 213D is arguably our top two year old by the Denver champion Shockwave and from the highly maternal Lady Blossom line. We eagerly anticipate more Command calves in 2019.

We purchased a semen interest in Outside 5307 at the suggestion of the late Rob Holowaychuk. Outside comes from the Hinman Angus program of Montana and was acquired for his high growth, feed efficient traits combined with his correct design and outcross status to most Canadian herds. 61F is a moderate BW, phenotypically pleasing calf off a Creed 75W daughter- notable for her ideal udder composition. 61F offers added frame, middle and length of spine in a moderate BW package. If you want calves that come moderate and push down the scale later in the fall- Outside genetics are a good option.

What an effort from a two year old heifer. 50F was one of the highest WGDA bulls in our offering. He is rugged, long spined, thick ended and offers a touch more frame yet still in a low BW package. Here is a major calving ease bull suitable for heifers or cows.

Weights	BW: 70 lbs	WW: 895 lbs	ADJ 205: 747 lbs	Dec 25: 982 lbs	

An Embryo transfer calf out of the 2012 Farmfair Champion mature female, Faith 5X. A full sibling is retained in herd and is at the top of the replacement pen. 66F is hairy, dark footed and offers a small 70 lb BW. Calving ease and maternal genetics at its finest in 66F. Solider calves have been well received on both sides of the border.

TERMS & CONDITIONS

TERMS: The terms of sale are cash or cheque. All cattle must be settled for at the conclusion of the auction. Cattle will not be released from the sale premises until payment is received in full, unless other arrangements have been made prior to the sale with the individual contributor. Every animal sells to the highest bidder, in the case of disputes, the auctioneer's decision will be final, and becomes the risk of the purchaser. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

BUYERS REGISTRATION: Buyers please register for a buyer number at the office prior to purchasing.

BREEDING GUARANTEE: All bulls are guaranteed to be fertile & reproductively sound in accordance with the rules & regulations recommended by the breed associations. All bulls will be semen tested.

ANNOUNCEMENTS: Errors in this catalogue will be corrected by announcements from the block at sale time & such announcements will take precedent over any printed material. Any disputes will be settled by the auctioneer.

ACCIDENTS: Although every precaution will be taken, All Persons who attend the Sale do so at their own risk. The owners, management and the sales staff assume no liability, legal, or otherwise for any reason.

CERTIFICATE OF REGISTRATION: A certificate of registration duly transferred will be furnished to the buyer by the breeder for each registered animal after complete and full payment has been made.

INSURANCE: Bulls who go back the seller's farm must be insured by the buyer, insurance agents will be in attendance.
