

Manitoba Bull Test Station

BULL SALE

+ Ranch Select Horse Sale

1 PM DST

MARCH 30, 2019

Location: 17 miles east of Brandon on Highway #1 and ½ south on Highway #351; 1½ hours north of U.S. border.

Open House - January 1 - March 29, 2019

Welcome from the Manitoba Bull Test Station

By Kurtis Mckee

On behalf of the staff and board of directors I would like to invite you to attend the 55th Annual Manitoba Bull Test Station Bull and Female sale on March 30th at 1:00PM. Please join us for lunch and viewing of the animals before the sale! We are always open for potential buyers to stop by and view the offering any day before the sale.

- Due to the great success it was last year, we will be having a ranch horse sale again in conjunction with the regular sale with 6 select ranch horses on offer!
- All Bulls sold at Douglas have passed a semen and soundness evaluation by certified vet (No Deferred Bull Sold Here)
- Heifers offered have been palpated by a certified vet, they are cycling and sound
- Animals are tested for BVD on arrival to the test station, we are BVD free as we have always been
- Cattle are developed in a way to promote longevity, soundness and optimize gain not maximize it!!
- Performance tested to identify the animals with superior genetics so you can buy with confidence
- Advantage of multiple breeders comparing their top cattle genetics to one another which allows us to have a better indicator of genetic merit for potential buyers (The Douglas Advantage)
- CUP Ultrasound carcass data provided
- Animals are housed in large pens and run in the alleys every week to promote strapping down of muscle
- We are the one stop shop for bulls with 9 breeds represented, so no matter your needs we will have what you are looking for
- We are the longest running development center in Canada with many decades of experience behind us.
- If you can't make the sale we got you covered with live online bidding once again with DLMS.

Bulls are developed on free choice grass hay as well as a backgrounding pellet supplied once again by Landmark Feeds. The backgrounding pellet is formulated to target gains on bulls of 2.5-3 lbs per day. So any gains above this are purely from the genetics of that animal. The heifers are developed on free choice grass hay as well and a backgrounding pellet to target gains of 2lbs per day. Both the bull and heifer rations are designed to ensure they are developed in such a way to promote the longevity/soundness of the animals for their new owners. With all this in mind we can ensure our sale offering is going to go out and have a positive impact on the beef industry while putting more money into our buyer's pockets!

Thank-you to all the consignors this year again for your support, as well as Test Station Manager Tyler Winters for all his hard work this year! With that I hope you will join us for the sale of this strong set of seedstock we are offering this year at the Manitoba Bull Test Station. Feel free to check us out on the web at www.manitobabulltest.com or give us a call with inquires at 204-763-4696.

For videos of the offering please visit www.cattlevids.ca or our link on www.buyagro.com

EXPLANATION OF ABBREVIATIONS:

P	--	indicates a POLLED bull in all breeds
S	--	indicates a SCURRED bull in all breeds
H	--	indicates a HORNED bull in all breeds
PB	--	indicates PUREBRED
FB	--	indicates FULLBLOOD
B	--	indicates BLACK
R	--	indicates RED
Tn	--	indicates TAN
On-test Weight	--	average of weights taken October 30 & 31, 2018
112 - day Weight	--	average of weights taken February 19 & 20, 2019
Gain lb.	--	increase in weight in 112 days
ADG lb.	--	Average Daily Gain, determined by dividing gain by 112
W/D/A lb.	--	Weight Per Day of Age, weight of the bull divided by the number of days of age

*Bull Floor Price
\$2800
Minimum*

Throughout the test, Station Staff and Breeders weighed the bulls. The bulls were fed a ration designed to develop growth, meat, muscle, fertility and structure provided by Landmark Feeds. They were also fed free choice grass hay.

To qualify for sale, bulls must pass a Breeding Soundness Evaluation (Structural Soundness Evaluation, Scrotal Measurement, and Semen Evaluation) performed by Morden Veterinary Clinic. It is strongly advised that buyers do their own visual assessment prior to sale time.

Only bulls that have passed the semen test will be allowed in the sale. All Breeding Soundness Evaluation forms are in the office and open to the public.

The 55th ANNUAL BULL SALE will be held at the Test Station, SATURDAY, March 30, 2019 at 1:00 p.m. DST

Again in 2019 there will be females available for sale on Sale Day which will be sold in conjunction with the bulls of the same breed.

LOCATION: WATCH FOR SIGNS!

The Test Station is located 17 miles east of Brandon on Hwy. # 1 and one-half mile south on Hwy. #351.

SALE ORDER:

heifers will sell after the bulls of the same breed

Maine Anjou, Shorthorn Bulls, Shorthorn Females, Charolais, Limousin,
Hereford, Salers, Angus Bulls, Angus Females, Simmental Bulls, Simmental Heifers Speckle Park

**THE 3 PHONE LINES APPOINTED TO THE SALE RING FOR PHONE BIDS ARE:
204-763-4696 (office) 204-763-4102 (fax) 204-851-1165 (cell)**

- BUYERS MUST HAVE A BIDDER'S NUMBER -

SALE TERMS AND CONDITIONS:

The terms of the sale are cash or cheque payable at par to the Manitoba Beef Cattle Performance Association Inc. (M.B.C.P.A. Inc.). The buyer assumes all responsibility of his/her purchase at end of said purchase. The M.B.C.P.A. Inc. cannot be held liable after the sale clerk has recorded the buyer's bidding number on the sale receipt. All settlements must be made with the settlement officers of the sale in the office before any cattle will be released. Phone bids welcome. Please contact the Test Station to arrange telephone bidding.

All bulls purchased may be left at the station until convenient for pick up at purchaser's risk by signing a form in the office. One week free board, \$3.50 per head per day after. Please inquire at the Test Station office for details. Livestock insurance will be available from HMS Insurance at the Station on sale day and is strongly recommended to be purchased.

The guarantee on a bull is between the buyer and seller. The M.B.C.P.A. Inc. will act as a mediator in case of dispute. To protect both buyer and seller, a non-breeding bull must be reported to the seller within six months of the date of sale or according to the Breed's Code of Ethics. The seller will not provide replacement or credit for physical injury or mismanagement. In the event that your bull is a non-satisfactory breeder, the seller will not under any circumstances, be responsible for more than the original selling price of the bull.

The Manitoba Beef Cattle Performance Association Inc. is only providing a service in providing this sale -- persons attending this sale do so at their own risk. Sale catalogues will be available at the sale and copies of the registration certificates on file will be available in the office. Visitors may inspect the bulls at any time prior to the sale. If errors are noted in this report or in the sale catalogue, corrections will be made from the auction stand, and will take precedence over any printed matter.

Double Double is an 8yr old 15.1 Palomino gelding who is very stout and strong. He has seen lots of miles moving and treating cattle on the pasture and is very easy to get along with. He has a nice ground covering stride and is easy to ride. He's good with his feet and he's easy to catch anywhere he's a very friendly horse. He's just been started team roping this winter and looks like he is going to make a pretty nice head or heel horse.
