# Welcome to Peak Dot Ranch... Established in 1950...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2021 Spring Sale.

It is our pleasure to welcome you to the Annual Peak Dot Ranch Spring Bull Sale. Thank you for making our program your program. Our emphasis has always been committed to producing bulls that keep the commercial cowman on the top side of the market. We are proud to be a family owned cattle ranch operating from the same location for 5 generations.

The bulls are penned and sorted by sire group with many groups of half, three-quarter and full brothers. There are several herd bull candidates in each group and we welcome your visit anytime prior to the sale. They sell in volume so they will be affordable in everyone's price range. All bulls are semen tested and checked for soundness and ready to go to work. Over 75 percent of the bulls selling are calving ease bulls with superior performance that will work well on heifers. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we strive to accomplish.

Again this year we're offering the best cull bull incentive program you can find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old, broken down, worn out bulls. See the next page for details.

We hope to see you all at the sale and if any one cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The growing success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fifth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

Sincerely,  
Clay and Carson Moneo

## Ellingson Roughrider

Peak Dot Reference Sire

Excellent feet with depth of heal...

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He sold for \$70,000. He carries much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big, solid, stout legs and has excellent feet with lots of heal. He sired an outstanding pen of 95 big, thick, husky performance bulls in the spring 2020 bull sale that were very well received averaging just over \$8000. He has put together another impressive sire group of bulls for this event. His daughters are regarded as some of the best females Ellingsons and Peak Dot have ever calved. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today.

SAV Topsoil 4354 was a feature from the 2015 SAV sale. We purchased this bull with Alta Genetics. He combines all the power, sheer thickness and performance from SAV Harvester combined with the calving-ease, phenotype, and maternal strength of SAV Bismarck. His Bismarck dam is the second lowest birth EPD cow in the entire SAV herd. She is blessed with striking femininity, superb udder quality and abundant milk. Topsoil Pathfinder grandam is a full sister to SAV 004 Predominant 4438.

## A sucess story...

For the past few years Northway Cattle has purchased our entire private treaty group of heifers. They have since gone on to have two very succesful bull sales with progeny almost entirely from the private treaty heifers they orginally purchased. They have averaged over \$9000 on the sons in there annual bull sales and have built up an outstanding replacment pen of females all from their original purchase of the Private Treaty Heifer Pen
