Welcome to Peak Dot Ranch...

Established in 1950...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

It is our pleasure to welcome you to the Annual Peak Dot Ranch Fall Bull Sale. Our program, since its early beginnings, has always been committed to producing bulls for the commercial cowman.

The coming two year old bulls in this sale are developed and managed exclusively for this event. They are never pushed and are grown out to be fertile and problem free. Several of the bulls in this sale are low moderate birth weight bulls and come recommended for heifers. The bulls are penned and sorted by sire group with many groups of half brothers and three-quarter brothers available for a more uniform and genetically consistent calf crop. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we want to produce.

Everyone is welcome to come view the bulls anytime prior to the sale at the ranch. We hope to see you all at the sale and if any one can not make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The growing success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fourth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early to view the cattle. Be our guests and enjoy a beef barbecue with refreshments.

Sincerely,
Clay and Carson Moneo

This year we're offering the best cull bull incentive program you will find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old broken, down worn out bulls. Why take a chance on bunch of open cows this fall when you can replace them with fresh strong new bulls. All you have to do is email us prior to the bull sale or bring a copy of your bill of sale from the auction market after selling your cull bulls and you will receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

Ellingson Roughrider

Peak Dot Reference Sire

Excellent feet with depth of Heal...

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He sold for \$70,000. He carries much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big, solid, stout legs and has excellent feet with lots of heal. He sired an outstanding pen of 95 big, thick, husky performance bulls in the spring 2020 bull sale that were very well received averaging just over \$8000. He has put together another impressive sire group of bulls for this event. His daughters are regarded as some of the best females Ellingsons have ever calved. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today.

Cash Flow was the lead bull from the 2014 NWSS Reserve Champion pen. He went on to become the high selling Barstow Cash son in the spring of 2014. We purchased this bull along with Semex for his extended length of body, wide pin setting and exceptional overall thickness. His ET dam is backed by a Pathfinder grandam. His progeny are thick made cattle with muscle expression and volume throughout.

 The dam of Attractive

One of the top selling bulls we purchased along with Semex from the 2016 Schiefelbein sale. Attractive is a calving-ease bull that will add growth and a good set of feet and legs. His dam is one of the best cows we have found in all our travels. She has produced over \$200,000 and is one of the main anchors in the Schiefelbein embryo program. Attractive has a great disposition and so do his sons.

His Bismarck dam is the second lowest birth EPD cow in the entire SAV herd. She is blessed with striking femininity, superb udder quality and abundant milk.
