PEAK DOT COLOSSAL 98G - LOT 98

# Welcome to Peak Dot Ranch... Established in 1950...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2020 Spring Sale.

It is our pleasure to welcome you to the Annual Peak Dot Ranch Spring Bull Sale. Thank you for making our program your program. Our emphasis has always been committed to producing bulls that keep the commercial cowman on the top side of the market. We are proud to be a family owned cattle ranch operating from the same location for 5 generations.

The bulls are penned and sorted by sire group with many groups of half, three-quarter and full brothers. There are several herd bull candidates in each group and we welcome your visit anytime prior to the sale. They sell in volume so they will be affordable in everyone's price range. All bulls are semen tested and checked for soundness and ready to go to work. Over 75 percent of the bulls selling are calving ease bulls with superior performance that will work well on heifers. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we strive to accomplish.

Again this year we're offering the best cull bull incentive program you can find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old, broken down, worn out bulls. See the next page for details.

We hope to see you all at the sale and if anyone cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The growing success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fifth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

Sincerely,  
Clay and Carson Moneo

# Roughrider Bulls...

## Ellingson Roughrider *Peak Dot Reference Sire*

Excellent feet with depth of Heel....

The largest sire group to be offered at one time anywhere in Canada in 2020. 95 sons will sell at our Ranch on April 1, 2020.

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He carries as much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big solid, stout legs and has excellent feet with lots of heel. He sired a outstanding pen of 95 big, thick, husky performance bulls that are consistent in type, very docile and easy to handle for this event. His daughters are just as impressive. His daughters are regarded as some of the best females Ellingson Angus has ever calved. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today,

Maybe the most popular and thought after bull to ever walk through the sale ring in Peak Dot history. Every good Purebred Breeder and Commercial Rancher in North America that seen Peak Dot Cash Flow 36D had a big check mark beside his lot number when he sold in the spring of 2017. He possessed a tremendous amount of thickness throughout his body and had a big wide top on him with four powerful legs and excellent feet. He was purchased by Northway Cattle Co. for \$100,000.

Unfortunately the bull was lost very early in life and never did get to reach his full potential. Lot 98 is not only a replica of his popular sire he is the only son and all that have seen think he is even better than his sire.

 The dam of Attractive

One of the top selling bulls we purchased along with Semex from the 2016 Schiefelbein sale. Attractive is a calving-ease bull that will add growth and a good set of feet and legs. His dam is one of the best cows we have found in all our travels. She has produced over \$200,000 and is one of the main anchors in the Schiefelbein embryo program. Attractive has a great disposition and so do his sons.

**PEAK DOT ATTRACTIVE 278G - LOT 128**
