# Welcome to Peak Dot Ranch...

The Moneo Family

## Established in 1950...

Terry

Carson and Lana

Koen, Gen and Brixlyn

Riley and Danielle

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia and Luke Turner

Welcome to the 2023 Spring Sale.

It is our pleasure to welcome you to the Annual Peak Dot Ranch Spring Bull Sale. Thank you for making our program your program. Our emphasis has always been committed to producing bulls that keep the commercial cowman on the top side of the market. We are proud to be a family owned cattle ranch operating from the same location for 4 generations.

The bulls are penned and sorted by sire group with many groups of half, three-quarter and full brothers. There are several herd bull candidates in each group and we welcome your visit anytime prior to the sale. They sell in volume so they will be affordable in everyone's price range. All bulls are semen tested and checked for soundness and ready to go to work. Over 75 percent of the bulls selling are calving ease bulls with superior performance that will work well on heifers. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we strive to accomplish.

We offer the best cull bull incentive program you can find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old, broken down, worn out bulls. See the next page for details.

This year we are again offering 30 open replacement heifers sourced from long time Peak Dot customer Hillcrest Enterprise. These heifers are 100% Peak Dot influenced commercial open heifers with decades of selection and are developed to make long-term producers who deliver profit. They all sired by Musgrave Colossal a proven female producer that stamps them with body depth, balance, femininity and maternal presence. Be sure to check them out.

We hope to see you all at the sale and if any one cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fourth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

### Cull Bull Incentive Program

This year we're offering the best cull bull incentive program you will find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old broken, down worn out bulls. Why take a chance on bunch of open cows this fall when you can replace them with fresh strong new bulls. All you have to do is email us prior to the bull sale or bring a copy of your bill of sale from the auction market after selling your cull bulls and you will receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

# We offer the following Services ...

**We will pay 4% of your Comprehensive Insurance.**

**Free Delivery 500 miles or \$100 Pick up Discount.**

**Semen Tested and Ready for Immediate Service.**

## **Sight Unseen Purchase Plan:**

We would like you to attend the sale, but if you cannot, you can have Carson personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Carson gladly will assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.

Carson Moneo (306)266-4414

## **Genetic Information**

All registered lots in the sale have had the genomic Angus GS test, and EPDs listed reflect the Gene Seek analysis. The test will increase the predictability of economically important traits. With the genomic test you will have more accurate higher accuracy EPDs than conventional EPDs.

**Cull Bull Program:** Receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

**Sale Bull Videos:** Videos available at [www.peakdotranch.com](http://www.peakdotranch.com)

**Online Bidding:** Sale will be broadcast live. Watch and bid on DV Auction or DLMS.

## **Volume Discounts:**

Starting at 3 bulls, 3% and increasing 1% for each additional bull up to 10 bulls - 10% maximum discount

**Exporting into USA:** We welcome our U.S. customers. Peak Dot will do all the necessary testing for export. Delivery will be looked after by Peak Dot within a 500 mile radius. For purchases going beyond the 500 miles we will help coordinate delivery to get the cattle to you as economically as we can.

## **Did you know you can finance bull Purchases with FCC?**

When you finance livestock through FCC, you have the flexibility to Customize your financing – your way. Apply now to get pre-approved so you can head to the Peak Dot sale with confidence knowing you already have the financing in your back pocket. Call 1-888-332-3301 or your local Office to get started.

# GLOSSARY OF SALE INFORMATION

## EPD ABBREVIATIONS:

EPDs are a powerful tool that is available for making genetic progress. EPDs incorporate the performance of the individual along with the performance of all its relatives.

**CE:** Calving ease - the higher number predicts more calving ease.

**BW:** Birth. A lower EPD predicts more calving ease.

**WW:** Weaning. Higher weaning EPDs predict higher weaning weights.

**YW:** Yearling. Higher yearling EPDs indicate greater expected yearling weights.

**Milk:** Milk EPD should be used to predict the milking ability of the daughters of the bull in question. Higher milk EPDs project more milk.

**REA:** Rib Eye Area in sq.in. Describes marbling potential of calves expressed as difference in grade score.

**MARB:** Marbling. Describes marbling potential of calves expressed as difference in grade score.

**CW:** Carcass weight in lbs. Predicts differences in hot carcass weight of progeny.

**\$C:** Combined value (\$C), expressed in dollars per head, includes Growth, Maternal, Carcass, all 15 traits. It is expressed in terms of dollars and it reflects the expected difference in profits between bulls progeny.

For example: Bull A \$C = \$250

Bull B \$C = \$150

On average, progeny from bull A will be \$100 more profitable in a Canadian commercial operation than the progeny from Bull B.

**Current weights and scrotal measurements will be available sale day.**

**The Powerful new Genomic Selection Tool**

*4th generation family operation backed by longevity and integrity...*

# Big River Bulls...

## Ellingson Big River *Peak Dot Reference Sire*

We are absolutely thrilled with the first calf crop from Ellingson Big River. His first calves have solidified his phenotypic and genotypic potency. Big River progeny are well made with lots of size, body shape, hair and bone and as much sheer thickness as any sire we have ever used. His daughters are among the very best in the replacement pen and his sons will lead off the 2023 Spring Peak Dot Ranch Bull Sale on April 5. Ellingson Big River is the next big important piece in our breeding program here at Peak Dot as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He checks all the boxes starting with **BIG PERFORMANCE:** A moderate 86lbs birth weight combined with a 1006lbs weaning weight and a 1674lbs yearling weight. **BIG MATERNAL:** His dam EA Blackcap 4053 is one of the best donor females on the Ellingson Angus Ranch and has earned Pathfinder status with a production record birth ratio of 5/97, a nursing ratio of 5/107 and a yearling ratio of 3/102. **BIG FERTILITY:** 42cm scrotal at a year and has put up a large volume of quality semen. **BIG POWER:** Explosive body capacity, ample bone, structural soundness and fluent mobility. Top 1% for hoof claw and angle EPDs. Top 1% for weaning and Yearling EPDs.

Three Rivers has taken the breed by storm. As one of the heaviest utilized sires over the past couple of years in the breed, he has quickly become an ultra-proven sire. Improving skeletal size, length, pounds, bone and muscle density in a one-generation mating is not typically something done, but is consistently accomplished with Three Rivers. His performance EPDs have stayed as strong as they were after the first progeny data was turned in. His sons have an appetite for gain that we have never seen before. He will add legitimate pounds and power to your next load of feeder calves. Many of his sons should add length of body, shape, dimension, circumference of bone and a rugged look. His donor dam is a modest-sized Chaps daughter with abundant rib shape, a strong udder attachment, ideal teat size and near-perfect foot shape.

Guarantee was a find of Schooley Cattle Company's in Iowa and he is one of the most exciting sire prospects to arise in some time. Guarantee has an outcross pedigree to the Canadian herdbook and a unique phenotype for his bloodline. He is a calving ease bull filled with presence and attractiveness along with true muscle, depth, and width. To find a sire with his pedigree and physical attributes is one thing, but he combines it with an outlier EPD profile with huge spread from birth to yearling and strong traits across the board. Guarantee's dam raised two sale topping bulls with her first two progeny and then unfortunately was lost much too soon, but her production is proven.

SAV Bloodline 9578 is the lead off \$250,000 top selling bull from the 2020 SAV Sale. He is a performance powerhouse and the most popular and widely used bull of his calf crop in the Angus breed. He is a dominating sire of extra growth, volume, muscle pounds and power. His progeny are among the best topping sales across the country. His sons are big stout power bulls with muscle rib shape and pay weight. His pathfinder dam is unmatched for phenotype, performance and production.

**TOP 4% FOR HOOF CLAW AND ANGLE EPD.**

Peak Dot Mosaic was the \$60,000 sale feature from the 2020 Peak Dot Ranch Spring bull sale selling to SSS Cattle Co. He offers extra natural width and depth of body in a structurally sound package. He is backed by some of the best cows on the ranch with two consecutive generations of donors. Mosaic sons posted impressive weaning weights with tremendous depth of body, width and ideal growth curves for real-world cattle producers.

 The dam of Lancaster

**Peak Dot Profound 110J**  
 This maternal brother sold to Yarrow Creek..

Lancaster is a rugged built stock bull with true muscle definition, extra ribshape and real performance. He was the featured lot 2 bull in the Spring 2020 Bull Sale selling to Glasman Farms for \$56,000. His progeny display a nice pattern with body depth, fleshing ability and real muscle shape. His dam is a very well made SAV Eliminator 9105 daughter that ranks near the top for milk and marbling. She is also the dam of the \$25,000 Peak Dot and Hillcrest Enterprises herdsire Peak Dot Seedstock 38F. Her son Peak Dot Profound 110J sold in last years sale for \$20,000 to Yarrow Creek. Her son sired by Three Rivers sells as lot 32.

## HEIFERS FOR SALE BY PRIVATE TREATY ...

Peak Dot Ranch has registered Angus heifers for sale by private treaty. This is a chance to acquire some of the top females from our program. This is a perfect set of heifers for anyone wanting to start a new Angus herd, or strengthen an existing one. It is not often you can step in and buy a large group of very closely related heifers with phenotype, performance and cow family strenght for generations.

Contact Peak Dot Ranch for more information on this opportunity.

View a complete list of the Private treaty heifers at: [www.peakdotranch.com](http://www.peakdotranch.com)

# Roughrider Bulls...

## Ellingson Roughrider

Peak Dot Reference Sire

Excellent feet with depth of Heal...

Kate Roberts

GRAND SIRE OF LOTS 72-81

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He sold for \$70,000. He carries much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big, solid, stout legs and has excellent feet with lots of heal. He sired an outstanding pen of 95 big, thick, husky performance bulls in the spring 2020 bull sale that were very well received averaging just over \$8000. His daughters are regarded as some of the best females Ellingsons and Peak Dot have ever calved. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today.

### SAV 004 PREDOMINANT 4438

Predominant was one of the most influential herdsires ever purchased by Peak Dot Ranch. For years his sons topped sale after sale at Peak Dot and across the country. Commercial ranchers loved the Predominant sons for their excellent feet, added thickness and volume. We still have customers tell us some of the best bulls and females they ever owned were Predominant sons and daughters. Predominant daughters are beautiful broody females with extra body depth, capacity and excellent udders.

The popular lot 1 \$35,000 top selling Profound son in the 2021 Peak Dot Ranch Bull Sale. Newfound may be the most balanced individual ever raised at Peak Dot Ranch. He replicates the same unmistakable herd bull presence that his sire does. His eye catching phenotype and excellent feet have been appreciated by even the most astute cattle visitors. He weaned off just under 900lbs for a weaning ratio 117. His EPDs rank him in the top 1% for weaning weight, top 3% for yearling weight, and top 20% for marbling. His dam sired by Unanimous is as impressive as you will find. She has recently been successful flushed twice freezing 23 and 30 quality embryos per flush. Owned with Hillcrest Enterprises.

Ellingson Profound is the crowd favorite and top selling bull from the 2019 Ellingson Angus Sale. He is regarded as one of the greatest bulls to come out of the Ellingson program. He offers next-generation power genetics for those who make their living selling feeder calves. His sons are stand outs in terms of muscle shape, vast body depth, volume, outstanding thickness and superior foot quality. Profound first sons topped the sale last year here at Peak Dot and also at Ellingson Angus in 2022. His dam is a second generation donor that records a production birth ratio of 2/98, a nursing ratio of 2/106, a yearling ratio of 2/106, an IMF ratio of 3/103, and a ribeye ratio of 3/102 and has settled to first service A.I. every year of her production career. The Profound daughters are equally as impressive, attractive fronted, naturally thick, soft made and easy fleshing.

A highly respected, proven calving-ease sire. He has unmatched body mass and rib shape that is rarely seen in a top ranking calving ease sire reinforcing his strong CE number. Colossal sons can be used with confidence on virgin heifers without sacrificing thickness muscle and performance. Along with his exceptional calving-ease credentials he offers a magnificent maternal value. His maternal lineage has many generations of highly fertile, strong footed and great uddered females. Owned with Semex Beef.

The maternal grandam of Boost.

### Calving Ease with Performance

Incredible mass, volume, length and stoutness with abundant depth, thickness and excellent scrotal development. This bull is something special. He has a birth weight of 68lbs then went on to wean off at 934lbs and weighed just under 1700lbs at a year of age! He earned a weaning ratio of 124 and ranks in the very top 1% for weaning weight and yearling weight EPDs, top 10% for REA and top 3% for CED. His grandam Erica of Peak Dot 478U is the most influential cow at Peak Dot with 54 progeny.

 The dam of Attractive

One of the top selling bulls we purchased along with Semex from the 2016 Schiefelbein sale. Attractive is a calving-ease bull that will add growth and a good set of feet and legs. His dam is one of the best cows we have found in all our travels. She has produced over \$200,000 and is one of the main anchors in the Schiefelbein embryo program. Attractive has a great disposition and so do his sons.

Sure to be a household name someday soon, Brutus is a great one combining phenotype, cow family, EPDs, individual performance and carcass traits. Top selling bull from Brookdale Angus. Brutus was the heaviest weaning and yearling weight bull and had the highest IMF scan of the entire calf crop. He is backed by a highly maternal cow family and has two of the most influential cows in the entire Angus breed Baldrige Isbel Y69 and SAV Blackcap May 4136 in his pedigree make up. Owned with Semex Beef.

Tenderloin was our top pick of the 2021 Poss bulls. He is an attractive, high marbling, thick made bull that combines calving-ease, performance, carcass and maternal traits along with a big scrotal and gentle disposition. His dam is one of Nolan Poss favorite cows in the Poss herd. He is bred very similar to the popular \$900,000 Poss Deadwood with the combination of Poss Maverick and Poss Easy Impact 0119 in his pedigree make up. Owned with Semex Beef.

**SAV MISS BOBBIE 2407**  
 The dam of Earnhardt

Earnhardt is a stout and powerful son of SAV Harvester 0338 out of the uniquely bred and perfectly built SAV Miss Bobbie 2407. He was the top weaning bull of his entire calf crop at Janssen Angus. He offers a moderate birth weight with a 205 day weight of 977 pounds along with a 365-day weight that broke the 1,400 pound yearling weight barrier. A large number of Earnhardt daughters have been retained by Peak Dot for replacements.
