We would like to welcome everybody to our 18th annual bull and select female sale. We are continually striving toward genetic improvement which is an exciting and motivating challenge, as there is always room for improvement. Our breeding program focuses on calving ease and pounds in the fall, as the cattleman sells pounds for a living. We also strive hard to keep the essential traits that make the Angus breed rise to the top, such as fleshing ability, phenotype, thickness, length, good udders, solid feet, superior soundness with a gentle disposition and structurely correct from the ground up. We strive for cattle to carry these traits along with performance and do it in an efficient manner.

We are into our 4th generation in the Angus business and going strong. Our cow herd still runs through the Battle River hills as it did 84 years ago. They are strong independent females that get the job done year after year. Our cows raise their calves on grass, salt and mineral. We do not creep our calves, nor do our cows go on any cover crop or swath grazing before weaning. Our weaning date was September 25th last fall.

DLMS will be with us again this year broadcasting live for online bidding again. We will have videos of all the bulls on our Rivercrest Angus website as well as DLMS.

It is truly an honor and priveledge to serve all our repeat buyers, local and from afar and to meet and provide for new customers. If you are unable to attend sale day, you can use DLMS online bidding or give myself or one of our sale representatives a call and we will do everything we can to meet your requirements. If you decide he's not for you, we'll take him back.

If you get a chance we'd love for you to come to the ranch and view our offering before the sale.

We bought No Doubt at the 2017 Peak Dot Spring Bull Sale. He was our top pick of the entire selection. No Doubt ws the second highest seller of his sire group, topping out at \$37,500. He is powerful in every dimension and demands your attention with his thickness, length, great muscle expression, great foot and the most gentle disposition, all which he passes on with great consistency. We believe he is one of the best curve bending bulls still today, that carries a moderate calving ease package. He produced our all time high seller going to LLB Angus for \$29,000 in 2019.

We bought Attractive from the 2019 Peak Dot spring bull sale. His calving ease, muscle expression, thickness, style and phenotype best describes him. We bought Hot Lotto 200D at Hamilton's 2017 Spring Bull Sale. He was a bull that caught Cayden's and my eye right away. He has a stacked pedigree on both sides, going back to Barstow Cash on the top side. The dam, HF Miss Blackcap 27R, was dam of HF Swagger 75W, HF Syndicate 213Z, HF Lifeline, HF Smooth 191C, female HF Blackcap 220C and HF Blackcap 257B. 200D is full of red meat, length, thickness, muscle shape, excellent conformation and a super foot. His calves have those same traits. He definitely sets the bar high and carries super strong maternal traits and presents outstanding EPD's.
