Wayne & Dallas

Welcome from
CASTLEROCK MARKETING

It's bull sale time at Spruce View Angus and Wayne and Dallas have put together a top end set of bulls for you again this year! For years the Grant family has been known for producing Angus cattle that have top end performance and power that will push the scales down with their extra length of body and ability to convert feed into pounds! This year is no different, same goals every year to produce good doing Angus bulls that have kept commercial breeders going over the last 40 + years. Culled hard and heavy as they do every year this bull pen is extremely impressive. When you get Al Wenstob all excited when he's clipping them you know you're onto something good. Some fresh new sire groups for the repeat customers including the likes of Coleman Bravo who has people pretty excited through the quality of this calves as well as Basin Payweight 1682 and some of the only calves to sell this spring in Canada! Peruse the book, stop by the ranch for a tour as the cattle and hospitality are well worth the drive.

Should you have any questions regarding this super offering don't hesitate to give Wayne, Dallas or ourselves at Castlerock Marketing a call, we'd love to hear from you.

See you sale day!

Possibly Renown's best breeding son leaving his calves with lots of style and look to them with excellent structure and a balanced look. Chock full of meat Renovation has done an excellent job in any herd that he's being used in across the country. Best of all, expect great things out of the females, reports from those calving daughters are more than excited of the results so far!

Took the breed by storm a few years back and with this, the first set of calves in Canada people are extremely excited with the prospects of his progeny. Heifer calves were sought after hard last fall and commanded an astonishing premium. The Bravo calves have a solid look to their easy fleshing makeup, pleasing birthweights, awesome dispositions and style to burn. Again, the female side of this equation should really put the butter on your toast!

Another new sire of 2020 and some of the few Payweight calves born in Canada last spring. Payweight is a calving ease wizard, with growth and carcass traits which rank near the top of the breed. Easy fleshing bulls with that flash that is sure to catch your eyes and please your heifers when it comes to calving time. A different pedigree for anyone to use is just an added bonus from their scale crushing performance.

3E is a bull which we retained for our own use and we couldn't be happier with the job he has done. This young bull brings a few neat things to the table besides being an exceptional individual. His dam, is a beauty of an Upshot daughter that we are hanging our hat on with her great udder and production. The granddam 175'99 come to us via the Geis dispersal and her production and ability to transmit her power into her descendants is important.
