Belvin Angus Eleventh Annual

MARCH 7, 2023 AT THE FARM, INNISFAIL, ALBERTA

BULL  SALE

WELCOME TO OUR 11TH ANNUAL BULL SALE

Welcome to the 2023 Belvin Angus Bull and Female Sale. Another year has flown by, as per usual. Some areas saw some welcome relief to the drought, while others are still mired in dry conditions. With cow herd numbers at levels not seen for decades, hopefully the strong prices seen last fall and this winter for feeder cattle will continue to strengthen. With the costs of every input rising and every new tax and surcharge that seems to come up, we know the ranching community is long overdue.

We are extremely excited about the group of bulls we have on offer this year. As our bull numbers and sale grow, we feel the cow numbers must grow in lockstep. We have a bigger cowherd now than ever before, which allows us to cull harder and keep a uniform group of bulls. Feeding out our cull bulls has given us a greater appreciation for what our genetics offer through the whole beef chain, and we are very pleased to see these results. We do a fair amount of embryo work, but the vast majority of our bulls are natural born calves backed by our herd of easy keeping, efficient, hard working mother cows. The cows graze stubble, silage re-growth and banked coulee grass until mid December before coming home

for calving. Our commercial customers make their living on the productivity and consistency of their cowherd, and we feel that we should be the same.

As always, we are very proud of the group of herd sires we have assembled, and we feel they can match up with any bull battery out there. Most of the bulls in this sale are sired by a bull that we own, who has walked the breeding pastures on our ranch. We feel it is important to walk these sires, to see how they work and mature in real life. We spend countless hours researching genetics and looking for cattle that will work for us and our customers, and we are committed to sourcing the best herd bulls we can find. We strive to produce bulls that have a solid foundation, being structurally sound and eye appealing, with good hair, scrotal size and temperament. From this foundation, we can then add levels of calving ease, performance and carcass merit to the equation. There is so much information out there when it comes to breeding Angus cattle, we try and sort through all of that to make bulls that are balanced and work for our customers.

Our bulls are fed a forage-based ration. The bulls are fed a modest amount of grain, and we feel the bull's hair, semen tests, movement and feet

BA tuesday march 7

1:30PM AT THE FARM, INNISFAIL, ALBERTA

reflect this. It is our opinion that feeding them in this manner allows them to show their true genetic potential. We don't creep feed our bulls, so their weaning weight is a reflection of their mother's milk and the bull's ability to grow. The bulls are all semen tested, vet inspected and fully guaranteed. We stand behind the bulls 100%, and if there are any issues with a bull sold in the sale, we will make sure it is looked after.

The yearling bulls are weaned the start of September and spend the next three months in one large group in a 20 acre field. They are sorted into their pens in early December, where they remain until sale day. The extra age bulls on offer come from a completely different management group of 45 females. The cows in the summer calving window calve on pasture from late May until July. These summer born bulls are weaned in early January. They graze again from June to late November, at which point they are moved to the sale facility. These bulls haven't been offered for sale before, they are bred specifically to be sold as extra age bulls. We feel there are standouts in both groups this year.

The sale will feature a group of open heifers that

represent the same sires and cow families as the bulls. We will be hosting a fall female sale again this October, and these heifers offer a preview of what will be available in that sale.

We would like to invite you to our sale facility east of Bowden, on Tuesday, March 7th. The sale cattle are always available for viewing, so we encourage people to come look at them anytime before the sale. Feel free to contact any of us to arrange a visit. The sale consultants listed in the catalogue are all familiar with the offering, so contact any of them for information or assistance with bidding. Online bidding will once again be offered with DLMS. Videos of the bulls will be posted online in the weeks leading up to the sale, on our website and at DLMS.ca. We guarantee full satisfaction of any bulls that are purchased sight unseen.

In closing, we would like to sincerely thank all the people who support our program in any way, whether it be through buying, bidding or showing interest. We are honoured and humbled that we get to work with some of the most progressive, hard working ranchers in Western Canada. The relationships and friendship we make are the best part of this business.

11th annual bull sale

MARCH 7, 2023 AT 1:30PM AT THE FARM, INNISFAIL, ALBERTA

BALDRIDGE VEGAS G082

19 Sons Sell

BW	WW	YW	MK	CED	CEM	CW	MARB	REA	FT
2.2	76	133	32	-2.0	2.0	53	0.70	0.86	-0.022

Baldridge Vegas G082 is a direct son of the legendary and now deceased Baldridge Isabel Y69, one of the highest earning cows in the history of the Angus breed. His sire, Spring Cove Reno 4021 is a proven, balanced trait sire who offers an outcross pedigree to most of the Canadian herd book. Vegas is very complete, he combines moderate birthweights with solid performance, carcass quality, great feet, and impressive docility. The Vegas sons on offer are sale features with their stout, dense makeup. The first Vegas daughters are calving right now and they are deep ribbed, angular cows with beautiful udders, true to their Isabel lineage.

SITZ MAJOR 707F

17 Sons Sell

BW	WW	YW	MK	CED	CEM	CW	MARB	REA	FT
0.3	80	132	24	5.0	10.0	55	0.42	0.70	0.045

Sitz Major 707F has surpassed our considerable expectations through three calf crops, his sons have been extremely sought after the last two sales. A direct son of Sitz Stellar 726D, one of the breeds most prevalent bulls right now, Major is a huge spread bull who offers calving ease and impressive growth, combined with eye appeal and incredible foot quality. Major has an awesome EPD profile, ranking in the top 10% of the breed for 7 different traits. The Sitz Angus cowherd is one of the most remarkable, maternal cowherds you will find, and that maternal strength shines through in the Major daughters.

BA reference sires

at BELVIN ANGUS

POSS MAVERICK

16 Sons Sell

BW	WW	YW	MK	CED	CEM	CW	MARB	REA	FT
1.0	73	123	38	5.0	4.0	66	1.65	0.78	0.041

Poss Maverick, now owned by Herbster Angus, remains one of the most popular bulls in the Angus breed today. His ability to sire cattle with incredible marbling that are still soft made, easy doing, stout and functional is almost unparalleled. He is a true outlier in that regard. Maverick offspring have made headlines around the globe, from the \$900,000 Poss Deadwood to Texas Iceman R725, the \$225,000 all-time high selling bull in Australia. Maverick's influence is once again prevalent in the sale this year, both as a sire and maternal grandsire.

SQUARE B ATLANTIS 8060

13 Sons Sell

BW	WW	YW	MK	CED	CEM	CW	MARB	REA	FT
0.8	55	102	25	4.0	3.0	25	0.58	0.85	0.012

Selected to use as an AI sire, Square B Atlantis 8060 features a maternally packed pedigree with two of the breeds great cows, SAV Blackcap May 4136 and Elbanna of Conanga 1209 up close in his pedigree. The Atlantis sons are moderate in frame but packed full of muscle and shape in an extremely eye appealing package. Atlantis has seen heavy use across North America, and the results thus far are impressive. The Atlantis daughters in our replacement pen are beautiful heifers at the top of their contemporary group.

BROOKING ROLL CALL 9045

11 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
4.5	65	110	30	0.0	7.0	33	0.16	0.43	0.026

Brooking Roll Call 9045 is another bull with a maternally charged pedigree, with the foundation cow families of the Brooking program, Rose, Beauty and Annie K, all in his pedigree. Roll Call was a sale feature at the 2020 Brooking Sale, and his dam is the prolific Brooking Beauty 333 cow. The Roll Call sons on offer are very strong footed and powerful, with added frame, performance, bone and hair.

BALDRIDGE MERCENARY D002

6 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
-3.6	56	100	27	16.0	13.0	40	0.96	0.44	0.081

Baldridge Mercenary D002 has been an extremely reliable calving ease sire, ranking in the top 1% of the breed for CE and BW. His calves are born small, grow fast and have excellent carcass merit. No other proven bull in the CAA database can match his combination of CE, WW, YW, Milk and Marb. Mercenary is a soft made, easy keeping, good looking bull, and his offspring possess this same phenotype.

LT WARDEN 8316

8 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
5.8	74	141	23	-9.0	6.0	62	0.34	0.67	0.024

LT Warden 8316 is the power bull in our herdsire lineup, with performance numbers that rank at the very top of the breed. The Warden sons are heavy boned and very good footed. You can see the influence of Resource, the maternal grandsire of Warden, in him and his sons. The Warden daughters are massive made, but still feminine and attractive, which is no surprise as the LT cowherd is noted for its maternal strength. The first Warden daughters to calve this year show excellent udder quality.

BALDRIDGE DISCOVERY D121

5 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
0.8	55	95	24	9.0	5.0	32	0.27	0.68	0.042

Baldridge Discovery D121 is one of the most consistent, eye appealing, easy doing, even tempered bulls we've ever owned. His sons, who are stout made, deep ribbed and attractive, have been very popular in our bull sale over the years. Discovery daughters are beautiful, productive, problem free young cows.

BELVIN MAY CITY 0136

4 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
1.7	68	104	18	4.0	5.0	39	0.34	0.70	-0.011

Belvin May City 0136 was the highlight and high seller of our 2021 Female Sale. His combination of awesome muscle shape, a soft middle, great feet, big scrotal and a commanding presence made May City a popular individual, not to mention his outcross pedigree. The May City sire group is smaller this year but will feature heavily in the 2024 sale. The May City daughters are at the front of the replacement pen. Owned with Canadian Sires, and Brooking Angus.

BELVIN HALLIDAY 0207

4 Sons Sell

BW	WW	YW	MK	CED	GEM	CW	MARB	REA	FT
5.6	76	133	36	-6.0	-4.0	65	1.17	0.48	0.038

Belvin Halliday 0207 was one of the feature bulls in or 2021 sale, selling to Klautd Ranches. Halliday is a heavy boned, solid footed Maverick son, out of one of our best young cows. He is an impressive combination of performance and the carcass merit Maverick is known for. Halliday ranks in the top 2% of the breed for WW, YW, SC, Docility, CW, Marb and Milk.

	Northline Black Crystal 145P

Major 2028 is one of the highest performing bulls in the sale, with a 105 WW ratio and a WW EPD in the top 1% of the breed. The dam of 2028 is a powerful Maverick daughter, who features a lot of longevity in her pedigree. His maternal grandam is a CAA Elite Dam who produced to 15 years of age. 2028 is a long bodied bull with extra frame and substance.

Knock Out 2033 is the highest performing Atlantis son in the sale. He comes from an outstanding flush between Atlantis and our standout Georgina 14'14 donor female. This flush will feature heavily in our 2023 female sale this fall. 2033 is a heavy muscled bull, who has WW, YW, SC, Marb and REA EPD's that rank in the top 15% of the breed or better. **EMBRYO TRANSFER**

Kindersley 2042 is a big topped, heavy muscled Vegas son. The Vegas x Earnan cross is apparent in his powerful body type. The maternal grandam of 2042 is a CAA Elite Dam, who was a featured donor cow for a number of years. 2042 is one of the heaviest boned, stoutest made bulls in the sale with large scrotal and a lot of presence.

Kingstown 2043 has been one of the best Atlantis sons from the start. He is as soggy, stout, hairy and thick as any bull in the sale, yet he still features enough calving ease that he could be used on heifers. The dam of 2043 was a great producing cow who had an outcross pedigree combined with a great phenotype. Maternal brothers to 2043 have sold to Flying E Rancho, Stump Lake Ranch and Standard Hill Angus/MGA. **EMBRYO TRANSFER**

BULL SALE Terms & Conditions

OWNERSHIP Belvin Angus will retain 1/3 semen interest in all bulls selling. Buyer has full possession and full salvage value of the bull.

CATTLE INSPECTION All bulls carry permanent identity tags that correspond with the Sale Lot numbers. The bulls also carry a freeze brand, correlating their birth year and their tag number. All bulls have the required CCIA buttons. Cattle available for viewing prior to the sale.

BREEDING GUARANTEE All bulls sell with the responsible Breeders Guarantee of Satisfaction. All bulls are guaranteed. All cattle sell under the Terms and Conditions set forth by the Canadian Angus Association.

SIGHT UNSEEN PURCHASE GUARANTEE If you are unable to attend the sale, we have a sight unseen purchase plan that is 100% satisfaction guaranteed. Contact any of us for further details.

INSURANCE Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock insurance will be available sale day.

TERMS OF SALE Cash or cheque at par, payable to Clerks on Sale Day. No release of cattle will occur until satisfactory settlement has been made.

LIABILITY All Persons who attend this sale do so at their own risk, and the owners and sale staff assume no liability, legal or otherwise for property loss or for any accidents that may occur.

ANNOUNCEMENTS Errors discovered in the catalogue will be corrected from the auction block at the beginning of the sale and such corrections will take precedence over the printed material in the catalogue.

ANGUS 3S **GENOMICALLY ENHANCED EPDS** All bulls are parent verified and have genetically enhanced EPDs.

CARCASS DATA

ULTRASOUND The bulls have all been ultrasounded. Ultrasound results will be available sale day.

This sale marks the third year we've sold Major sons, and they have been very well received by commercial and purebred breeders alike. Kahuna 2067 may be the best Major son we've offered to date. From a 1.1 BW EPD to an ADJ YW over 1400 which gives him a ratio of 115, 2067 exemplifies the combination of calving ease and performance that Major offers. Phenotypically, 2067 is one of the most imposing bulls in the sale, packing muscle and mass into an average frame size. Add in eye appeal, big scrotal and great feet, and 2067 is a complete package. The dam of 2067 is a massive made, powerful member of the Georgina cow family, who has an extremely strong production record.

It is again a pleasure to be working with the hard-working Hamilton and Elliot families at Belvin Angus. The Belvin operation continues to provide quality angus genetics to the cattle industry for seedstock and commercial programs.

The bulls are raised on pasture during the summer months with nothing but their mother's milk. The cows are also on a year around organic mineral program which all enhances the health and immunity of the sale bulls. The pairs consume free choice mineral throughout the grazing months and are fed a mineral package throughout the winter when on a total mixed ration. The bulls transition to a forage based, total mixed ration once they are weaned. The bulls total mixed ration also contains a chelated mineral package throughout the feeding period which enhances the bull's immunity and complements their growth patterns as they develop. The total mixed ration is designed to promote

lean muscle growth, ensuring longevity is the main priority when developing the bulls. Rumen health is continuously being monitored during the bulls feeding period and is adjusted accordingly to meet environmental and seasonal challenges.

If you have any questions about the nutrition or sale bulls, please feel free to contact me.

Best of luck to the Belvin Angus crew with this year's sale bulls!

Kid Rock 2080 is a feature Warden son, and one of the top performance bulls in the sale. 2080 is a soft made bull with a big hip, big bone and a lot of presence to him. His dam is an 11-year-old cow, who has numerous daughters in the herd, and past feature sons to East & West Ranching Co. Ltd. and Kamlah Farms. With performance EPD's in the top 3% of the breed, and an YW ratio of 117, 2080 will add a lot of power and performance to a calf crop.

Kinero 2084 is another representation of why Major has worked so well in our program, siring moderate birth weight cattle with unprecedented weaning and yearling growth. This big time spread bull has outlying figures with CE and BW in the top 10% and growth numbers in the top 1 and 2% of the breed. His Sky High dam is a moderate, easy fleshing female that is the kind we strive to produce; she is an own daughter of 205'12, one of the most productive donor females to influence our herd. The Major sons are good footed, athletic and can thrive in any condition.

2086 comes as one of the big indexing bulls in the sale with unmatched birth to weaning and yearling spread, all as a heifer's first calf. This Major son went from 70 lbs at birth, to 827 lbs at weaning and over 1400 lbs at a year. His +75 and +135 WW and YW EPD's are in the top 1% of the breed. He sports ten EPD's that rank in the top 10% of the breed, from calving ease to growth and carcass merit. This elite, long bodied individual has developed true to his lineage as his grandsires, Spur and Stellar, are two of the most prominent bulls in the industry over the last few years.

Warden 2111 is very stout and compact, with a square hip, big top and lots of capacity. This powerful, athletic bull stands on a good foot and will cover extra cows in tough country. True to the Warden sire group 2111 has the muscle shape and look of his grand sire SAV Resource 1441. His dam is a low maintenance female with a square, level udder. With a 113 YW Ratio and strong EPD's for performance 2111 will sire a top set of feeder cattle.

Kansas 2136 is one of the strong performance driven Maverick sons in the offering. This long bodied, deep sided bull has added pay weight and balanced carcass predictions for MARB and REA with both in the top 6% of the breed. The dam of 2136 needs no introduction being the mother of Panic Switch, a calving ease pillar in our herd. Her progeny have been very well accepted with 7 sons sold through past sales including highlights to Jackson Farms, Klaudt Ranches, East & West Ranching Co. Ltd., as well as a full brother in last years sale to BN Ranch. **EMBRYO TRANSFER**

Kookaburra 2138 is one of the feature Vegas sons in the sale, who has the soft makeup and soundness that are typical of the Vegas sire group. The dam of 2138 is a very nice Mercenary daughter, who is moderate framed and feminine, with a great udder and excellent feet. This modest birth weight bull is very balanced on both paper and in the flesh; he will be a very versatile breeding tool and can fit any program. A maternal sister sold in last years sale to Lake Creek Ranch. Owned with Callum Miller.

Kananaskis 2140 is the powerhouse of the Major sire group with lots of body mass, length and depth of body. 2140 has had an impressive look from a young age at the side of his 13-year-old dam, with his added growth and masculinity. His mother is a top working cow who is very functional with a lot of volume and a great udder. She is noted as a top bull producer with 8 sons who have gone to work for Alexis Creek Ranch (2), DMS Ranch, Flying E Ranche, Barrington Ranch Ltd, Klautd Ranches, and Ellis Cattle Co (3).

Knot 2141 is a performance orientated Alternative son who will add length and scale while maintaining calving ease. 2141 comes with the attractive look and solid end product merit typical of his sire line. Alternative has made a name for himself across the nation for growth and carcass traits, look to these sons to sire feeder cattle that convert feed and grade. A maternal brother sold last year to the Harpur Ranch.

Kneehill 2145 is one of the top herd sire candidates in the offering with great phenotype, pedigree, EPD predictions, and maternal strength. This dense made Vegas son has as much shape and body as any bull in the sale, with curve bending figures supporting his modest BW and impressive early growth and maturity. The dam of 2145 is a great young female in our herd who is making her mark, while his granddam 18'10 in a cornerstone cow, who had had a big influence in our program. Kneehill 2145 has an exceptional disposition and will be easy to find on sale day.

One of the elite cow makers in the offering is this moderate framed, stout made Atlantis son. Killarney 2146 has a very attractive look and is fault free in his make up. With solid calving ease figures look to 2146 to cover heifers or cows and leave replacements that are the right kind. His dam is one of the very strong females in our program with a perfect udder, bold rib shape, and a feminine look. Her most notable accomplishment would be our high selling bull in 2021, Honey Jack 0095, who commanded \$20,000 to KT Ranches.

This front end Vegas son is the cowman's kind with loads of performance and calving ease, while travelling freely on an exceptional set of feet and legs. 2159 boasted the top performance index of his calf crop for WW to index a 115. Like his sire, 2159 has a big top and a herd bull look, and he will increase maternal traits for milk and fertility. His mother is a perfect uddered Junction daughter, who has weaned 4 calves at 107 for WW. Maternal brothers have gone to work at Tatalrose Ranch, and East West Ranching Co. Ltd.

Keystone 2174 is a front-end Maverick son who is stout made, with an attractive look. 2174 offers high growth and superior marbling true to his sire line. His Lady Blossom dam has a perfect square udder and is very fertile, consistently calving in the first cycle through 6 calves. She is a maternal sister to the lot 187 bull in this sale. A maternal brother to 2174 was a sale feature last year to Beau and Cristy Lyons.

Knox 2182 is a top Alternative son who offers elite calving ease figures with impressive growth, along with added carcass merit; the foundation traits his sire has gained a reputation for. The maternal strength of this pedigree is to be noted combining the famed Blackbird A030 and outcross Argentine bred donor 73'13, who has several daughters at the top of our program. Maternal brothers have sold to Flying E Rancho and University of Calgary. Two maternal brothers sell as lots 167 and 431. **EMBRYO TRANSFER**

King City 2187 is the powerhouse of the Discovery sire group; he is long bodied and packed full of muscle with a herd bull look. This big weaning weight bull has consistently pushed the scale down and will sire a set of calves with performance and quality. His mother is a maternal sister to our herd sire Panic Switch and has been recognized as a CAA Elite dam for weaning 7 calves to ratio 106. She has sons at Flying E Ranche, Barrington Ranch Ltd., and Ilnicki Ranch.

The Discovery sire group will be one of the most consistent sets of bulls we have offered through five consecutive sales; they have an attractive look, natural muscle and great disposition. Kiosk 2193 is a soggy made bull with added muscle shape and a great look to him. His mother is one of our best Yellowstone daughters and has a picture-perfect udder, she is also the granddam of lot 64. A maternal brother is working at Barrington Ranch Ltd.

Kent 2196 is one of the really exciting bulls in the offering with his combination of pedigree, performance, and phenotype. 2196 posted one of the top ADJ WW at 833 lbs, to earn a ratio of 115. He also sports WW and YW EPD's in the top percentiles of the breed. This stout made, stylish bull is typical of the Major sire group and why they have gained so much popularity. His mother is a beautifully made Discovery daughter, who was selected by KT Ranches as the pick of our cowherd and is the kind you'd want hundreds of.

--	--

Kick Back 2226 is one of the stoutest, most compact bulls in the sale, much like his sire Limit Up, who we have calved a large group of heifers to this spring and look forward to a large sire group in 2024. 2226 has solid calving ease and BW figures, making him suitable for heifers or cows. His dam is a top Pokerface daughter with a square, level udder and good feet. Coming from the Lassie cow family will also add longevity. A maternal brother sold last year to Seven Four Ranches.

King Range 2238 is one of the feature Maverick sons in the offering that displays breed character and style. 2238 is the natural calf out of our 03X donor female who has 3 sons in this sale. She is a moderate framed, heavy milking Final Answer daughter who has a strong production record with a past sale feature to Klautd Ranches. 2238 can be used on heifers or cows and will add carcass merit while reducing dry matter intake.

fundraiser
in support of **EMMETT McNABB**

The A Team, Angela Davidson (www.angeladavidsonart.co.uk)

This winter, Emmett McNabb was diagnosed with a brain tumour. The worst type of news any parent can possibly receive. His parents, Jared and Laura, are working to build their ranch at a new location, while Emmett needs to travel for monthly treatment in Florida.

This print, called *The A Team* was donated by our great friend James Arnott. We are auctioning this print off with the proceeds going to the McNabb family.

--	--

Jingle Bob 1400 is a feature calving ease Vegas son who ranks in the top 1% for BW and 4% for CED with an actual birth weight of 68lbs. This stout made bull is backed by an extremely maternal pedigree combining Y69 and 121'17, who is the dam of the Canadian Sires/ Brooking Angus herdsire May City 0136. 1400 will calve easy and produce easy fleshing females. This good footed, sound made herd bull will be one to find if you have a large group of heifers to breed.

1402 is one of the elite bulls in the offering with curve bending figures and herd sire presence. Justification puts it all together from the ground up with excellent feet, sound structure, added muscle and an attractive look. This high indexing bull posted a big WW and earned a YW Ratio of 113, all as a heifers first calf. This top cut Vegas son scanned a 148 Ratio for IMF to lead his calf crop, to go along with a LMY of 62%. The Granddam of 1402 is a near perfect Pure Product daughter who has had a strong production record in our herd.

Judith Gap 1406 is another feature bull in the extra age pen as he is big topped and packed full of muscle. Noted from a young age, 1406 has a powerful makeup and an athletic design with perfect feet, much like his sire Roll Call. 1406 is backed by one of the top females in the summer calving herd and one of the top cow lines on our ranch. The mother of 1406 is a long bodied, thick made Pokerface daughter who has a beautiful udder and great disposition, her son last year sold as a sale feature to East West Ranching Co. Ltd.

Jungle 1407 is a spitting image of his popular sire, Major. 1407 has a very attractive look with added length of body and built in calving ease. A heifers first calf, 1407 posted a big birth to yearling spread with just a 74 lb BW and a YW ratio of 110 making him a very valuable breeding piece. 1407 scanned the largest ribeye of his calf crop at 14.52 to ratio 112 with a LMY of 65.4. His Mercenary dam is an easy fleshing young cow that is a maternal sister to the lot 423 bull in the sale. Look to this bull to cover a large group

of heifers or cows and sire calves with lots of growth and replacements that will make productive cows.

Belvin Lady Blossom 64'04

Journal 1423 is one of the intriguing bulls in the pen; he has a great look with lots of muscle, shape, and hair, all in a moderate well-balanced package. True to the Roll Call sire group, 1423 has perfect feet and is very sound and athletic. This square hipped bull is the kind that will fit any environment and work in tough county. His Pokerface dam is a low maintenance, hard working female who is also the grand mother of the 1407 bull.

An Alternative son out of our ET program, who has a very attractive look with added calving ease. This grandson of the great Final Answer is moderate framed and could work on large heifers or cows. The dam of 1426 is a 2010 born cow that is still youthful and in production in our herd. She has a very strong production record with 20 progeny registered to date and more to come. A maternal brother sold to Westwick Ranching. A full brother sells as lot 217 and a maternal brother as lot 238. **EMBRYO TRANSFER**

1430 is another Roll Call son that fits his mold to a tee; he is hairy, thick made and heavy boned. This powerful bull stands on good feet and will sire a stout set of calves. His moderate framed Syndicate dam is a perfect uddered female, while his granddam is one of the feature females in our herd, with 2 sons sold in past sales to Ellis Cattle Co. A maternal brother to 1430 is working for Todd Chotowetz.

Jericho 1431 has been prominent from a young age with his early maturity and pre weaning growth. This maternal driven herd sire combines the popular Atlantis with our Argentine bred donor female 73'13, who is an own daughter of the world renowned Zorzal. This combination will be sure to leave you an outstanding set of females with reduced mature size and fleshing ability. 1431 lead his contemporaries for WW to earn a 110 ratio as well as an IMF scan ratio of 140. A full brother sells as lot 167 and maternal brother as lot 182.

Lady Blossom 161'22 is a beautifully made female, who is deep ribbed, moderate framed and as feminine as they come. Her dam is a full sister to Velasquez, and she is one of the phenotypic standouts in our herd. The maternal backing of 161'22 is second to none, with the Lady Blossom cow family combined with Stellar, Right Time, Bismarck and the famed Sitz Angus cow herd. This heifer is the type to build a cow family with. Owned with El Sauz Angus, Mexico.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

- Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs
- Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)
- The ability to make more rapid progress for traits that are important to you, due to:
 - more accurate selection
 - easier identification of genetic outliers
 - the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

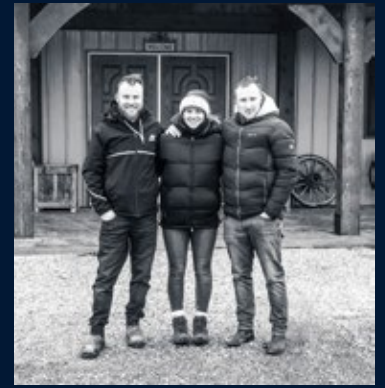

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

BA upcoming sires

AT BELVIN ANGUS

1. WOODHILL REVIVAL H028 [CAA# 2212304]

(Woodhill Relevance x Woodhill Evergreen A43-FO9) was the high selling bull in the 2021 Woodhill Farms sale. He is sired by the popular and deceased Woodhill Relevance and is out of a donor female from the very maternal Woodhill program. The Revival calves are born small and easy, yet show very impressive growth and shape at an early age. Revival is a very strong footed bull who is impressive phenotypically. His progeny will be featured as the largest sire group of our 2024 sale. Owned with Canadian Sires and Woodhill Farms.

2. RIVERBEND LAWMAN J053 [CAA# 2297846]

(S S Enforcer E812 x Spruce Mtn Rita 8102) was selected from the 2022 Riverbend Ranches Sale as a balanced trait sire, who offers calving ease, performance, foot quality and carcass merit. Lawman ranks in the top 2% of the breed for both Marb and REA, and he will add another level of carcass merit to our operation. Lawman also has a different pedigree and two leading donor dams backing him maternally. Owned with Semex.

3. RIVERBEND EVEREST H1231 [CAA# 2297839]

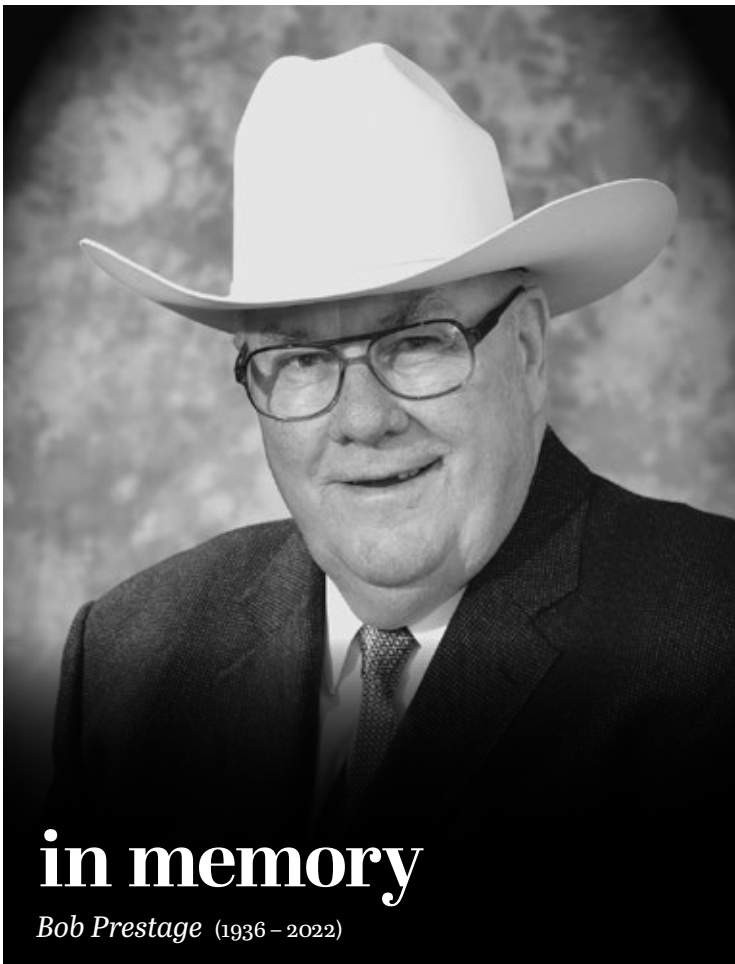

(S S Niagara Z29 x Riverbend Rita D1008) was purchased as one of the sale features in the 2022 Riverbend Sale. Everest is a physically imposing bull, with impressive length and body shape in an attractive, big footed, package. He is a high-performance bull who is solid

across the board for growth and carcass quality. Everest is sired by the proven SS Niagara Z29, and he offers an outcross pedigree to much of the Canadian herdbook.

4. HEIKEN TRADEMARK 1018 [CAA# 2297845]

(Sitz Logo 12964 x JCH HKN Lucy 9397) is a new calving ease sire, who combines a CE EPD of +17 with a BW EPD of -3.2, both numbers that are near the top of the breed. The first Trademark calves have been born true to those numbers, making him a surefire calving ease bull. Sired by the very popular Sitz Logo 12694, Trademark also has growth, docility and fertility built into his pedigree. Phenotypically he is soft made with impressive muscle.

Grace Hamilton

June 8, 1925 - March 15, 2022

Our mother, grandmother and great grandmother, we said farewell to “Grandma Grace” in 2022. Always putting her family first, Grandma was caring, kind, selfless and hard working. Her friendly smile, witty demeanour and independent spirit will never be forgotten.

CONGRATULATIONS MABEL HAMILTON
