*It is with excitement* that we welcome you to the 2022 Fleury Cattle Company two-year-old Black Angus bull sale. This past year has been one that will not be forgotten. Quality cattle and genetics were put to the test, and we were reminded of the importance of the hearty Angus cow and genetic selection. I'd like to extend a special thanks to our customers; your trust in our program is very much appreciated. We believe a key to success is to build strong working relationships. We are proud of the relationships we have built with our customers and will continue to breed the type of cattle that will allow our customers to be at the forefront of the industry.

We continue to breed the most current outcross straight Canadian Angus genetics available today. When sourcing breeding stock from Fleury Cattle Company you are investing in a proven breeding program. A large portion of our herd bull battery consists of home-raised bulls. We feel a true breeding program lines up their cowherd pedigrees by using their own herd bulls, offering more predictability and consistency. This year we will be offering 60 ranch-raised two-year-old Black Angus bulls. On offer there will be many  $\frac{1}{2}$  and  $\frac{3}{4}$  brothers allowing ranchers to select volume while not sacrificing consistency.

Our sale bulls will be available for viewing at the ranch anytime prior to the sale, and videos will be available for viewing on our website. We encourage you to attend the sale in-person and join us for a steak supper following the sale. We look forward to seeing you on sale day, catching up in-person, and enjoying some hospitality together at Fleury Cattle Company.

Sincerely,  
*Matt Fleury*

*Join Us*  
**After the sale for a complimentary  
BBQ steak supper and social**

## SALES STAFF

### *Auctioneer*

[www.dlms.ca](http://www.dlms.ca)

## STANDING BEHIND WHAT WE SELL

All bulls in the sale are semen tested, scrotal measured and vet inspected by a licensed veterinarian. All buyers will be provided with a semen evaluation certificate.

## SIGHT UNSEEN PURCHASE PLAN

If you are unable to attend the sale, you can have Matt handle your purchase. Nobody knows the bulls better than Matt and he can assist you in the selection of your bull. Please contact him by phone at 306-291-3960.

## TRUCKING

Free delivery to Saskatchewan, Manitoba and Alberta. For purchases going beyond, we will help accommodate delivery as economically as we can. All bulls will be delivered to your farm or central points following the sale.

## TERMS AND CONDITIONS

**TERMS** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and, in cases of disputes, the auctioneer's decision will be final.

Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced on sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATION** Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**HEALTH** All animals in the sale have met all necessary health requirements.

**GUARANTEE** Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

**LIABILITIES** All persons attend the sale at their own risk. The seller, facility owner, auctioneer and sale staff assume no liability, legal or otherwise, for any accidents that occur.

**INSURANCE** Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

**THE RIGHT TO COLLECT SEMEN** Fleury Cattle Company reserve the right to collect semen for within herd use on any of the bulls sold at their expense and the buyer's convenience.

*An essential part  
of our team.*

## ■ BULL DEVELOPMENT

I believe bull development starts from the day they are born. At Fleury Cattle Company, calving starts April 20th; the calves are born on grass in their natural environment. Canadian winters get very cold and spring calving eliminates any stress that the cow and calf may experience by calving in the cold. Calving on grass is virtually stress free for mama and baby.

The calves are raised on the cow for six months with no creep feed. Calves are weaned in November and in the first year the yearlings are put on a TMR ration not exceeding 1% of body weight of grain per day, maintaining a 2.5 lb daily gain. Feeding the bulls out on a light ration promotes growth development; the bulls are not pushed. The first week in May they are then turned out on seeded forage pastures where these bulls grow frame and are developed in a natural environment. The bulls walk for their feed while grazing all summer. This grazing process develops their athletic ability, frames the bulls out, and develops their joints and muscle at an acceptable pace.

We bring these bulls home from grass in early fall and they are put on a TMR ration designed for a 3-3.5 lbs daily gain. These bulls are developed with longevity in mind. On sale day these bulls will have reached 75% of their mature weight as a two-year-old. Running two-year-old bulls gives a better idea of what that bull is going to mature into. Two-year-old bulls are capable of covering more cows and require less development. We believe a two-year-old bull is past the calf stage, knows he is a breeding bull, and is ready to go out and breed cows.

As agriculture evolves we notice farms and ranches expanding. With this growth, operations need to be more efficient and economical to sustain a profitable operation. Due to ranchers expanding their cow herds, cattle are run in larger groups and the demand for two-year-old bulls has never been greater.

Fleury Cattle Company only sells two-year-old bulls and every bull goes through our bull sale. No yearling or two-year-old bulls are sold off the ranch. We believe in developing our bulls for our customer. We are proud of the fact that all bulls sale day are ready to breed and cover more cows and also have a better chance of survival when turned into multiple bull sire pastures.

## ■ FLEURY CATTLE COMPANY EPDS

As a seed stock producer, Fleury Cattle Company is committed in providing accurate data. Straight Canadian EPD data has not accumulated enough accuracy to become a true reflection on these genetics. We continue to work with the Canadian Angus Association to build accurate EPDS on Canadian bred cattle.

Ranchers Choice Tommy 182B was our pick of the pen as a yearling at SaskAlta Farms. Kim Robertson was so high on this yearling bull they decided to keep him as a herd bull. We were fortunate to have the opportunity to buy him as a three-year-old in the SaskAlta Farms' Dispersal Sale. BTR 182B's dam, SaskAlta Annie K 413U, was a top female at SaskAlta and is a known daughter to the Double AA Bardolene 422'03. When we were touring the SaskAlta cowherd, the RCE 422N cattle consistently stood out. If you are looking to add thickness, muscle, and performance into your operation I highly recommend Ranchers Choice Tommy 182B progeny.

We are pleased to introduce Glen Islay Headliner 12E as a herd sire. It is with excitement that we partner with such a renowned breeder, Don Currie of Glen Islay Angus, on Headliner 12E. Headliner is heavy muscled with a lot of depth and has a great disposition. JPC 12E offers our customers a complete outcross pedigree on the top-side allowing us to line breed the maternal side back into our program. JPC 12E's dam, Double AA Annie K 203'06, is a prolific cow within the Angus breed, proving herself as top producer raising many herd bulls and replacement females throughout Canada.

RNRF Bandy 96C was selected from RNRF Angus of Neilberg, SK. At that time, RNRF 96C was a walking herd bull and was noted for his length of body, smoothness, and outcross pedigree. This bull has bred true to the Bandy line of cattle. His progeny are long-bodied and smooth-made, with a great disposition.

1874158 · RNRF 19C · February 12 2015

	-5	2.3	23	46	21	5		96	608	

Fleury Bardolene 114E was a bull that was admired by many cattlemen when touring our two-year-old bull pen in 2019. This bull's pedigree combines some of the most instrumental Canadian Angus cattle around. He certainly was a special bull. Unfortunately, our time was cut short with Fleury Bardolene 114E due to lightning. As a result he will have limited offspring in the sale. FAR 114E has proven to be one of the top breeding Bardolene bulls to date. His legacy will continue at Fleury Cattle Company with a son, Fleury Bardolene 41H, who we are very excited about.

We have always admired the Winston line of cattle. This line is known for their overall smoothness, style, calving ease, and exceptional females. We feel Fleury Winston 26F is the most complete Winston 249B son to surface to date. His dam, Double AA Blackbird 903D, is a long-bodied, smooth-made female that is one of our top producing young females in the herd. RCE 903D's pedigree pools the predictable Bardolene line of cattle with the outcross Blackbird line. We are thrilled with how Fleury Winston 26F has bred and feel that he has complemented our cattle combining maternal and calving ease.
