It's Touch of Class time again meaning it's a great Angus weekend in Saskatoon December 7th and 8th! We have compiled another outstanding set of Red and Black Angus genetics from the consignors as to be expected. It truly is enjoyable every summer touring through each place to select cattle for the sale where they are going to come in from the top of everyone's herd raising the bar of quality with each step. A committed sale group which comes from the same consignors year in and out is one of a kind in Canada and it great to watch grow over the last number of years. All the while the unity and comraderie of this group of people is admirable as they are quite competitive yet eagerly help each other in preparation of the cattle in the sale.

We have a Red Angus herdbull on offer this year that made a great statement last year on the show road and through his first set of calves, this beast is impressive as he's ever been and his calves do not disappoint either! The Red Angus portion of the sale is surely the deepest yet and when you open the first pages of the bred heifers and their quality you will be blown away! Then come the heifer calves and they are without a doubt as good as you can find coming from cows that have made great impacts on the breed. Don't misunderstand this as to say that the Black portion of the offering isn't as good. They are exactly what has made the TOC sale a great source to purchase some of the very best bred heifers that will sell in the Angus circles this fall. Meanwhile the heifer calves are destined to greatness whether it be in the show ring or the pasture. Last but not least we have the frozen genetics, cutting edge genetics from cows that truly have left their mark on the breed!

Join us for the TOC Friday night and the Pride of the Prairies on Saturday, it's always a great couple days of Angus sales and fellowship! The social after the sale Friday night will be held at the Sandman Inn hosted by both sales groups! If you are unable to make it please feel welcome to give us a call, we would like to hear from you if we can be of any service!

See you sale day!
Shane Castle

Donation Lot

IN SUPPORT OF THE MS SOCIETY OF SASKATCHEWAN

Donated by 20/20 Angus and Triple L Angus

“In Loving Memory of Norma Legaarden”

Mom was an avid Angus enthusiast right from her early days on the family farm of Edward and Margaret Heil of Laurel Creek Farm through to our family farm of Kenlis View Farm along side her husband Garry Legaarden, and then finally watching and smiling as Bernie, Chantz & I built 20/20 Angus and my brother Jeff, Kim and their boys grew Legaarden Livestock.

Mom battled with MS for over 40 years, never giving into it and always being a supporter of the MS Society until this fall when the battle with MS and other complications became too much.

Randy Tetzlaff and Owen Legaarden were talking this summer after the passing of Norma Legaarden, Owen’s mother. The impact that MS has had on so many people they knew including Randy’s mom Susan Tetzlaff and a good neighbour and friend Blaine Bentley who lost his battle with MS as well. From the bottom of their hearts they teamed up and decided to offer a bred heifer together from their families to raise money through a Dutch Auction at the Touch of Class. All proceeds to be donated to the Saskatchewan MS Society.

We selling auction tickets prior to the sale including the Dutch auction to take place AT THE START of the sale where any donation belongs! Please feel free to contact Randy at 306.231.6969, Owen at 306.906.7070 or ourselves at Castlerock Marketing. We will take, cash, cheque or E transfers for this heartfelt donation from the families at Triple L Angus and 20/20 Angus.

Tickets are \$10 each and for every \$10 you spend on tickets gives you a chance on winning this Registered Angus Bred Heifer.

It took some prying but we were able to secure this awesome breeding bull as a Headliner for the TOC! Jagger comes with a power packed pedigree, great show record as he was Grand Champion Bull Lloydminster Stockade 2017, Grand Champion Bull Manitoba Fall Fair 2017 in 2 of his 3 outings. Best of all was getting rolled at Agribition as it brought a lot of people to the stall to see the bull and comment on his qualities as a bull! But most important the proof is in his progeny and to date his bull calves have averaged 85lbs at birth with an average Adj 205 weight of 749lbs while his heifer calves have averaged 79lbs at birth with Adj 205 weight of 649lbs indexing at 105. This is recorded in the two herds of J Bar Dee at Outlook, Sk and Rockpoint Angus at Birsay, Sk. While these two herds do not run large numbers of cows they have used the bull hard for 3 seasons all the while being successfully shown last fall. With the third calf crop

coming in the spring of 2019 makes this bull expendable with years ahead of him working in the pasture! Sound footed, great tempered and dark red are what he has sired for calves on a consistent basis. The proof is in the pudding! Oh did I mention easy fleshing, this bull holds his condition quite easily and effortlessly! The first set of females will calve next spring and if they look like his dam, 10U the females will definitely be an asset. The Rev daughters at Triple L and Moons were dark red, easy fleshing cows with some performance to them.

Selling 1/2 interest and full possession including 350 doses of Canadian qualified semen. J Bar Dee, Rockpoint Angus and Triple L will retain half interest and participate in revenue sharing with the new buyer!

Daughter

Lot 3

31E is the first daughter of the Boss bull to be released from our program. He was purchased with Howe Family Farm in the spring of 2016 as the high selling bull from Flying K Red Angus. He has left us a very strong set of calves, that exhibit his awesome foot structure, depth of body, and his dark red colour. 31E is a powerful long bodied, deep sided heifer that has the potential to crank out a herd bull. She goes back to our most prolific cow family the 126S cow who we had flushed a couple years back. She is also carrying service to the Roosevelt W384 son we own with Valley Hills Angus. **Exposed Apr. 25 to June. 1 to Red Flying K Roosevelt 46C. Due Mid Feb.**

Join Us for some Christmas Cheer

Lot 4

43E represents the cattle we strive to produce, being moderate, correct and very easy doing. Another Boss heifer that really crossed well with our herd and left us with strong set of calves. She is a brood cow in the making and one that is hard to let go. She is a carbon copy of her dam, and looks so much like the 126S cow that started this whole cow family. A full sib to 43E already headlines the bull pen and is one for watch for this spring. She carries service to our go to heifer bull a Roosevelt W384 son who has produced two exceptional calf crops with calves coming light with great growth afterwards. **Exposed Apr. 25 to June. 1 to Red Flying K Roosevelt 46C. Due Mid Feb.**

Rhonda 7104E has a pedigree full of female makers. Packer 383B came from Wilbar and is out of the famed Cora 159L. He's left some popular offspring for both ourselves and Wilbar. He's also a maternal brother to the popular Cora 443P cow that as of today has 60 offspring registered in Canada alone... she must be doing something right! 430B is a beautiful daughter of our Roughrider 214Y bull that we had used for several years. This is her second daughter with her first being retained at home. She also goes back to immortal New Trend 22D that left some great females around the globe. This female also carries the service to Poker Face 613D. He was the lot 1 entry in last years Red Roundup that sold to a syndicate of breeders. The first calf crop from him have been phenomenal to say the least. **Exposed to Fraser Poker Face 613D April 19th to May 10th/18**

Lot 6

65E is a heifer that just demands your attention. 65E is one that represents our commitment to sell quality and being a Bayberry adds to that. 65E is a heifer with a feminine, angular look; she's big bodied with muscle and substance in a moderate, low maintenance, package. 65E is a Power Eye granddaughter and has the tremendous look that those cattle are known for. 65E is very sound, yet agile, and a heifer that is correct in every aspect. 65E is a heifer that you could build a cow family around is safe to an early service to the calving ease Red Ter-Ron Monopoly 84A. **AI April 28th to Red Ter-ron Monopoly 84A. Exposed May 15th- July 5th to Red Six Mile Killswitch 135Z. Favourable to AI.**

Classy 794E is sired by our Hi Capacity 44A bull that has left some awesome females in the past. He was a calving ease specialist that also gave us the bonus of leaving great daughters. His dam is a current top donor cow for Brylor. A daughter sold through this sale last year to Kenray and raised a top heifer calf that sold through Red Roundup. 511C is a dark daughter of our Answer 10X bull and Classy 12Y. Classy 12Y came through the Keystone Sale from Bridgeway as a calf. She raised a female that sold through the Red Roundup last year. This is a very nice female that will make a great cow for her new owner. An intriguing part of the puzzle will be solved in a couple months when this heifer has a Poker Face calf. Just ask Kenray how the Hi Capacity x Poker Face combination works! **Exposed to Fraser Poker Face 613D April 19th to May 10th/18**

Lot IO

Red J Bar Dee Rebecca 33E is a Red Triple Jagger daughter. I've never had a bull sire so much consistency; every calf off of this bull is a keeper. Her mother was purchased at the Touch of Class in 2012 and has been doing an amazing job for us. **Exposed to Red Triple L Mulberry 42E. Preg checked for late February.**

Lot II

This powerful bred comes from a strong line of proven genetics. With two black parents, there is only a 25% chance of getting a red calf, and we are selling the top end of those rare calves. Red DKF Miss Casino 105E will be a great addition to any herd, expect her to add outcross genetics, good bone, perfect udders, and very marketable calves! Bred to Distinguished, just imagine the potential! **Ultrasound preg checked due Feb 22 to Red DKF Distinguished 16D (High selling bull at Red Round Up) more outcross genetics.**

Lot I2

Razor does it again! Red DKF Miss Razor Sharp 59E is the true representation of how strong Razor has bred for us, he stamps them to be moderate productive cows. Examine this bred and you will see, a great foot, strong muscle expression and the depth to produce high quality easy doing calves, with Illicit on the bottom side, this one is destined to lay down a perfect udder. The cherry on top is the service, she's bred to Red DKF Distinguished 16D! Buy with confidence, this heifer has it all! **Ultrasound preg checked due Feb 25 to Red DKF Distinguished 16D (High selling bull at Red Round Up) more outcross genetics .**

Sire of Lot 14

Wilbar

Choice Lot I3

Choice of Lot 13 or Lot 14

Everyone has that certain cow in their herd they look forward to what she has for a calf every spring, on pasture tours she is a perennial favorite and by late summer when the sales consultants arrive she usually has a heifer that is on their list or a bull that will lead off your bull sale the following year. Red Wilbar Brndina 638S is "that cow" for Wilbar Cattle Co. The phrase could be used, "wish I had a herd of cows that looked and produced like her." Since the first year Shane selected sale cattle from us he has wanted us to consign 638S or a daughter to a sale and every year they have been on the not for sale list...until now. With currently 17 progeny out of 638S you could say we are focusing our red herd around this cow. She is moderate, with exceptional rib shape, deep bodied and beautiful uddered. Like her, her daughters are all the keeping kind and is why, till this sale we have never sold one.

Choice Lot I4

Choice of Lot 13 or Lot 14

Here are a few of Brndina's highlighted sons:

- Over the Top 825Z – sold for \$10,000 to Moon Red Angus, 2014 Farm Fair Reserve Champion Bull
- Double Take 701C – sold for \$22,500 to B-elle Red Angus
- Element 220E – sold for \$16,000 to J Bar D and Rockpoint Angus
- Executive 228E – sold for \$10,000 to Derrick Kolla

Whether you choose 23F – 638S's natural calf from this past year. Judging by her full sister that we will be calving this spring could easily be a future donor cow or 53F – an ET sibling to Red Wilbar Element 220E and Red Wilbar Executive 228E sired by the curve bending Specialist bull... you can start your own Brndina legacy in your herd. We would like to retain a flush on the heifer that is selected, at your convenience and our expense.

Lot 15

15F is a heifer that we are very proud of. 15F was mothered by a two-year-old heifer that did a fantastic job and out-produced herself on her first try. 15F has the mass and body that just demands your attention when analyzing her. 15F is a heifer that is level-hipped, big ribbed, with a nice maternal look. 15F is another outstanding monopoly daughter and one that would be an asset to the most progressive breeding programs.

Lot 16

For this years TOC sale we had two 1/2 sisters entered both sired by Benelli. Unfortunately soon after Shane was here for selections we had the misfortune to have one die!! However we are pleased to consign 14F to the sale. This top performing dark red Benelli daughter is a highlight of our 2018 calf crop. Benelli needs no introduction. Her mother 48Y is a maternal sister to the \$51,000.00 Ironhide 4Z bull we raised. This heifer not only will be production oriented, but we feel she will have the phenotype to be in the show ring. She is part of our show team this fall.

Sire of Lot 16

Lot 17

Lydian 4F is a dark red, moderate made heifer that is well balanced and very eye appealing. Her pedigree is anchored by the strength of the Lydian cow family combined with breed leaders like Assassin, Hustle, Moonshine and Patrick. A junior prospect or replacement she will not disappoint! She comes right off the top of the herd, Shane said if it didn't hurt to sell her he didn't want her, believe me it hurts!

Lot 18

Red J Bar Dee Finley 7F is another heifer from Red Triple L Jagger 18C. This bull really seems to stamp his calves. These calves are structurally correct and easy keeping high performance cattle. Her mother is a Triple L Throttle daughter. She has given me one of the top calves every year.

Lot 19

Red J Bar Dee Chanel 9F is a fleshy deep cherry red heifer. She inherits a lot of that from her sire, Red Triple L Jagger 18C; one of the thickest easy keeping bulls you will find out there today. Her mother has done an amazing job for us after we picked her up as an open heifer at the Wilbar Cattle Co. Bull Sale.

If you don't have any Razor influence in your herd, look no further, a heifer that puts it all together. Red DKF Miss Razors Edge 1F has style to burn, and comes off an Elite dam DKF 94Z! Not only does DKF 1F have outcross genetics on the top side of her pedigree, her deep sided, Perfected udder dam is also stacked full of proven black genetics. DKF 1F has a maternal sister working in the Nielson Land and Cattle program, just ask Larry how good this cow family is! Whether you're looking for a show prospect or a front of the pasture type female, this heifer has the make up to be a cornerstone of your foundation!

Lot 21

Queen 885F is a fancy female sired by our Packer bull and out of an Answer 10X daughter. Packer has left us with some very popular daughters and sons since being one of Wilbar's top sellers in their bull sale a few years ago. 10X has left us some top offspring over the years in both black and red varieties. He's going to be 9 in the spring and moves like a young bull. 2142Z is a model angus cow with a near flawless udder and perfect foot structure. This calf is destined to be a great brood cow for her new owner. I always give the selectors their pick for the fall sales and this one is no exception... if she wasn't here she would be in the keeper pen for sure!

Heifer Calf
HOWE RED ANGUS

Lot 22

A smokeshow of a heifer here out of the outcross breeding giant, Harvestor 103C that grabbed everyone's attention a few springs back bringing \$52,000 to Dvorak and Sandhill! He hasn't let anyone down in his breeding prowess as his calves might even be better than he was himself. This heifer has a great front end, lots of rib, hair and class to her. Mom, a top cow for us with excellent feet and a great udder as we expect out of our Hesston daughters!

Lot 23

We feel this heifer is exceptional who come off the cow at 840lbs in early October after starting with just a 76lb birthweight. The Little Deep daughters are proving themselves to be a great set of heifers which we expected when we purchased him as the High Selling Bull from the KBJ Dispersal at \$45,000. Great depth of body, muscling with a great set of lines to them keeping them from being extreme in any way. 454Z has been very consistent for us as a low birthweight source that raises good calves consistently including a bull recently to Y Coulee for \$14,500.

Lot 24

A very impressive Little Deep heifer that started at just 80lbs and has blossomed into a heifer with a lot of femininity and performance. Her dam is a hard working cow that we appreciate a lot for her type and kind with the focus being on sound feet and a great udder!

Choice Lot 25

I could of sold this girls momma a hundred times over but this calf is the reason I kept her. This is a dam you can build a herd around. A sister to Jagger out of our \$20,000 half share Red Roundup purchase Red Six Mile Cheta. This calf is proof of what our Triple L Endorse bull is doing. His progeny are precious here. If not for a promise to sell the first daughter of this cow to get the vultures off my back this calf would be staying home. Retaining a flush.

Choice Lot 26

A long story can be written about the progeny of 704T. The most recent chapter was a successful sale by Rainbow Red Angus at this years Red Roundup to Cinder Angus off a 704T embryo purchase. A Denver Champion female, many high sellers, division winners class winners and top quality producers prove 704T's worth. Throw in the SSS Endorse 639X, this makes her a female that should do remarkable things. This is a full sister to the Triple L Endorse bull be showed last year. His progeny are making their mark in many herds today. Retaining a flush. **Buyers choice of Lot 25 or Lot 26**

Lot 26 – Junior Heifer Calf Champion Stockade Roundup 2018

Lot 27

Very powerful bred female with lots of performance but in a very attractive package. She is the first bred female to sell out of the high selling Bar Double M Thunder 14C bull we purchased out of their 2016 bull sale. Her dam is one of many very good young producing Laramie daughters we have in our herd now. Not sure how this worked out but in fact a maternal sister sold in last year's TOC to Autumn Dew Angus of Windthorst, SK. All reports from Larry & Logan are that she is a peach! **She sells safe in calf to Eastondale Windy 06'13, maternal brother to our heifer calf, bred May 10th. Exposed to FRL Muldonado 37D from May 28th to June 28th.**

"Though she be but little, she be fierce." The Blacklass Erica cow family are not the biggest cows, but they have always delivered for us in a big way, which gives us very high expectations for this bred heifer. What is given up in frame score is compensated for in muscle, depth and femininity. 17E represents the first sampling of bred heifers from our senior herdsire, Focal Point 6 C, who's progeny have exceeded our expectations in every way and we are anticipating his first daughters to carry our program in the same direction. You will not miss looking twice as this female on sale day. **Pasture exposed to Standard Hill Aberdeen 365C, May 4th, 2018 to July 3rd, 2018.**

Lot 31

A direct daughter of Ten Speed who is maybe the top breeding son of Ten X, they make great females. Add in the outcross pedigree of the Bullseye / Stout breeding on the bottomsides you have a pedigree that would be unique to many herds. The Eston Anne cow family that come from the Royal Angus herd has been a mainstay cow for us producing many great females that have been retained. **AI'd on April 26th to Herbster Chairman 512 (Semex Bull). Exposed Bushs Cover Shot 107(was in pen of 3 winning in Denver) from May 9th- August 15th. Due Early March.**

The first females to sell out of our Tour of Duty bull we purchased from Peak Dot at a \$25,000 price tag and he hasn't disappointed us to date! She will catch your eye instantly for her body width, eye appeal and great Angus character. Note the cow Emblynette cow family that came to us in a big package of cows we purchased from Schaff's Angus Valley years ago. Pages could be written their profound impact that they have made on the Angus breed. **AI'd on April 26th to Herbster Chairman 512 (Semex Bull). Exposed Bushs Cover Shot 107(was in pen of 3 winning in Denver) from May 9th- August 15th. Favourable to AI.**

Lot 33

Well here we have a bred heifer that is truly as sweet and feminine as they come. Chiseled, angular, great feet and legs are word easily used to describe Blackcap 120E. This a very nicely pedigreed female. Final Answer, Unanimous, Cedar Ridge are definite breed leading AI sires in her pedigree. Her dam is a complete and sound female in our herd. This is Alexis's first contribution to the Touch of Class. She is very proud of her consignment. Blackcap 120E is from our herd sire Grand Slam 80C. This is a bull we have raised and now own with Bell Angus, Pense, Sk. Grand Slam 80C is producing stunning females and powerful deep bulls. His sons were our high selling sire group at the Blue Collar Sale this past spring. Make sure to analyze the paper work and the heifer herself very carefully on this foundational cow prospect. From the ground up and end to end this heifer will be one you will find very desirable. **She was Aled on April 8th to Ellingson Homegrown. Blackcap 120E preg checked favorable to this date. Pasture exposure was to Skybrook Vision 6C from May 1st to September 15th**

Nu-Horizon Jodie 7025E (2019342). This female is backed by some all-time greats in Final Answer, Bismarck, and Windy. She is a very quiet mannered maternal female who is deep bodied and bold ribbed. When you get behind her she has plenty of dimension. She is bred to PVF Insight who is known for producing females that excel in the show ring and front pasture. He also will produce bulls that will highlight your sale as well as work for the commercial cattleman. However, the natural service of our Kozi bull we bought from Hollinger Land & Cattle has turned many heads at the farm. You would not be disappointed with either service. This is one of Deb's favorite bred heifers on the farm. **She was preg checked on October 11, 2018 and the vet feels she stuck her AI. AI'd PVF Insight 0129 (1703597) April 28, 2018 Exposed to HLC Kozi 963E (1984136) May 15, 2018-Aug 05, 2018.**

Lot 35

When pick a heifer to sell this year it was decided that trying something off the beaten path might be neat! 19E's dam is a hard working cow that is very hard to fault, we think a lot of her. This bred heifer is a moderated framed, big ribbed female (like Jon Lock) that will thrive in any environment. **Exposed May 12th to August 6th to Wilbar Emphasis 419E. Observed bred May 14th, preg checked favorable to this service.**

Kolby used this heifer of hers in 4-H and showed her successfully. Easy fleshing, big volume heifer that is backed by a very strong pedigree that we know will be an asset to any herd. Plus Kolby needs to buy a vehicle so Shane caught her at the right time, she's a tough one to let go! **AI Musgrave Stunner 316 on June 5th, no exposure.**

Lot 37

Here is a powerhouse female with a tremendous pedigree! 48E's sire was the high seller in our bull sale this year selling to Gilbertson Ranch. After using him for two years, Capital proved himself over and over again by leaving us with power bulls and females second to none. Elsa's dam, a Cudlobe Midland daughter, is one of those females that is hard to fault but what is really special is her maternal value consistently producing exceptional replacements as well as sound bull sale prospects for us. We expect 48E to follow in her footsteps. DFCC 15C Elsa 48E was exposed to Merit Sting 4047E. Sting has had an exceptional show career with his latest being crowned 2018 Reserve National Champion. We purchased Sting in the 2017 Masterpiece Sale for \$52000. We could not be more pleased to see how he has developed and can't wait for his calves. If you are looking for a top producing female to add to your herd.... DFCC 15C Elsa 48E has everything to make that happen!!! **Exposed to Merit Sting 4047E from April 28-June 28.**

It was a tough decision to let 72E go, but a top sale in Canada demands top cattle so here she is! DFCC 18C Elvina 72E is an overall attractive package and is very hard to fault. She is one of those females you will never get tired of looking at and are proud to have in your pen. 72E'S sire is our RRAR International 18C bull that was high selling Angus bull at Spring Creek. This bull has worked very well for us producing stout bulls and feminine females. The dam has Turbo and Old Skool in her pedigree which is proven to be a combination has been second to none in production. DFCC 18C Elvina 72E was exposed to Merit Sting. We are very proud to own Sting and expect great things from him. Be part of this exciting opportunity!! **Exposed to Merit Sting 4047E from April 28-June 28.**

Lot 39

A straight bred SAV bred female but you don't have to go south of the line to pick this breeding piece up. Sired by the popular Resource bull who along with his full brothers need no introduction to the Angus circles. She is typical of the Resource females, super stout made, feminine in through her front and carries a fresh, easy moving frame that makes her extremely interesting as there might be. Again, that good Emblynette cow family that has made there mark at our place and many others. **AI'd on April 26th to Herbster Chairman 512 (Semex Bull). Exposed Bushs Cover Shot 107(was in pen of 3 winning in Denver) from May 9th- August 15th.** Due late February.

Lot 42

Lock 23D Lady Bird 172F is an absolute knockout of a heifer. She is deep ribbed, great haired and has the foot structure to carry her for years. She is a part of the first calf crop out of our young herd sire, Minburn Intuition 23D, a bull that was bought for his calving easy but the added performance in his calves is a great bonus. The Lady Bird cow family has been in the front of our herd and you don't have to go back to far in her pedigree to find 21W, my favourite cow along with many that visit. Her dam, Lock Lady Bird 24B, is long bodied, square uddered, heavy milking Blackman daughter that I wish I had more of. 172F represents the next generation is this proven cow family and is going to be an outstanding female in her own right.

Wilbar Blackbird 579F is out of our new herd bull Brooking Rewind 6023. The Rewind calves offer an exceptional amount of rib shape and middle. Definitely the easy keeping kind. We love the udders on Rewind's dam and granddam and it looks as though his daughters will carry this trait on. 579F is out of a moderate framed cow we purchased out of a past Touch of Class sale from Triple L Angus. She honestly could have shown as a cow/calf pair this fall. We love this cow. Juniors if you are looking for a quiet 4-H project or a front pasture female, consider Blackbird on sale day

Dam of Lot 44

Lot 44

We are extremely excited for the potential and future of the female! She is stylish, long bodied, deep sided and wide in her stance on all four corners. Her dam is one of the best producing cows we own. Go back in Annie K 60'11 pedigree and you will find EXT on both the top and bottom side, two of the top cows that have produced in the Canadian herd book, HA Beletta and Stevenson Enchantress 425F, and the great Annie K cow family. This female's maternal brother was one of the best bulls we bred selling to Forsyth Ranch for \$19,500 for 1/2 interest in our 2014 bull sale. There were also two other maternal brothers selling into top commercial hers. We also have two maternal sisters retained in our herd. Do not overlook this potentially rock-solid breeding piece.

Dolly 15F is a combination of power and style. A large volume female with exceptional femininity. Southern Strength 31C has sired an extremely eye appealing set of cattle including a sweetheart that we sold to Lock Farms as the High Selling Black Heifer calf at the Touch of Class. Blind Creek Holdings purchased another good sister through our bull sale. Whether you want to hit the show ring or just make an exceptional female 15F checks all the boxes. We have yet to have a Southern Strength heifer that did not make the replacement pen.

Lot 46

I was cruising Facebook one day and saw a video of this bull that intrigued me. After I saw his dam and Sisters I had to have him. Nu -Horizon Ransom has done a super job on his first calf crop. This girl out of an Easton cow sired by Duration has a pedigree to be a female great.

Lot 47

When Shane came out for a tour and made his selection for this sale, within the first five minutes he spotted this heifer a quarter a mile away and said that's the one I want. As a calf she has exhibited that front pasture type presence that catches your eye from near and far, especially with the pioneer bred dam she was standing beside this summer, who is undoubtedly one of our best producing females in the herd. Bennitta 29F exemplifies what we are striving for in our cowherd in terms of femininity, function, and form. Every heifer from this cow family has been retained or sold for breeding, so its with great confidence that we offer this female for your appraisal.

TYLER HARRIS

Heifer Calf
20/20 ANGUS

Lot 48

Well here we go again. Bernie, Chantz& I believe in never giving up, and although losing the 9E heifer last year just prior to this very sale had us questioning taking the risk again. We also felt the value in this cow family had to be shared. 7A continues to stand amongst the top end of our cow herd for udder quality and overall phenotype. The mating to Free Ride 8A was strategically planned after seeing the great set of commercial females, our good friends at Guillet Ranching are putting together as daughters of 8A, we felt we again needed to use his service on some of our best. 20/20 Darling 5F types exactly to that of all the Free Ride females we have. She has the power and mass to leave you your next high selling Bull, while still leaving you the potential of future show winning and better yet, top producing females, all while having the running gear and all the making to withstand a long lasting maternal career within your herd.

Lot 49

20/20 Eileen 44F will be the first and one of the very few Merit OneIron 5052 daughters we will sell. While having a few beeceers with our neighbours and great bull partners @ Currie Angus, the discussion focused around the potential of sourcing a herd sire out of the Merit Cattle Company program. After a couple different tours, the conclusion was made that both of our programs could use genetic effects of the EXAR One-Iron x Beverly Hills Visa. Eileen 44F is the exact representation of how we had hoped these genetics would work for us. Her mother Eileen 46D is typical of our Free Ride 8A daughters, that being loaded with volume and mass with the potential to be a long term genetic factory for us, while Eileen 44F comes to you with that same volume, however One-Iron has added an extra level of femininity and style. This Free Ride 8A X One Iron 5052 combination will be the future matrons of our herd.

Lot 50

A low birthweight female that weaned off at 668lbs in September out of a first calf heifer! She's sweet fronted, deep sided with a wedgy look to her to add to her great temperament.

Lot 51

This heifer comes from our most productive cow family at our place! Square hiped, clean fronted female with longevity that's been proven many times. At 10 years old, her dam still has an impeccable udder to support her great feet and leg structure.

Lot 52

This is a stunning Angus female. Tibbie 98F comes from a beautifully uddered, deep bodied, great footed cow family. The mating with Special Focus has produced this awesome female. We have Special Focus daughters working for us and they are proving to be hard working productive females. The temperament on the Special Focus daughters we have is unreal. They are easy to manage, train and work with at calving time. Tibbie 98F possess sound structure and is very pleasing to the eye. Her shoulder design and neck extension make her a very attractive female. Unanimous on the top side is a definite plus. The Unanimous cattle at our place have been great. Daughters are milking well, are deep, long sided and productive females. We own a home raised son-Grand Slam 80C with Bell Angus. His sons were our high selling sire group in last year's Blue collar sale. Tibbie 98F is halter broke and would make a competitive junior/4H project.

Lot 53

Here is a rather unique breeding opportunity. The number of Effective 61 cattle is low in Canada. The ones we have raised enter the world fast and easy but then grow and compete real well. The Effective cattle are made right and have outstanding hair coats. Belle 90F is an attractive package that has one of our best raised bulls in her pedigree, Elixir 70M. This bull has produced great females in our herd. Jon Lock purchased an Effective daughter from us at Agribition 2014. She has been a real good purchase for him. Belle 90F is halter broke, responds nicely to the show cane. She would make an excellent junior/4H show project.

Lot 54

What do you do when you only have 1 straw of a legendary bull like Indeed left in your inventory? You take a great cow like 40Y to Adam and Roger at DRI and put great confidence in them as our ET guys to get the timing down for breeding her!! Fayette 40Y is a superior producer and prolific embryo donor cow displaying this whole tribe of cows' fertility. Her Granddam 8G is also dam to the world renowned Mulberry 26P. 40Y is dam herself to the fast-becoming breeding marvel called Red Brylor Red Kodiak 3A. This mating between 40Y and Indeed is one of enormous proportions and one for the ages. Our second guarantee of this package is that no other eggs from this mating will be released into no other Canadian Sale.

Selling one package of 4 exportable embryos #1 grade stored at DRI guarantee two 90 day pregnancy if implanted by a certified technician.

Lot 55

The donor dam 44X is a top-ranking cow at Brylor, she could be as good of Squall daughter as we have ever owned. She raised naturally Red Brylor High Capacity 44A selling to Jeff Fraser at \$10000, again naturally a son to Zoratti Ranches at \$9000. A daughter is at Dersta Farms, who raised their RRup entry in 2018. 44X herself was a \$12000 purchase from RRup 2015 to Brylor and On the Mark Cattle Co. This mating is very predictable as a full sister to this basket of eggs sold to Fraser Farms as the \$14 900 high seller in TWAV 2017. The sire of these eggs, Rush Lake, was the \$73 000 high seller at Agribition in 2012 to Stauffer Ranches.

Selling a package of 4 #1 frozen exportable embryos stored at DRI. Buyer to receive a 5th embryos at n/c for the guarantee.

704T has been responsible for many top selling progeny in the last 10 years as any Red Angus female. Most recently, an embryo daughter sired by Red Six Mile Custom Made purchased by Rainbow Red Angus and sold to Cinder Angus for a healthy profit! A can't miss female that is also responsible for a Champion Red Angus female in Denver a few years back as well as many division winners both bull and female to her credit! A full sister to Red Triple L Endorse 20C, our High Selling bull a few years back now resides at Kenray Ranch will be selling in the TOC this year as well! Don't forget the resulting progeny will be eligible for the Mulberry Mayhem in 2019 in Saskatoon.

Mulberry 26P has impacted the breed from the outset, starting with his progeny being a major force at the World Angus Forum in 2009 winning the Get of Sire. Years past and Mulberry has sired hundreds of calves that have made top end brood cows and herdbulls that have set the pace. Last year at the First Mulberry Mayhem held in Canada his progeny were very much in demand averaged just over \$6500 per head. The semen offered on Mulberry brought \$175 for 100 straws! Nobody pays that for a bull that doesn't work!

Thank you to Bryan and Sherry MacKenzie for donating this semen to the festivities to be held Friday night after the TOC. This social for the Touch of Class and Pride of the Prairies has always been a night to remember!

TERMS & CONDITIONS

1. TERMS: Unless otherwise previously arranged with an individual consignor, terms of this sale are cash payable in Canadian funds at the prevailing rate of exchange on the day of sale. All cattle may be held until the selling agent is satisfied that suitable arrangements for payment are made.
2. IN THE CASE OF ILLNESS, a veterinarian will be called by the Sales Manager if deemed necessary, but any expense involved will be the responsibility of the CONSIGNOR until the animal is sold and the PURCHASER thereafter.
3. AS SOON AS AN ANIMAL IS SOLD, it becomes the responsibility of the purchaser.
4. BIDS: Every animal entering the sale ring will be sold to the highest bidder. There will be no by-bidding by the owner or anyone authorized by him, however, the owner will be permitted one protective bid.
5. DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.
6. ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time, and such corrections will take precedence over the printed matter in the catalogue.
7. CERTIFICATE OF REGISTRY: A CANADIAN certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.
8. SHIPPING: Assistance will be given in making shipment after the sale, but no risk is assumed by the Castlerock Marketing or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.
- 9 ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, neither the Auction Market, the Sales Manager, nor any owner assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.
10. LIABILITY: Saskatoon Livestock Auction and Castlerock Marketing are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made by the seller.
9. BREEDERS GUARANTEE: The terms standard with the Canadian Angus Association shall apply. Beyond that: (a) All animals sold are guaranteed breeders. (b) All bred females have been declared safe in calf by a qualified veterinarian. Pregnant females are guaranteed pregnant a minimum of ninety (90) days. (c) All mature females raised a calf in this year. (d) All calendar year heifers are guaranteed open at time of sale. Any animal that has not proven itself a breeder within six months after the date of sale, if, in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of ALL claims. Any complaints regarding fertility of any animal in this sale shall be directed to the Contributor. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf shown and/or flushed by the purchaser is no longer guaranteed a breeder under this paragraph #9.
12. INSURANCE: Livestock insurance and/or transit insurance will be available. Insurance rep, Larry Toner, will be on-site Sale Day.
13. TESTING: All cattle will be held at sellers' expense until all necessary health requirements are met.
