www.castlerockmarketing.com

The 2019 version of the Touch of Class is shaping up to be maybe the best one yet and that in itself says a lot. A lot of credit goes out to the consignors to be willing to part with their top cattle again this year. There are plenty of females out there to sell and they all come with the potential to bring a strong return in their purchases. It's oh so rewarding to tour the good Angus herds across the country and see cattle that have come out of this sale working for their new owners, that's the point of it all isn't it? On years like this my saying was when selecting it's going to take a top end heifer to really get people to sit up and take notice and as you scan this catalogue you won't have any doubts where these cattle fit in the quality scale. When it comes to making sale order it becomes a daunting task with the caliber that comes to Saskatoon every year for the Touch of Class! It's apparent that the consignors have made every attempt to be unique in their genetic selections to go along with the quality cattle this sale is known for selling. A tremendous collection of Black and Red Angus genetics from all across Saskatchewan keeps this sale at the front of everyone's mind when it comes to watching for catalogues.

This weekend is sure to be an action packed deal starting on Thursday with the Sweepstakes Show put on by the Saskatchewan Angus Association followed by the Masterpiece Sale Thursday night, Touch of Class on Friday night and the Pride of the Prairies / Mulberry Mayhem Sale on Saturday afternoon.

Last and not least don't forget the hospitality Friday night held at the Sandman Inn where a good time is always had in the Mendel room. This year we have yet again MNP who helping sponsor the room Friday night.

If you have any questions regarding this great Angus event be sure to contact any of the consignors, sales staff or ourselves at Castlerock Marketing. We would be glad to lend a hand with your genetic selections should you not be able to attend!

See you sale day!

17F is the top bred heifer in our program this year!! Like I said before Shane had to do a lot of talking!!!!Where I do I start with this female-take one look at her and you can't help but falling love with her! FOXY LADY has everything you want in a female...sweetness, thickness, big rib, top, width and excellent feet and legs. The thing that makes her extra special is the progeny we have here... her dam, grand dam and sisters all have the flawless udder structure and longevity that we are all looking for. Her sire is 'DAVEY' a G-MAN son out of a Density cow we purchased from BAR EL. Visitors are impressed by the breeding consistency. We will be showing 5 head sired by 'DAVEY' at CWA, come see for yourself! This is the first female we have sold off him and it is a great opportunity for a donor or cornerstone female.

Exposed to PEAK DOT NO DOUBT 31F from April 22 to June 24/2019 DUE EARLY FEB

2F is a deep sided and balanced female with an outstanding maternal cow look about her. We hold the Blackbird cow family very high in our herd. Blackbird 02'18's granddam was an Elite cow in the Canadian herd book. Blackbird 02'18 has an impressive udder shaping up underneath her. We will anxiously watch this young female develop in her new herd. She also carries a rare service to a very grounded young herd bull. It would be great to get in on the ground floor here!

Bred AI May 12 to McCumber Tribute 702. Favourable to AI. Exposed June 5th to July 1st to FRL Muldonado 37D

Lot 3

A wide topped, sound footed, broody type heifer that has a great hip and muscle expression. Her sire 20/20 Tiger 8C, our senior herdsire at Lock Farms, is a female maker having put numerous daughters back into the herd, all of which have an excellent udder which is to be expected having come from the Miss Essence cow family himself. Much like 159F, her dam NRA Beauty 61B is great footed and big topped. This heifer has it all working for her.

AI bred on May 11 to Merit Sting 7047E. Pasture exposed from May 15 - July 15 to Minburn Intuition 23D

Lot 4

A really nice moderate, easy fleshing female out of Erika's Henrietta cow family. The dam and granddam both have high quality udder structure. She is bred AI to the popular Ellingson Homegrown 6035. We have used this bull on heifers in the past and calving was never a concern.

Bred AI May 15th to Ellingson Homegrown 6035. Favourable to AI. Exposed June 5th - July 1st to FRL Muldonado 37D

Here's your chance to get into one of our top producing cow families. This elegant bred heifer is sired by the popular Musgrave Sky High known for siring exceptionally stylish females with superior udders. Wilbar Jennifer 540F is an ET calf of our long time donor cow, Wilbar Jennifer 221R and is a flushmate to Kylie's 2019 show heifer. Adding to the excitement of this lot is the exclusive service to Conley South Point 8362. He will certainly add to the structural soundness and incredible phenotype offered by this exceptionally well bred female.

If you are looking for a female from a consistent and highly productive cowfamily, then Beauty125F may be a good place to stop. Progeny from the Beauty cows have been at the high end of our replacement pen or bull pen for year. Beauty 125F is a deep sided, broad loined, sweetfronted and structurally sound Unanimous daughter. The Unanimous daughters at our place are performing and producing well. A maternal sister to 125F's dam was sold through the Touch of Class to Mike and NicoleMcKevitt.

She was AI'd on April 21st to Barstow Bankroll due to calf January 28th, 2020. favorable to this date. Pasture exposure was to Bell Breaking News 9F May 15th - September 15th.

Granddam of Lot 6

Lot 7

Our first set of daughters of the \$25,000 Tour of Duty bull we purchased and we are more than impressed with the job he has done. Expect some power, with eye appeal and lots of body on this classy heifer. Not only does she have a great Angus head on her she is laying down a gorgeous udder and carrying an early service to our new Herdbook 301F bull.

Exposed April 25th- June 10th to Peak Dot Herdbook 301F then exposed to Eastondale Element 25'18 from June 10th to August 1st. Due early February.

This year in selections for the 2019 T.O.C. we have gone back to the well. If you were to look into our past quality selling male's and females, you will find the sire group's of 20/20 Free Ride 8A and SCC Tiger 15X. These females have and will continue to be the staple of our program. They may not be the perfect show female or for that matter the perfect female, however they will go out and work their hearts out for your program year after year.

AI bred April 18th, 2019 to McCumber Tribute 702, favourable to AI
Pasture exposed to Brooking Bank Note 7113 April 28th, 2019 – May 31st, 2019

A carbon copy of her dam, she checks off all the boxes on our list. Her Temperament, exceptional udder quality, and feet structure are hard to overlook. We feel this female is an example of the females we are able to consistently produce. You may not notice her every day, but you certainly will notice her calf.

This is our first bred female available for offer off of our Remitall Deploy herd sire. We are very pleased with the job he has done here. She is AI'd to an early service to Sitz Logic; Logic has always produced outstanding females for us. 41F is a more moderate-framed, but very broody type of female. Her dam was purchased from Windy Willows program as a heifer calf.

AI'd: April 18th to Sitz Logic Y46
Due: January 26th, 2020

Service sire Sitz Logic

Lot 11

Shane had to do a lot of convincing to get these 2 breeds from us. 10F is the first female to sell out of Hollinger bull. We showed him last year at CWA and was very competitive placing 2nd in a tough class. DFCC 744D FAY 10F is a sweet, long spined, big ribbed female with excellent feet and legs. Her dam is a BREAKAWAY daughter with a gorgeous udder and 10F is no different. We know that she will impress you and make a great addition to your herd. 10F is bred to a NO DOUBT son that we purchased from Peak Dot.

Exposed to PEAK DOT NO DOUBT 31F from April 22 to June 24/2019 DUE END OF FEB. EARLY MARCH

Lot 12

Everytime I consign a heifer to a sale I want to buy her back and this one is no exception. Eastondale Black Cedar did a tremendous job here on his females just ask Wilbar how their Cedar daughter turned out. Add the 20/20 Free ride and the maternal side gets even better. Throw in a service to the High seller at this years Forsyth sale the coupon could be very exciting.

Exposed FRL Thunder 5F April 1 to June 1. Favorable to early February calf.

Service sire FRL Thunder 5F

Here is a long bodied, beautiful fronted cow in the making. Her dam was a purchase from Mark Forsyth. She is an Elite female and at the age of 11 is still sounds and strong with a super foot underneath her. If genetics with a little more power and punch intrigues you then this female should be on your radar. Powerful, good uddered, longevity, and good feet run very deep in the genetics of this bred heifer.

Bred AI May 14th to Ellingson Homegrown 6035. Favourable to AI Exposed June 5th to July 1st to FRL Muldonado 37D

This heifer has been eye-catcher since birth. A big volume, larger framed female with lots of hair and quiet disposition. Her sire was acquired at the KBJ Round dispersal and our first batch of females from him will be calving this winter. There are very promising maternal traits in this cow and her Final Answer service only adds to this.

AI'd: April 14th to SAV Final Answer
Due: January 22nd, 2020

Lot 15

Another powerhouse heifer off our Tour of Duty bull that comes out of a productive Supremacy dam that has served us well. This heifer has some stretch and power to her but comes with a disposition like a puppy. We are proud of the females that we have sold over the years and the fact they've worked so well for their new owners and this heifer should be no different.

Exposed April 25th- June 10th to Peak Dot Herdbook 301F then exposed to Eastondale Element 25'18 from June 10th to August 1st. Due end of February/ Early March.

A broody, powerful female out of an 11 year old cow that has been a proven performer here. This heifer has production and longevity built in. She exemplifies a lot of qualities we look for in females. She carries an exciting service to Hart Outlier 7033

AI May 16th to Hart Outlier 7033

8035's dam, 29W to say has been consistent would be an understatement. She has produced three bulls working in commercial herds as well as a donor at Anderson Cattle Co. in Swan River (her first calf was sold for \$10,000). We also have daughters in production in our own herd. 8035 is the last progeny of 29W and she could very possibly be the best of any as she is a very extended heifer who is bold in her rib cage and has a very attractive set to her hip and hind leg. Being mated to a breed legend like Bismarck could mean she has a valuable coupon inside of her as well.

AI'd on April 13th to SAV Bismarck 5682. Exposed to HLC Kozi 963 from May 2nd - July 31st. Preg checked Favourable to AI.

Shane had his pick when he came selecting and he found this one much to my dismay. She's a Pokerface out of a first calf Red Kodiak daughter that clearly rose to the top right from the beginning. You won't ever miss her in the pen as she shows up every time. Her mother had a full brother to this girl that stands right at the top of the pen again. This is the type of female that's hard to let go of. And to top it all off... She's bred to calve early to the popular SAV Resource son that Brylor and ourselves partnered on this past spring.

Exposed to MRLA 23F April 7 to May 10,2019

Service sire MRLA 23F

Lot 19

1F is a powerful, long bodied, deep sided heifer that has the potential to produce herd bulls. 1F has been a standout since a young calf and commands a presence about her. Her dam is a no-miss Splash daughter with a full sib to 1F working for the purebred herd of Dennis and Theresa Ulmer. The Boss sons continue to be extremely popular in our bull sale and the daughters have turned out to be everything we hoped for. With Boss being gone these daughters become even harder to let go. Bred to the Roosevelt W384 son that has extremely well with the Boss daughters.

We are excited to be apart of the Touch of Class Sale for the first time. With that we knew our lot had to be exceptional to stand in with the always impressive offering. Red Rock Point Shawnee 16F has been a stand out female for us since a young age. You have to admire her massive rib shape, square stout base, strong foot quality and tremendous udder development. Her 5 year old dam is a highly productive, sound uddered female that continues to produce strong for us. Her maternal brother and full brother continue to work in commercial herds and a full sister is at the very top of our replacement pen this year. She is bred to Red Wilbar Specialist 60F, a bull we purchased to use in our heifer pen that was admired by many cattlemen for his strong sound phenotype.

P.E. to Red Wilbar Specialist 60F
April 1, 2019 - May 28, 2019
Observed Breeding April 4, 2019 vet checked safe to this date

176F is a big stout dark red heifer out of the boss bull. Her dam is a beautiful Bold Edition daughter that we have been using as a donor cow. She has been extremely productive and now has 16 register progeny. 176F full brother was our second high selling bull in or sale this spring who is now working for Rhodes Red Angus in South Dakota. This ones going to make a beautiful cow. She is bred to the Head Games bull that was one of their high sellers last year in U2 bull sale and then exposed to a 282Y flush calf out of Eliminator.

Exposed to Red U2 Head Games April 22nd – May 21st Observed bred April 22nd Exposed June 1st to July 1st to Red Howe Eliminator 178F (son of 282Y donor)

17F is an extremely flashy, correct heifer, that is laying down a great udder. Her young Lancer dam is 2/2 for high quality progeny with a full sib at the front end of the bull pen. She reminds me a lot of her maternal grand dam the 68X cow who has had a huge influence in our herd and is a favorite among visitors. This is the first 46C daughter we have released who has been primarily used on heifers but has seen heavy service on the cows the last couple breeding seasons. I guarantee you will see more; they sure do work and are built to last being extremely functional.

Bred to a Moonshine grandson who's dam is Ribeye daughter that Howes flushed a few years back.
Exposed to Red Howe Shine 50B:
May. 1-May. 31 Due mid Feb

A Daughter of our 4200B bull that we have used for several years now. His mom was one of the Sensation daughters selected from the Manitoba Magic sale. We selected 2 of the 3 that day and for the record... All three were great producers with progeny all over the country. The Roughrider 214Y bull was a feature at Brylor's bull sale a few years ago and left us with a great group of daughters. The 138Y cow is a larger framed cow with a flawless udder and great structure. She's also bred to our new outcross bull from McMillan's that we acquired this spring.

Exposed to MRLA 23F April 7 to May 10, 2019

Lot 27

51F is a moderate framed, easy keeping Monopoly daughter who will be easy to find sale day. With Ambush being her maternal grand sire we expect 51F to have an exceptional udder and will be an outstanding producer for years to come. We originally purchased the Knight 640F semen to try and add females to our herd with no intentions of selling any females carrying his service but we wanted to offer our best for this sale.

66F goes back to our 17R cow who we purchased at the Crescent Creek Red Dispersal a few years back and our Ambush herdsire who massively exceeded expectations producing easy calving progeny while still maintaining performance. 66F was originally in the keeper pen and was out in the community pasture until the middle of October. 66F should go on to be a strong, productive female in any program.

AI'd April 9th- Red YY Red Knight 640F
Exposed to Red Storebo Monopoly 51E May 10th- June 11th

10G is a dark red, big bodied, Custom Made daughter that we feel is pretty neat! 10G is long necked, refined though her front third, and awesome on her feet. If you're looking for a heifer that is super stout from end to end, with a striking profile, 10G is one to take note of. One last bonus is she is a Countess; a cow family that really works. She was Intermediate Heifer Calf Champion at Lloydminster Stockade Roundup.

Red Wilbar Sue 410G is an outstanding Razor daughter with an extremely attractive front end. She will have an exceptional udder - with maternal strength coming from both her mother, grandmother and Razor, himself. Her dam has an impressive production record and is slated for flushing in 2020. Another member of this cow family was responsible for a \$21,000 bull to Yarrow Creek Ranch at our 2019 bull sale. Whether you're looking for one to hang a halter on or one destined for the donor pen, 410G checks all the boxes

Lot 31

This heifer goes back to a powerful 13 year old dam that we purchased from Geis to start our red program. Jagger was kept quite exclusive and his progeny here are quite cherished. This heifer is deep ribbed ,big topped with a fabulous temperament. No guesswork here. Proven genetics!!!

Lot 32

Here's a daughter of Pokerface that really stood out in the pasture all summer. Freyja 46Z came to us through this sale as a calf from WRAZ several years ago and has always had females at the top of the group selling to many registered herds. This daughter is dark red and fancy. She will be a great addition to anyone's program.

51G is a sweetheart of a heifer, feminine and attractive. Her dam, is a moderate sized, hard working female that has been paying her bills around here. Her sire, 96E goes back to Rolling Deep and has been our go to heifer bull for the last few years. 51G is quiet, and would make an excellent junior female but best of all she will become a productive cow.

RSL 127G is a well muscled heifer out of a a larger framed second calver. The grand dam is a very good Troy daughter that would rank in the top 3 or 4 cows at RSL Red Angus. 224D raised a very good bull calf as a heifer that sold to Birch Creek This heifer is loaded with maternal pedigree and yet has performance to raise those top end calves.

This extremely attractive heifer calf is correct in her makeup that is long bodied with a sweet look to her. Her dam is a structurally sound cow with excellent feet and udder. She is one of the first Crossfire calves to sell and you can expect them to rise to the top in terms of production.

Lot 40

Here is a powerful, deep sided, long quartered and big topped Beauty. Despite her power she possesses, she still displays solid femininity and angularity in her front end and head. The Duchess females have been very productive, as Duchess 84A has produced two females we have in our herd. They are doing very well as young cows here all possessing the qualities you want in an Angus cow-good temperament, great udder, sound structure and raise a super calf each year. We used Attractive for two years now. Attractive was selected for his strong phenotype, excellent shape and performance as well as a proven and consistent pedigree and EPD set. The first crop of calves are very eye appealing with solid structure and design. We are very excited for his second crop of calves hitting the ground in 2020. Duchess 96G was shown at the Manitoba Ag Ex where she was the Jr. Reserve Champion female. Duchess 96G is halter broke, responds nicely to the show cane. She would make an excellent junior/4H show project.

Opportunities don't come along like this every day!!! This is the FIRST NATURAL 'STING' daughter to sell in Canada. 54G is a big ribbed huge topped female but still sweet thru the front. Her dam is a Bismarck daughter we purchased from Popular Meadows in the Power & Perfection Sale. 5Z has turned out to be an excellent cow and never disappoints by producing a top calf every year. We actually thought about showing the pair this fall. We have loved 'STING' from the first time we saw him and knew we needed to add him to our bull pen. We purchased 'STING' at the Masterpiece Sale for \$52,000 for 1/2 interest and full possession. 'STING' has proven himself at DOUBLE 'F'..... with tanky bulls and the sweetest females.... we could not be happier!!! DFCC 7047E GIFTED 54G will be shown all fall so make sure you come have a look at her and 'STING'!! ***** 54G was named Intermediate Heifer Calf Champion and 'STING' Grand Champion Bull at the 2019 Brandon Ag Ex.

Here is an opportunity for you to own a female right from the top of our show string with great genetic potential. A outstanding heifer with extra rib and depth. This Merit Sting daughter is easy to find and easy on the eyes. Merit Sting 7047E is making waves on both side of the border, don't miss the opportunity to own one of his daughter, there won't be many chance this year. Her maternal grand-dam 21W is a donor dam here at Lock Farms and a favorite to everyone who sees her. 265G dam is exactly the kind we strive to produce here with an excellent udder and a great foot structure. Lady Bird 265G is the perfect mix of eye appeal and power while combining balance and rib shape.

Lot 44

This heifer calf has been a favourite Merit Sting daughter here all summer. Merit Sting 7047E needs no introduction as he has said it all for himself over the past couple of years in the show ring. Now he is writing his next chapter with the progeny he sires. If you are coming to Saskatoon for the bull calf Sweepstakes the day before the Touch of Class sale you can see for yourself why we are so high on the siring ability of Sting. The Countess cow family stands right on the top rung of the ladder here at Eastondale.

We are excited about the legacy our herd sire MLG Momentous 79D is going to leave in our herd when we see quality daughters like this! The natural calf out of our Emblazon donor dam 0113X. We expect to hear great things about this female from her new owner as she continues to develop into the front pasture kind.

In Efforts to support the quality that runs through these T.O.C. sales year after year, we like to consign one out of a past purchase. And this year is a testament to the quality; Blackcap 3G is bred to be a maternal powerhouse, being out of the 5A cow who continues to be a crowd favourite on herd tours, and being sired by our Bank Note 4040 son who Clint and I selected with great emphasis on the maternal strength of his dam.

Laura 81G is as her picture presents, she is extremely deep bodied, angular and gorgeous Angus female. She comes from a consistently producing cow. Laura 113Z has had 4 bull calves that have all went through our Blue Collar Sale. Her last year's offering, Northern View Hammer Down 96F sold to Venture Farms at Roblin and is in the inset picture. This is a stunning Angus female, Laura 113Z has an awesome udder and great feet and legs. SAV Renovation is a highly maternal bull that is known to produce attractive maternal daughters with added thickness and performance. We had only daughters out of the Reno semen we used and they all have made the replacement pen here. A very impressive group. We also flushed our foundational herd cow, Ruth 84S, to Renovation this past spring. Laura 81G has a terrific attitude and is very easy to work with Laura 81G is halter broke and would make a competitive junior/4H project.

Maternal brother to Lot 45

Lot 48

Another super sound Momentous daughter out of a very consistent producing Tiger daughter. A sister sold in the Frontline Sale last year to John Watson. This Lady Ann will be a high quality, low maintenance addition to any herd.

Lot 49

A stylish, sweet fronted, wedge shaped female with a very bright future ahead of her. Her dam weaned off her first calf as the second heaviest out of our 2018 born bull calves. She would make a great junior project, with her great potential and disposition.

Baldrige 38 Special HA Cowboy Up

5218 come to us as an aged cow with a package of cows from SAV and has done nothing but kick out good ones since then. Her first calf in Canada produced a herd bull for MacArthur Livestock, then Rood Ranch and then Matejka Farms. Since then when not in transplant we have retained 3 more daughters of this special cow.

50A - 6 embryos sired by Baldrige 38 Special

U2 Coalition 206C

Two sons to date have averaged \$12000 both selling to commercial producers and her current year Sting son is a pen feature as well. In 2017 her heifer calf was the chosen pick of our heifer calves by NYK Cattle and NB Cattle Co. Another daughter was dam of our high selling bull a 4M Element son selling in this springs bull sale to J & S Angus of Keneston AK. Another VRD sired female was retained in herd as a bred heifer. Forever Lady 22'11 has superior foot structure as did her mother the GDAR Forever lady 9136 donor.

Selling 3 packages embryos

Guaranteed 1 pregnancy out of 3 embryos. Or 2 pregnancy's out of 5 embryos.

Lot 52

Selling the opportunity to a future flush on Maria 53A. She's at DRI now and can be done in early 2020 to the sire of your choice. Guarantee of 6 #1 viable, freezable embryos and split after 8. Buyer pays the flush costs.

Brylor will open up their semen tank for the new buyer as well that contains the likes of Assassin, Mariota, Resource 137E, Copenhagen 3Y, Renown, Staunch, Racer, Roughrider, Roosesevelt, Let's Roll and Next Step. Maria 53A come to Brylor as the \$7000 High Seller out of the Keystone Classic. 53A production highlights include a \$8000 heifer to Wraz and a \$14,000 heifer to 2 Step Cattle Co in Arkansas which then went on to win the Arkansas State Fair. She now has a red Poker Face bull calf that she raised this summer that we have plans for the EEC this next year. A group of Czechs toured our place this fall and loved the pair! If you need volume and capacity to your herd then I suggest this flush on Maria as she can provide it.

Lot 53

This mating of embryos is a pretty classic deal now! Reba 49W is now a household name in the business. She just top the frozen section at RRUP '19 at \$12,000 for half interest (coming 11 year old donor cow). Her 5 daughters through auction have averaged \$8000 US for Brylor / OTM. The sire of these eggs is the \$90,000 outcross Resource bred son that could be the most talked about bull in Canada right now. His first calves at the unbelievable U2 dispersal lit up the world like Haley's Comet! Most of his heifer calves eclipsed the 5 figure mark throughout the day with the top being \$23,000 for one. It was remarkable to witness to say the least.

Feature bull in spring of 2016 from Flying K and one of the high selling red angus bulls in 2016. Anyone who has seen Boss has appreciated his overall depth, muscle pattern, dark red colour, foot structure and herd bull presence. His sons have been extremely popular the past two bull sale seasons and stamps them in terms of quality and consistency. The daughters he has left behind are incredible in terms of body type, udder quality, and overall structure.

TERMS & CONDITIONS

1. TERMS: Unless otherwise previously arranged with an individual consignor, terms of this sale are cash payable in Canadian funds at the prevailing rate of exchange on the day of sale. All cattle may be held until the selling agent is satisfied that suitable arrangements for payment are made.
2. IN THE CASE OF ILLNESS, a veterinarian will be called by the Sales Manager if deemed necessary, but any expense involved will be the responsibility of the CONSIGNOR until the animal is sold and the PURCHASER thereafter.
3. AS SOON AS AN ANIMAL IS SOLD, it becomes the responsibility of the purchaser.
4. BIDS: Every animal entering the sale ring will be sold to the highest bidder. There will be no by-bidding by the owner or anyone authorized by him, however, the owner will be permitted one protective bid.
5. DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.
6. ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time, and such corrections will take precedence over the printed matter in the catalogue.
7. CERTIFICATE OF REGISTRY: A CANADIAN certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.
8. SHIPPING: Assistance will be given in making shipment after the sale, but no risk is assumed by the Castlerock Marketing or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.
9. ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, neither the Auction Market, the Sales Manager, nor any owner assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.
10. LIABILITY: Saskatoon Livestock Auction and Castlerock Marketing are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made by the seller.
9. BREEDERS GUARANTEE: The terms standard with the Canadian Angus Association shall apply. Beyond that: (a) All animals sold are guaranteed breeders. (b) All bred females have been declared safe in calf by a qualified veterinarian. Pregnant females are guaranteed pregnant a minimum of ninety (90) days. (c) All mature females raised a calf in this year. (d) All calendar year heifers are guaranteed open at time of sale. Any animal that has not proven itself a breeder within six months after the date of sale, if, in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of ALL claims. Any complaints regarding fertility of any animal in this sale shall be directed to the Contributor. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf shown and/or flushed by the purchaser is no longer guaranteed a breeder under this paragraph #9.
12. INSURANCE: Livestock insurance and/or transit insurance will be available. Insurance rep, Larry Toner, will be on-site Sale Day.
13. TESTING: All cattle will be held at sellers' expense until all necessary health requirements are met.
